We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of December 31, 2011 and 2010, and for the year ended December 31, 2011, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedules are presented for the purposes of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. THE LONZA U.S. SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
(See independent auditors' report)

Note 1 - Description of Plan:

The following description of The Lonza U.S. Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for more complete information regarding the Plan's provisions.

General - The Plan was established January 1, 1977 as a defined contribution plan and was revised effective July 1, 1984 to include a 401(k) feature for employees of Lonza Inc. (the "Company" and Plan administrator), a wholly owned subsidiary of Lonza America Inc. ("LAI"). The Plan also includes employees who are covered under the collective bargaining agreement between the Company and the United Steelworkers of America, Local No. 14964-06 (the "Painesville employees") to participate in the Plan, subject to minimum service requirements set forth under the terms of the Plan, as well as employees who are covered under the collective bargaining agreement between the Company and the United Steelworkers of America, Local No. 4907 (the "Williamsport employees") to participate in the Plan, subject to minimum service requirements set forth under the terms of the Plan.

All employees qualify as participants of the Plan immediately upon employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - All participant contributions to the Plan are voluntary. Nonhighly compensated employees may contribute up to 50% of their annual compensation on a pretax or after-tax basis, or a combination of both pretax and after-tax contributions not to exceed 50% of eligible earnings in total. Highly compensated employees may contribute up to 50% of their annual compensation on a pretax basis, up to 6% of their annual compensation on an after-tax basis, or any combination of both pretax and after-tax not to exceed 50% of eligible earnings in total.

The Company makes "safe harbor" contributions each payroll period in an amount equal to 100% of the participant's contributions which do not exceed 6% of their eligible compensation. The amount contributed by the Company is allocated to each participant's account each payroll period.

The Plan also provides for an additional contribution for each eligible employee equal to 1% of eligible earnings starting immediately upon hire. This Company contribution is not contingent upon the employee contributing to the Plan.

The employer matching contributions are recalculated as soon as practical following the end of each Plan Year and each participant receives a "true-up" employer matching contribution. This "true-up" contribution is equal to the difference between the employer matching contributions actually received by the participant during the applicable Plan Year and the amount equal to 100% of the participant's basic contribution up to 6% of compensation for the Plan Year.

With respect to participant contributions and Company contributions made on their behalf, individual participants may elect to invest such contributions entirely in any of the investment funds or partially in more than one investment fund. Participants may change their investment elections for future contributions and reallocate past contributions on any business day.

THE LONZA U.S. SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

(See independent auditors' report)

Investments - The Plan is participant-directed and consists of separate investment funds. The Plan also utilizes the Dodge & Cox Balanced Fund as a temporary investment account for funds prior to allocation of participant investments and for any Plan forfeitures. A participant may direct employee contributions in 1% increments in any of the investment funds provided by the Plan.

Participants' Accounts - Each participant's account is credited with the participant's contribution and an allocation of the Company contributions and net investment earnings or losses. Allocations are based on participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - All active eligible employees are immediately 100% vested in all their contributions as well as any contributions given from the Company.

Notes Receivable from Participants - The amount available for loan withdrawals is 50% of the vested balance less the participant's highest outstanding loan balance during the 12 months prior to the effective date of the new loan. The minimum loan granted is \$1,000 and the maximum is \$50,000. The interest rate for loans granted is the prime rate of interest charged by the Federal Reserve as of the first day of each calendar quarter. The rate in effect at the beginning of the loan remains constant over the life of the loan. As of January 1, 1997, a maximum of three loans can be outstanding at any one time. Anyone with four or five loans prior to January 1, 1997 was grandfathered.

Participants may request a loan repayment term of up to five years for a general loan, and up to fifteen years for a loan used to purchase the participant's primary residence. Full prepayment of the outstanding balance is permitted. Loans are generally repaid through payroll deduction with principal and interest being credited to the participant's account and invested in the investment funds elected by the participant at the time of the repayment. Plan participants are required to pay a loan initiation fee which is deducted directly from their account at the onset of the loan.

Payment of Benefits - Upon termination of employment with the Company, or upon death, disability, or retirement a participant may request a full distribution of their vested account balance. While actively employed by the Company, a participant may request up to two in-service withdrawals (of certain funds available for withdrawal under the terms of the Plan) in any calendar year. In addition, a participant may request a hardship withdrawal annually, provided the criteria for financial hardship is met and provided the financial hardship is due to one of the permissible reasons for withdrawal set forth under the Plan. In the event a hardship withdrawal is approved and taken, the participant's contributions to the Plan are suspended for a period of six months.

In the event a participant is terminated prior to completing the service required for 100% vesting in their account, the non-vested Company contributions are forfeited.

Investment Income Allocations - Investment income for an accounting period is allocated to participants' accounts in proportion to the total of their respective account balances at the beginning of such accounting period plus any contributions or loan repayments credited to the account during the period.

THE LONZA U.S. SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

(See independent auditors' report)

Forfeited and Other Income Accounts - At December 31, 2011 and 2010, forfeited nonvested accounts and other income accounts totaled \$338,485 and \$293,309, respectively. These accounts will be used to reduce future employer contributions to the maximum extent permitted by ERISA, and expenses incurred in connection with the administration and management of the Plan and trust fund. In 2011 and 2010, administrative expenses were reduced by \$101,378 and \$127,822 from forfeited non-vested accounts.

Note 2 - Summary of Significant Accounting Policies:

Basis of Accounting - The financial statements have been prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, the contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investments contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Estimates and Uncertainties - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits and disclosure of contingent net assets available for plan benefits at the date of the financial statements and the reported amounts of additions and deductions from the trust fund during the reporting period. Actual results, as determined at a later date, could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Eligible expenses (as defined), to the extent not paid by the Plan sponsor, are paid by the Plan. Effective January 1, 2008, the participant accounts have been charged with an administrative expense fee of \$5 per participant per quarter of the year. Fees amounted to \$230,415 in 2011.

THE LONZA U.S. SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

(See independent auditors' report)

Risks and Uncertainties - Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the financial statements.

The Plan may have investments in securities with contractual cash flows, such as asset backed securities, collateralized mortgage obligations and commercial mortgage backed securities, including securities backed by sub-prime mortgage loans. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

Note 3 - Common Collective Trusts:

The Plan invests in mutual funds and investment contracts through its two common collective trusts (CCT). The CCT investment in mutual funds is recorded at the fair value of the mutual funds less expenses of the trust. The contract value for the CCT investment in investment contracts is a relevant measure attribute since the contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits reflect adjustments from fair value to contract value at December 31, 2011 and 2010.

Note 4 - Information Certified by the Trustee:

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, the custodians have certified that the following information included in the financial statements and supplemental schedule is complete and accurate:

- a) Investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2011 and 2010.
- b) Investment income, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2011.
- c) Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year), December 31, 2011.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

THE LONZA U.S. SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
(See independent auditors' report)

Note 5 - Fair Value Measurements:

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

- Mutual funds: Valued at the closing price reported on the active market.
- Common collective trust - Stable Value: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer (See Note 3).
- Common collective trust - Stock Index: Valued at the closing price reported on the New York Stock Exchange of the securities held by the trust less expenses of the trust (See Note 3).

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Level 3 Gains and Losses - The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2011:

	<i>Common Collective Trust</i>
	<i>DWS</i>
	<u><i>Stable Value Fund</i></u>

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the year ended December 31, 2011, there were no significant transfers in or out of levels 1, 2, or 3.

Common collective trusts	<u>879,509</u>
	<u>\$ (5,419,750)</u>

THE LONZA U.S. SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
(See independent auditors' report)

Note 7 - Tax Status:

The Plan has obtained a favorable determination letter from the Internal Revenue Service dated November 16, 2007, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC) and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2008.

Note 8 - Party-in-Interest:

Certain Plan investments are shares of mutual funds managed by DWS Trust Company ("DWS"). DWS is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services amounted to \$41,164 for the year ended December 31, 2011.

Note 9 - Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan's provisions to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. Upon termination, participants will become fully vested in their accounts. Under no circumstances may the Company take ownership of any of the Plan's assets as a result of such termination.

Note 10 - Withdrawn Participants:

Amounts allocated to participants who are no longer employed by the Company but have not elected to withdraw from the Plan were \$50,211,636 and \$47,477,991 at December 31, 2011 and 2010, respectively.

THE LONZA U.S. SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

(See independent auditors' report)

Note 11 - Subsequent Events:

The Plan Administrator has evaluated subsequent events through October 11, 2012, the date the financial statements were available to be issued. The effects of all other events and transactions that provide additional pertinent information about conditions that existed at the Statement of Net Assets Available for Benefits date have been recognized in the accompanying financial statements.

On January 17, 2012, the net assets of the Arch Chemicals, Inc. Contributing Employee Ownership Plan were merged into the Plan. On March 1, 2012 Charles Schwab elected to close the Charles Schwab Stable Value Fund to investors and on that date, the Plan transferred all existing balances within this fund to DWS U.S. Treasury Money Market Fund. In addition, effective January 1, 2012 the Arch Contributing Employee Ownership Plan was merged into The Lonza U.S. Savings Plan and a Roth 401k feature was added. The Plan was further amended to include a separate match schedule for Arch collective bargaining employees, and a QNEC contribution for collectively bargained employees at the Brandenburg Kentucky site.
