Independent Auditor's Report

We were engaged to audit the financial statements of Pitman Farms, Inc 401(K) Profit Sharing Retirement Plan and Trust (Plan) as of December 31, 2011 and the related statements of changes in net assets available for benefits and of changes in accumulated plan benefits for the year ended December 31, 2011. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements base on our audits.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security act of 1974, the plan administrator instructed us not to perform, and we did not perform, and auditing procedures with respect to the information summarized in Note G, which was certified for the trustees of the plan by the custodian of the plan, John Hancock Life Insurance Company, except for comparing the information with the related information included in the financial statements and supplementary schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executed investment transactions. The plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express and opinion on the accompanying financial statement s and supplementary information taken as a whole. The supplemental schedules are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplementary schedules, other than that derived from the information certified by the trustee, have bee audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the employee Retirement Income and Security Act of 1974.

Notes to Financial Statements
December 31, 2011

A. Description of Plan

The following brief description of the Pitman Farms Profit Sharing Plan and Trust was established by Pitman Farms, Inc. (Company) to provide retirement benefits to eligible Company employees. The following description of the Plan provides only general information. Participants should refer to the plan agreement for more complete information.

1. *General.* The plan, adopted January 1, 2011, is a defined contribution plan with a salary deferral arrangement qualified under the appropriate provisions of the Internal Revenue Code (Code) and applicable state laws. The Plan is funded under a qualified trust maintained by John Hancock Life Insurance who is authorized to invest, manage and control Plan assets, pay benefits, and ensure proper accounting records are maintained on behalf of the participants and their beneficiaries. The Plan covering substantially all employees of Pitman Farms, Inc. and its subsidiary who have one year of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
2. *Eligible Participants* – Under the Plan, Company employees age 21 or older may become participants on the day they have completed one year of service. Once the employee has met this requirement, they will be able to enter the plan on January 1st or the date 6 months later, coincident with or next following satisfaction of eligibility.
3. *Contributions.* The plan has imposed no limits on the amount of employee contributions. The contributions are limited by the maximum allowed by the Internal Revenue Service ($16,500 for the year 2011). Catch-up provisions are provided by the Internal Revenue Service for employees 50 years and older ($5,500 for the year 2011). The Plan permits participants to make certain tax-free transfers (rollovers) of lump sum distributions received from other tax-qualified plans, subject to Code regulations.
4. *Pension Benefits.* Employees that reach the plan's normal retirement age (65) or the fifth anniversary of you participation in the plan, whichever is later, will receive normal retirement benefits form the plan. If employees terminate before rendering 6 years of service, they forfeit the right to receive the portion of their accumulated plan benefits attributable to the company's contributions. In service distributions are permitted from the plan from salary deferred accounts after the employee has reached the age of 59 ½. In service distributions from the plan are permitted from company contributions after you have reached the age of 59 ½. In service distributions form the plan are permitted form company contributions after you have reached the age of 59 ½ and you are 100% vested in the account. Hardship distributions are permitted.
5. *Vesting.* Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested in Company contributions after 6 years of credited service.
6. *Death and Disability Benefits.* If an active employee dies, a death benefit equal to the value of the employee's accumulated account balance is paid to the employee's beneficiary. Active employees who become totally disabled receive 100% of their account balance.

7. *Plan Termination* – Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provision of ERISA. In the event of Plan termination, participants would become fully vested in their accounts, with rights to benefits accrued to the date of termination.
8. *Notes from Participants* – The Plan does not permit loans to participants.

B. Summary of Accounting Policies

The following are the significant accounting policies followed by the plan:

1. *Basis of Accounting.* The accompanying financial statements are prepared on the modified cash basis of accounting. The investments captured in the statement of net assets available for benefits are presented at current fair value with the receivable presented for the employee's contributions for 2011. The statements of changes in net assets available for benefits are based on the cash-basis method.
2. *Use of Estimates.* The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assts and liabilities. Actual results could differ from those estimates.
3. *Investment Valuation and Income Recognition.* Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note F for a discussion of fair value measurements.
   Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. A net appreciation includes the plan's gains and losses on investments bough and sold as well held during the year.
4. *Payment of Benefits.* Benefit payments to participants are recorded when paid.
5. *Administration Expenses.* Reasonable expense for the administration, investments, and processing transactions relating to the operation of the Plan maybe charged against the assets of the Plan, paid by the Employer, or allocated among terminated and active participants of the Plan.
6. *Subsequent Events.* The plan has evaluated subsequent events though October 18, 2012, the date the financial statements were available to be issued.

C. Funding Policy

Plan participants can contribute your contribution on a tax-deferred or an after-tax basis. Present employees' accumulated contributions at December 31, 2011 were $44,584. There were no Company contributions for the year 2011.

D. Plan Termination

In the event the plan terminates, the assets of the plan will be allocated as prescribed by ERISA and its related regulations, generally to provide the following benefits.

1. Benefits attributable to employee contributions, taking into account those benefits paid out before termination.
2. Benefits attributable to employer contributions limited by the vesting policy of the plan.

E. Investments

Upon enrolling in the Plan, a participant may direct employee contributions and discretionary employer profit sharing contributions in any of the investment options available. The following table presents the fair values of investments of 5% or more of the net assets available for benefits at December 31, 2011.

F. Fair Value Measurements

FASB ASC 820 provides the framework for measuring fair value. That framework provides a fair value hierarch that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets of liabilities in active markets that the plan has the ability to access.
- **Level 2** – Inputs to the valuation methodology include
    - Quoted prices for similar assets or liabilities in active markets;
    - Quoted prices for identical or similar assets or liabilities in active markets;
    - Inputs other than quoted prices that are observable for the asset or liability; and
    - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

- **Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.
Following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2011.

Common Stock: Valued at the closing price reported on the New York Stock Exchange.

Mutual Funds: Valued at the closing price reported on the New York Stock Exchange.

The following table sets forth by the level within the fair value hierarchy, the plans fair value measurements at December 31, 2011.

	Fair Value Measurements at December 31, 2012			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
John Hancock Investments	$ 39,690	0	0	$ 39,690
U.S. Government Securities	0	0	0	0
Mortgages	0	0	0	0
Real Estate	0	0	0	0
Total Assets	$ 39,690	0	0	$ 39,690

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value investments in the Statement of Changes in Net Assets Available for Benefits.

Changes in Fair Value Levels

The availability of observable market date is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2011 there were no significant transfers in or out of levels 1, 2, or 3.

G. Information Prepared and Certified by Custodian

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by John Hancock Life (custodian).

Money market fund	$ 0
Mutual funds	$ 39,698
Common/collective trusts	$ 0
Investment Income	
Net appreciation in fair value of investments	$ 442
Interest & dividend income	$ 0
Other income	$ 0

H. Tax Status

As a prototype plan, the Plan has not requested a determination letter from the Internal Revenue Service concerning the Plan's tax status. Although no determination letter has been received, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan will file Form 5500 Annual Return/Report of Employee Benefit Plan with the Internal Revenue Service. This is the first year the plan will file this return and, as such has not yet been subject to income tax examinations.

I. Risks and Uncertainties

The plan invests in various investments securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments securities, it is at lease reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect he amounts reported in the statement of net assets available for benefits. Plan contributions are make and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflations rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is s least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.
