REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Plan Administrator of
Alorica 401(K) Retirement Plan

We were engaged to audit the financial statements and supplemental schedules of Alorica 401(K) Retirement Plan (the "Plan") as of December 31, 2011 and for the year then ended, as listed in the accompanying table of contents. These financial statements and supplemental schedules are the responsibility of the Plan's management. The financial statements of the Plan as of December 31, 2010, were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated October 14, 2011, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole, and (b) the form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in NOTE 4, which was certified by Massachusetts Mutual Life Insurance Company ("Mass Mutual"), the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that Mass Mutual holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from Mass Mutual as of and for the year ended December 31, 2011, that the information provided to the Plan administrator by the custodian is complete and accurate.

Because of the significance of the information in the Plan's 2011 financial statements and supplemental schedules that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2011 financial statements and supplemental schedules taken as a whole. The supplemental schedules (pages 13-15) are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedules other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN

The following description of the Alorica 401(K) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined contribution and profit sharing plan which was adopted by Alorica, Inc., (the "Company") effective December 31, 2007, restated effective November 1, 2011 and is subject to the requirements of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code of 1986, as amended. The purpose of the Plan is to provide retirement benefits for substantially all nonunion employees of the Company who are age 18 and over and have completed at least 90 days of credited service. An eligible employee must have completed at least 6 months of credited service to participate in the Plan for purposes of the match and employer non-elective contributions.

In October 2011, the Board of Directors of the Company notified employees of its intentions to merge two other plans with the Plan, formerly known as PRC, LLC 401(k) Plan. As a result, the other plans' investments totaling $5,563,999 were transferred to the PRC, LLC 401(k) Plan on October 31, 2011 and are recorded in the caption "Transfer of Assets From Another Plan" in the Statement of Changes in Net Assets Available for Benefits. On November 1, 2011 the Plan was amended and the Plan name was changed to Alorica 401(K) Retirement Plan.

Contributions

Participants may contribute a percentage of their pretax annual compensation, as defined in the Plan, limited to the maximum deferral limitation, as defined in the Internal Revenue Code. Participants may also elect to designate all or any portion of their elective deferral as after-tax contributions to a Roth account. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company can also make discretionary matching contributions. Employer contributions were $152,163 for the year ended December 31, 2011.

Participant Accounts

Each account is credited with the participant's contribution and an allocation of (a) the Company's contributions and (b) the Plan's earnings, and (c) forfeitures of Company contributions, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations of earnings are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Retirement, Death and Disability

A participant is entitled to 100% of his or her account balance upon retirement, death of disability.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer contribution is based on years of continuous service. A participant is 100% vested in the employer contribution after 5 years of credited service.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may receive the value of the vested interest in his or her account as lump-sum distribution.

1. DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from the Plan an aggregate amount not to exceed the lesser of: (a) $50,000 or (b) 50% of the participant's vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates of prime plus one percentage points. Principal and interest is paid through payroll deduction in substantially equal payments over the life of the loan.

Forfeitures

Participants' forfeitures of Company distributions can be used to pay administrative expenses of the Plan. To the extent forfeitures are not used to pay administrative expenses, they may be used to reduce future Company contributions. $1,240 of forfeitures was used for the year ended December 31, 2011 to pay administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America using the accrual basis of accounting.

Fully Benefit-Responsive Investment Contracts

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates, including those regarding fair value, and assumptions that affect certain reported amounts and disclosure of contingent liabilities at the date of the financial statements and the reported amounts of change in net assets available for benefits during the reporting period. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expense

Costs of administering the Plan are paid by the Company, except for investment and transaction-based fees that are charged to the Plan.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Excess Contributions

Refunds of excess participant deferral contributions may be required to satisfy the relevant nondiscrimination provisions of the Plan. Such refunds are accrued as a liability and reduction in contributions in the Plan year in which the excess deferrals were made to the Plan.

Subsequent Events

The Plan has evaluated events through October 15, 2012, which is the date the financial statements were available to be issued.

3. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their account balances.

4. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian, Massachusetts Mutual Life Insurance Company ("Mass Mutual"), has certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate.

	2011	2010
Investments, at fair value	$ 25,855,361	$ 21,041,338
Notes receivable from participants	1,097,778	1,146,847

	2011
Net depreciation in fair value of investments, including dividends	**$ (261,057)**
Interest income on notes receivable from participants	**$ 53,575**

5. INVESTMENTS

* Investment does not represent 5% or more of the Plan's net assets available for benefits of the applicable Plan Year.

The Plan's investment accounts (including gains and losses on investments bought and sold, as well as held during the year ended December 31, 2011) depreciated in value by $739,060.

6. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan invests in an investment contract that invests in underlying managed portfolios, collective trust vehicles and individual mutual funds. An investment contract is a contract issued by a financial institution to provide a stated rate of return to the buyer of the contract for a specified period of time. The shares in the investment contract were subject to a market value adjustment totaling $(92,952) and $44,209 as of December 31, 2011 and 2010, respectively, in order to report the investment contract at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield and crediting interest rate was approximately 2.92% and 3.00% for 2011 and 2010, respectively. The fair value of shares in the investment contract at December 31, 2011 and 2010 was $4,939,911 and $3,798,898, respectively.

7. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC"), *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows.

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
  - quoted prices for similar assets or liabilities in active markets;
  - quoted prices for identical or similar assets or liabilities in inactive markets;
  - inputs other than quoted prices that are observable for the asset or liability;
  - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

7. FAIR VALUE MEASUREMENTS (CONTINUED)

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

Stable Value Funds: The fair values of participation units in the stable value collective trusts are based upon the net asset values of such fund, after adjustments to reflect all fund investments at fair value, including direct and indirect interests in fully benefit-responsive contracts, as reported in the audited financial statements of the fund (level 2 inputs). To achieve its investment objective, the fund invests in assets (typically fixed-income securities or bond funds and may include derivative instruments such as futures contracts and swap agreements) and enters into "wrapper" contracts issued by third parties as a means of stabilizing returns and invests in cash equivalents represented by shares in a money market fund. The funds' investment objective is to seek the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital. The fund provides for daily redemptions by the Plan at reported net asset value per share, with a 12 month written notice required for non-participant directed withdrawals. Any withdrawal may be deferred by Fidelity Management Trust Company ("FMTC") if it is determined the withdrawal might adversely affect the funds. FMTC shall make the payments available as quickly as cash flows and prudent portfolio management permit.

Separate Account Guaranteed Interest Contract ("SAGIC"): This investment is a market value separate account investment option with an insurance company general investment account guarantee and stated rate of return, whereby participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their balance in the SAGIC investment option at contract value. Contract value represents contributions plus credited interest less participant withdrawals and fees. The fair value of the Plan's investment in the SAGIC is based upon its interest in the fair value of the underlying separate account as determined by its participation units in the separate investment account; the fair value of the contractual guarantee provided by the insurance company through its general account has been determined to be immaterial, and there are no reserves against contract value for credit risk of the issuer or otherwise (level 3 inputs).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010.

8. PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. Certain Plan investments are units of participation in a Separate Account Guaranteed Interest Contract issued by the Plan custodian, shares of mutual funds and collective trusts issued by Plan trustees or affiliates of the trustees, and, therefore, qualify as party-in-interest transactions. Notes receivable from participants are also considered party-in-interest transactions.

9. TAX STATUS

The Plan adopted its latest Prototype Non-standardized Profit Sharing Plan with a cash or deferral arrangement developed by Mass Mutual, effective December 2007, which obtained a favorable Internal Revenue Service ("IRS") determination letter on May 11, 2009, in which the IRS stated that the form of the underlying prototype plan was acceptable under provisions of the Internal Revenue Code (the "Code") and that any employer adopting this form of the plan will be considered to have a plan qualified under the Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011 and 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there is currently no audit for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

10. EXCESS CONTRIBUTIONS PAYABLE

As of the report date, the Company had not completed the discrimination testing for the year ended December 31, 2011. For the year ended December 31, 2010, $146,165 was refunded during 2011 as a result of the 2010 tests. Management believes the amount of refunds, if any, resulting from the 2011 testing would not be material to the financial statements, and therefore, no liability has been recorded for such refunds. Management expects that the 2011 tests will be completed before the end of the 2012 plan year.

11. PROHIBITED TRANSACTIONS

As of December 31, 2011, there were employee withholdings in the amount of $2,987 that were not remitted within the appropriate time period by the Company. These transactions constitute prohibited transactions as defined by ERISA. The Company is aware of the occurrence and has taken the appropriate steps to correct the situation. The late remittances were corrected and remitted to the Plan in 2012.
