We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plans' internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plans' internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, information regarding the net assets available for benefits of the Plans' at December 31, 2011, and the changes in their net assets available for benefits for the year then ended, and the financial status of the Plans at December 31, 2010, and the changes in their financial status for the year then ended, in conformity with accounting principles generally accepted in the United States.

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplemental schedules of assets held at end of year of the Group Trust as of December 31, 2011, and reportable transactions of the Group Trust for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

The Major League Baseball Pension Plan for Non-Uniformed Personnel (the “NUPP”) is a noncontributory defined benefit plan which was established effective January 1, 1981, to provide retirement and death benefits to eligible employees of the participating Major League Baseball Clubs (“Participating Employers” or “Plan Sponsors”). Adoption of the NUPP by a Participating Employer creates a separate single-employer plan covering only eligible employees of the Participating Employer. As of December 31, 2011, 26 separate single-employer plans had been created (collectively, the “Selected Retirement Plans” and individually, a “Plan”):

**NOTE 1 DESCRIPTION OF THE MAJOR LEAGUE BASEBALL PENSION PLAN
FOR NON-UNIFORMED PERSONNEL—SELECTED RETIREMENT
PLANS (continued)**

The Internal Revenue Code (the “Code”) section 415(b) maximum benefit limit was \$195,000 for 2011 and 2010.

The NUPP is presently administered by a nine-member Pension Committee consisting of the executive vice president of economics and league affairs, the chief financial officer and the general counsel, all of the Office of the Commissioner of Baseball (“BOC”), and six individuals appointed by a majority vote of the Participating Employers.

The investments of the Selected Retirement Plans are held in the Major League Baseball Group Pension Trust (the “Group Trust”) by U.S. Bank (the “Trustee”), for the various Participating Employers’ (see Note 3).

The Plan Sponsors of the Selected Retirement Plans (the “Clubs”) have agreed to voluntarily contribute such amounts as are necessary to provide assets sufficient to meet the benefits expected to be paid to participants employed by the Clubs. The contributions by the Clubs are not to be used to pay benefits to participants employed by any other Participating Employers. Such contributions are made in amounts sufficient to meet the minimum funding requirements set forth in the Employee Retirement Income Security Act of 1974, plus such additional amounts as may be determined to be appropriate from time to time. Such minimum funding requirements have been met for 2011 and 2010.

Eligible employees participate in the Selected Retirement Plans after they have attained age 21 and have completed one year of eligible service. Benefits under the Selected Retirement Plans fully vest upon completion of five years of vesting service, which includes cumulative years of service prior to establishment of the applicable Plan. If a participating employee earned a benefit with a prior Club, he/she may receive the benefit from that Club in the form of a lump-sum payment if the present value of the benefit is less than \$5,000. If the present value of the benefit exceeds \$5,000, he/she will have to wait until retirement age to collect a monthly benefit. The Selected Retirement Plans do not provide benefits for services rendered by participants prior to the adoption of the NUPP by the Clubs.

**NOTE 1 DESCRIPTION OF THE MAJOR LEAGUE BASEBALL PENSION PLAN
FOR NON-UNIFORMED PERSONNEL—SELECTED RETIREMENT
PLANS (continued)**

Should one or more of the Selected Retirement Plans terminate at some future time, their net assets will generally not be available on a pro rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of these benefits and the level of benefits guaranteed by the Pension Benefit Guaranty Corporation (the "PBGC") at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC's benefit guarantee, while other benefits may not be provided for at all.

Effective December 1, 2010, the Pension Committee of the NUPP agreed to transfer inactive minor league players from the NUPP to the Minor League Pension Plan. The transfer reallocates the assets of inactive minor league players from the NUPP to the Minor League Pension Plan, within the Group Trust. An estimated \$6.4 million of plan assets associated with those participants were transferred in 2010. At December 31, 2011, approximately \$1.5 million of assets remains in due to affiliates related to this transfer. The respective amounts due to the Minor League Plan are recorded in the financial statements of each Plan.

In 2011, Rangers Baseball LLC signed a resolution adopting the NUPP effective January 1, 2011.

In 2010, the entire assets of the Chicago Cubs Baseball Club, LLC (Chicago Cubs) and Rogers Blue Jays Baseball Partnership (Toronto Blue Jays) were merged into the Minor League Pension Plan, terminating their participation in the NUPP.

On June 27, 2011, the Los Angeles Dodgers LLC, a Participating Employer in the NUPP, filed for Chapter 11 bankruptcy protection. The bankruptcy filing had no impact on the funding status of the Plan.

Additional information about the Selected Retirement Plans, including the vesting and benefit provisions and the PBGC's benefit guarantee, is available through the BOC or the Clubs and related Plan documents.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits (see Note 6) are those estimated future periodic payments, including lump-sum distributions, that are attributable under the respective Selected Retirement Plan's provisions to services rendered by the employees through the valuation date (January 1 of each year). Accumulated plan benefits include benefits expected to be paid to (a) retired employees or their designated beneficiaries and (b) present employees or their designated beneficiaries. Monthly benefits are determined by a formula provided for in the respective Plan document. Such monthly benefits are limited under Internal Revenue Service guidelines in 2011 and 2010 to the lesser of \$16,250 or the employees' highest average monthly compensation for three consecutive years that the participant is employed by the Participating Employers. Benefits payable are included in accumulated plan benefits to the extent they are deemed attributable to employee service rendered to the valuation date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedules. Actual results could differ from those estimates.

Investments and Valuation

The Plans participate in the Group Trust, as further described in Note 3. The Plans record their interests in investments in the Group Trust at fair value.

Investments held by the Group Trust are stated at fair value. Fair value is defined as the price that would be received upon the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes gains and losses on investments bought and sold as well as held during the year.

New Accounting Pronouncements

In January 2010, the FASB issued Accounting Standards Update 2010-06, *Improving Disclosures about Fair Value Measurements*, (ASU 2010-06). ASU 2010-06 amended ASC 820 to clarify certain existing fair value disclosures and require a number of additional disclosures. The requirement to present changes in Level 3 measurements on a gross basis is effective for reporting periods beginning after December 15, 2010. Since ASU 2010-06 only affects fair value measurement disclosures, adoption of ASU 2010-06 did not affect the Selected Retirement Plan's net assets available for benefits or its changes in net assets available for benefits.

In May 2011, the FASB issued additional guidance related to fair value measurements and disclosures that (a) states that the concepts of highest and best use and valuation premise are relevant only when measuring the fair value of nonfinancial assets and, therefore, do not apply to financial assets or any liabilities, (b) prohibits the application of a blockage factor (i.e., premiums and discounts related to size as a characteristic of an entity's holding) for all fair value measurements, regardless of hierarchy level, (c) allows an entity that manages market risks and counterparty credit risk exposure of a group of financial instruments to measure those financial instruments on the basis of the net position for the risk being managed, (d) requires that an entity measure the fair value of its own equity instruments from the perspective of a market participant that holds the instruments as assets and (e) requires new and enhanced disclosures. This guidance will become effective for the Selected Retirement Plans beginning after December 15, 2011, and will be applied on a prospective basis. The NUPP's management is currently evaluating the effect that the provisions will have on the Plans' financial statements.

Subsequent Events

Management evaluated subsequent events for the Selected Retirement Plans through October 12, 2012, the date the financial statements were available to be issued.

NOTE 3 INVESTMENTS

Contributions received from the Participating Employers are deposited with the Trustee. The assets are invested as part of the Group Trust. Each Plan participating in the Group Trust owns a percentage of the underlying assets of the Group Trust and not the individual assets themselves. The assets of the Group Trust are comprised of investments in common stocks, equity mutual funds, government obligations, corporate bonds and notes, hedge funds, collective investment funds, interest rate swaps, and cash and cash equivalents.

The assets of the Selected Retirement Plans are not guaranteed as to principal or income. Investment income and all gains and losses, whether or not realized, are recognized on the accrual basis.

Notes to Financial Statements

NOTE 3 INVESTMENTS *(continued)*

With respect to investments in the Group Trust, on a quarterly basis, each Plan's net assets are remeasured. This is done by first adjusting the Plan's beginning balance for employer-specific items such as contributions, benefit payments, withdrawals, and any specific expenses incurred. Investment income and loss, investment fees and expenses, and realized and unrealized gains or losses on investments are then allocated to each Plan based on the percentage of its fair value to the combined fair value of all plans participating in the Group Trust. At December 31, 2011 and 2010, the Selected Retirement Plans owned the following portions of the total fair value of the underlying investments comprising the Group Trust:

NOTE 3 INVESTMENTS *(continued)*

Investment managers exercise discretionary authority, subject to certain limitations, for the purchase, sale, and management of the investments of the Group Trust that have been allocated to them for such purposes. Provisions relating to this discretionary authority and a representation by each of the investment managers that it is duly registered with the SEC pursuant to the Investment Advisers Act of 1940, as amended, are contained within respective agreements entered into with each investment manager.

Certain investment managers are authorized to use derivative financial instruments, either directly or within a commingled fund structure, within established guidelines. Derivative financial instruments may be used to manage interest rate and foreign exchange risk. The derivative financial instruments are recorded as other investments either as an asset or a liability, depending upon whether the instrument is in a gain or loss position. Changes in the fair value of derivative financial instruments are recorded in the Statements of Changes in Net Assets Available for Benefits; therefore, no gains or losses are deferred. At December 31, 2011 and 2010, the Group Trust held less than 1% and approximately 1% of the total fair value of its investments in derivative financial instruments.

NOTE 4 FAIR VALUE MEASUREMENTS

Fair value is defined under ASC 820 as the price that would be received upon the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). To measure fair value, a hierarchy has been established that requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs. As such, the hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy in ASC 820 are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

**MAJOR LEAGUE BASEBALL PENSION PLAN FOR NON-UNIFORMED
PERSONNEL—SELECTED RETIREMENT PLANS**

Notes to Financial Statements
December 31, 2011 and 2010

NOTE 4 FAIR VALUE MEASUREMENTS *(continued)*

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumptions about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

Following is a description of the valuation methodologies used for assets and liabilities measured at fair value.

Common stocks and equity mutual funds, government obligations, and corporate bonds and notes are determined by obtaining quoted prices in an active market.

Hedge fund fair values are valued at the net asset value per unit based on the fair value of the underlying investments. The underlying investments are primarily in publicly traded securities which are valued at the closing price reported on the active market on which the individual securities are traded. In addition, these funds may have underlying investments in non-publicly traded securities for which quoted prices are not readily available. Such securities are valued by the investment management firm at an amount that approximates fair value generally based on the verifiable fair value of similar securities at the valuation date.

NOTE 4 FAIR VALUE MEASUREMENTS *(continued)*

The NUPP's right to redeem its hedge fund investments varies according to the contractual agreements with each of the individual hedge fund management firms. The redemption policies of the hedge funds provide for periodic redemptions at intervals which range from monthly to annually with notice periods ranging from 30 to 180 days. Some of the hedge funds do not permit redemption for an initial period of time following an investment in the fund, which, for the NUPP's hedge fund investments, range between 6 months and 3 years. Additionally, the NUPP's hedge fund investment managers may limit the portion of an investment that can be redeemed at any one time, either by an individual investor or in the aggregate by all of the investors in the hedge fund. These limits vary and limit the portion of an investment that may be redeemed at any one time or restrict both the portion and term of such redemptions. At December 31, 2011 and 2010, the Group Trust unfunded commitments related to hedge funds was approximately \$0.0 and \$0.4 million, respectively. These investments are classified as Level 3 investments in the fair value hierarchy.

Collective investment funds are valued at the net asset value per unit as reported to the Trustee by the investment management firm managing such trusts. Valuations by the investment management firm of the investments of the commingled trust funds in securities that are traded in public markets for which quoted prices are readily available are based on the quoted market price of each such investment at the valuation date. Any investments not traded in public markets or for which quoted prices are not readily available are valued by the investment management firm at an amount that approximates fair value generally based on the verifiable fair value of similar securities at the valuation date. Commingled trust funds have various procedures governing liquidity. Although some funds supply daily liquidity upon demand, others have rules and procedures governing liquidity.

These may include advance notification requirements and specific periodic dates for providing such liquidity. Additionally, some commingled trust funds may reserve the right, from time to time, to be exercised at the funds' discretion to limit the portion of an investment that may be redeemed at any one time either by an individual investor or in the aggregate by all such investors in the fund. These investments are classified as Level 3 investments in the fair value hierarchy.

Interest rate swaps are valued by the Investment Manager utilizing a publicly available electronic data source and valuations provided by the counterparty. These instruments are generally classified within Level 3 of the fair value hierarchy.

NOTE 4 FAIR VALUE MEASUREMENTS *(continued)*

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, while the NUPP believes their valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Group Trusts' assets carried at fair value as of December 31, 2011:

NOTE 5 DERIVATIVE INSTRUMENTS

In the normal course of operations, the Group Trust's assets and liabilities may include derivative financial instruments (swaps, options and foreign currency contracts). These derivatives involve, in varying degrees, elements of credit and market volatility risks in excess of more traditional investment holdings such as equity and debt instruments. The contract or notional amounts disclosed in this footnote provide a measure of the Group Trust's involvement in such instruments but are not indicative of potential loss. The intent is to use derivative financial instruments as economic hedges to manage market volatility risk, foreign currency exchange rate risk or credit risk associated with the Group Trust's investment assets. The Group Trust's investment managers do not anticipate any material adverse effect on the Group Trust's financial position resulting from its involvement in these instruments.

NOTE 6 ACCUMULATED PLAN BENEFITS

The actuary of the Selected Retirement Plans estimates the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, withdrawal or retirement) between the valuation date and the expected date of payment.

The Selected Retirement Plans provide for the accumulation of benefits for services rendered by participants from the later of their respective dates of hire or the date their employer adopted the NUPP.

NOTE 7 ACTUARIAL ASSUMPTIONS

The more significant assumptions used by the actuary of the Selected Retirement Plans to, among other things, calculate accumulated plan benefits and determine funding levels at January 1, 2011 and 2010, are as follows:

Actuarial method—Plan funding	Present value of accrued benefits
Mortality	RP-2000, with projection
Average retirement age	Age 62

Discount rate for accuulated plan benefits for each Plan was 6.0% at January 1, 2010 and was as follows at January 1, 2011:

<u>Plan</u>	<u>Discount Rate</u>
Houston Astros	5.40%
Atlanta National League Baseball Club, The Baltimore Orioles, The Boston Red Sox Baseball Club, Chicago White Sox, The Cincinnati Reds, Kansas City Royals Baseball, Angels Baseball, New York Yankees, The Phillies, Padres, AZPB, Rangers Baseball, and The Baseball Club of Seattle	5.50%
Cleveland Indians Baseball, Colorado Rockies Baseball Club, Detroit Tigers, Los Angeles Dodgers, Miami Marlins, Sterling Mets , Atheltics Investment Group, Pittsburgh Associates, San Francisco Baseball Associates, St. Louis Cardinals, and Tampa Bay Rays,	5.60%

NOTE 8 INCOME TAX STATUS

The Selected Retirement Plans have received determination letters from the Internal Revenue Service (IRS) stating that the Selected Retirement Plans are qualified under Section 401(a) of the Internal Revenue Code (the “Code”) and, therefore, the related trusts are exempt from taxation. Subsequent to this determination by the Internal Revenue Service, the Selected Retirement Plans were amended, and applied for determination letters in January 2009. Once qualified, the Selected Retirement Plans are required to operate in conformity with the Code to maintain their qualification. The Plan Administrator believes the Selected Retirement Plans are being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Selected Retirement Plans, as amended, are qualified and the related trusts are tax exempt.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plans. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plans, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken. The Plans have recognized no interest or penalties related to uncertain tax positions. The Plans are subject to routine audits by taxing jurisdictions; currently the Chicago White Sox and the Chicago Cubs Baseball Club are undergoing audits by the IRS. There are currently no audits for any other Plan for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

NOTE 9 ADMINISTRATIVE EXPENSES

Certain actuarial, auditing fees, insurance and administrative expenses are paid by the Selected Retirement Plans. Certain other administrative expenses are paid by the BOC directly.

NOTE 10 RISKS AND UNCERTAINTIES

The Selected Retirement Plans invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Contributions to the Selected Retirement Plans are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

Administrative expense Expense load equal to 0.75% of fair value of assets with a minimum of \$75,000; included in target normal cost.

Methods

Valuation date First day of plan year

Funding target Present value of accrued benefits

Target normal cost Present value of benefits expected to accrue during plan year plus plan-related expenses expected to be paid from plan assets during plan year

Actuarial value of assets Average of the fair market value of assets on the valuation date and the two immediately preceding valuation dates, adjusted for contributions, benefits, administrative expenses and expected earnings (with such expected earnings limited as described in IRS Notice 2009-22) . The average asset value must be within 10% of fair value, including contributions receivable.

The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets.

In plan years where a participant completed a partial year of pension service, the annual earnings will be prorated by the number of completed months of pension service. This is applicable for both 1) and 2) above.

Normal retirement date (NRD)	First of month coinciding with or next following the attainment of age 65.
Pension benefit	2% of average earnings for each year of pension service up to 30 years. (Not less than the minimum pension benefit.)
Preretirement death benefit	If not eligible for early or normal retirement, 50% of the pension benefit as of the date of death, reduced for the 50% joint and survivor election and reduced for payment as early as the participant's 55th birthday. If eligible for early or normal retirement, 100% of the pension benefit as of the date of death, reduced for the 100% joint and survivor election and reduced for early commencement of payment.

Eligibility for Benefits

Normal retirement	Retirement on NRD.
Early retirement	Retirement before NRD and on or after both attaining age 55 and completing ten years of vesting service.
Postponed retirement	Retirement after NRD.
Deferred vested	Termination for reasons other than death or retirement after completing five years of vesting service.
Preretirement death benefit	Death while eligible for normal, early, postponed or deferred vested retirement benefits, with a surviving spouse or designated beneficiary.

Benefits Paid Upon the Following Events

Normal retirement	Pension benefit determined as of NRD.
Early retirement	Pension benefit determined as of early retirement date, reduced 7/12% for each of the first 60 months and 1/3% for each of the next 60 months by which payment precedes NRD.
Postponed retirement	Pension benefit determined as of actual retirement date.
Termination with deferred vested benefit	Pension benefit determined as of termination date, payable at NRD. A participant who terminates with 10 or more years of vesting service, may elect to retire as early as age 55 (reduction is 7/12% for each of the first 60 months and 1/3% for each of the next 60 months by which payment precedes NRD).
Death with preretirement benefits	Preretirement death benefit is payable to a spouse or designated beneficiary.

Other Plan Provisions

Forms of payment	<p>Preretirement spouse benefits are payable only as described above. Monthly pension benefits are paid as described above, if the participant has no spouse as of the date payments begin, or if the participant so elects. Otherwise, benefits are paid in the form of the 50% joint and survivor annuity option or, if the participant elects and the spouse consents, another actuarially equivalent optional form offered by the plan.</p> <p>Optional forms are a 50%, 75% or 100% joint and survivor annuity, a ten-year certain and life annuity, or (for married participants) a life annuity. The normal form of payment is converted to an optional form using an interest rate of 6% and GAR-94 Mortality (unisex).</p>
Maximum on benefits and pay	<p>All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective.</p>

Future Plan Changes

No future plan changes were recognized in determining pension cost and in determining minimum and maximum contributions.

Changes in Benefits Valued Since Prior Year

Effective December 1, 2010, all assets and liabilities attributable to previously terminated minor league participants were transferred from the Plan to the Minor League Players Pension Plan. Note this transfer is classified as a de minimis transfer.
