To the Board of Trustees
Liberty Dialysis-Hawaii, LLC 401(k) Plan
Mercer Island, Washington

We were engaged to audit the accompanying statements of net assets available for benefits of the Liberty Dialysis-Hawaii, LLC 401(k) Plan (the "Plan") as of December 31, 2011 and 2010, and the related statement of changes in net assets available for benefits for the year ended December 31, 2011, and the supplemental schedule of assets (held at year end) as of December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Reliance Trust Company, the Trustee of the Plan, except for comparing this information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the Trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the Trustee regarding the completeness and accuracy of the information summarized in Note 3 that was provided to the Plan Administrator by the Trustee as of and for the year ended December 31, 2011, and as of December 31, 2010.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The supplemental schedule is presented for the purposes of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified and provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

LIBERTY DIALYSIS-HAWAII, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS December 31, 2011

Note 1. Plan Description

The following description of the Liberty Dialysis-Hawaii, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Liberty Dialysis-Hawaii, LLC (the "Sponsor"). The Plan and Trust of which it is a part are intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code ("IRC") and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility: Regular employees of the Sponsor who are 21 years of age or older and regularly work at least 20 hours per week are eligible to participate in the Plan. The entry date into the Plan is the first day of any calendar month.

Contributions: Each year, participants may make salary deferral contributions in any percentage from 1% to 70% of pretax annual compensation, as defined in the Plan. Contributions are subject to certain limitations. In addition, participants may contribute rollover amounts representing distributions from other qualified defined benefit or defined contribution plans. For employees under ILWU ("Licensed Practical Nurses") and IBT ("Teamsters Union"), the Sponsor will make matching contributions on 25% of the employee deferral up to 8% of compensation. For employees under HNA ("Registered Nurses"), the Sponsor will make matching contributions on 50% of the employee deferral up to 8% of compensation. For non bargaining employees, the Sponsor will make matching contributions on 50% of the employee deferral up to 6% of compensation. The Sponsor may also, at its sole discretion, make a discretionary profit sharing contribution to the Plan. The Sponsor did not make any discretionary profit sharing contributions for the year ended December 31, 2011.

Participant accounts: Each participant's account is credited or charged with the participant's contributions, employer matching contributions, an allocation of the Sponsor's discretionary contributions, if any, transfers, withdrawals and an allocation of Plan earnings and losses. Allocations are based on a participant's account balance and the rate each participant's compensation bears to the total compensation of all participants, as defined in the Plan. The investment of each participant's trust fund is directed by the participant from the options available under the Plan.

Participants' investment options: Participants must direct their salary deferral contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options anytime throughout the year.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$500 up to a maximum of \$50,000, or 50% of their vested balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at a rate of 1% over the prime rate. Principal and interest are paid ratably through bi-weekly payroll deductions. Any outstanding balance of a loan at the time of any distribution due to death, retirement or termination of employment shall be deducted from the amount which would otherwise have been payable to the participant.

Vesting: Participants are immediately vested in their own contributions plus actual earnings thereon. Participants are also immediately vested in employer matching contributions. Participants become fully vested in discretionary contributions after 3 years of service.

Payment of benefits: Upon termination of service due to retirement or disability, a participant may elect to receive a lump sum amount equal to the value of his or her account, or monthly distributions over their life expectancy. In the event of death of the participant, the value of the account will be paid to the spouse or other named beneficiary in a lump sum or installments. In the event of termination for any reason other than retirement, death or disability, the vested account balance will become distributable to the participant. Participants may make withdrawals from the Plan in cases of hardship as defined in the Plan Document.

LIBERTY DIALYSIS-HAWAII, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS, Continued December 31, 2011

Participant forfeitures: Forfeitures related to unvested employer contributions will be used to reduce future employer contributions. Former employees can have this forfeiture reinstated if they start working again for the Sponsor, as long as the break in service does not exceed 5 years. At December 31, 2011, unallocated forfeited non-vested accounts totaled \$16,254. These accounts will be used to reduce future employer contributions.

Plan termination: Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan Termination, participants will become 100 percent vested in their accounts.

Administrative expenses: Management fees related to investments are allocated to participant's accounts and offset against gains and losses. All other expenses are paid by the Sponsor.

Note 2. Significant Accounting Policies

The Plan's significant accounting policies are as follows:

Basis of accounting: The financial statements of the Plan are prepared on the accrual method of accounting.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued when earned and dividend income is accrued on the ex-dividend date. Net appreciation and depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan Management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Payments of benefits: Benefit payments to participants are recorded upon distribution.

Risks and uncertainties: The Plan provides for various investment options that may invest in equity, fixed income or other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk and uncertainty associated with certain investment securities, it is possible that participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits could be materially affected in the near term.

New Accounting Pronouncements: In May 2011, the FASB issued Accounting Standards Update (ASU) 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRSs*, (ASU 2011-04). ASU 2011-04 amended ASC 820, *Fair Value Measurements and Disclosures*, to converge the fair value measurement guidance in GAAP and International Financial Reporting Standards (IFRSs). Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. Plan management is currently evaluating the effect that the provisions of ASU 2011-04 will have on the Plan's financial statements.

NOTES TO FINANCIAL STATEMENTS, Continued December 31, 2011

Reliance Trust Company also certified to the completeness and accuracy of \$216,504 of net depreciation in fair value of investments, \$132,802 of dividend income, and \$10,966 of interest on notes receivable from participants for the year ended December 31, 2011.

Note 4. Fair Value Measurements

The FASB codification provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritized the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the plan at year end.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5. Tax Status

The Trust established under the Plan to hold the Plan's assets is qualified pursuant to section 401(k) of the IRC and accordingly, the trust's net investment income is exempt from income tax.

Effective February 1, 2006, the Plan adopted a standardized form of a prototype plan sponsored by Automatic Data Processing Federal Credit Union. The prototype plan has received an opinion letter from the Internal Revenue Service dated May 3, 2002 as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2008.

Note 6. Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500;

	2011	2010
Net assets available for benefits per the financial statements	\$ 7,922,062	\$ 7,066,127
Add: Due to participants	13,101	-
Differences in:		
Investments	321,725	203,961
Receivables - notes receivable from participants	(321,725)	(203,961)
Net assets available for benefits per Form 5500	\$ 7,935,163	\$ 7,066,127

The following is a reconciliation of changes in net assets available for benefits per the financial statements to Form 5500 for the year ended December 31, 2011:

Net increase in net assets available for benefits per the financial statements	\$ 813,297
Add: Liability for excess contributions due to participants at December 31, 2011	13,101
Net decrease in net assets available for benefits per Form 5500	\$ 826,398

Note 7. Due to Participants

The Plan failed to pass the Average Deferral Percentage Test ("ADP") for the 2011 Plan year, with respect to certain "highly compensated employees" resulting in excess contributions made into the Plan. In order to correct the failure of the ADP test for the Plan year, federal law generally requires corrective distributions, refunding the excess contributions to participants no later than the end of the following Plan year. As of December 31, 2011, the Plan recorded a payable of \$13,101 for the excess contributions related to the 2011 Plan year which will be paid in 2012.

Note 8. Subsequent Events

The Plan has evaluated events through October 10, 2012, the date the financial statements were available to be issued.
