COGENT HEALTHCARE, INC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2011 AND 2010

1. DESCRIPTION OF PLAN

The following description of the Cogent Healthcare, Inc 401(k) Plan Employees' 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was adopted on January 1, 1997, and qualifies as a defined contribution retirement plan for Cogent Healthcare, Inc (the "Company") eligible employees. This Plan was established for the purpose of providing retirement benefits to eligible employees in accordance with the Plan. The Plan is intended to satisfy the provisions of Section 401(k) of the Internal Revenue Code ("IRC") of 1986, as amended. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Eligibility

Each of the Company's employees is eligible to participate in the 401(k) Plan after attaining age 21 and completing three months of service. To be eligible for nonelective employer contributions, employees have to be employed on the last day of the plan year and have completed 1,000 hours of service. The entry dates are the first day of each month after meeting the eligibility requirements.

Contributions

The Company's eligible employees may contribute from 1% up to 100% of compensation or the 402(g) limit and/or the ADP test limit for highly compensated employees. The 402(g) limit for 2011 and 2010 was \$16,500, respectively. In addition, all eligible employees who have attained age 50 before the close of the Plan year shall be eligible to make catch-up contributions in accordance with, and subject to the limitations of, Code Section 414(v).

The Company may also make discretionary matching and nonelective contributions to the plan. For the years ended December 31, 2011 and 2010, the Company elected not to make any employer contributions.

Participant Accounts

Each participant's account is credited with the participant's allocation of (a) the Company's matching contribution, (b) the Company's discretionary contribution, (c) the participant's contribution and, (d) Plan earnings.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2011 AND 2010

1. DESCRIPTION OF PLAN - (Continued)

Investment of Plan Funds

A participant may invest his or her respective share in all employee contributions into any one of the investment options offered by Prudential Retirement Insurance and Annuity Company ("Prudential").

Allocation of Investment Activity

The net increase or decrease in such values resulting from fund income and allocated expenses, if any, are apportioned to each participant's account in proportion to the value of the participant's account as compared to the investment fund as a whole.

Vesting

Participants are one hundred percent (100%) vested in their contributions plus actual earnings thereon. Participants become vested in their Company matching contributions and profit sharing account and any earnings as follows:

<u>Years of Service For Vesting</u>	<u>Percent Vested</u>
Less than three years of service	0%
After three years of service	100%

Forfeitures

Amounts forfeited from terminating participants' non-vested portion of their Company matching contribution account and Company discretionary contribution account and earnings on Company contributions are used first to pay plan expenses then to reduce future employer contributions. There were no forfeitures for the years ended December 31, 2011 and 2010, respectively.

Payment of Benefits

Retired or terminated participants receive one hundred percent (100%) of their pre-tax contribution as soon as administratively possible following retirement, termination or upon becoming disabled. Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2011 AND 2010

1. DESCRIPTION OF PLAN - (Continued)

Notes Receivable from Participants

The Plan has a provision which allows participants to borrow from their vested account balance. The minimum loan amount is \$1,000 and the maximum loan is 50% of the participant's vested balance to a maximum of \$50,000. Loan repayments of principal and interest are made through payroll deductions over a period of one to five years. The interest rate is established by the Company at the time of the loan based on the prime rate plus 1% reported by the U.S. Federal Reserve on the last business day of a calendar quarter.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Accounting Basis

The financial statements are prepared using the accrual method of accounting.

Date of Management's Review

Subsequent events were evaluated through October 12, 2012, which is the date the financial statements were available to be used.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Basis of Accounting for Investment Contracts

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

COGENT HEALTHCARE, INC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2011 AND 2010

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Non-Distributed Benefits

The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan, but recognizes such benefits as a deduction from net assets in the period in which such benefits are paid.

Non-Discrimination for Employee and Employer Contributions

The Plan, as required by the IRC, performs annual tests between highly compensated participants versus non-highly compensated participants to ensure that highly compensated participants are not disproportionately favored under the Plan. If the Plan fails the tests, it must refund excess deferral contributions. There were no excess deferrals at December 31, 2011 and 2010, respectively.

Recent Accounting Pronouncements

In January 2010, the FASB issued ASU 2010-06, *Improving Disclosures about Fair Value Measurements*. This guidance requires additional disclosure of transfers of assets and liabilities between Levels 1 and 2 of the fair value hierarchy and disclosure of activities, on a gross basis, including purchases, sales, issuances, and settlements in the reconciliation of the assets and liabilities measured under Level 3 of the fair value hierarchy. This standard also clarifies existing disclosure requirements on levels of disaggregation and disclosures about inputs and valuation techniques. ASU 2010-06 was effective for the Plan's year ended December 31, 2010, except for the disclosure requirements on Level 3 activity that will be effective for the Plan's year ending December 31, 2011. The adoption of this standard did not have a material impact on the Plan's financial statements.

COGENT HEALTHCARE, INC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2011 AND 2010

3. TAX STATUS

The Plan adopted a proto-type Plan which received a favorable determination letter dated March 31, 2008 stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has since been amended and restated. The plan administrator believes that the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken that would require recognition of a liability or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

4. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by the Prudential Retirement Insurance and Annuity Company, a wholly-owned subsidiary of Prudential Financial. Prudential Bank & Trust Company, FSB, another wholly owned subsidiary of Prudential Financial is the Plan's trustee. Prudential Financial is also the record keeper and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$21,391 and \$20,993 for the years ended December 31, 2011 and 2010, respectively. Fees paid to a third party administrator amounted to \$1,800 and \$1,225 for the years ended December 31, 2011 and 2010.

The plan also allows for the issuance of notes receivable to participants in accordance with the related regulations. These transactions also qualify as party-in-interest transactions for which there is a statutory exemption.

5. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Prudential, the trustee has certified to the completeness and accuracy of the interest in registered investment companies, pooled accounts, and guaranteed income funds (at contract value) reflected on the accompanying statements of net assets available for benefits as of December 31, 2011 and 2010, the information in the schedule of assets held at year end at December 31, 2011 and the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2011 and 2010.

6. INVESTMENTS

The following table presents the fair value of investments that represent 5 percent or more of the Plan's net assets as of December 31, 2011 and 2010:

	<u>2011</u>	<u>2010</u>

**Amount does not represent 5% or more of the Plan's net assets at the respective year end.*

During 2011 and 2010, the Plan's investments (including investments bought, sold and held during the year) appreciated (depreciated) in value by \$(504,489) and \$1,005,941, respectively as follows:

	<u>2011</u>	<u>2010</u>
Interest in registered investment companies	\$ (500,432)	\$ 989,800
Pooled accounts	<u>(4,057)</u>	<u>16,141</u>
	<u>\$ (504,489)</u>	<u>\$ 1,005,941</u>

7. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into a group annuity contract with Prudential. Prudential maintains the contributions in a general (fixed) account. The accounts are credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by Prudential. The fund is considered a fully benefit-responsive investment contract (as described in Note 2), and thus the fund is presented in the statement of net assets available for benefits at fair value, with an adjustment from fair value to contract value which represents contributions made under the contract, plus earnings at guaranteed interest rates, less withdrawals and administrative expenses. However, this contract, upon discontinuance, does not have a fair market value adjustment, therefore, fair value equals contract value. The average yield for the fixed account was 2.15% and 2.4% for the years ended December 31, 2011 and 2010, respectively.

The following table presents the adjustments from fair value to contract value for the guaranteed fund:

Fair value of guaranteed fund	\$ 1,277,756	\$ 1,057,108
Contract value adjustment	_____ -	_____ -
Contract value of guaranteed fund	\$ <u>1,277,756</u>	\$ <u>1,057,108</u>

8. FAIR VALUE MEASUREMENT

FASB ASC 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

COGENT HEALTHCARE, INC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2011 AND 2010

8. FAIR VALUE MEASUREMENT – (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Mutual Funds

Mutual Funds are public investment securities valued using the Net Asset Value (NAV) provided by the respective mutual fund companies. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within Level 1 of the fair value hierarchy.

Pooled Separate Accounts

Pooled separate accounts are valued using the Net Unit Value (NUV) provided by the respective mutual fund companies. The NUV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The value of the portion of the mutual fund owned by the separate account is determined by multiplying the NAV by the number of shares owned. The accounts are classified within Level 2 of the fair value hierarchy.

Guaranteed Income Fund

These investments are made by the Plan in a group annuity contract which is invested in the general assets of Prudential Retirement Insurance & Annuity Company who guarantees a fixed interest rate. These investments are valued at fair value by multiplying the account balance by an established interest rate.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

11. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate or amend the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

12. PROHIBITED TRANSACTIONS

During the 2011 plan year, the Company failed to remit certain employee deferrals in the amount of \$953 in a timely manner which constitutes a prohibited transaction. The lost earnings resulting from this prohibited transaction will be calculated and deposited into the participant's accounts in 2012 using the appropriate correction method.

13. SUBSEQUENT EVENT

In 2012, the HMP 401(k) Plan merged into the Cogent Healthcare, Inc. 401(k) Plan with the Cogent Healthcare, Inc. 401(k) Plan remaining as the surviving plan. As a result, approximately \$20,500,000 was transferred into the Plan along with 500 participants. All the rights entitled under ERISA will remain with the acquired plan participants.

COGENT HEALTHCARE, INC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2011 AND 2010

1. DESCRIPTION OF PLAN

The following description of the Cogent Healthcare, Inc 401(k) Plan Employees' 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was adopted on January 1, 1997, and qualifies as a defined contribution retirement plan for Cogent Healthcare, Inc (the "Company") eligible employees. This Plan was established for the purpose of providing retirement benefits to eligible employees in accordance with the Plan. The Plan is intended to satisfy the provisions of Section 401(k) of the Internal Revenue Code ("IRC") of 1986, as amended. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Eligibility

Each of the Company's employees is eligible to participate in the 401(k) Plan after attaining age 21 and completing three months of service. To be eligible for nonelective employer contributions, employees have to be employed on the last day of the plan year and have completed 1,000 hours of service. The entry dates are the first day of each month after meeting the eligibility requirements.

Contributions

The Company's eligible employees may contribute from 1% up to 100% of compensation or the 402(g) limit and/or the ADP test limit for highly compensated employees. The 402(g) limit for 2011 and 2010 was \$16,500, respectively. In addition, all eligible employees who have attained age 50 before the close of the Plan year shall be eligible to make catch-up contributions in accordance with, and subject to the limitations of, Code Section 414(v).

The Company may also make discretionary matching and nonelective contributions to the plan. For the years ended December 31, 2011 and 2010, the Company elected not to make any employer contributions.

Participant Accounts

Each participant's account is credited with the participant's allocation of (a) the Company's matching contribution, (b) the Company's discretionary contribution, (c) the participant's contribution and, (d) Plan earnings.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2011 AND 2010

1. DESCRIPTION OF PLAN - (Continued)

Investment of Plan Funds

A participant may invest his or her respective share in all employee contributions into any one of the investment options offered by Prudential Retirement Insurance and Annuity Company ("Prudential").

Allocation of Investment Activity

The net increase or decrease in such values resulting from fund income and allocated expenses, if any, are apportioned to each participant's account in proportion to the value of the participant's account as compared to the investment fund as a whole.

Vesting

Participants are one hundred percent (100%) vested in their contributions plus actual earnings thereon. Participants become vested in their Company matching contributions and profit sharing account and any earnings as follows:

<u>Years of Service For Vesting</u>	<u>Percent Vested</u>
Less than three years of service	0%
After three years of service	100%

Forfeitures

Amounts forfeited from terminating participants' non-vested portion of their Company matching contribution account and Company discretionary contribution account and earnings on Company contributions are used first to pay plan expenses then to reduce future employer contributions. There were no forfeitures for the years ended December 31, 2011 and 2010, respectively.

Payment of Benefits

Retired or terminated participants receive one hundred percent (100%) of their pre-tax contribution as soon as administratively possible following retirement, termination or upon becoming disabled. Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2011 AND 2010

1. DESCRIPTION OF PLAN - (Continued)

Notes Receivable from Participants

The Plan has a provision which allows participants to borrow from their vested account balance. The minimum loan amount is \$1,000 and the maximum loan is 50% of the participant's vested balance to a maximum of \$50,000. Loan repayments of principal and interest are made through payroll deductions over a period of one to five years. The interest rate is established by the Company at the time of the loan based on the prime rate plus 1% reported by the U.S. Federal Reserve on the last business day of a calendar quarter.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Accounting Basis

The financial statements are prepared using the accrual method of accounting.

Date of Management's Review

Subsequent events were evaluated through October 12, 2012, which is the date the financial statements were available to be used.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Basis of Accounting for Investment Contracts

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

COGENT HEALTHCARE, INC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2011 AND 2010

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Non-Distributed Benefits

The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan, but recognizes such benefits as a deduction from net assets in the period in which such benefits are paid.

Non-Discrimination for Employee and Employer Contributions

The Plan, as required by the IRC, performs annual tests between highly compensated participants versus non-highly compensated participants to ensure that highly compensated participants are not disproportionately favored under the Plan. If the Plan fails the tests, it must refund excess deferral contributions. There were no excess deferrals at December 31, 2011 and 2010, respectively.

Recent Accounting Pronouncements

In January 2010, the FASB issued ASU 2010-06, *Improving Disclosures about Fair Value Measurements*. This guidance requires additional disclosure of transfers of assets and liabilities between Levels 1 and 2 of the fair value hierarchy and disclosure of activities, on a gross basis, including purchases, sales, issuances, and settlements in the reconciliation of the assets and liabilities measured under Level 3 of the fair value hierarchy. This standard also clarifies existing disclosure requirements on levels of disaggregation and disclosures about inputs and valuation techniques. ASU 2010-06 was effective for the Plan's year ended December 31, 2010, except for the disclosure requirements on Level 3 activity that will be effective for the Plan's year ending December 31, 2011. The adoption of this standard did not have a material impact on the Plan's financial statements.

COGENT HEALTHCARE, INC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2011 AND 2010

3. TAX STATUS

The Plan adopted a proto-type Plan which received a favorable determination letter dated March 31, 2008 stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has since been amended and restated. The plan administrator believes that the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken that would require recognition of a liability or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

4. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by the Prudential Retirement Insurance and Annuity Company, a wholly-owned subsidiary of Prudential Financial. Prudential Bank & Trust Company, FSB, another wholly owned subsidiary of Prudential Financial is the Plan's trustee. Prudential Financial is also the record keeper and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$21,391 and \$20,993 for the years ended December 31, 2011 and 2010, respectively. Fees paid to a third party administrator amounted to \$1,800 and \$1,225 for the years ended December 31, 2011 and 2010.

The plan also allows for the issuance of notes receivable to participants in accordance with the related regulations. These transactions also qualify as party-in-interest transactions for which there is a statutory exemption.

5. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Prudential, the trustee has certified to the completeness and accuracy of the interest in registered investment companies, pooled accounts, and guaranteed income funds (at contract value) reflected on the accompanying statements of net assets available for benefits as of December 31, 2011 and 2010, the information in the schedule of assets held at year end at December 31, 2011 and the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2011 and 2010.

6. INVESTMENTS

The following table presents the fair value of investments that represent 5 percent or more of the Plan's net assets as of December 31, 2011 and 2010:

	<u>2011</u>	<u>2010</u>

**Amount does not represent 5% or more of the Plan's net assets at the respective year end.*

During 2011 and 2010, the Plan's investments (including investments bought, sold and held during the year) appreciated (depreciated) in value by \$(504,489) and \$1,005,941, respectively as follows:

	<u>2011</u>	<u>2010</u>
Interest in registered investment companies	\$ (500,432)	\$ 989,800
Pooled accounts	<u>(4,057)</u>	<u>16,141</u>
	<u>\$ (504,489)</u>	<u>\$ 1,005,941</u>

7. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into a group annuity contract with Prudential. Prudential maintains the contributions in a general (fixed) account. The accounts are credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by Prudential. The fund is considered a fully benefit-responsive investment contract (as described in Note 2), and thus the fund is presented in the statement of net assets available for benefits at fair value, with an adjustment from fair value to contract value which represents contributions made under the contract, plus earnings at guaranteed interest rates, less withdrawals and administrative expenses. However, this contract, upon discontinuance, does not have a fair market value adjustment, therefore, fair value equals contract value. The average yield for the fixed account was 2.15% and 2.4% for the years ended December 31, 2011 and 2010, respectively.

COGENT HEALTHCARE, INC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

7. INVESTMENT CONTRACT WITH INSURANCE COMPANY – (Continued)

The following table presents the adjustments from fair value to contract value for the guaranteed fund:

	<u>2011</u>	<u>2010</u>
Fair value of guaranteed fund	\$ 1,277,756	\$ 1,057,108
Contract value adjustment	_____ -	_____ -
Contract value of guaranteed fund	\$ <u>1,277,756</u>	\$ <u>1,057,108</u>

8. FAIR VALUE MEASUREMENT

FASB ASC 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

COGENT HEALTHCARE, INC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2011 AND 2010

8. FAIR VALUE MEASUREMENT – (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Mutual Funds

Mutual Funds are public investment securities valued using the Net Asset Value (NAV) provided by the respective mutual fund companies. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within Level 1 of the fair value hierarchy.

Pooled Separate Accounts

Pooled separate accounts are valued using the Net Unit Value (NUV) provided by the respective mutual fund companies. The NUV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The value of the portion of the mutual fund owned by the separate account is determined by multiplying the NAV by the number of shares owned. The accounts are classified within Level 2 of the fair value hierarchy.

Guaranteed Income Fund

These investments are made by the Plan in a group annuity contract which is invested in the general assets of Prudential Retirement Insurance & Annuity Company who guarantees a fixed interest rate. These investments are valued at fair value by multiplying the account balance by an established interest rate.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2011 AND 2010

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

11. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate or amend the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

12. PROHIBITED TRANSACTIONS

During the 2011 plan year, the Company failed to remit certain employee deferrals in the amount of \$953 in a timely manner which constitutes a prohibited transaction.
