Independent Auditors' Report

Participants and Plan Administrator of the
Pipeliners' Retirement Plan
Ypsilanti, Michigan

We were engaged to audit the financial statements of Pipeliners' Retirement Plan as of December 31, 2011 and for the year then ended, and the supplemental schedules as of and for the year ended December 31, 2011, as listed in the accompanying table of contents. These financial statements and supplemental schedules are the responsibility of the Plan's management. The financial statements of the Plan as of December 31, 2010 were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by ING Life Insurance and Annuity Company, the custodian of the Plan. Their report, dated February 1, 2012, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by ING Life Insurance and Annuity Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the custodian as of and for the year ended December 31, 2011, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and the supplemental schedules taken as a whole. The supplemental schedules are presented for the purposes of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and the supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note A - Description of the Plan

Pipeliners' Retirement Plan (the "Plan") was established on January 1, 1991. The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covers all employees of InfraSource Underground Construction, LLC and InfraSource Underground Installation LLC (the "Companies") who are members of the United Steelworkers Union, Local 348-08 (Successor to the Paper, Allied Industrial, Chemical and Energy Workers International Union). All employees, except foremen of InfraSource Underground Construction, LLC, are eligible to participate upon specified entry dates, when they have completed 12 months of employment and 1,000 of service or attainment of age 18 or older. Foremen of InfraSource Underground Construction, LLC are eligible the first of the month following the later of completion of sixty days of service and if they are 18 or older. Effective June 30, 1998, upon expiration of the union contract, employees of Mid-Atlantic Pipeliners, Inc. ("Mid-Atlantic") were no longer eligible for participation in the Plan. Account balances of some of the former Mid-Atlantic participants still remain in the Plan. However, no company contributions have been made by Mid-Atlantic since June 30, 1998. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and amendments.

Contributions

Each year, participants may contribute to the Plan a percentage of their compensation, not to exceed certain dollar limitations established by the Internal Revenue Code. The Companies may contribute a discretionary match amount based on participants' contributions. For the years ended December 31, 2011 and 2010, the Companies contributed 50% of the first 10% of participant contributions. In addition, the Companies contribute $.85 for each hour of service worked by all participants based on the union contract. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participant forfeitures are used to reduce the Companies' total contribution.

Note A - Description of the Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's voluntary contribution, the Companies' contributions, and earnings thereon. The account is charged for benefit and withdrawal payments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Participants may choose to direct their contributions and account balances among the Plan's various investment alternatives. Participants are allowed to change their investment options daily.

Vesting

Participants are immediately vested in voluntary contributions plus actual earnings thereon. In addition, participants vest immediately in the Companies' contributions based on hours of service under union contracts, plus earnings thereon. Participants become fully vested in the matching contributions made by the Companies after three years of service.

Forfeitures

Forfeited non-vested account balances may be used to pay administrative expenses, or to reduce future employer contributions. At December 31, 2011 and 2010, forfeited non-vested accounts totaled $34,512 and $33,420, respectively.

Payment of Benefits

Upon retirement, death, disability or termination of employment, a terminating participant's account of less than $1,000 may be distributed in a lump-sum without the consent of the participant. Account balances exceeding $1,000 are paid in an annuity, lump-sum or installment payments, at the participant's discretion.

Administrative Expenses

The Companies absorb substantially all administrative expenses of the Plan.

Plan Termination

Although they have not expressed any intent to do so, the Companies reserve the right at any time by action of their Board of Directors to amend or terminate the Plan subject to the provisions of ERISA and the Union contract. In the event of Plan termination, participants would become fully vested in their account balances.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Benefit Payments

Benefit payments are recorded when paid.

Use of Estimates in Preparing Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to net assets and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities, including pooled separate accounts and investment contracts. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Note B - Summary of Significant Accounting Policies (Continued)

Reclassifications

Certain amounts in the 2010 financial statements have been reclassified to conform with the 2011 presentation. The reclassifications do not affect net assets available for benefits as previously reported.

Subsequent Events

In preparing these financial statements, the Company has evaluated events and transactions for potential recognition or disclosure through October 10, 2012, the date the financial statements were available for issue.

Note C - Investments

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, ING, the custodian of the Plan, has certified to the completeness and accuracy of the investment information presented in the accompanying statements of net assets available for benefits and the statements of changes in net assets available for benefits for the years ended December 31, 2011 and 2010, and the December 31, 2011 schedule of assets (held at end of year).

The fair value of individual investments that represent 5% or more of the Plan's net assets as of December 31 are as follows:

	2011	2010
Pooled separate accounts		
ING VP Money Market Portfolio	**$ 625,883**	$ 701,005
ING VP Intermediate Bond Portfolio	**189,695**	212,205
ING VP Balanced Portfolio	**241,860**	313,613
ING VP Growth & Income Portfolio	**344,705**	458,168
Fidelity VIP Equity-Income Portfolio	**142,821**	156,557
Fidelity VIP Growth Portfolio	**161,970**	247,256
Fidelity VIP Overseas Portfolio	**less than 5%**	148,320
Unallocated group annuity contract, at contract value		
ING Fixed Account	**190,222**	202,620

Note D - Fair Value Measurements

Generally accepted accounting principles establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled separate accounts are valued at the net asset value of units of the fund held by the Plan based on the fair value of the underlying investments of the fund. Pooled separate accounts do not have finite lives, unfunded commitments relating to these types of investments, or significant restrictions on redemptions.

Note D - Fair Value Measurements (Continued)

The group annuity contract is valued at fair value by discounting the related cash flows based on current year yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2011:

	Level 1	Level 2	Level 3	Total
Group annuity contract	$ -	$ 190,222	$ -	$ 190,222
Pooled separate accounts				
Intermediate	-	189,695	-	189,695
Large cap	-	156,974	-	156,974
Mid cap	-	65,915	-	65,915
Small cap	-	23,544	-	23,544
Strategic allocation	-	100,833	-	100,833
Growth	-	649,496	-	649,496
Balanced	-	241,860	-	241,860
International	-	156,810	-	156,810
Fixed income	-	625,883	-	625,883
Total investments at fair value	$ -	$2,401,232	$ -	$2,401,232

Note D - Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2010:

	Level 1	Level 2	Level 3	Total
Group annuity contract	$ -	$ 202,620	$ -	$ 202,620
Pooled separate accounts				
Intermediate	-	212,205	-	212,205
Large cap	-	99,034	-	99,034
Mid cap	-	73,586	-	73,586
Small cap	-	34,148	-	34,148
Strategic allocation	-	41,056	-	41,056
Growth	-	917,408	-	917,408
Balanced	-	313,613	-	313,613
International	-	207,577	-	207,577
Fixed income	-	701,005	-	701,005
Total investments at fair value	$ -	$2,802,522	$ -	$2,802,522

Pooled separate accounts seek to either replicate the movements of an index of a specific financial market or to maximize returns on investment allocation models as specified in the prospectuses of the individual pooled separate accounts. For the years ended December 31, 2011 and 2010, the Plan had no unfunded commitments and participants may redeem the investments on a daily basis. Should the Plan elect to remove an investment option, there is no redemption notice required.

Note E - Related Party Transactions

Plan investments include pooled separate accounts and an investment contract managed by ING. This party is the custodian as defined by the Plan and, therefore, transactions with ING qualify as party-in-interest. Such transactions are not considered prohibited transactions by statutory exemptions under ERISA regulations. During 2011 and 2010, the Company paid certain administrative expenses of the plan.

Note F - Nonexempt Transactions

As reported on Form 5500, Schedule H, Line 4a - Schedule of Delinquent Participant Contributions, certain participant contributions were not remitted to the Plan within the time frame specified by the Department of Labor's Regulation 29 CFR 2510.3-102, thus constituting nonexempt transactions between the Plan and the Company during the 2011 Plan year. Late remittances amounted to $5,518. The Company is currently in process of correcting the remittance and making the participants' contributions whole.

Note G - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2011 and 2010:

	2011	2010
Net assets available for benefits per the financial statements	**$2,415,158**	$2,800,991
Companies' contributions receivable	**(13,926)**	-
Advance contributions	-	1,531
Net assets available for benefits per the Form 5500	**$2,401,232**	$2,802,522

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to the Form 5500 at December 31, 2011:

Net decrease in net assets available for benefits per the financial statements	$ (385,833)
Contributions receivable end of plan year	(13,926)
Prior year advance contributions	(1,531)
Net decrease in net assets available for benefits per the Form 5500	$ (401,290)

Contributions are recorded on a cash basis for the Form 5500, and on the accrual basis for financial statement presentation.

Note H - Income Tax Status

The Internal Revenue Service has determined and informed the Companies by a letter dated June 16, 2003 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with applicable requirements of the IRC.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2008.

Independent Auditors' Report

Participants and Plan Administrator of the
Pipeliners' Retirement Plan
Ypsilanti, Michigan

We were engaged to audit the financial statements of Pipeliners' Retirement Plan as of December 31, 2011 and for the year then ended, and the supplemental schedules as of and for the year ended December 31, 2011, as listed in the accompanying table of contents. These financial statements and supplemental schedules are the responsibility of the Plan's management. The financial statements of the Plan as of December 31, 2010 were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by ING Life Insurance and Annuity Company, the custodian of the Plan. Their report, dated February 1, 2012, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by ING Life Insurance and Annuity Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the custodian as of and for the year ended December 31, 2011, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and the supplemental schedules taken as a whole. The supplemental schedules are presented for the purposes of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and the supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note A - Description of the Plan

Pipeliners' Retirement Plan (the "Plan") was established on January 1, 1991. The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covers all employees of InfraSource Underground Construction, LLC and InfraSource Underground Installation LLC (the "Companies") who are members of the United Steelworkers Union, Local 348-08 (Successor to the Paper, Allied Industrial, Chemical and Energy Workers International Union). All employees, except foremen of InfraSource Underground Construction, LLC, are eligible to participate upon specified entry dates, when they have completed 12 months of employment and 1,000 of service or attainment of age 18 or older. Foremen of InfraSource Underground Construction, LLC are eligible the first of the month following the later of completion of sixty days of service and if they are 18 or older. Effective June 30, 1998, upon expiration of the union contract, employees of Mid-Atlantic Pipeliners, Inc. ("Mid-Atlantic") were no longer eligible for participation in the Plan. Account balances of some of the former Mid-Atlantic participants still remain in the Plan. However, no company contributions have been made by Mid-Atlantic since June 30, 1998. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and amendments.

Contributions

Each year, participants may contribute to the Plan a percentage of their compensation, not to exceed certain dollar limitations established by the Internal Revenue Code. The Companies may contribute a discretionary match amount based on participants' contributions. For the years ended December 31, 2011 and 2010, the Companies contributed 50% of the first 10% of participant contributions. In addition, the Companies contribute $.85 for each hour of service worked by all participants based on the union contract. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participant forfeitures are used to reduce the Companies' total contribution.

Note A - Description of the Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's voluntary contribution, the Companies' contributions, and earnings thereon. The account is charged for benefit and withdrawal payments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Participants may choose to direct their contributions and account balances among the Plan's various investment alternatives. Participants are allowed to change their investment options daily.

Vesting

Participants are immediately vested in voluntary contributions plus actual earnings thereon. In addition, participants vest immediately in the Companies' contributions based on hours of service under union contracts, plus earnings thereon. Participants become fully vested in the matching contributions made by the Companies after three years of service.

Forfeitures

Forfeited non-vested account balances may be used to pay administrative expenses, or to reduce future employer contributions. At December 31, 2011 and 2010, forfeited non-vested accounts totaled $34,512 and $33,420, respectively.

Payment of Benefits

Upon retirement, death, disability or termination of employment, a terminating participant's account of less than $1,000 may be distributed in a lump-sum without the consent of the participant. Account balances exceeding $1,000 are paid in an annuity, lump-sum or installment payments, at the participant's discretion.

Administrative Expenses

The Companies absorb substantially all administrative expenses of the Plan.

Plan Termination

Although they have not expressed any intent to do so, the Companies reserve the right at any time by action of their Board of Directors to amend or terminate the Plan subject to the provisions of ERISA and the Union contract. In the event of Plan termination, participants would become fully vested in their account balances.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Benefit Payments

Benefit payments are recorded when paid.

Use of Estimates in Preparing Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to net assets and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities, including pooled separate accounts and investment contracts. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Note B - Summary of Significant Accounting Policies (Continued)

Reclassifications

Certain amounts in the 2010 financial statements have been reclassified to conform with the 2011 presentation. The reclassifications do not affect net assets available for benefits as previously reported.

Subsequent Events

In preparing these financial statements, the Company has evaluated events and transactions for potential recognition or disclosure through October 10, 2012, the date the financial statements were available for issue.

Note C - Investments

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, ING, the custodian of the Plan, has certified to the completeness and accuracy of the investment information presented in the accompanying statements of net assets available for benefits and the statements of changes in net assets available for benefits for the years ended December 31, 2011 and 2010, and the December 31, 2011 schedule of assets (held at end of year).

The fair value of individual investments that represent 5% or more of the Plan's net assets as of December 31 are as follows:

	2011	2010
Pooled separate accounts		
ING VP Money Market Portfolio	**$ 625,883**	$ 701,005
ING VP Intermediate Bond Portfolio	**189,695**	212,205
ING VP Balanced Portfolio	**241,860**	313,613
ING VP Growth & Income Portfolio	**344,705**	458,168
Fidelity VIP Equity-Income Portfolio	**142,821**	156,557
Fidelity VIP Growth Portfolio	**161,970**	247,256
Fidelity VIP Overseas Portfolio	**less than 5%**	148,320
Unallocated group annuity contract, at contract value		
ING Fixed Account	**190,222**	202,620

Note D - Fair Value Measurements

Generally accepted accounting principles establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled separate accounts are valued at the net asset value of units of the fund held by the Plan based on the fair value of the underlying investments of the fund. Pooled separate accounts do not have finite lives, unfunded commitments relating to these types of investments, or significant restrictions on redemptions.

Note D - Fair Value Measurements (Continued)

The group annuity contract is valued at fair value by discounting the related cash flows based on current year yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2011:

	Level 1	Level 2	Level 3	Total
Group annuity contract	$ -	$ 190,222	$ -	$ 190,222
Pooled separate accounts				
Intermediate	-	189,695	-	189,695

International	-	156,810	-	156,810
Fixed income	-	625,883	-	625,883
Total investments at fair value	$ -	$2,401,232	$ -	$2,401,232

Note D - Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2010:

	Level 1	Level 2	Level 3	Total
Group annuity contract	$ -	$ 202,620	$ -	$ 202,620
Pooled separate accounts				
Intermediate	-	212,205	-	212,205
Large cap	-	99,034	-	99,034
Mid cap	-	73,586	-	73,586
Small cap	-	34,148	-	34,148
Strategic allocation	-	41,056	-	41,056
Growth	-	917,408	-	917,408
Balanced	-	313,613	-	313,613
International	-	207,577	-	207,577
Fixed income	-	701,005	-	701,005
Total investments at fair value	$ -	$2,802,522	$ -	$2,802,522

Pooled separate accounts seek to either replicate the movements of an index of a specific financial market or to maximize returns on investment allocation models as specified in the prospectuses of the individual pooled separate accounts. For the years ended December 31, 2011 and 2010, the Plan had no unfunded commitments and participants may redeem the investments on a daily basis. Should the Plan elect to remove an investment option, there is no redemption notice required.

Note E - Related Party Transactions

Plan investments include pooled separate accounts and an investment contract managed by ING. This party is the custodian as defined by the Plan and, therefore, transactions with ING qualify as party-in-interest. Such transactions are not considered prohibited transactions by statutory exemptions under ERISA regulations. During 2011 and 2010, the Company paid certain administrative expenses of the plan.

Note F - Nonexempt Transactions

As reported on Form 5500, Schedule H, Line 4a - Schedule of Delinquent Participant Contributions, certain participant contributions were not remitted to the Plan within the time frame specified by the Department of Labor's Regulation 29 CFR 2510.3-102, thus constituting nonexempt transactions between the Plan and the Company during the 2011 Plan year. Late remittances amounted to $5,518. The Company is currently in process of correcting the remittance and making the participants' contributions whole.

Note G - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2011 and 2010:

	2011	2010
Net assets available for benefits per the financial statements	**$2,415,158**	$2,800,991
Companies' contributions receivable	**(13,926)**	-
Advance contributions	-	1,531
Net assets available for benefits per the Form 5500	**$2,401,232**	$2,802,522

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to the Form 5500 at December 31, 2011:

Net decrease in net assets available for benefits per the financial statements	$ (385,833)
Contributions receivable end of plan year	(13,926)
Prior year advance contributions	(1,531)
Net decrease in net assets available for benefits per the Form 5500	$ (401,290)

Contributions are recorded on a cash basis for the Form 5500, and on the accrual basis for financial statement presentation.

Note H - Income Tax Status

The Internal Revenue Service has determined and informed the Companies by a letter dated June 16, 2003 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with applicable requirements of the IRC.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2008.
