NOTE A - DESCRIPTION OF PLAN

The following description of the Alan Jay Automotive Management, Inc. ("the Company") 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Alan Jay Automotive, Inc. and all other Alan Jay affiliated entities (collectively the "Company") as adopting employers, who have completed six months of service and are at least 21 years of age. The Plan Administrator and Administrative Committee of the Company control and manage the operation and administration of the plan. Nationwide Trust Company (the "Custodian") serves as the custodian of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute compensation, as defined in the Plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Company may make a discretionary contribution in an amount determined by the Company using an annual pay allocation formula but has elected not to make a contribution for the 2011 plan year.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, money market funds, and a collective investment fund as investment options for participants.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions, and plan earnings and losses, and charged with benefit payments and allocations of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant becomes vested in 20% increments following two years of service to the Company and is fully vested after six years of credited service.

NOTE A - DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. December 31, 2011, outstanding loans bore interest rates ranging from 4.25% to 11.25%. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to retirement, attainment of age 59 ½, termination of employment, death or disability, the participant's account may be distributed to the participant or beneficiary (in the event of the participant's death) through a lump-sum payment. For terminated participants with vested amounts of $1,000 or less, an involuntary lump-sum distribution will be paid at the distribution date. Benefits are recorded when paid.

Forfeitures

At December 31, 2011 and 2010 forfeited nonvested accounts totaled $2,929 and $28,218, respectively. Forfeited amounts may be used to reduce the employer matching contribution and then to pay administrative expenses. During 2011, none of the forfeitures account was used to pay plan expenses or to reduce employer contributions.

Administrative Expenses

The administrative expenses of the Plan are paid for by the Plan through charges to the participant accounts. For the year ended December 31, 2011, total plan expenses charged to participant accounts were $15,866.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

NOTE C - INVESTMENTS

The following table presents investments that represent 5% or more of the Plan's net assets at December 31:

	2011	2010
Morley Stable Value	$ 314,052	$ 237,859
NW Inv Dest Moderate Conserv R	124,891	101,314
NW Inv Dest Mod R2	187,107	161,510

During the year ended December 31, 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

Mutual funds	$ (38,378)
Stable value fund	2,207
Total	$ (36,171)

NOTE D - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010:

Mutual Funds

These investments are public investment vehicles valued using the Net Asset Value ("NAV") provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.

Money Market Funds

These investments are public investment vehicles valued using $1 for the NAV. The money market funds are classified within level 2 of the valuation hierarchy.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

Common Collective Investment Trust ("CCIT")

These investments are public investment vehicles valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is classified within level 2 of the valuation hierarchy because the NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010:

NOTE E - UNAUDITED INFORMATION CERTIFIED BY CUSTODIAN

The accompanying financial statements and supplemental schedule include the following unaudited information as of December 31, 2011 and 2010 and for the year ended December 31, 2011 that was obtained from data prepared and certified to be complete and accurate by the Plan's custodian:

	2011	2010
Investments*	$ 1,779,026	$ 1,688,413
Net depreciation in fair value of investments	$ 36,171	
Interest and dividend income, excluding participant loans	$ 4,939	

* All investments are certified at fair value except for the common collective investment trust that is certified at contract value, which is the same as fair value.

NOTE F – EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds managed by Nationwide Trust Company. Nationwide Trust Company is the custodian as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were $15,866 for the year ended December 31, 2011.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

NOTE H - TAX STATUS

The Plan has not obtained a determination letter from the Internal Revenue Service (the "IRS") stating that the Plan was in compliance with the applicable requirement of the Internal Revenue Code ("IRC"). The Plan is relying on the IRS approval of the standardized prototype plan that it is utilizing. The IRS has determined and informed the custodian by an opinion letter dated March 31, 2008 that the prototype plan document was designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE J – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 15, 2012, the date that the financial statements were available to be issued.

NOTE A - DESCRIPTION OF PLAN

The following description of the Alan Jay Automotive Management, Inc. ("the Company") 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Alan Jay Automotive, Inc. and all other Alan Jay affiliated entities (collectively the "Company") as adopting employers, who have completed six months of service and are at least 21 years of age. The Plan Administrator and Administrative Committee of the Company control and manage the operation and administration of the plan. Nationwide Trust Company (the "Custodian") serves as the custodian of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute compensation, as defined in the Plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Company may make a discretionary contribution in an amount determined by the Company using an annual pay allocation formula but has elected not to make a contribution for the 2011 plan year.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, money market funds, and a collective investment fund as investment options for participants.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions, and plan earnings and losses, and charged with benefit payments and allocations of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant becomes vested in 20% increments following two years of service to the Company and is fully vested after six years of credited service.

NOTE A - DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. December 31, 2011, outstanding loans bore interest rates ranging from 4.25% to 11.25%. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to retirement, attainment of age 59 ½, termination of employment, death or disability, the participant's account may be distributed to the participant or beneficiary (in the event of the participant's death) through a lump-sum payment. For terminated participants with vested amounts of $1,000 or less, an involuntary lump-sum distribution will be paid at the distribution date. Benefits are recorded when paid.

Forfeitures

At December 31, 2011 and 2010 forfeited nonvested accounts totaled $2,929 and $28,218, respectively. Forfeited amounts may be used to reduce the employer matching contribution and then to pay administrative expenses. During 2011, none of the forfeitures account was used to pay plan expenses or to reduce employer contributions.

Administrative Expenses

The administrative expenses of the Plan are paid for by the Plan through charges to the participant accounts. For the year ended December 31, 2011, total plan expenses charged to participant accounts were $15,866.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

NOTE C - INVESTMENTS

The following table presents investments that represent 5% or more of the Plan's net assets at December 31:

	2011	2010
Morley Stable Value	$ 314,052	$ 237,859
NW Inv Dest Moderate Conserv R	124,891	101,314
NW Inv Dest Mod R2	187,107	161,510

During the year ended December 31, 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

Mutual funds	$ (38,378)
Stable value fund	2,207
Total	$ (36,171)

NOTE D - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010:

Mutual Funds

These investments are public investment vehicles valued using the Net Asset Value ("NAV") provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.

Money Market Funds

These investments are public investment vehicles valued using $1 for the NAV. The money market funds are classified within level 2 of the valuation hierarchy.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

Common Collective Investment Trust ("CCIT")

These investments are public investment vehicles valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is classified within level 2 of the valuation hierarchy because the NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010:

	December 31, 2011			
	Level 1	**Level 2**	**Level 3**	**Fair Value**
Mutual funds	$1,422,443	$ -	$ -	$ 1,422,443

Money market funds	-	42,531	-	42,531
Total assets	$1,422,443	$ 356,583	$ -	$ 1,779,026

NOTE E - UNAUDITED INFORMATION CERTIFIED BY CUSTODIAN

The accompanying financial statements and supplemental schedule include the following unaudited information as of December 31, 2011 and 2010 and for the year ended December 31, 2011 that was obtained from data prepared and certified to be complete and accurate by the Plan's custodian:

	2011	2010
Investments*	$ 1,779,026	$ 1,688,413
Net depreciation in fair value of investments	$ 36,171	
Interest and dividend income, excluding participant loans	$ 4,939	

* All investments are certified at fair value except for the common collective investment trust that is certified at contract value, which is the same as fair value.

NOTE F – EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds managed by Nationwide Trust Company. Nationwide Trust Company is the custodian as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were $15,866 for the year ended December 31, 2011.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

NOTE H - TAX STATUS

The Plan has not obtained a determination letter from the Internal Revenue Service (the "IRS") stating that the Plan was in compliance with the applicable requirement of the Internal Revenue Code ("IRC"). The Plan is relying on the IRS approval of the standardized prototype plan that it is utilizing. The IRS has determined and informed the custodian by an opinion letter dated March 31, 2008 that the prototype plan document was designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE J – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 15, 2012, the date that the financial statements were available to be issued.
