Independent Auditors' Report

To the Administrative Committee
CNC Door Corporation of Charlotte, N.C. 401(K) Plan
Charlotte, North Carolina

We were engaged to audit the financial statements of CNC Door Corporation of Charlotte, N.C. 401(K) Plan (the "Plan") as of December 31, 2011 and 2010, and for the years then ended, and the supplementary information as of and for the year ended December 31, 2011 as listed in the accompanying table of contents. These financial statements and supplementary information are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note F, which was certified by Great-West Life & Annuity Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplementary information. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2011 and 2010, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplementary information taken as a whole. The supplementary information is presented for the purpose of additional analysis and is not a required part of the financials statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. CNC DOOR CORPORATION OF CHARLOTTE, N.C. 401(K) PLAN
Notes to Financial Statements
December 31, 2011 and 2010

NOTE A – DESCRIPTION OF PLAN

The following description of the CNC Door Corporation of Charlotte, N.C. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan is made available to all eligible, full-time employees of CNC Door Corporation of Charlotte, N.C. dba Overhead Door Company (the “Sponsor”) on the first day of each month who have completed six consecutive months of service and are age eighteen or older.

Contributions

Plan participants may make salary deferrals and Roth IRA deferrals to the Plan in an amount not in excess of the maximum allowed by the Internal Revenue Code. Participants may also contribute eligible rollovers from other qualified defined benefit or defined contribution plans and individual retirement accounts. The Sponsor may make discretionary matching and profit sharing contributions to the Plan. Participants who are employed on the last day of the Plan year share any profit sharing contributions. The Sponsor did not provide matching contributions or profit sharing contributions during the years ended December, 31, 2011 and 2010.

Participants’ Accounts

Each participant’s account is credited with the participant’s contributions, the Sponsor’s contributions, and allocations of investment earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Participants may direct the investment of their account balances into various investment funds offered by the Plan.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Sponsor’s contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is vested at the rate of 20% each year after two years of service.

Notes Receivable from Participants

The Plan provides for loans to active participants. Participants may borrow up to the lesser of \$50,000 or 50% of the vested portions of the participant’s account balance. Loans are secured by the balance in the participant’s account and bear interest rates ranging from 4.25% to 7.0%. The term of any loan is no greater than five years, except in the case of a loan used to acquire a principal residence, in which case, the term is determined when the loan is made which may not exceed 10 years. Repayments must be substantially equal installments, are generally made by payroll deductions and made not less frequently than quarterly. Some exceptions are made for unpaid leave of absences.

Payment of Benefits

Upon retirement, disability, death, or termination of service, a participant is eligible to receive a lump-sum amount equal to the value of the vested interest in his or her account. Other withdrawals from participants’ account balances may be made under certain circumstances, as defined in the Plan document.

NOTE A – DESCRIPTION OF PLAN (Continued)

Forfeited Accounts

Forfeitures are created when participants terminate participation in the Plan before becoming fully vested in the Sponsor's contribution under the Plan. These non-vested balances are used to pay administrative expenses and reduce future Sponsor matching contributions. Forfeited non-vested accounts totaled \$30,181 and \$27,054, respectively, at December 31, 2011 and 2010. These accounts will be used to reduce future Sponsor contributions. During the years ended December 31, 2011 and 2010 Sponsor contributions were not reduced by forfeited nonvested accounts.

Administrative Expenses

The Sponsor pays for certain administrative expenses to the Plan, at the Sponsor's discretion. These expenses, which are not reflected in the accompanying financial statements, constitute exempt party-in-interest transactions under ERISA. Certain distribution processing fees are deducted from the respective participant account balances and investment expenses are offset against the related investment income. Fees paid by the Plan participants to the custodian for administrative expenses amounted to \$2,988 and \$2,971, for the years ended December 31, 2011 and 2010, respectively.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared under the accrual method of accounting in accordance with U.S. generally accepted accounting principles.

Use of Estimates

The preparation of the financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could materially differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in registered investment companies (mutual funds) are stated at fair value based on quoted market prices of the funds, which represents the net asset value of the shares held by the Plan at year-end.

The Plan's net appreciation (depreciation) in investment value includes the unrealized appreciation (depreciation) in the fair value of investments and realized gains and losses on investments sold during the year. Gains and losses on the sale of investments are determined by the specific identification method. Realized and unrealized appreciation (depreciation) is recorded in the accompanying statements of changes in net assets available for benefits as net appreciation in fair value of investments. Purchases and sales of securities are recorded on a tradedate basis. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the provisions of the Plan document.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits

Benefits become payable to participants upon their election or separation of employment from the Sponsor. Benefits are recorded when paid.

Date of Management's Review

In preparing these financial statements, management has evaluated events and transactions for potential recognition or disclosure through September 25, 2012 the financial statements issuance date.

Recent Accounting Pronouncement

In May 2011, the FASB issued ASU 2011-04 *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S GAAP and IFRS*. ASU 2011-04 is intended to improve the comparability of fair value measurements presented and disclosed in financial statements prepared in accordance with U.S GAAP and IFRS. The amendments are of two types: (i) those that clarify the Plan's intent about the application of existing fair value measurement and disclosure requirements and (ii) those that change a particular principle or requirement for measuring fair value or for disclosing information about fair value measurements. The update is effective for annual periods beginning after December 15, 2011.

NOTE C – INVESTMENTS

NOTE D – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a contract with Great-West Life & Annuity Insurance Company that invests contributions in the Guaranteed Portfolio Fund. The Guaranteed Portfolio Fund is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the contract since the contract was determined to be fully benefit-responsive. The contract is included in the financial statements at fair value which approximates contract value. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2011 and 2010 was \$563,983 and \$442,685, respectively. The crediting interest is based on a formula agreed upon with the issuer but may not be less than zero percent. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following:

- (a) amendments to the Plan document (including complete or partial Plan termination or merger with another plan),
- (b) bankruptcy of the Sponsor or other Sponsor events that cause a significant withdrawal from the Plan or
- (c) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

	<u>2011</u>	<u>2010</u>
Average yields:		
Based on actual earnings	2.03%	2.43%
Based on interest rate credited to participants	2.03%	2.43%

NOTE E – FAIR VALUE MEASUREMENTS

As required by the Fair Value Measurements and Disclosure Topic of the FASB Accounting Standards Codification, fair value is to be determined based on the exchange price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market, in an orderly transaction between market participants. Such is a market-based measurement, not an entity-specific measurement.

This topic establishes a three-level valuation hierarchy based upon observable and non-observable inputs. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the Plan's market assumptions. The fair value hierarchy consists of three levels of inputs that may be used to measure fair value as follows:

Level 1: Observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.

Level 2: Observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

In instances where the determination of the fair value measurement is based on inputs from different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

Guaranteed portfolio fund: Valued at contract value, which approximates fair value. The fund is fully benefit-responsive; therefore, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the fund. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly.

Mutual funds: Valued at the total market value of the underlying assets provided by the trustee of the Plan and are classified within Level 1 of the valuation hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE F – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by Great-West Life & Annuity Insurance Company, the trustee, as complete and accurate to the best of their knowledge, except for comparing such information certified to the information included in the Plan's financial statements and supplementary information. Investments held and investment income certified by Great-West Life & Annuity Insurance Company as complete and accurate are as follows:

	2011	2010
Investments at fair value:		
Guaranteed portfolio fund	\$ 563,983	\$ 442,685
Mutual funds	1,161,175	1,320,714

NOTE G – PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in shares of mutual funds managed by Advised Assets Group, LLC, a wholly-owned subsidiary of Great-West Life & Annuity Insurance Company, the trustee as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services for the years ended December 31, 2011 and 2010 totaled to \$2,988 and \$2,971, respectively. Notes receivable from participants also qualify as party-in-interest transactions.

NOTE H – INCOME TAX STATUS

On November 27, 2001, the Internal Revenue Service declared the prototype used by the Plan is qualified pursuant to Section 401 of the Internal Revenue Code. Plan management believes any amendments and events since the effective date of the last Internal Revenue Service determination letter do not affect the qualified status of the Plan. Accordingly, the Plan is exempt from federal and state income taxes under current provisions of their respective laws.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the applicable authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income examination for years prior to 2008.

NOTE I – PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination or partial termination, the participant account balances shall become fully vested and net assets will be distributed to participants and beneficiaries in proportion to their respective account balances.

NOTE J - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in risks in the near term could have a material effect on participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Users of these financial statements should be aware that the financial markets' volatility may significantly impact the subsequent valuation of investments. Accordingly, the valuation of investments at December 31, 2011 may not necessarily be indicative of amounts which could be realized in a current market exchange.
