Independent Public Accountants' Report

To the Plan Administrative Committee
San Jose Sharks 401(k) Profit Sharing Plan and Trust:

We were engaged to audit the financial statements and supplemental schedule of San Jose Sharks 401(k) Profit Sharing Plan and Trust (the "Plan") as of December 31, 2011 and 2010, and for the year ended December 31, 2011, as listed in the table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information referred to in Note 3, which was certified by Transamerica Life Insurance Company ("Transamerica"), the custodian of the Plan's assets, except for comparing such information with the related information included in the financial statements and the supplemental schedule. The plan administrator has informed us that Transamerica holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from Transamerica as of December 31, 2011 and 2010, and for the year ended December 31, 2011, that the information provided to the plan administrator by Transamerica is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by Transamerica, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to the Financial Statements

1. Description of the Plan

The following description of the San Jose Sharks 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Eligibility and Coverage

The Plan is a defined contribution 401(k) profit sharing plan covering all of the employees of San Jose Sharks, LLC, San Jose Arena Management, LLC, Sharks Sports & Entertainment, LLC, and Sharks Minor Holdings, LLC (collectively, the "Plan Sponsor"). Employees of the plan sponsor are eligible to participate in the Plan if they are at least 21 years old, have completed one year of service, and have satisfied a service requirement of either 1,000 hours worked through the employee's first anniversary date or 1,000 hours worked in any Plan year. Participants may begin deferring a portion of their compensation into the Plan on January 1, April 1, July 1, or October 1 following eligibility. Employees who are members of collective bargaining units for which retirement benefits were the subject of good faith negotiations or non-resident aliens are excluded from participating in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The collective bargaining units for which retirement benefits were not the subject of good faith negotiations are Service Employees International Union (SEIU), Local 1877 and UNITE Here Local 19, AFL-CIO.

Contributions to the Plan

Participants may contribute up to 100% of their eligible annual salary on a pre-tax or Roth deferral basis to the Plan subject to certain anti-discrimination limitations and to an annual restriction of $16,500 ($22,000 for those participants age 50 and over). New employees who meet the eligibility requirements and current employees who are not deferring are subject to automatic enrollment of 3% of compensation unless the employee elects otherwise. Automatic enrollment of 3% of Compensation are increased at a rate of 1% of compensation as of each January following the anniversary of the participant's initial date of participation.

The Plan permits the plan sponsor to make discretionary non-matching contributions. For 2011, the plan sponsor made a qualified non elective contribution of $4,432. The Plan permits the Plan sponsor to make QACA safe harbor matching contributions in the amount of 100% of the first 1% of deferrals plus 50% of the next 5% of deferrals on behalf of all non-highly compensated employees.

Participant Accounts

All of the Plan's assets are invested, as directed by the participant, as pooled funds. A participant's account balance in the Plan is derived through an allocation of these funds. Each participant's account is credited with the participant's contribution, plan sponsor matching contributions, and an allocation of investment earnings and losses pursuant to the participant's selection of investments and timing of purchase.

Vesting and Forfeitures

A participant has a 100% non-forfeitable interest at all times in their contributions and related earnings and losses. Participants vest in plan sponsor matching contributions over three years, 33% for the first year of service, 67% for the second year and 100% for the third year. Participants vest in QACA safe harbor matching contributions over two years, 0% for less than two years of service and 100% for two or more years of service. Participants are vested 100% in the event of obtaining normal retirement age (age 65), death or disability. Forfeitures will be used to pay plan expenses and then to reduce any employer contribution. At December 31, 2011 and 2010, forfeitures available to offset future expenses and plan sponsor contributions aggregated $14,692 and $10,876.

Payments of Benefits

The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement, disability, death, or termination of employment. Participants who qualify for retirement benefits

and withdrawals will receive their benefits in the form of a lump sum of cash. The benefit to which a participant is entitled is the benefit that can be provided solely from the participant's vested account balance. Participants who separate from service and have vested account balances of $1,000 or less are subject to an administrative distribution as follows: the plan administrator will distribute the account balance to an individual retirement account if elected by the participant otherwise the plan administrator will distribute the account balance as a lump sum in cash. Retired participants must begin receiving distributions from the Plan no later than April 1 of the year following the year in which the participant attains age 70½. Hardship withdrawals may be made from pre-tax elective deferrals and Roth deferrals. A participant who has attained age 59 1/2 is eligible to receive a withdrawal of Roth deferrals. If certain requirements are met, such withdrawal of Roth deferrals will not be subject to certain Federal income taxes.

Notes Receivable from Participants

The Plan permits participants to receive a loan based upon their vested account balance. Borrowings are limited to the lesser of $50,000 or 50% of the participant's vested account balance. The minimum loan amount is $1,000. A participant may have up to 2 loans at a time. Loans generally must be repaid within five years, longer for qualified residential loans. Loans are segregated investments and to the extent a participant borrows, his or her account will not share in the earnings and gains in value attributable to other investments. Accordingly, the interest a participant pays on their loan will be directly credited to their account. In the event a participant defaults on their loan, the plan administrator will offset the outstanding loan against the participant's account balance.

Plan Amendments

Effective January 1, 2011 the plan was amended to provide QACA safe harbor matching contributions in the amount of one hundred percent (100%) of the first one percent (1%) of pre-tax and/or Roth deferrals plus 50% of the next five percent (5%) of pre-tax and/or Roth deferrals on behalf of all non-highly compensated employees; and eliminate discretionary matching contributions. Effective August 19, 2011 the plan was amended to change the plan administrator and person designated for legal process to Hilary Lansdon.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting and in accordance with ERISA. Contributions from participants are recorded when withheld from the participant. Plan sponsor contributions are recorded when approved by the plan sponsor. Benefit payments and expenses are recorded when paid.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value as determined by the plan custodian (see Note 3). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. See Note 6 for discussion of guaranteed investment contracts at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest, delinquent participant loans are reclassified as distributions based upon the terms of the plan documents.

Risk and Uncertainties
The Plan provides for various investment options in mutual funds and money market funds. These investments are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with these securities and the level of uncertainty related to changes in the value, it is at least reasonably possible that changes in the various risk factors will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

Subsequent Events
The Plan has evaluated subsequent events through October 8, 2012, the date the financial statements were available to be issued.

3. Certification of Assets

Transamerica Life Insurance Company ("Transamerica") serves as custodian of the Plan's assets. In that capacity, Transamerica holds the Plan's investment assets and executes investment transactions. The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). Accordingly, as permitted under such election, the plan administrator has obtained a certification from Transamerica as of December 31, 2011 and 2010, and for the year ended December 31, 2011, that all investment information in the accompanying financial statements and supplemental schedule are complete and accurate. All information as to investment assets (with the exception of participant loans/notes receivable from participants) at December 31, 2011 and 2010, and changes in investment assets for the year ended December 31, 2011 is presented solely based upon that certification.

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820 *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements.) The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets and or liabilities in active markets that the plan has the ability to access.

Level 2
Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by

observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level with the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Pooled separate accounts: Valued at the quoted net asset value of shares held by the plan at year-end.
Common collective trust: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit–worthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Investments – unaudited

The following investments equaled or exceeded 5% of the net assets available for benefits of the Plan at December 31, 2011 and 2010:

	2011	2010
Vanguard Target Retirement 2035	$ 988,461	$ 1,097,201
Vanguard Target Retirement 2025	1,159,651	1,085,825
Transamerica AA - Moderate	1,211,609	1,146,655
Transamerica AA - Mod Growth	1,345,857	1,324,794
Vanguard Target Retirement 2020	1,069,573	1,353,462
Vanguard Target Retirement 2030	798,445	784,409
Vanguard Target Retirement 2040	869,123	845,858

6. Investment Contract with Insurance Company

The Plan invests in a benefit-responsive investment contract with Transamerica Life Insurance Company ("Transamerica"). Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Since the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract because contract value is the amount participants would receive if they were to initiate permitted

transactions under the terms of the Plan. The contract is included in the financial statements at contract value as reported to the Plan by Transamerica. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2011 and 2010 was $749,577 and $579,010, respectively. As of December 31, 2011 and 2010 contract value equaled fair value. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Transamerica. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The investment contract does not permit Transamerica to terminate the agreement prior to the scheduled maturity date.

The average yields on the investment contract for the years ended December 31, 2011 and 2010 were:

Average yields:	2011	2010
Based on actual earnings	2.70%	2.98%
Based on interest rate credited to participants	2.70%	2.98%

7. Tax Status

The plan sponsor has adopted a volume submitter profit sharing plan with a cash or deferral arrangement that received a favorable opinion letter from the IRS on March 31, 2008. The plan sponsor and administrator believe that the Plan, as amended, is qualified pursuant to the various requirements of the Internal Revenue Code and have indicated that they will take whatever action is required, if any, to maintain the Plan as a qualified plan. Accordingly, they believe that the Plan is a qualified plan and its related trust is exempt from current income taxes.

U.S. GAAP require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or Internal Revenue Service. Plan management has determined that no such disclosure is required. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

8. Plan Termination

Although it has not expressed any intent to do so, the plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, all partially vested amount balance would become 100% vested.

9. Related Party Transactions

Since the inception of the Plan, the plan sponsor has absorbed some of the administrative expenses of operating the Plan.

Transamerica serves as the asset custodian of the plan. All transactions with Transamerica qualify as party-in-interest transactions.

Fees paid by the plan for investment management services are included in net appreciation in fair value of investments.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2011 and 2010 to Form 5500:

	2011	2010
