Independent Auditors' Report

October 8, 2012

Plan Administrator
Precision Wire Components LLC 401(K) Profit Sharing Plan & Trust
10230 Spokane Court
Tualatin, Oregon 97062

We were engaged to audit the accompanying statement of net assets available for benefits of Precision Wire Components LLC 401(K) Profit Sharing Plan & Trust ("Plan") as of December 31, 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2011, and the supplemental schedules of assets (held at end of year) and reportable transactions as of or for the year ended December 31, 2011. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 3 & 4, which was certified by State Street Bank & Trust and Mid-Atlantic Trust Company, the custodians of the Plan, except for comparing such information with the related information included in the financial statements and the supplemental schedules. We have been informed by the plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the custodians as of and for the year ended December 31, 2011, that the information provided to the plan administrator by the custodians is complete and accurate.

Because of the significance of the information in the Plan's 2011 financial statements that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules as of or for the year ended December 31, 2011. The supplemental schedules are presented for the purposes of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

We have audited the statement of net assets available for benefits of Precision Wire Components LLC 401(K) Profit Sharing Plan & Trust as of December 31, 2010, and in our report dated July 20, 2011, we expressed our opinion that such financial statement presents fairly, in all material respects, the financial status of Precision Wire Components LLC 401(K) Profit Sharing Plan & Trust as of December 31, 2010, in conformity with accounting principles generally accepted in the United States of America.

This report is intended solely for information and use of the Plan trustee and management, the Department of Labor, and plan participants and is not intended to be and should not be used by anyone other than these specified parties.

Notes to Financial Statements

December 31, 2011 and 2010

Note 1 - Description of the Plan

The following description of the Precision Wire Components LLC 401(K) Profit Sharing Plan & Trust (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a 401(k) defined contribution plan covering all eligible non-union employees of Precision Wire Components LLC (the "Company") who have three months of service and have attained the age of 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Although not required to according to the Plan agreement, the Company pays substantially all administrative costs incurred by the Plan.

Effective January 1, 2011, the Plan changed its service provider from Paychex Retirement Services to ADP, Inc. and adopted the Automatic Data Processing Prototype 401(k) and Profit Sharing Plan. Elections made by the Plan administrator under this new agreement were consistent with those of the former prototype agreement. In addition, a new custodian of the Plan was appointed. Plan assets were transferred to the new custodian (State Street Bank & Trust) into funds comparable to those offered by the previous custodian (Mid-Atlantic Trust Company). The conversion initiated a "Black Out" period beginning January 3, 2011 and continued through January 24, 2011. During this period, funds could not be applied to the employee selected funds or withdrawn from the Plan until the Trustee had time to accurately complete the conversion. During this period, employee contributions continued to be made through payroll deductions, and contributions were held until the completion of the Black Out period. At the end of the Black Out period, these funds were transferred to the new custodian and invested in funds as requested by each participant.

Contributions

Employee salary deferral contributions are made voluntarily, subject to certain limits set by the Internal Revenue Code. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make discretionary contributions. The Company made no discretionary contributions for the year ended December 31, 2011.

Notes to Financial Statements (Continued)

December 31, 2011 and 2010

Note 1 - Description of the Plan (continued)Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100 percent vested in their deferred salary contributions plus actual earnings thereon at all times. Vesting in benefits derived from employer contributions and earnings thereon is based on years of service in accordance with a graduated scale. A participant is 100 percent vested after six years of credited service.

Notes receivable from participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes receivable are secured by the balance in the participant's account and bear interest at local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest are paid ratably through periodic payroll deductions.

Payment of benefits

Benefits equal to the vested value of participants' accounts are payable upon retirement, termination, permanent disability, or death. Partial or full withdrawal of participants' account balances are also available under certain circumstances described in the Plan document. Dependent on the circumstances, participants may be able to elect lump sum or installment payments.

Plan termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of plan termination, the accounts of all affected participants will be fully vested.

Notes to Financial Statements (Continued)

December 31, 2011 and 2010

Note 1 - Description of the Plan (continued)Forfeitures

Forfeitures of unvested employer discretionary contributions will occur on the earlier of the date of an employee's death (if employment had ceased prior to such date) or the employee's forfeiture date. Any unvested account balance will be forfeited if, after the employee ceases to be employed, the employee receives a distribution of the employee's entire vested account. Forfeitures are allocated to each qualifying participant's individual account based on an allocation formula as defined by the Plan. There are no employer discretionary contributions in the Plan as of December 31, 2011.

Note 2 - Summary of significant accounting policiesBasis of accounting

The accompanying financial statements have been prepared on the accrual basis.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets. Actual results could differ from those estimates.

Payment of benefits

Benefits are recorded when paid.

Notes to Financial Statements (Continued)

December 31, 2011 and 2010

Note 2 - Summary of significant accounting policies (continued)Investment valuation and income recognition

Investments are reported at fair value (Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net investment earnings include the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Reclassifications

Certain items for 2010 have been reclassified in the accompanying financial statements to conform to the presentation for 2011. The reclassification has no effect on the change in net assets for the year ended December 31, 2010.

Note 3 - Certified financial data

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank & Trust and Mid-Atlantic Trust Company, the custodians of the Plan during 2011, have certified to the completeness and accuracy of all investments reflected on the accompanying statement of net assets available for benefits as of December 31, 2011, the schedules of net assets (held at end of year) and reportable transactions as of or for the year ended December 31, 2011, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2011.

Note 5 - Fair value measurement

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan's investments are valued at the net asset value (NAV) of shares held by the Plan reported in the active market in which the individual security is traded (level 1 inputs). There have been no changes in the methodologies used at December 31, 2011 and 2010.

PRECISION WIRE COMPONENTS LLC 401(K) PROFIT SHARING PLAN & TRUST

Notes to Financial Statements (Continued)

December 31, 2011 and 2010

Note 6 - Tax status

The Plan adopted a prototype plan designed to be qualified and exempt from income taxes under applicable Sections of the Internal Revenue Code ("IRC"). The prototype plan obtained its latest determination letter on March 31, 2008 in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to tax examination for years prior to 2005.

Note 7 - Party-in-interest transactions

Substantially all administrative expenses related to operating and maintaining the Plan are paid by the Plan Sponsor. Expenses relating to specific participant transactions (i.e., loan setup, distribution request, etc.) are charged directly against the appropriate participant's account.

PRECISION WIRE COMPONENTS LLC 401(K) PROFIT SHARING PLAN & TRUST

Notes to Financial Statements (Continued)

December 31, 2011 and 2010

Note 8 - Risks and uncertainties

The Plan provides for investment options in shares of registered investment companies, which invest in portfolios of investment securities through the asset custodian of the Plan. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 9 - Net assets available for benefits

Net assets available for benefits consists of the following:

	<u>2011</u>	<u>2010</u>
Amounts allocated to active participants	\$ 2,111,429	\$ 1,807,937
Amounts allocated to accounts of persons who have withdrawn from participation	<u>85,883</u>	<u>2,824</u>
	<u>\$ 2,197,312</u>	<u>\$ 1,810,761</u>

Note 10 - Subsequent events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 8, 2012, which is the date the financial statements were available to be issued.
