To the Trustees
INDUS Corporation 401(k) Savings Plan
McLean, Virginia

We were engaged to audit the accompanying statement of net assets available for benefits of the INDUS Corporation 401(k) Savings Plan (the Plan) as of December 31, 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2011, and the supplemental schedule of as of and for the year ended December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management. The financial statements of the Plan as of December 31, 2010 was audited by other auditors whose report dated April 26, 2012, did not express an opinion on the 2010 financial statements for the same reasons described in the following paragraph.

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Massachusetts Mutual Life Insurance Company, the custodian and of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that Massachusetts Mutual Life Insurance Company holds the Plan's assets and executes transactions. As disclosed in Note 3, the Plan Administrator has obtained certifications from Massachusetts Mutual Life Insurance Company regarding the completeness and accuracy of the information provided to the Plan Administrator by Massachusetts Mutual Life Insurance Company as of and for the year ended December 31, 2011 and as of December 31, 2010.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule are presented for the purposes of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by Massachusetts Mutual Life Insurance Company, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - PLAN DESCRIPTION

The following description of the INDUS Corporation (the Company) 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document and any amendments thereto for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with 401(k) salary deferral provisions covering all eligible employees of the Company, who have attained the age of eighteen. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

During the Plan year ended December 31, 2010 the Plan had a change in trustee and recordkeeper. Prior to August 31, 2010 the assets of the Plan were held and certified by Delaware Charter Guarantee and Trust Company (d/b/a Principal Trust Company) (Principal) and Principal Life Insurance Company was the recordkeeper. As of September 1, 2010, State Street Bank and Trust Company (State Street) became the new trustee for the Plan. All investment funds held with Principal were liquidated and the majority of assets transferred on September 1, 2010 with the final transfer occurring in November 2010. Massachusetts Mutual Life Insurance Company (Mass Mutual) became the custodian of the notes receivable from participants and the new recordkeeper for the Plan effective September 1, 2010.

Contributions

Eligible participants may contribute up to the maximum allowed by the Internal Revenue Code. In addition, the Plan allows for catch up contributions by employees 50 years and older before the end of the Plan year. Participants may also contribute amounts representing distributions from other qualified plans, as defined in the Plan's provisions. For the year ended December 31, 2011 employee rollover contributions totaled $740,708. The Company, at its discretion, may contribute to the Plan. For the year ended December 31, 2011, the Company elected to match contributions equal to 50% of participant contributions, on the first 6% of eligible wages. For the year ended December 31, 2011, the Company made matching contributions of $732,604.

In addition, the Company may make discretionary profit sharing contributions to the Plan as determined by the Company's Board of Directors. For the year ended December 31, 2011, no discretionary profit sharing contributions were made.

Participants direct the investment of their contributions, employer matching contributions, and discretionary profit sharing contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a group annuity contract as investment options for participants.

Participant accounts

Each participant's account is credited with the participant's contributions; including amounts rolled over from other qualified plans, and allocations of the Company's matching, discretionary and profit sharing contribution, if any, and Plan earnings and losses, less any charges, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and rollover contributions, as well as actual earnings and losses thereon. Vesting in the employer contributions is based on years of continuous service. A participant is 100% vested after three years of credited service or in the event of death or total and permanent disability. A year of service is defined as 1,000 hours or more worked during the Plan year.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 8.25%, which are commensurate with local prevailing rates as determined by the Plan Administrator. Loan terms range from one to five years or up to ten years for the purchase of a primary residence. Principal and interest are paid ratably through monthly payroll deductions.

Payment of benefits

On termination of service due to death, disability, retirement or any other reason, a participant or beneficiary may elect, from one of seven optional forms of distribution, to receive an amount equal to the value of participant's vested interest. Unless directed by the participant, payments cannot be deferred beyond the latest of the following:

1) Normal retirement date under the Plan or age 65, if earlier;
2) Termination of employment; or
3) Age 55 and completed 3 years of service (5 years prior to September 1, 2010). Effective September 1, 2010, other distribution options including annuities and installments were eliminated.

Participants may elect to withdraw from their accounts in the event of proven financial hardships.

Upon termination of service, if the vested value of a participant's account is less than $5,000, his or her account will be distributed in a single lump-sum payment. If the vested value of a participant's account exceeds $5,000, he or she may elect to receive either a lump-sum amount, substantially equal payments for a specified term or elect to have all the distribution paid in a direct rollover to another qualified plan, or a combination of the above.

Forfeitures

At December 31, 2011 and 2010, forfeited accounts totaled $170,939 and $72,763, respectively. Forfeited accounts are utilized first to reduce Plan administrative expenses and second to reduce employer contributions. Remaining forfeitures are allocated to participants in proportion to each participant's compensation for the year. No forfeitures were used to reduce plan expenses and employer contributions during the year ended December 31, 2011. For the year ended December 31, 2010, $11,078 of forfeitures was used to pay administrative expenses and $20,024 of forfeitures was used to reduce employer contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The Plan's financial statements and supplemental schedule are prepared on the accrual basis of accounting.

The annuity contract held by a defined-contribution plan is required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive annuity contract because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits presents the fair value of

the annuity contract as well as the adjustment of the fully benefit-responsive annuity contract from fair value to contract value. The accompanying statement of changes in net assets available for benefits is prepared on a contract value basis.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from estimated amounts.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recognized principally on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at unpaid principal balances plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions in accordance with the terms of the plan document.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Except for loan origination fees associated with notes receivable from participants, administrative expenses are generally paid through the use of forfeitures.

Subsequent events

The Plan Administrator has evaluated subsequent events through October 9, 2012, the date the financial statements were available to be issued. The Plan Administrator is not aware of any subsequent events which would require recognition or disclosure in the financial statements.

Recently adopted authoritative guidance

On January 1, 2011, the Plan adopted guidance issued by the Financial Accounting Standards Board (the FASB) related to the amendment of disclosure requirements related to fair value measurements. The guidance requires the disclosure of roll forward activities on purchases, sales, issuance, and settlements of the assets and liabilities measured using significant unobservable inputs (Level 3 fair value measurements). The adoption of this guidance affected financial statement disclosures only, and had no impact on the statement of net assets available for benefits or the statements of changes in net assets available for benefits.

Authoritative guidance not yet adopted

In May 2011, the FASB issued guidance to amend the accounting and disclosure requirements on fair value measurements. The new guidance limits the highest-and-best-use measure to nonfinancial assets, permits certain financial assets and liabilities with offsetting positions in market or counterparty credit risks to be measured at a net basis, and provides guidance on the applicability of premiums and discounts. Additionally, the new guidance expands the disclosures on Level 3 inputs by requiring quantitative disclosure of the unobservable inputs and assumptions, as well as description of the valuation processes

and the sensitivity of the fair value to changes in unobservable inputs. The new guidance will be effective for years beginning after December 15, 2011, and will be applied prospectively. Other than requiring additional disclosures, the adoption of this new guidance is not expected to have a material impact on the accompanying financial statements.

NOTE 3 - INVESTMENTS

Individual investments that represent 5% or more of the Plan's net assets

The following presents investments that represent 5% or more of the Plan's net assets available for benefits as of December 31:

	2011	2010
SAGIC Diversified Bond 60555	$ 4,768,046	$ 4,383,124
Oppenheimer Rising Dividends Fund	1,620,573	1,451,114
PIMCO Total Return Fund	1,592,413	1,309,465

Select Indexed Equity Fund	1,278,155	1,181,985
American Funds EuroPacific Growth Fund	*	1,360,218

* Investment balance is less than 5% of the Plan's net assets

Information Certified by Massachusetts Mutual Life Insurance Company

The following is a summary of the Plan's asset information as of December 31, 2011 and 2010, and for the year ended December 31, 2011, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Massachusetts Mutual Life Insurance Company (Mass Mutual) and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from Mass Mutual that the information provided to the Plan Administrator by Mass Mutual related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	2011	2010
Investment at fair value:		
Mutual funds	$ 17,906,023	$ 16,471,991
Group annuity contract	4,768,046	4,383,124
Notes receivable from participants	416,510	443,217

Mass Mutual also certified to the completeness and accuracy of $951,039 of net depreciation in fair value of investments and $949,009 of interest and dividends related to the aforementioned Plan assets for the year ended December 31, 2011.

NOTE 4 - FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability between market participants in an orderly transaction on the measurement date. The market in which the reporting entity would sell the asset or transfer the liability with the greatest volume and level of activity for the asset or liability is known as the principal market. When no principal market exists, the most advantageous market is used. This is the market in which the reporting entity would sell the asset or transfer the liability with the price that maximizes the amount that would be received or minimizes the amount that would be paid. Fair value is based on assumptions market participants would make in pricing the asset or liability. Generally, fair value is based on observable quoted market prices or derived

from observable market data when such market prices or data are available. When such prices or inputs are not available, the reporting entity should use valuation models.

The Plan's assets recorded at fair value are categorized based on the priority of the inputs used to measure fair value. Fair value measurement standards require an entity to maximize the use of observable inputs (such as quoted prices in active markets) and minimize the use of unobservable inputs (such as appraisals or other valuation techniques) to determine fair value. The inputs used in measuring fair value are categorized into three levels, as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include

- quoted prices for similar assets in active markets;
- quoted prices for identical or similar assets in inactive markets;
- inputs other than quoted prices that are observable for the asset; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following section describes the valuation methodologies the Plan uses to measure its assets at fair value.

Mutual funds: Valued at the quoted net asset value of shares held by the Plan at year end.

Group annuity contract: Valued at the liquidation value as documented within the Separate Account Group annuity contract (SAGIC) contract and assumes that the intrinsic value of the general investment account guarantee is immaterial. Liquidation value is market value of the assets in the separate account.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010:

	Fair Value Measurements at December 31, 2011			
	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total

Changes in fair value levels

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

We evaluate the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2011, there were no significant transfers in or out of Levels 1, 2, or 3.

Level 3 gains and losses

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2011.

	Fair Value Measurements Using Significant Unobservable Inputs (Level 3) Year Ended December 31, 2011
	Group annuity contract
Balance, beginning of year	$ 4,318,830
Unrealized gains relating to investments still held at the reporting date	150,845
Purchases	687,112
Sales	(302,190)
Balance, end of year	$ 4,854,597
The amount of total gains or losses for the period included in changes in net assets attributable to the change in unrealized gains or losses relating to assets still held at the reporting date	$ 150,845

Changes in fair value and related gains and losses

During the year ended December 31, 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $951,039 as follows:

Mutual funds	$ (1,101,884)
Group annuity contract	150,845
	$ (951,039)

NOTE 5 - GROUP ANNUITY CONTRACT

In 2010, the Plan entered in a Group Annuity Contract (GAC) with Massachusetts Mutual Life Insurance Company (Mass Mutual), which provides for the Separate Account Group annuity contract (SAGIC) investment option. The SAGIC is a market value separate account investment option with a general investment account guarantee that provides a stated rate of return and insulates participants' accounts from daily fluctuations in the market. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. The group annuity contract is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by Mass Mutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the group annuity contract at December 31, 2011 and 2010 was $4,854,597 and $4,318,830, respectively. The crediting interest rate is based on a formula agreed upon the issuer, but it may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the plan's ability to transact at contract value with participants are probable of occurring.

The group annuity contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

	2011	2010
Average yields		
Based on actual earnings	3.34%	2.51%
Based on interest rate credited to participants	3.34%	2.51%

NOTE 6 - RELATED PARTY TRANSACTIONS

Effective September 1, 2010, Mass Mutual manages one of the Plan's investment options, the SAGIC. Prior to September 1, 2010, investment options available to participants were managed by Principal. Mass Mutual is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net depreciation in fair value of investments.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to reduce or discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 8 - INCOME TAX STATUS

The IRS has determined and informed the Company by a letter dated May 8, 2009, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011 there are no uncertain positions taken or

expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2007.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2011 and 2010 to Form 5500:

	2011	2010
Net assets available for benefits per the financial statements	$ 23,177,130	$ 21,234,038

Schedule C Soft Dollar Compensation
Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in the MassMutual Premier or Select Funds, MassMutual provided the required written disclosure regarding soft dollar compensation on the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information ("SAI").

For additional information on the soft dollar compensation, refer to the section of the mutual fund's SAI that discusses brokerage allocation and other practices.
