We were engaged to audit the accompanying statements of net assets available for benefits and of changes in net assets available for benefits of Applied Systems, Inc. Retirement Savings Plan (the Plan) as of and for the years ended December 31, 2011 and 2010 and the supplemental schedule of assets (held at end of year) as of December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by State Street Bank and Trust Company and Reliance Trust, the Trustees of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that State Street Bank and Trust Company (the custodian) holds the Plan's investment assets at December 31, 2011 and 2010. We also have been informed that State Street Bank and Trust Company executed investment transactions from January 1, 2010 to March 16, 2011, and Reliance Trust executed investment transactions for the period March 17, 2011 through December 31, 2011. The Plan Administrator has obtained a certification from State Street Bank and Trust Company as of and for the years ended December 31, 2011 and 2010, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule on page 14 is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1. DESCRIPTION OF THE PLAN

The following description provides only general information on the provisions of the Applied Systems, Inc. Retirement Savings Plan (the Plan). Participants should refer to the summary plan description for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan which covers substantially all full-time and part-time employees of Applied Systems, Inc. (the Company) under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Company acquired Artizan Internet Services, LLC (Artizan) on December 21, 2010. Artizan operates as a direct subsidiary of the Company. Artizan employees became eligible to participate in the Plan on February 1, 2011. The net assets of $1,445,664 in the Artizan Internet Services, LLC 401(k) Profit Sharing Plan were transferred to the Plan on March 14, 2011.

Eligibility and Participation - Employees age 21 and older are eligible to participate on the first of the month following their hire date. Upon qualifying for participation in the Plan, new employees who do not make alternative elections are automatically enrolled at a 3% contribution rate and contributions are invested in the T. Rowe Price Retirement Funds.

Contributions - Participants may elect to contribute up to a maximum of 100% of their pre-tax compensation as defined in the Plan, subject to certain Internal Revenue Code (IRC) limitations. The Company makes matching contributions in an amount equal to 25% of the first 12% of elective deferrals that each participant contributes to the Plan. Participants may also roll over amounts representing distributions from other qualified retirement plans.

NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

Participant Accounts - Individual accounts are maintained for each participant to reflect the participant's contributions and related employer matching contributions, investment earnings and the participant's share of the Plan's administrative expenses. Allocations are based on participant earnings or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants in service may make hardship withdrawals from their vested contributions upon demonstrating immediate and heavy financial need, as allowed under federal rules.

Poor investment performance by the investments selected by the participants may cause their vested balances to be lower than the amounts contributed to the Plan on their behalf.

Investments - Participants may direct contributions into various investment options offered by the Plan. The Plan currently offers fourteen pooled separate accounts and one benefit-responsive contract as investment options for participants.

Vesting - Participants are fully vested in their pre-tax contributions. Employer matching contributions are vested in accordance with the following schedule:

Years of Service	Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

Benefits - Upon termination of service due to death, disability or retirement after age 59 ½, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in the account, or annual periodic installments if the participant's account balance exceeds $5,000, over a period selected by the participant not to exceed the participant's life expectancy.

Notes Receivable from Participants - Participants may borrow from their accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance. A participant may have only one outstanding loan at any time. Loans are repayable through payroll deductions over periods ranging up to 60 months, unless used to purchase a primary residence. The interest rate is determined by the Plan Administrator based on prevailing market conditions and is fixed over the life of the loan. Interest rates on outstanding participant loans as of December 31, 2011 and 2010 ranged from 5.25% to 10.25%. The Plan treats participant loans that are in default due to a missed payment, and outstanding loan balances when a terminated participant takes a distribution, as deemed distributions.

NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

Forfeitures - Forfeited nonvested accounts were $4,523 and $10,405 as of December 31, 2011 and 2010, respectively. For the years ended December 31, 2011 and 2010, forfeitures reduced administrative expenses by $11,521 and $10,503 respectively, and employer contributions by $10,454 and $13,792 respectively.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments - The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell that asset (or paid to transfer a liability) in an orderly transaction between market participants at the measurement date (the exit price).

Purchases and sales of the investments are reflected on a trade-date basis. Interest income is recorded on the accrual basis.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attributable for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Notes Receivable From Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Payments of Benefits - Benefit payments to participants are recorded upon distribution. There were no participants who elected to withdraw from the Plan but were not yet paid at December 31, 2011 and 2010.

Administrative Expenses - Forfeitures of matching contributions are used to pay administrative expenses of the Plan, except for the administrative costs of pooled funds and loan processing fees. The Company pays certain administrative expenses of the Plan.

Excess Contributions Payable - The Plan is required to return contributions received during the Plan year that were in excess of the IRC limits.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Subsequent Events - Subsequent events have been evaluated through October 10, 2012, which is the date the financial statements were available to be issued.

NOTE 3. INVESTMENTS

The following summary presents the fair value for each of the investment categories. Investments that represent 5% or more of the Plan's net assets available for benefits are separately identified.

NOTE 4. FAIR VALUE MEASUREMENTS

The *Fair Value Measurements and Disclosures* Topic of the FASB Accounting Standards Codification established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Basis of Fair Value Measurement

Level 1	Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities
Level 2	Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly
Level 3	Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2011 and 2010. As required, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. At December 31, 2011 and 2010, total Plan investment assets at fair value classified within Level 3 were $5,783,663 and $4,449,759 respectively, which consists of the Plan's investment in a general insurance contract. Such amounts were approximately 19% and 16% of the Plan's total investments as reported on the statement of net assets available for benefits at fair value as of December 31, 2011 and 2010, respectively.

NOTE 4. FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 Measurements

Units held in the pooled separate accounts are valued at the unit value as reported by the Plan Trustee as of December 31, 2011 and 2010. Investments in pooled funds consist primarily of marketable equity and fixed income securities. The fair values of the investments in this category have been estimated using the net asset value per share of the investments. Redemptions are available on a daily basis without notice.

Level 3 Measurements

The general insurance contract is valued by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended December 31, 2011 and 2010.

	Fair Value Measurements Using Significant Unobservable Inputs (Level 3) General Insurance Contract

NOTE 5. INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The Plan Administrator has obtained certification from State Street Bank and Trust Company that the following summary of the Plan's investments as of and for the years ended December 31, 2011 and 2010 is complete and accurate.

	2011	2010
Investments:		
General insurance contract - at fair value	$ 5,783,663	$ 4,449,759
General insurance contract - at contract value	$ 5,075,615	$ 3,983,277
Pooled separate accounts	$ 25,119,805	$ 22,936,496

Interest on general insurance contract	$ 134,880	$ 119,445

NOTE 6. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a benefit-responsive contract with Massachusetts Mutual Life Insurance Company (Mass Mutual). Mass Mutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the statements of net assets available for benefits at fair value as determined using the market approach based on market prices of similar contracts. The adjustment from fair value to contract value for the investment contract is based on the contract value as reported to the Plan by Mass Mutual. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The fair value of the investment contract at December 31, 2011 and 2010 was $5,783,663 and $4,449,759 respectively. The average yield and crediting interest rates at December 31, 2011 and 2010 were approximately 2.64% and 2.69%, respectively.

The average yield earned by the Plan and the average interest rate credited to participants reported above may differ from the guaranteed crediting rate on participant balances due to interest being credited based on contract values, the timing of cash flows, the process by which rates may be reset during the plan year and simplified assumptions used on the calculations.

NOTE 6. INVESTMENT CONTRACT WITH INSURANCE COMPANY (CONTINUED)

Certain events may limit the ability of the Plan to transact at contract value. Such events include but may not be limited to the following: (1) temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the Plan; (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; (4) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the Plan sponsor's business; (5) removal from the Plan of one or more groups or classifications of participants; (6) partial or complete Plan termination; or (7) Plan disqualification. Plan administration believes the occurrence of such events that would limit the Plan's ability to transact at contract value is not probable.

NOTE 7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in the Company contribution portion of their account.

NOTE 9. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 5, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter; however, the Company and the Plan administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and that the Plan is qualified and related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan files Form 5500, *Annual Return/Report of Employee Benefit Plan*, which is subject to examination by the Internal Revenue Service until the applicable statute of limitation expires.

NOTE 10. RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2011:

Net assets available for benefits per the financial statements	$ 30,896,931
Add - administrative fee payable	103
Net assets available for benefits per the Form 5500	$ 30,897,034

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2011:

Net increase per the financial statements	$ 3,468,158
Add - administrative fee payable	103
Net increase per the Form 5500	$ 3,468,261

NOTE 11. DISCRIMINATION TESTING

As of the date the financial statements were available to be issued, the Plan had not completed evaluating the discrimination testing for the Plan for the year ended December 31, 2011. Management believes the amount of any adjustments resulting from the 2011 testing would not be material to the financial statements, and therefore, no asset or liability has been recorded for such adjustments.

NOTE 12. SUBSEQUENT EVENT

On August 28, 2012, the Administrative Committee approved the addition of a Roth 401(k) feature to the Plan effective January 1, 2013.
