INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee
Glenmark Industries, Inc. Employees' Profit Sharing Plan

We were engaged to audit the accompanying statement of net assets available for benefits of Glenmark Industries, Inc. Employees' Profit Sharing Plan (the "Plan") as of December 31, 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2011, and the supplemental Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management. The financial statements of the Plan as of December 31, 2010 were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by JPMorgan Chase Bank, N.A., the Trustee of the Plan. Their report, dated July 18, 2011, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by JPMorgan Chase Bank, N.A., the Trustee of the Plan, except for comparing the information with the related information included in the 2011 financial statements and supplemental schedule. We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Trustee as of and for the year ended December 31, 2011, that the information provided to the Plan administrator by the Trustee is complete and accurate.

Because of the significance of the information in the Plan's 2011 financial statements and supplemental schedule that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2011 financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the 2011 financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

GLENMARK INDUSTRIES, INC. EMPLOYEES' PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2011 AND 2010
AND FOR THE YEAR ENDED DECEMBER 31, 2011

1. DESCRIPTION OF PLAN

The following description of the Glenmark Industries, Inc. Employees' Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

A. General

The Plan is a defined contribution plan which covers substantially all eligible employees of Glenmark Industries, Inc., Varipak Inc., Foil Laminating, Inc. and GMI, Inc. On October 28, 2011, GMI Group, Inc., the parent company of the aforementioned entities, was acquired by Rock-Tenn Company who assumed sponsorship of the Plan. Rock-Tenn Company and participating subsidiaries (collectively the "Company") or ("Plan Sponsor") continues to be the sponsor and administrator of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

B. Administration

Plan assets are held under contract by JPMorgan Chase Bank, N.A. (the "Trustee"), which maintains individual accounts reflecting each participant's respective interest in the value of the Plan's net assets. The Company has engaged Hartford Life Insurance Company as a third-party administrator to assist in the administration of the Plan. Certain administrative functions are performed by employees of the Company. These employees did not receive compensation from the Plan.

C. Eligibility

In general, employees are eligible to participate in the Plan after reaching age 21 and having completed a minimum service period of six months. An employee's service with a predecessor employer acquired by or merged with the Company will be taken into account for purposes of determining an employee's eligibility to participate in the Plan.

NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2011 AND 2010
AND FOR THE YEAR ENDED DECEMBER 31, 2011

1. DESCRIPTION OF PLAN (Continued)

D. Contributions

Participants may make before-tax contributions of up to 100% of eligible compensation, as defined by the Plan, to the Plan through salary deferrals, subject to certain maximum limitations under the Internal Revenue Code ("IRC"). Eligible participants are automatically enrolled to defer 3% of their eligible compensation unless otherwise directed by the participant. Participants who have or will attain age 50 on or before the end of the year are eligible to make catch-up contributions to the Plan. Employees can request to make a rollover contribution to the Plan before meeting the participation requirement of the Plan. The Company made a matching contribution for the period January 1, 2011 through July 31, 2011 and for the year ending December 31, 2010 equal to 100% of the first 4% of eligible compensation and 50% of the next 4% of compensation for a maximum contribution of 6% of eligible compensation. The matching contribution for the period August 1, 2011 through December 31, 2011 was calculated at 100% of 2% of eligible compensation.

The Company may make a discretionary profit sharing contribution to the Plan. These discretionary contributions are allocated based on the ratio that each participant's compensation bears to the total compensation of all participants. The Company did not make an employer discretionary profit sharing contribution for the years ended December 31, 2011 and 2010.

E. Participant Accounts

Participants may designate the investment funds into which contributions can be deposited. Each participant's account is credited with (i) the participant's 401(k) contribution, (ii) the Company's contribution, and (iii) the participant's account earnings. Each participant's account is charged with (i) withdrawals, (ii) the participant's account losses, and (iii) an allocation of administrative expenses. The benefit to which a participant is entitled is the participant's vested account balance.

F. Vesting

Participants vest immediately in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contributions plus actual earnings is based on years of service. A participant is 100% vested after six years of service, vesting in 20% increments after each year of service beginning with the second year of service.

NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2011 AND 2010
AND FOR THE YEAR ENDED DECEMBER 31, 2011

1. DESCRIPTION OF PLAN (Continued)

G. Forfeitures

Forfeitures of non-vested benefits can be used to pay general administrative expenses of the Plan, restore account balances for re-employed employees, and/or to offset employer matching contributions. No forfeitures were used by the Plan for the years ended December 31, 2011 and 2010. Forfeitures of \$39,540 were available for future use at December 31, 2011.

H. Withdrawals and Payments of Benefits

Participants can elect to receive payment of their vested account balance as soon as practicable after employment is terminated or after becoming disabled. Participants may have their account paid directly to them net of appropriate taxes and penalties (as applicable) or transferred in a direct rollover to another qualified plan or individual retirement account without taxes or penalties. Participants who have attained the age of 70½ receive distributions in accordance with the Internal Revenue Service ("IRS") minimum required distribution rules.

In general, the Plan also provides for withdrawals by a participant from his or her contribution account prior to retirement either upon the attainment of age 59½, disability, a hardship withdrawal, rollover withdrawal or upon termination of the Plan without establishment of a successor plan.

I. Notes Receivable from Participants

Participants are permitted to borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of 50 percent of their vested account balance or \$50,000. The loans are secured by the balance in the participant's account, are repaid through payroll deductions over a period not to exceed five years unless the loan is made in connection with the purchase of a principal residence, and bear reasonable rates of interest (5.25% to 10.25% at December 31, 2011) agreed upon at the date of signing the loan application.

J. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balances, and the assets of the Plan will be distributed to the participants in accordance with the Plan provisions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles ("GAAP").

B. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received from the sale of an asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. See Note 4 for discussion of fair value measurements. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the period.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, these management fees and operating expenses are reflected as a reduction of investment return for such investments.

In accordance with GAAP, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, for fully benefit-responsive insurance contracts, contract value is a relevant measurement as it is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan does invest in fully benefit-responsive investment contracts through the JPMorgan Chase Bank, N.A. Stable Asset Income Fund. The investments are primarily contracts that are issued by insurance companies and commercial banks and in contracts that are backed by high-quality bonds, bond trusts and bond mutual funds.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals. No adjustment from fair value to contract value is presented in the statement of net assets available for benefits, as the amount of the adjustment has been determined to be immaterial.

NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2011 AND 2010
AND FOR THE YEAR ENDED DECEMBER 31, 2011

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances, plus any accrued but unpaid interest.

D. Administrative Expenses

Certain administrative expenses are paid by the Plan, as allowed by the Plan document. Recordkeeping fees are paid by plan participants and all other expenses are paid by the Plan Sponsor.

E. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.

F. Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

G. Payment of Benefits

Benefit payments are recorded when distributed.

* Fund does not represent more than 5 percent of the Plan's net assets available for benefits.

During 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

Mutual funds	\$ (229,736)
Common/collective trust	<u>18,987</u>
	<u>\$ (210,749)</u>

As described in Note 2, the Plan's investment in the common/collective trust is fully benefit-responsive. There are no reserves against the common/collective trust for credit risk of the contract issuer or otherwise. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2011 AND 2010
AND FOR THE YEAR ENDED DECEMBER 31, 2011

3. INVESTMENTS (Continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Specific coverage provided by each contract may be different from each issuer and can be found in the contract of the common/collective trust. Examples of such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The average yields of the JPMorgan Chase Bank, N.A. Stable Asset Income Fund approximated the following for the years ended December 31, 2011 and 2010:

	<u>2011</u>	<u>2010</u>
Based on actual earnings	2.25%	3.32%
Based on interest rate credited to participants	3.14%	2.50%

4. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") has established a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2011 AND 2010
AND FOR THE YEAR ENDED DECEMBER 31, 2011

4. FAIR VALUE MEASUREMENTS (Continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total Fair Value

4. FAIR VALUE MEASUREMENTS (Continued)

- (a) Mutual funds are valued using the Net Asset Value ("NAV") of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.
- (b) The common/collective trust is valued using the NAV of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is classified within level 2 of the valuation hierarchy because the NAV's unit price is quoted on a private market. The fund invests in synthetic guaranteed investment contracts, U.S. treasury and agency securities, commingled pension trusts, and cash and provides for redemptions by the Plan at reported net asset value per share to be paid out in four quarterly installments.

5. INFORMATION CERTIFIED BY TRUSTEE

For the years ended December 31, 2011 and 2010, the Plan administrator elected, as permitted by Section 2520.103 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, to have certain financial information certified by the Trustee, JPMorgan Chase Bank, N.A. The following information included in the Plan's December 31, 2011 and 2010 financial statements was prepared by the Trustee and furnished to the Plan administrator.

AS OF DECEMBER 31, 2011 AND 2010
AND FOR THE YEAR ENDED DECEMBER 31, 2011

6. INCOME TAX STATUS

The Plan sponsor has adopted a non-standardized prototype 401(k) plan document sponsored by Hartford Retirement Services, LLC. The non-standardized prototype document has received an opinion letter from the Internal Revenue Service dated March 31, 2008 stating that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code ("IRC"). Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. Since receiving the determination letter, the Plan has undergone various amendments. The plan administrator and Plan's tax counsel believe that the Plan was designed and operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations by tax authorities for years prior to December 31, 2008.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Trustee. Transactions involving these investments qualify as party-in-interest transactions. In addition, the Trustee receives investment management fees related to these funds prior to any funds being allocated investment earnings or losses. Party-in-interest transactions also include loans made to participants. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Net income per Schedule H of Form 5500	<u>\$ 400,462</u>

9. SUBSEQUENT EVENTS

Effective January 1, 2012, participants in the Plan have transferred employment to Rock-Tenn Services, Inc. and have become eligible to participate in the Rock-Tenn Company 401(k) Retirement Savings Plan. As a result, all contributions to the Plan ceased effective January 1, 2012. Effective April 1, 2012, all assets of the Plan were transferred into the Rock-Tenn Company 401(k) Retirement Savings Plan.

The Plan has evaluated subsequent events through October 12, 2012, the date which the financial statements were available to be issued, and there are no other disclosable events.

Note: Due to system accounting protocols (including 'cash basis' accounting), amounts reported as Direct Compensation and amounts reported as paid to J.P. Please review the detailed breakdown at the end of the report for further information.

Indirect Compensation

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Transactions generating nonmonetary compensation may include gifts, gratuities, or certain types of in-kind benefits. Hartford's Code of Ethics and Business Conduct generally restricts Hartford employees from giving to or receiving gifts from customers and/or business partners having a value of over \$100, in any individual situation, without prior approval. However, it is possible that one or more of your service providers for the calendar year, including Hartford, engaged in transactions generating nonmonetary compensation. Information concerning reportable transactions undertaken between or among non-Hartford parties may not be available to The Hartford.

Please consult with your legal or tax advisors if you have any questions.

The list includes any investment option held by the plan on at least one month end during the 2011 calendar year. To arrive at an estimate of the dollar amount that JP Morgan received from each fund, multiply the rate of fees received from each fund by your plan's year-end balance (or if the fund was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the fund at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

JPMorgan funds are distributed by JPMorgan Distribution Services, Inc., which is an affiliate of J.P. Morgan Retirement Plan Services LLC and JPMorgan Chase & Co. Affiliates of JPMorgan Chase & Co. receive fees for providing various services to JPMorgan funds, including fees for investment management, shareholder servicing, administration, distribution, custody, fund accounting, securities lending and other services.

We were engaged to audit the accompanying statement of net assets available for benefits of Glenmark Industries, Inc. Employees' Profit Sharing Plan (the "Plan") as of December 31, 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2011, and the supplemental Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management. The financial statements of the Plan as of December 31, 2010 were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by JPMorgan Chase Bank, N.A., the Trustee of the Plan. Their report, dated July 18, 2011, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by JPMorgan Chase Bank, N.A., the Trustee of the Plan, except for comparing the information with the related information included in the 2011 financial statements and supplemental schedule. We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Trustee as of and for the year ended December 31, 2011, that the information provided to the Plan administrator by the Trustee is complete and accurate.

Because of the significance of the information in the Plan's 2011 financial statements and supplemental schedule that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2011 financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the 2011 financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

GLENMARK INDUSTRIES, INC. EMPLOYEES' PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2011 AND 2010
AND FOR THE YEAR ENDED DECEMBER 31, 2011

1. DESCRIPTION OF PLAN

The following description of the Glenmark Industries, Inc. Employees' Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

A. General

The Plan is a defined contribution plan which covers substantially all eligible employees of Glenmark Industries, Inc., Varipak Inc., Foil Laminating, Inc. and GMI, Inc. On October 28, 2011, GMI Group, Inc., the parent company of the aforementioned entities, was acquired by Rock-Tenn Company who assumed sponsorship of the Plan. Rock-Tenn Company and participating subsidiaries (collectively the "Company") or ("Plan Sponsor") continues to be the sponsor and administrator of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

B. Administration

Plan assets are held under contract by JPMorgan Chase Bank, N.A. (the "Trustee"), which maintains individual accounts reflecting each participant's respective interest in the value of the Plan's net assets. The Company has engaged Hartford Life Insurance Company as a third-party administrator to assist in the administration of the Plan. Certain administrative functions are performed by employees of the Company. These employees did not receive compensation from the Plan.

C. Eligibility

In general, employees are eligible to participate in the Plan after reaching age 21 and having completed a minimum service period of six months. An employee's service with a predecessor employer acquired by or merged with the Company will be taken into account for purposes of determining an employee's eligibility to participate in the Plan.

NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2011 AND 2010
AND FOR THE YEAR ENDED DECEMBER 31, 2011

1. DESCRIPTION OF PLAN (Continued)

D. Contributions

Participants may make before-tax contributions of up to 100% of eligible compensation, as defined by the Plan, to the Plan through salary deferrals, subject to certain maximum limitations under the Internal Revenue Code ("IRC"). Eligible participants are automatically enrolled to defer 3% of their eligible compensation unless otherwise directed by the participant. Participants who have or will attain age 50 on or before the end of the year are eligible to make catch-up contributions to the Plan. Employees can request to make a rollover contribution to the Plan before meeting the participation requirement of the Plan. The Company made a matching contribution for the period January 1, 2011 through July 31, 2011 and for the year ending December 31, 2010 equal to 100% of the first 4% of eligible compensation and 50% of the next 4% of compensation for a maximum contribution of 6% of eligible compensation. The matching contribution for the period August 1, 2011 through December 31, 2011 was calculated at 100% of 2% of eligible compensation.

The Company may make a discretionary profit sharing contribution to the Plan. These discretionary contributions are allocated based on the ratio that each participant's compensation bears to the total compensation of all participants. The Company did not make an employer discretionary profit sharing contribution for the years ended December 31, 2011 and 2010.

E. Participant Accounts

Participants may designate the investment funds into which contributions can be deposited. Each participant's account is credited with (i) the participant's 401(k) contribution, (ii) the Company's contribution, and (iii) the participant's account earnings. Each participant's account is charged with (i) withdrawals, (ii) the participant's account losses, and (iii) an allocation of administrative expenses. The benefit to which a participant is entitled is the participant's vested account balance.

F. Vesting

Participants vest immediately in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contributions plus actual earnings is based on years of service. A participant is 100% vested after six years of service, vesting in 20% increments after each year of service beginning with the second year of service.

NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2011 AND 2010
AND FOR THE YEAR ENDED DECEMBER 31, 2011

1. DESCRIPTION OF PLAN (Continued)

G. Forfeitures

Forfeitures of non-vested benefits can be used to pay general administrative expenses of the Plan, restore account balances for re-employed employees, and/or to offset employer matching contributions. No forfeitures were used by the Plan for the years ended December 31, 2011 and 2010. Forfeitures of \$39,540 were available for future use at December 31, 2011.

H. Withdrawals and Payments of Benefits

Participants can elect to receive payment of their vested account balance as soon as practicable after employment is terminated or after becoming disabled. Participants may have their account paid directly to them net of appropriate taxes and penalties (as applicable) or transferred in a direct rollover to another qualified plan or individual retirement account without taxes or penalties. Participants who have attained the age of 70½ receive distributions in accordance with the Internal Revenue Service ("IRS") minimum required distribution rules.

In general, the Plan also provides for withdrawals by a participant from his or her contribution account prior to retirement either upon the attainment of age 59½, disability, a hardship withdrawal, rollover withdrawal or upon termination of the Plan without establishment of a successor plan.

I. Notes Receivable from Participants

Participants are permitted to borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of 50 percent of their vested account balance or \$50,000. The loans are secured by the balance in the participant's account, are repaid through payroll deductions over a period not to exceed five years unless the loan is made in connection with the purchase of a principal residence, and bear reasonable rates of interest (5.25% to 10.25% at December 31, 2011) agreed upon at the date of signing the loan application.

J. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balances, and the assets of the Plan will be distributed to the participants in accordance with the Plan provisions.

NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2011 AND 2010
AND FOR THE YEAR ENDED DECEMBER 31, 2011

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles ("GAAP").

B. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received from the sale of an asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. See Note 4 for discussion of fair value measurements. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the period.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, these management fees and operating expenses are reflected as a reduction of investment return for such investments.

In accordance with GAAP, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, for fully benefit-responsive insurance contracts, contract value is a relevant measurement as it is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan does invest in fully benefit-responsive investment contracts through the JPMorgan Chase Bank, N.A. Stable Asset Income Fund. The investments are primarily contracts that are issued by insurance companies and commercial banks and in contracts that are backed by high-quality bonds, bond trusts and bond mutual funds.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals. No adjustment from fair value to contract value is presented in the statement of net assets available for benefits, as the amount of the adjustment has been determined to be immaterial.

NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2011 AND 2010
AND FOR THE YEAR ENDED DECEMBER 31, 2011

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances, plus any accrued but unpaid interest.

D. Administrative Expenses

Certain administrative expenses are paid by the Plan, as allowed by the Plan document. Recordkeeping fees are paid by plan participants and all other expenses are paid by the Plan Sponsor.

E. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.

F. Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

G. Payment of Benefits

Benefit payments are recorded when distributed.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Specific coverage provided by each contract may be different from each issuer and can be found in the contract of the common/collective trust. Examples of such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The average yields of the JPMorgan Chase Bank, N.A. Stable Asset Income Fund approximated the following for the years ended December 31, 2011 and 2010:

	<u>2011</u>	<u>2010</u>
Based on actual earnings	2.25%	3.32%
Based on interest rate credited to participants	3.14%	2.50%

4. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") has established a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

AND FOR THE YEAR ENDED DECEMBER 31, 2011

4. FAIR VALUE MEASUREMENTS (Continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total Fair Value

4. FAIR VALUE MEASUREMENTS (Continued)

- (a) Mutual funds are valued using the Net Asset Value ("NAV") of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.
- (b) The common/collective trust is valued using the NAV of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is classified within level 2 of the valuation hierarchy because the NAV's unit price is quoted on a private market. The fund invests in synthetic guaranteed investment contracts, U.S. treasury and agency securities, commingled pension trusts, and cash and provides for redemptions by the Plan at reported net asset value per share to be paid out in four quarterly installments.

5. INFORMATION CERTIFIED BY TRUSTEE

For the years ended December 31, 2011 and 2010, the Plan administrator elected, as permitted by Section 2520.103 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, to have certain financial information certified by the Trustee, JPMorgan Chase Bank, N.A. The following information included in the Plan's December 31, 2011 and 2010 financial statements was prepared by the Trustee and furnished to the Plan administrator.

6. INCOME TAX STATUS

The Plan sponsor has adopted a non-standardized prototype 401(k) plan document sponsored by Hartford Retirement Services, LLC. The non-standardized prototype document has received an opinion letter from the Internal Revenue Service dated March 31, 2008 stating that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code ("IRC"). Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. Since receiving the determination letter, the Plan has undergone various amendments. The plan administrator and Plan's tax counsel believe that the Plan was designed and operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations by tax authorities for years prior to December 31, 2008.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Trustee. Transactions involving these investments qualify as party-in-interest transactions. In addition, the Trustee receives investment management fees related to these funds prior to any funds being allocated investment earnings or losses. Party-in-interest transactions also include loans made to participants. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

As a result, all contributions to the Plan ceased effective January 1, 2012. Effective April 1, 2012, all assets of the Plan were transferred into the Rock-Tenn Company 401(k) Retirement Savings Plan.

The Plan has evaluated subsequent events through October 12, 2012, the date which the financial statements were available to be issued, and there are no other disclosable events.

Employees' Profit Sharing Plan (the "Plan") as of December 31, 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2011, and the supplemental Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management. The financial statements of the Plan as of December 31, 2010 were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by JPMorgan Chase Bank, N.A., the Trustee of the Plan. Their report, dated July 18, 2011, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by JPMorgan Chase Bank, N.A., the Trustee of the Plan, except for comparing the information with the related information included in the 2011 financial statements and supplemental schedule. We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Trustee as of and for the year ended December 31, 2011, that the information provided to the Plan administrator by the Trustee is complete and accurate.

Because of the significance of the information in the Plan's 2011 financial statements and supplemental schedule that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2011 financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. GLENMARK INDUSTRIES, INC. EMPLOYEES' PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2011 AND 2010
AND FOR THE YEAR ENDED DECEMBER 31, 2011

1. DESCRIPTION OF PLAN

The following description of the Glenmark Industries, Inc. Employees' Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

A. General

The Plan is a defined contribution plan which covers substantially all eligible employees of Glenmark Industries, Inc., Varipak Inc., Foil Laminating, Inc. and GMI, Inc. On October 28, 2011, GMI Group, Inc., the parent company of the aforementioned entities, was acquired by Rock-Tenn Company who assumed sponsorship of the Plan. Rock-Tenn Company and participating subsidiaries (collectively the "Company") or ("Plan Sponsor") continues to be the sponsor and administrator of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

B. Administration

Plan assets are held under contract by JPMorgan Chase Bank, N.A. (the "Trustee"), which maintains individual accounts reflecting each participant's respective interest in the value of the Plan's net assets. The Company has engaged Hartford Life Insurance Company as a third-party administrator to assist in the administration of the Plan. Certain administrative functions are performed by employees of the Company. These employees did not receive compensation from the Plan.

C. Eligibility

In general, employees are eligible to participate in the Plan after reaching age 21 and having completed a minimum service period of six months. An employee's service with a predecessor employer acquired by or merged with the Company will be taken into account for purposes of determining an employee's eligibility to participate in the Plan.

NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2011 AND 2010
AND FOR THE YEAR ENDED DECEMBER 31, 2011

1. DESCRIPTION OF PLAN (Continued)

D. Contributions

Participants may make before-tax contributions of up to 100% of eligible compensation, as defined by the Plan, to the Plan through salary deferrals, subject to certain maximum limitations under the Internal Revenue Code ("IRC"). Eligible participants are automatically enrolled to defer 3% of their eligible compensation unless otherwise directed by the participant. Participants who have or will attain age 50 on or before the end of the year are eligible to make catch-up contributions to the Plan. Employees can request to make a rollover contribution to the Plan before meeting the participation requirement of the Plan. The Company made a matching contribution for the period January 1, 2011 through July 31, 2011 and for the year ending December 31, 2010 equal to 100% of the first 4% of eligible compensation and 50% of the next 4% of compensation for a maximum contribution of 6% of eligible compensation. The matching contribution for the period August 1, 2011 through December 31, 2011 was calculated at 100% of 2% of eligible compensation.

The Company may make a discretionary profit sharing contribution to the Plan. These discretionary contributions are allocated based on the ratio that each participant's compensation bears to the total compensation of all participants. The Company did not make an employer discretionary profit sharing contribution for the years ended December 31, 2011 and 2010.

E. Participant Accounts

Participants may designate the investment funds into which contributions can be deposited. Each participant's account is credited with (i) the participant's 401(k) contribution, (ii) the Company's contribution, and (iii) the participant's account earnings. Each participant's account is charged with (i) withdrawals, (ii) the participant's account losses, and (iii) an allocation of administrative expenses. The benefit to which a participant is entitled is the participant's vested account balance.

F. Vesting

Participants vest immediately in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contributions plus actual earnings is based on years of service. A participant is 100% vested after six years of service, vesting in 20% increments after each year of service beginning with the second year of service.

NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2011 AND 2010
AND FOR THE YEAR ENDED DECEMBER 31, 2011

1. DESCRIPTION OF PLAN (Continued)

G. Forfeitures

Forfeitures of non-vested benefits can be used to pay general administrative expenses of the Plan, restore account balances for re-employed employees, and/or to offset employer matching contributions. No forfeitures were used by the Plan for the years ended December 31, 2011 and 2010. Forfeitures of \$39,540 were available for future use at December 31, 2011.

H. Withdrawals and Payments of Benefits

Participants can elect to receive payment of their vested account balance as soon as practicable after employment is terminated or after becoming disabled. Participants may have their account paid directly to them net of appropriate taxes and penalties (as applicable) or transferred in a direct rollover to another qualified plan or individual retirement account without taxes or penalties. Participants who have attained the age of 70½ receive distributions in accordance with the Internal Revenue Service ("IRS") minimum required distribution rules.

In general, the Plan also provides for withdrawals by a participant from his or her contribution account prior to retirement either upon the attainment of age 59½, disability, a hardship withdrawal, rollover withdrawal or upon termination of the Plan without establishment of a successor plan.

I. Notes Receivable from Participants

Participants are permitted to borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of 50 percent of their vested account balance or \$50,000. The loans are secured by the balance in the participant's account, are repaid through payroll deductions over a period not to exceed five years unless the loan is made in connection with the purchase of a principal residence, and bear reasonable rates of interest (5.25% to 10.25% at December 31, 2011) agreed upon at the date of signing the loan application.

J. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balances, and the assets of the Plan will be distributed to the participants in accordance with the Plan provisions.

NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2011 AND 2010
AND FOR THE YEAR ENDED DECEMBER 31, 2011

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles ("GAAP").

B. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received from the sale of an asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. See Note 4 for discussion of fair value measurements. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the period.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, these management fees and operating expenses are reflected as a reduction of investment return for such investments.

In accordance with GAAP, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, for fully benefit-responsive insurance contracts, contract value is a relevant measurement as it is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan does invest in fully benefit-responsive investment contracts through the JPMorgan Chase Bank, N.A. Stable Asset Income Fund. The investments are primarily contracts that are issued by insurance companies and commercial banks and in contracts that are backed by high-quality bonds, bond trusts and bond mutual funds.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals. No adjustment from fair value to contract value is presented in the statement of net assets available for benefits, as the amount of the adjustment has been determined to be immaterial.

NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2011 AND 2010
AND FOR THE YEAR ENDED DECEMBER 31, 2011

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances, plus any accrued but unpaid interest.

D. Administrative Expenses

Certain administrative expenses are paid by the Plan, as allowed by the Plan document. Recordkeeping fees are paid by plan participants and all other expenses are paid by the Plan Sponsor.

E. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.

F. Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

G. Payment of Benefits

Benefit payments are recorded when distributed.

Mutual funds	\$ (229,736)
Common/collective trust	<u>18,987</u>
	<u>\$ (210,749)</u>

As described in Note 2, the Plan's investment in the common/collective trust is fully benefit-responsive. There are no reserves against the common/collective trust for credit risk of the contract issuer or otherwise. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

3. INVESTMENTS (Continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Specific coverage provided by each contract may be different from each issuer and can be found in the contract of the common/collective trust. Examples of such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The average yields of the JPMorgan Chase Bank, N.A. Stable Asset Income Fund approximated the following for the years ended December 31, 2011 and 2010:

	<u>2011</u>	<u>2010</u>
Based on actual earnings	2.25%	3.32%
Based on interest rate credited to participants	3.14%	2.50%

4. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") has established a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

4. FAIR VALUE MEASUREMENTS (Continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total Fair Value

4. FAIR VALUE MEASUREMENTS (Continued)

- (a) Mutual funds are valued using the Net Asset Value ("NAV") of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.
- (b) The common/collective trust is valued using the NAV of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is classified within level 2 of the valuation hierarchy because the NAV's unit price is quoted on a private market. The fund invests in synthetic guaranteed investment contracts, U.S. treasury and agency securities, commingled pension trusts, and cash and provides for redemptions by the Plan at reported net asset value per share to be paid out in four quarterly installments.

5. INFORMATION CERTIFIED BY TRUSTEE

For the years ended December 31, 2011 and 2010, the Plan administrator elected, as permitted by Section 2520.103 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, to have certain financial information certified by the Trustee, JPMorgan Chase Bank, N.A. The following information included in the Plan's December 31, 2011 and 2010 financial statements was prepared by the Trustee and furnished to the Plan administrator.

6. INCOME TAX STATUS

The Plan sponsor has adopted a non-standardized prototype 401(k) plan document sponsored by Hartford Retirement Services, LLC. The non-standardized prototype document has received an opinion letter from the Internal Revenue Service dated March 31, 2008 stating that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code ("IRC"). Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. Since receiving the determination letter, the Plan has undergone various amendments. The plan administrator and Plan's tax counsel believe that the Plan was designed and operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations by tax authorities for years prior to December 31, 2008.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Trustee. Transactions involving these investments qualify as party-in-interest transactions. In addition, the Trustee receives investment management fees related to these funds prior to any funds being allocated investment earnings or losses. Party-in-interest transactions also include loans made to participants. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.
