INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of
Frank & Grossman 401(k) Profit Sharing Plan:

We were engaged to audit the accompanying statements of net assets available for benefits of Frank & Grossman 401(k) Profit Sharing Plan (the Plan) as of December 31, 2011 and 2010, and the related statement of changes in net assets available for benefits for the year ended December 31, 2011, and the supplemental schedules of (1) Schedule H, Line 4a–Schedule of Delinquent Participant Contributions, and (2) Schedule H, Line 4i–Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2011. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by MG Trust Company, LLC, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of December 31, 2011 and 2010 and for the year ended December 31, 2011, that the information provided to the Plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on these accompanying financial statements and supplemental schedules taken as a whole. The supplemental schedules are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee or custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following description of the Frank & Grossman 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was adopted by Frank & Grossman (the Company) on July 1, 1996, and was most recently restated effective January 1, 2002. The Plan is defined as a contribution retirement plan of the profit-sharing type containing a cash or deferred arrangement described in Internal Revenue Code Section 401(k). All employees of the Company, excluding collective bargaining (union) employees, non-resident aliens, are eligible to participate in the Plan upon attaining the age of 21 years of age and completing one year of service, which is defined as having been credited with at least 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and certain provisions of the Internal Revenue Code.

Plan Administration

The Company is the administrator of the Plan. As administrator, the Company has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan. MG Trust Company, LLC. was the appointed custodian for the Plan in 2011 and 2010, and acted at the direction of the Plan's administrator. In addition, the Company has contracted with California Investment Trust as the third-party administrator to process and maintain the records of participant data. The Company paid the majority of all necessary and proper expenses incurred in the administration of the Plan. Such expenses primarily comprise legal fees, auditing fees, and expenses relating to the maintenance of the Plan's records.

Contributions

Employees who elect to participate in the Plan may contribute a portion of their salary up to the limits imposed by Section 402(g) of the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may make a discretionary matching contributions based on employee elective deferrals, including catch-up contributions. In 2011, the Company did not make a matching contribution. Additionally, the Plan allows non-elective contributions at the discretion of the Plan Sponsor. Participants need to be employed on the last day of the year and have completed 1,000 hours of service during Plan year to qualify. No non-elective contributions were made in 2011. Participants direct the investment of their contributions into various investment options offered by the Plan.

1. Description of Plan, continued

Participant Accounts

Each participant's account is credited with (a) individual contributions, (b) employer discretionary contributions, (c) rollovers from other qualified plans, and (d) Plan earnings and/or losses. Allocations are principally based on participant's elections, or account balances, as defined. The benefit to which a participant is entitled is the benefit which can be provided from the participant's account. Certain fees are charged to the fund investments and are offset against Plan investment income and loss as presented on the Statement of Changes in Net Assets Available for Benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts.

Vesting

Participants are immediately vested in their salary deferred contributions, rollovers, employer discretionary matching contributions, and actual earnings thereon.

Discretionary non-elective contributions, if any, as well as all earnings on these contributions vest according to the following schedule:

Year of Service	Vesting Percentage
Less Than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participants are fully vested upon retirement, death, disability, or plan termination.

Notes Receivable from Participants

Participants are allowed one note receivable at any time and may borrow from their fund accounts a minimum of $1,000 up to 50% of the value of their account balance, or $50,000, whichever is less. Note receivable terms range from one to five years, except for notes receivable used to purchase a primary residence, which have a maximum term of fifteen years. The notes receivable are secured by no more than fifty percent of the balance in the Participant's account and bear interest at a rate commensurate with local prevailing rates at the time the note receivable originates. Interest rates on notes receivable from participants at December 31, 2011 ranged from 4.25% to 9.25% per annum. Principal and interest are paid in equal installments through payroll deductions, personal checks from employees on leave, or cashier's checks for the full payoff of the notes receivable.

1. Description of Plan, continued

Payments of Benefits

When Participants leave the Company, upon retirement or for any other reason, those Participants (or their beneficiaries) may receive the full value of their salary deferrals, rollovers, and the net earnings thereon in a single lump-sum payment. The Plan also allows for in-service withdrawals upon a participant attaining the age of 59 ½, having a hardship, the account accumulating in the Plan for at least two years, and having completed 5 years of participation. In-service withdrawals for 59½ may be taken from the elective deferral account, and rollover accounts; hardships may only be taken from elective deferrals, and remaining in-service withdrawals may only be taken from the discretionary employer contributions as long as they are vested.

In order to receive distributions, Participants (or their beneficiaries) are required to file the appropriate forms with the Plan administrator. Account values will be determined as of the day the distribution is made.

Distributions under the Plan shall generally be made as soon as possible after the date of retirement, date of death, or termination of employment. Mandatory distributions of account balances under $5,000 will be made as soon as possible. In the event of a mandatory distribution greater than $1,000 if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the Participant in a direct rollover or to receive the distribution directly, then the Plan administrator will pay the distribution in a direct rollover to an Individual Retirement Account designated by the Plan administrator.

Investment Options

Upon enrollment in the Plan, a participant may direct his or her contributions in percentage increments into a series of mutual funds and a money market fund offered by the Plan. Participants may change their investment options at any time.

Forfeitures

Forfeitures that occur during a plan year will be used to reduce any discretionary matching or non-elective contributions. At December 31, 2011 and 2010, forfeited non-vested accounts totaled $8 and $0, respectively. During the year 2011, no forfeited funds were used.

Method of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, disclosure of contingent assets and liabilities and changes in net assets available for benefits. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade date basis. Interest is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document

Recognition of Benefit Payments

Benefits are recorded when paid.

Information Certified by the Custodian

MG Trust Company, LLC has prepared and certified as complete and accurate the Plan's schedule of investment assets, transactions, and net realized and unrealized gains and losses on investments, and interest and dividend income, which was used to prepare the accompanying financial statements and supplemental schedules.

Recent Accounting Pronouncements

In May 2011, the Financial Accounting Standards Board issued Accounting Standard Update No. 2011-04, which amends ASC Topic 820, *Fair Value Measurements and Disclosures*, to result in common fair value measurements and disclosures between accounting principles generally accepted in the United States of America and International Financial Reporting Standards. The amendments explain how to measure fair value. They do not require additional fair value measurements and are not intended to establish valuation standards or affect valuation practices outside of financial reporting. The amendments change the wording used to describe fair value measurement requirements and disclosures, but often do not result in a change in the application of current guidance. Certain amendments clarify the intent about the application of existing fair value measurement requirements, while certain other amendments change a principle or requirement for fair value measurement or disclosure. This guidance is effective for interim and annual periods beginning after December 15, 2011. The Plan does not anticipate that the adoption of this guidance will have an impact on the Plan's financial statements.

3. Fair Value Measurements

Accounting Standards for fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under these accounting standards are described below:

Level 1–Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2–Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3–Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Continued

3. Fair Value Measurements, continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010:

Cash equivalent–money market fund: Valued based on redemption values on the last business day of the Plan year.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010:

	Assets at Fair Value as of December 31, 2011

5. Information Prepared and Certified by Custodian (unaudited)

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified as complete and accurate by MG Trust Company, LLC:

	2011	2010
Investments, at fair value	$ 1,326,727	$ 1,235,578
Interest and dividend income	$ 37,054	N/A
Net depreciation in fair value of investments, net	$ (21,024)	N/A

Notes receivable from participants are not certified by the custodian.

6. Party-in-Interest Transactions

Certain Plan investments in mutual funds are managed by MG Trust Company, LLC, the custodian of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan, and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

7. Tax Status

The Plan uses a prototype plan document sponsored by Pension Metrix. Pension Metrix received an opinion letter from the IRS dated March 31, 2008, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Therefore, no provisions for income tax have been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

8. Plan Termination

Frank & Grossman has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, Frank & Grossman reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, distributions will be made to Participants as described in the Plan agreement.

9. Risks and Uncertainties

The Plan provides for various investment options in any combination of mutual funds offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

10. Excess Contributions

Excess Plan contributions for 2010 in the amount of $10,652 were paid back to certain active participants subsequent to December 31, 2010. These amounts were reflected as a liability on the accompanying Statements of Net Assets Available for Benefits at December 31, 2010. The payments of excess contributions are required to satisfy the relevant nondiscrimination provisions of the Plan.

11. Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits at December 31, 2010:

	2010
Net assets available for benefits per financial statements	$ 1,298,789
Excess contributions included as a liability on financial statements, and recorded as contributions on Form 5500	10,652
Net assets available for benefits per Form 5500	$ 1,309,441

The following is a reconciliation of income received per the financial statements to Form 5500 for the year ended December 31, 2011:

Net increase in net assets per financial statements	$ 120,057
2010 excess contributions included as a reduction of contributions on 2010 financial statements, and recorded as corrective distributions on Form 5500	(10,652)
Total net income per Form 5500	$ 109,405

12. Subsequent Events

In accordance with accounting standards affecting disclosures of subsequent events, the Plan evaluated subsequent events for recognition and disclosure through September 25, 2012, the date which these financial statements were available to be issued. Management concluded that no material subsequent events have occurred since December 31, 2011 that requires recognition or disclosure in such financial statements.
