DUGGAL COLOR PROJECTS, INC.
401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011

1. Description of the Plan

Duggal Color Projects, Inc. (the "Company") adopted Duggal Color Projects, Inc. 401(k) Plan (the "Plan") through the adoption of the Adoption Agreement and its corresponding Basic Plan Document #01 on April 27, 2009. The name of the prototype Plan sponsor is Ascensus, Inc. The Plan was amended and restated for EGTRRA on June 1, 2009 to comply with recent legislation and to preserve tax favored treatment. The Plan is subject to the provision of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan is a defined contribution plan covering substantially all employees who have completed one year of service and attained age 21.

Employees are eligible to make rollover contributions as of their dates of employment.

The Company has appointed individual trustees under the Plan. On December 31, 2011, the assets of the Plan, with the exception of participant loans, were held by Merrill Lynch, Pierce, Fenner & Smith Incorporated ("Merrill Lynch"). Frontier Trust Company acts as paying agent to the Plan.

2. Summary of Significant Accounting Policies

a. The accompanying financial statements have been prepared on the accrual basis and present net assets available for benefits and changes in those net assets of the Plan.

b. Investments are stated at fair value. The fair value of marketable investment funds is based on quotations obtained from Merrill Lynch.

c. The preparation of the financial statements in conformity with generally accepted accounting principles requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

d. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

e. The Plan has evaluated subsequent events through the date the financial statements were available to be issued.

3. Contributions

The Plan allows each participant to contribute up to 15% of the participant's annual compensation to the Plan. However, a participant's salary deferrals in any taxable year may not exceed a certain dollar amount which is set by law. Employee contributions vest immediately.

The Plan provides for a Company discretionary (i) matching contribution and (ii) profit sharing contribution. The employer has elected not to make a matching contribution or a profit sharing contribution for the year ending December 31, 2011.
Employer profit sharing and matching contributions vest ratably over a six year period.

The forfeited non-vested portion of participants' accounts may be used to pay plan administrative expenses or reduce the employer contribution obligation.

4. Payment of Benefits

Participants' benefits under the Plan are payable to participants, their beneficiaries or their estates upon the termination of employment, normal retirement (age 65), attainment of age 59 ½, disability, death or hardship. Benefits are payable in the form of lump-sum distributions or installments. Additionally, participants are entitled to receive a distribution of their rollover accounts at any time.

5. Notes Receivables From Participants

The Plan provides for loans to participants which are repaid through payroll deductions. Loans (i) bear a reasonable rate of interest, (ii) are secured by the participant's account, (iii) are available to all participants on a uniform and non-discriminatory basis, (iv) are limited to 50% of the participant's vested account balance, (v) provide for repayment over a period not to exceed five years unless such loan is used to purchase a primary residence and (vi) are limited to an amount not to exceed $50,000.

No loan will be issued for an amount less than $1,000 and the maximum number of loans that may be held by a participant is two.

6. Termination

The employer reserves the right to terminate the Plan, in whole or in part, at any time. Termination of the Plan shall result in immediate vesting of the entire amount credited to each participant. Upon termination, the Company will direct the distribution of participants' accounts in a manner permitted by the Plan as soon as practicable.

7. Tax Status

The trust established as a part of the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code, and accordingly, the Plan's net investment income is exempt from income taxes. The Plan is relying on the prototype's opinion letter issued by the Internal Revenue Service with the letter serial number: M388891a. The Plan's sponsor believes that the Plan qualifies and operates as designed.

8. Investments

The Company adopted and implemented a daily valuation, multi-fund family program for eligible employees. Under the daily valuation program participants are able to invest their accounts under a menu of mutual funds.

Contributions are made to Frontier Trust Company FSB ("Frontier") and the Company instructs Frontier as to the actions to be taken under the Plan.

Under the daily valuation program a participant may (i) access his or her account value at any time and (ii) direct the investment of his or her existing account and future contributions by a toll-free telephone number or via the internet at any time among the mutual funds offered under the Plan. Under the program the automated voice response system is electronically linked to Merrill Lynch to effect investment changes and transfers among Plan investment options. Merrill Lynch provides trade confirmations for any and all buys, sells and exchanges (i.e., deposits, transfers, distributions) of funds under the daily valuation program.

Set forth below is a schedule of investments that represent 5% or more of the Plan's net assets:

The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the custodian as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The fair value of investments at December 31, 2011 as reported by the custodian is:

Mutual Fund Investments	$703,472

The investment income reported in the statement of changes in net assets available for plan benefits for the twelve months ended December 31, 2011 were certified by Ascensus, as agent for Frontier Trust Company.
The information included in Supplementary Schedule 1, Schedule of Assets (Held at End of Year), was certified by Ascensus, as agent for Frontier Trust Company.

10. Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the *inputs* to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ACS 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include - Quoted prices for similar assets or liabilities in active markets; - Quoted prices for identical or similar assets or liabilities in inactive markets; - Inputs other than quoted prices that are observable for the asset or liability; - Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010:

	Assets at Fair Value as of December 31, 2011

11. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.
