Plan Administrator and Participants
James Wood Motors 401(k) Plan

We were engaged to audit the financial statements and supplemental schedule of the James Wood Motors 401(k) Plan (the "Plan") as of December 31, 2011 and 2010 and for the years then ended, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by Section 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the financial information certified by Alerus Financial, N.A., the Custodian of the Plan, except for comparing that information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the Custodian as of and for the years ended December 31, 2011 and 2010, that the information provided to the Plan Administrator by the Custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purposes of additional analysis and is not a required part of the financial statements but required by the United States Department of Labor's Rules and Regulations for reporting under ERISA. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for reporting under Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN

The following description of the James Wood Motors 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Participants of the plan are eligible employees of James Wood Motors, Inc., James Wood Auto Park, Inc. and JFM Management, LLC.

General

The Plan is a defined contribution plan established by James Wood Motors, Inc. (the "Company") under the provisions of Section 401(a) of the Internal Revenue Code (the "IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan was adopted to enable eligible employees to defer compensation and share in employer contributions and to save and invest funds for retirement.

All employees of the Company who have completed six months of service, as defined, are eligible to participate, provided they are at least 20½ years of age. The Plan is subject to the provisions of ERISA, as amended.

Plan Administration

The Plan is administered by the Company. The duties of the Plan Administrator are to oversee the operations and administration of the Plan, provide for prudent investment of Plan assets and keep accurate records and reports. Accordingly, the Plan Administrator has been granted discretionary authority concerning investment and management activities.

The Plan's Custodian, Alerus Financial, N.A., (the "Custodian"), is responsible for the custody and management of the Plan's assets.

Contributions

Each year, participants may contribute up to 100% of eligible pretax annual compensation, as defined by the Plan, subject to the maximum contribution allowed by Section 402(g) of the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company matches one-third of the first seven hundred fifty dollars ($750) of the employees' eligible contributions, up to a maximum Company match of two hundred fifty dollars ($250). The Company may elect to contribute to the Plan by means of a discretionary contribution at the sole discretion of the Company, allocated proportionately to each participant's account based on their compensation. A participant must be actively employed on the last day of the Plan year or must have completed at least 500 hours of service during the plan year to share in the Company's contributions. These requirements do not apply if the participant's termination of service occurred during the Plan year because of death, disability or retirement after attaining normal retirement age.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer matching and non-elective contributions, as well as the participant's share of the investment income, appreciation (depreciation) and any related administrative expenses. The participant determines both the amount to be invested and the allocation of the investment to one or more investment alternatives. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contributions to the plan, as well as all earnings on those contributions, are vested based on years of vesting service. A participant is 100% vested after six years of credited service. Participants who leave the Company before they are fully vested in the Company's contributions forfeit their non-vested portion.

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan, for or on behalf of the participant, to any one or more of the investment funds determined at the discretion of the Plan Administrator, and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Notes Receivable from Participants

Participants may borrow from their vested fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance, whichever is less. The notes receivable are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 9.25%, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Upon retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may elect to receive a lump-sum distribution equal to the participant's vested account balance. In addition, in-service and hardship distributions are permitted if certain criteria are met. A participant has the right to receive all or any portion of their vested Employer and Employee Contribution accounts upon attainment of age fifty-nine and a half (59½), normal retirement, early retirement, or upon termination of service. Normal retirement is age sixty-five (65). Early retirement age is age fifty-five (55) and completion of at least five years of service. Hardship distributions are subject to meeting strict hardship guidelines established by the Internal Revenue Service. Participants may not make contributions for at least six months after the receipt of a hardship distribution. Benefits are recorded when paid.

Forfeitures

At December 31, 2011 and 2010, forfeited non-vested accounts were approximately $100 and $2,800, respectively. These accounts will be used to reduce future employer contributions or to pay Plan expenses. In 2011 and 2010, $2,788 and $19,043 in forfeiture account funds were used to reduce employer contributions, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Method of Accounting

The accounting records of the Plan are maintained on the accrual basis of accounting.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Changes in market value are reflected in operations. Mutual funds and common/collective trusts represent investments with various investment managers. The respective fair values of these investments are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value at year end. Units held in common/collective trusts are valued at the unit value as reported by the investment managers at year end.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Fully benefit-responsive investment contracts held by a defined contribution plan are required to be presented at fair value. In addition, any material difference between the fair value of these investments and the their contract value is to be presented as a separate adjustment line in the Statement of Net Assets Available for Benefits, because contract value remains the relevant measurement attribute for that portion of net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common/collective trust. The Statements of Net Assets Available for Benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits are prepared on a contract value basis. The adjustment from fair value to contract value was $65,726 and $50,135 at December 31, 2011 and 2010, respectively.

At December 31, 2011 and 2010, the Plan was invested in the Wells Fargo Stable Value Fund C ("Stable Value Fund"). The Stable Value Fund is a common collective trust that is held in the general account of Wells Fargo Bank, N.A. The Stable Value Fund indirectly invests in investment contracts and security-backed contracts. An investment contract is a contract issued by a financial institution to provide a stated rate of return to the buyer of the contract for a specified period of time. A security-backed contract has similar characteristics as a traditional investment contract and is comprised of two parts: the first part is a fixed-income security or portfolio of fixed-income securities; the second part is a contract value guarantee (wrapper) provided by a third party. Wrappers provide contract payments for certain participant-initiated withdrawals and transfers, a floor crediting rate and return of fully accrued contract value at maturity.

Unanticipated events such as an issuer's inability to meet its obligations or significant withdrawal requests by participants in the Stable Value Fund, could affect the recoverability of assets including the underlying investment securities. The Stable Value Fund imposes certain restrictions on the Plan, and the Stable Value Fund itself may be subject to circumstances that impact its ability to transact at contract value. Plan management believes that the occurrence of events that would cause the Stable Value Fund to transact at less than contract value is not probable. The yield earned by the Stable Value Fund at December 31, 2011 and 2010 was 1.56% and 2.38%, respectively. The yield earned by the Stable Value Fund with an adjustment to reflect the actual interest rate credited to participants in the Stable Value Fund at December 31, 2011 and 2010 was 2.33% and 2.90%, respectively.

Net Appreciation (Depreciation) in Fair Value of Investments

Net appreciation (depreciation) in fair value of investments includes realized and unrealized investment gains and losses.

Brokerage fees, if any, are added to the acquisition costs of assets purchased and subtracted from the proceeds of assets sold.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Further, due to the level of risk associated with certain investment securities, it is at least reasonably possible that change in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

Recent market conditions have resulted in an unusually high degree of volatility and increased the risks and affected the short term liquidity associated with certain investments held by the Plan which could impact the value of investments after the date of these financial statements. During the year ended December 31, 2011 and subsequent to year-end, the Plan's investment portfolio has remained consistent with the plan year end balances which are consistent with the general performance of financial markets. However, because the values of individual investments fluctuate with market conditions, the amount of gains or losses that will be recognized in subsequent periods, if any, cannot be determined.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Plan. The remaining administrative expenses are paid by the Company. The Plan is under no obligation to reimburse the Company for these expenses.

Reclassification of Certain Accounts

The presentation of certain prior year amounts were changed to conform to current year presentation.

3. INVESTMENTS

The table presents investments that represent 5% or more of the Plan's net assets available for benefits at December 31:

	2011	2010
Common/collective trusts		
Wells Fargo Stable Return Fund C	$ 2,593,630	$ 2,377,571
Mutual funds		
PIMCO Total Return Fund	1,705,955	1,634,559
AFS Washington Mutual Fund	684,089	656,929
AFS Euro Pacific Growth Fund	500,742	497,168
AFS Growth Fund of America Fund	725,650	745,111
Columbia Acorn Fund	-	439,433

The net appreciation (depreciation) in fair value of plan investments was $(172,695) and $582,147 for the years ended December 31, 2011 and 2010, respectively and related wholly to the investments in mutual funds.

4. FAIR VALUE MEASUREMENTS

Under accounting principles generally accepted in the United States of America a fair value hierarchy prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

4. FAIR VALUE MEASUREMENTS (Continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2011 and 2010, there were no significant transfers in or out of levels 1, 2 or 3.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2011 and 2010.

Mutual funds: Valued at the net asset value of shares held by the Plan at year end.

Common/Collective Trust Funds: Valued based on information using the audited financial statements of the collective trust at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2011:

	Level 1	Level 2	Level 3	Total
Mutual funds:				
Bond Funds	$ 1,705,955	$ -	$ -	$ 1,705,955
Balance Funds	297,460	-	-	297,460
Domestic Equity Funds	2,990,243	-	-	2,990,243
International Equity Funds	757,799	-	-	757,799
Common/Collective Trust Funds	-	2,593,630	-	2,593,630
Total assets at fair value	$ 5,751,457	$ 2,593,630	$ -	$ 8,345,087

4. FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2010:

	Level 1	Level 2	Level 3	Total
Mutual funds:				
Bond Funds	$ 1,634,559	$ -	$ -	$ 1,634,559
Balance Funds	279,308	-	-	279,308
Domestic Equity Funds	3,025,211	-	-	3,025,211
International Equity Funds	767,494	-	-	767,494
Common/Collective Trust Funds	-	2,377,571	-	2,377,571
Total assets at fair value	$ 5,706,572	$ 2,377,571	$ -	$ 8,084,143

5. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan Administrator has elected the method of annual reporting compliance permitted by Section 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of December 31, 2011 and 2010 and for the years then ended.

	2011	2010
Investments at fair value:		
Common/collective trusts	$ 2,593,630	$ 2,377,571
Mutual funds	5,751,457	5,706,572
Cash	30,765	24,392
Notes receivable from participants	594,108	581,293
Total investments	$ 8,969,960	$ 8,689,828
Investment income:		
Net appreciation (depreciation) in fair value of investments	$ (172,695)	$ 582,147
Interest and dividend income	204,723	227,765
Total investment income	$ 32,028	$ 809,912

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

6. NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivables from participants are due at various dates, with the last participant loan requested on December 2010. Payments include interest at a reasonable and fair rate based on the prevailing rates charges by reputable financial institutions. The notes are collateralized by the participant's vested interest in the Plan.

Notes receivable from participants earned interest of $24,892 and $25,937 for the years ending December 31, 2011 and 2010, respectively.

7. REPORTABLE TRANSACTIONS

During the years ended December 31, 2011 and 2010, there were no reportable transactions, loans in default or uncollectible, investment assets acquired and disposed of within the Plan year or non-exempt transactions with parties-in-interest, which would require supplemental presentation under DOL regulations.

8. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and units of common/collective trust funds managed by Alerus Financial, N.A., related entities to the Custodian. Therefore, these transactions qualify as party-in-interest transactions.

9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and the IRC. In the event of Plan termination, participants would become 100% vested in their employer contributions.

10. TAX STATUS

The Company has adopted the Faegre & Benson LLP Standardized Full-Flex Prototype Defined Contribution Profit Sharing Plan. The United States Internal Revenue Service has issued an opinion letter dated December 12, 2001 stating that the plan is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. The Company is relying on the opinion letters (in accordance with Announcement 2001-77) that the Plan meets the qualification requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011 and 2010 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2008.

11. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the financial statements to the Form 5500.

	2011	2010
Net assets available for benefits per the financial statements	$ 8,881,483	$ 8,615,721
Receivables – other, end of year	(4,079)	(2,086)
Net assets available for benefits per Form 5500	$ 8,877,404	$ 8,613,635
Net increase in net assets available for benefits per the financial statements	$ 265,762	$ 209,829
Receivables – other, beginning of year	2,086	(39,327)
Receivables – other, end of year	(4,079)	(2,086)
Net increase in net assets available for benefits per Form 5500	$ 263,769	$ 168,416

12. NEW ACCOUNTING PRONOUNCEMENTS

In May 2011, the Financial Accounting Standards Board issued Accounting Standards Update 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRSs* (ASU 2011-04). ASU 2011-04 amended ASC 820 to converge the fair value measurement guidance in U.S. GAAP and International Financial Reporting Standards (IFRSs). Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. The Plan's management is currently evaluating the effect that the provisions of ASU 2011-04 will have on the Plan's financial statements.

12. NEW ACCOUNTING PRONOUNCEMENTS (Continued)

In January 2010, the FASB issued ASU No. 2010-06, *Improving Disclosures about Fair Value Measurements*. This ASU amended ASC 820 and required new disclosures about transfers into and out of Levels 1 and 2 and separate disclosures about purchases, sales, issuances, and settlements relating to Level 3 measurements. It also clarified existing fair value disclosures about the level of disaggregation and about inputs and valuation techniques used to measure fair value. The new disclosures and clarifications of existing disclosures were effective for the Plan's fiscal year ending December 31, 2010, except for the disclosures about purchases, sales, issuances, and settlements relating to Level 3 measurements, which are effective for the Plan's fiscal year ending December 31, 2011. The adoption of this guidance did not have a significant impact on the Plan's net assets available for benefits or its changes in net assets available for benefits, as changes were related to the fair value measurement disclosures.

13. SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 12, 2012, the date the financial statements were available to be issued.
