To the Benefits Administration Committee of the
PWP Industries 401(k) Retirement Plan
Lake Forest, Illinois

We were engaged to audit the financial statements of the PWP Industries 401(k) Retirement Plan (the "Plan") as of December 31, 2011 and 2010 and for the year ended December 31, 2011, as listed in the accompanying contents page. These financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by State Street Bank and Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the trustee as of December 31, 2011 and 2010 and for the year ended December 31, 2011 that the information provided to the plan administrator by the trustee is complete and accurate.

As described in Note 1, effective December 31, 2011, the Plan was merged into the Reynolds Packaging Group Employee Savings Plan.

As described in Note 2 to the financial statements, the Plan changed its basis of accounting for periods subsequent to December 31, 2010 from the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America, used in presenting the 2010 financial statements to the accrual basis of accounting used in presenting the 2011 financial statements, in accordance with accounting principles generally accepted in the United States of America.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements as a whole. The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description of the PWP Industries 401(k) Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

Background: Effective January 1, 2000, PWP Industries (the "Company") established a 401(k) savings plan and related trust, qualifying under Section 401(a) of the Internal Revenue Code ("IRC"), for the benefit of employees of the Company.

General: The Plan is a participant-directed defined contribution plan covering all employees of the Company who have completed at least six months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Contributions: Each participant may elect to contribute to the Plan from 1% to 90% of eligible compensation, subject to limitations imposed by law. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). The Company, at the discretion of its board of directors may make a profit sharing contribution to the Plan. During 2011, the Company made matching contributions equal to 100% of the participant's elective deferrals not to exceed \$1,000 per participant.

Participant Accounts: Each participant's account is credited with the participant's contribution, the Company's contribution and an allocation of any Plan earnings, and is charged for Plan losses and expenses. Earnings and losses are allocated by fund based on participant account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures: Upon termination of the participant's employment, forfeitures of nonvested portions of the participant's account will be used to reduce the employer's contribution to the Plan. If the employer does not make a contribution, the forfeitures will be treated as the employer's contribution for that year.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. The Company's discretionary contributions and related investment earnings vest as follows:

<u>Years of Service</u>	<u>Cumulative Vesting Percentage</u>
1	20%
2	40%
3	60%
4	80%
5	100%

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits: Upon termination of service due to disability, retirement or death, a participant (or beneficiary) may elect to receive either a lump sum amount equal to the value of his or her account or convert the account balance to an annuity. Other withdrawals and notes receivable from participants may be made under certain circumstances, as defined in the Plan agreement.

Notes Receivable From Participants: Participants may borrow from their own account a minimum of \$500 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. The notes are made on a uniform and non-discriminatory basis, secured by the participant's account, bear a reasonable rate of interest, and have a defined repayment schedule.

Plan Merger: Effective December 31, 2011, the Plan merged into the Reynolds Packaging Group Employee Savings Plan (which was renamed on January 1, 2012 as the Employee Savings Plan). As a result of the merger, Plan assets of \$4,154,912, were transferred to the Reynolds Packaging Group Employee Savings Plan ("the Successor Plan") in January, 2012. As the legal date of the merger is December 31, 2011, a Due to Successor Plan liability in the amount of \$4,154,912 is recorded on the financial statements as of December 31, 2011. The merger is the result of the consolidation of several benefit plans by Reynolds Group Holdings Limited who acquired the Plan Sponsor's Parent Company (Pactiv Corporation) during 2010. The provisions of the Successor Plan are similar to those of the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: In 2010, the Plan's financial statements were prepared on the modified cash basis of accounting. In 2011, the Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. There was no material impact on the financial statements as a result of this change.

Use of Estimates: The preparation of the financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Expenses: The Company pays legal and audit fees on behalf of the Plan. The Plan pays administrative fees.

Payment of Benefits: Benefits are recorded when paid.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Due from Broker: At December 31, 2011, the amounts shown as due from broker represent trades that have been executed, but have not yet settled as of December 31, 2011.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Registered investment company funds: The fair values of registered investment company fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Collective trusts: The fair values of participation units held in collective trusts, other than stable value funds, are based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices (Level 2 inputs). The investment strategy of the S&P 500 Index fund shown in the table that follows is to approximate as closely as practicable, the performance of the S&P 500 Index over the long term. The investment strategy of the Blended Index fund shown in the table that follows is to seek an investment return that outperforms the performance of a composite benchmark comprised of: 35% Russell 3000 Index; 5% MSCI EAFE Index; and 60% Barclays Capital U.S. Aggregate Bond Index. The investment strategy of the Growth Index fund shown in the table that follows is to seek an investment return that outperforms the performance of a composite benchmark comprised of: 65% Russell 3000 Index; 15% MSCI EAFE Index; and 20% Barclays Capital U.S. Aggregate Bond Index.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The investment strategy of the Balanced Growth Index fund shown in the table that follows is to seek an investment return that outperforms the performance of a composite benchmark comprised of: 50% Russell 3000 Index; 10% MSCI EAFE Index; and 40% Barclays Capital U.S. Aggregate Bond Index. Each collective trust provides for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

Stable value fund: The fair values of participation units in the stable value collective trust are based upon the net asset values of such fund, after adjustments to reflect all fund investments at fair value, including direct and indirect interests in fully benefit-responsive contracts, as reported in the audited financial statements of the fund (Level 2 inputs). The fund invests in conventional and synthetic investment contracts issued by life insurance companies, banks, and other financial institutions, with the objective of providing a high level of return that is consistent with also providing stability of investment return, preservation of capital and liquidity to pay plan benefits of its retirement plan investors. The fund provides for daily redemptions by the Plan at reported net asset value per share, with no advance notice requirements.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring as of December 31, 2010 basis are summarized below:

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fully Benefit-Responsive Investment Contracts: While Plan investments are presented at fair value in the statement of net assets available for benefits, any material difference between the fair value of the Plan's direct and indirect interests in fully benefit-responsive investment contracts and their contract value is presented as an adjustment line in the statement of net assets available for benefits, because contract value is the relevant measurement attribute for that portion of the Plan's net assets available for benefits. Contract value represents contributions made to a contract, plus earnings, less participant withdrawals and administrative expenses. Participants in fully benefit-responsive contracts may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. At December 31, 2010 the Plan held an indirect interest in such contracts through its investment in a stable value fund. No adjustments from fair value to contract value is presented in the statements of net assets available for benefits, as the amounts of the adjustment has been determined to be immaterial.

NOTE 3 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions and earnings thereon.

NOTE 4 - INCOME TAX STATUS

The Plan document is a prototype plan provided by ADP, the recordkeeper of the Plan. The Internal Revenue Service has determined and informed ADP by a letter dated March 31, 2008, that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code and is therefore tax exempt. Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

NOTE 5 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investment securities and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

	<u>\$ (112,450)</u>

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan holds units of collective trust funds issued by State Street Bank and Trust Company (State Street). State Street is the Plan trustee and, therefore, these transactions and the Plan's payment of trustee fees to State Street qualify as party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions.

NOTE 8 - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through October 12, 2012, which is the date the financial statements were available to be issued.
