We were engaged to audit the financial statements and supplemental schedule of The Comprehensive Group 401(k) Retirement Plan, as of December 31, 2011, and for the year then ended, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management. The financial statements of the Plan as of December 31, 2010, were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by The Charles Schwab Trust Company, the custodian of the Plan. Their report, dated October 5, 2011, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by The Charles Schwab Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the 2011 financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2011, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2011 financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the 2011 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with U.S. generally accepted auditing standards and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN

The following description of The Comprehensive Group 401(k) Retirement Plan (the Plan) of The Comprehensive Group (the Company) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General –

The Plan is a defined contribution plan covering all employees who are age twenty-one or older. The Plan is subject to the provisions of the Internal Revenue Code of 1986, as amended (the Code) and the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's original effective date was January 1, 1993.

Contributions –

Participants may elect to defer from their eligible compensation and contribute to the Plan up to the maximum amount allowed by the Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company match is determined each year by the plan sponsor on a discretionary basis. For the year ended December 31, 2011, the Plan sponsor matched $0.40 for every dollar deferred by the participant up to 5% of compensation.

In addition to matching contributions, the employer may make discretionary profit sharing contributions with the approval of the Board of Directors. There was no profit sharing contributions for the year ended December 31, 2011.

Participant Accounts –

Each participant's account is credited with the participant's contributions, the Company's matching contribution, an allocation of the Company's discretionary contribution, actual earnings thereon and an allocation of administrative expenses.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting –

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's profit sharing and matching contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. A participant is 100 percent vested after two years of credited service.

1. DESCRIPTION OF PLAN (Concluded)

Rollovers –

With the approval of the Plan administrator, the Plan may accept amounts received by an employee as a distribution from another qualified plan provided that the receipt of such amounts does not adversely affect the qualified tax status of the Plan. Participants are fully vested in these amounts.

Notes Receivable from Participants –

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest is paid ratably through biweekly payroll deductions.

Payment of Benefits –

The participant's vested account may be distributed to the participant (or to the participant's beneficiary in the event of the participant's death) upon normal or late retirement, disability retirement, under a hardship withdrawal, death or termination of employment. Distributions, as elected by the participant or, when applicable, the participant's beneficiary, are paid typically in a lump sum or in certain limited circumstances, periodic installments.

Benefits are recorded when paid.

Forfeited Accounts –

Forfeited balances of terminated participant's non-vested amounts are first used to pay administrative expenses of the plan. At December 31, 2011 and 2010, there were $0 and $2,384 of forfeitures available.

Administrative Expenses –

The Plan is responsible for administrative expenses unless the Company elects to pay the cost.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates –

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual amounts could differ from those estimates.

Date of Management's Review –

Subsequent events have been evaluated by management through October 11, 2012, the date the financial statements were available to be issued.

Valuation of Investments and Income Recognition –

The Plan's investments in mutual funds and money market accounts are valued at fair value based upon their quoted market price, which represents the net asset value of the respective funds. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis of accounting. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants –

Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are classified as distributions based upon the terms of the plan document.

3. FAIR VALUE MEASUREMENTS

The Plan's fair value measurements are classified into one of the three following categories based on the measurement inputs:

Level 1 inputs are quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date. An active market for the asset or liability is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 inputs are inputs that are observable for the asset or liability, either directly or indirectly, other than quoted prices included within Level 1. Level 2 inputs include quoted prices for similar assets or liabilities in active markets, inputs other than quoted prices that are observable for the asset or liability (e.g., interest rates and yield curves observable at commonly quoted intervals or current market) and contractual prices for the underlying financial instrument, as well as other relevant economic measures.

3. FAIR VALUE MEASUREMENTS (Continued)

Level 3 inputs are unobservable inputs for the asset or liability. Unobservable inputs are used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at the measurement date. Unobservable inputs reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

Assets and liabilities measured at fair value are based on one or more of three valuation techniques. The three valuation techniques are as follows:

- Market approach – Prices and other relevant information generated by market transactions involving identical or comparable assets and liabilities.

- Cost approach – Amount that would be required to replace the service capacity of an asset (replacement cost).

- Income approach – Techniques to convert future amounts to a single present amount based on market expectations (including present value techniques and excess earnings models).

The following table presents the Plan's fair value hierarchy for its financial assets measured at fair value on a recurring basis as of December 31, 2011:

Description	Level 1	Level 2	Level 3	Total

4. INVESTMENTS (Concluded)

During the year ended December 31, 2011, the Plan's investments in mutual funds depreciated in value (including gains and losses on investments bought and sold, as well as held during the year) by $486,128.

5. INFORMATION PREPARED AND CERTIFIED BY PLAN'S TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Charles Schwab Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of all investments reflected in the accompanying statements of net assets available for benefits as of December 31, 2011 and 2010, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2011, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2011.

6. TAX STATUS

The Plan obtained its latest determination letter on the prototype plan maintained by the custodian, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan has adopted guidance, as required by the Income Taxes Topic of the FASB Accounting Standards Codification regarding accounting for uncertainty in income taxes. This guidance clarifies the accounting and recognition for income tax positions taken or expected to be taken in the Company's income tax returns. As of December 31, 2011, the company has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements. The Company records related interest expenses and penalties, if any, as a tax expense, consistent with this guidance. The Plan's returns are routinely open for review by the tax authorities for three years from their due date. In certain circumstances the statute of limitations may remain open indefinitely; however, there are currently no audits for any tax periods in progress.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, participants would become 100% vested in their accounts.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits, participant contributions and employer matching contribution income per the financial statements to Form 5500:

Reversal of prior year receivable	5,407
Employer matching contributions per Schedule H Form 5500	$ 173,365

9. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by affiliates of Charles Schwab, the trustee of the Plan, and the notes receivable from paricipants qualify as party-in-interest transactions as that term is defined in Section 3(14) of ERISA.

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.
