Independent Auditor's Report

Board of Trustees
The Lutgert Companies' Retirement Plan
Naples, Florida

We were engaged to audit the financial statements of **The Lutgert Companies' Retirement Plan** as of December 31, 2009 and 2008, and for the year ended December 31, 2009, and the supplemental schedule as of December 31, 2009, as listed in the accompanying index. These financial statements and supplemental schedule are the responsibility of the plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Transamerica Life Insurance Company, the custodian of the plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the custodian as of December 31, 2009 and 2008, and for the year ended December 31, 2009, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of Plan

The following description of The Lutgert Companies' Retirement Plan (the plan) provides only general information. Participants should refer to the plan agreement for a complete description of the plan's provisions. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Coverage and Eligibility

The plan is a defined contribution plan maintained on a calendar year basis.

Any employee of The Lutgert Companies (the company) who has attained 21 years of age and has completed 30 days of service is eligible to participate in the plan. Eligible employees can enter the plan on the first day of each calendar month, following the date that eligibility requirements are met.

Employee Contributions

An eligible employee may elect to contribute an amount equal to 1% to 15% (in whole percentages) of the employee's before-tax earnings, not to exceed current IRS regulations. These contributions are not subject to federal income tax until withdrawn. Eligible employees may also contribute, with the consent of the plan administrator, amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of contributions into various investment options offered by the plan. The plan currently offers a number of investment options for participants.

Employer Discretionary Nonmatching Contributions

The employer may make discretionary nonmatching contributions designated by job classification. An eligible employee will share in the discretionary contributions if he or she is employed with the employer on the last day of the plan year and has completed at least 1,000 hours of service during the plan year. There was no discretionary nonmatching contribution in 2009.

Participant Accounts

Each participant account is credited or charged, as applicable, with the participant contributions and allocations of (a) employer contributions, and (b) plan earnings or losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - Description of Plan (Continued)

Vesting

Participants are fully vested upon reaching the retirement age of 65, or due to death or disability. Participants are always 100% vested in their elective and rollover contribution accounts. A participant is vested in nonmatching contribution accounts as follows:

Completed Years of Service	Percentage Vested
Less than 1	0%
1	20
2	40
3	60
4	80
5 or more	100

Forfeitures

As of December 31, 2009 and 2008, forfeited accounts totaled $20,582 and $10,843, respectively. These accounts will be used to reduce future employer contributions. During 2009, no forfeitures were used to reduce the prior year employer contribution.

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant account and bear interest at rates that are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are paid ratably through monthly payroll deductions.

Benefits

Benefit payments are generally paid in a lump sum as soon as practicable after employment with the company has ended. Participants may elect to defer commencement of distributions until April of the calendar year after they attain the age of 70½. Until such time as the funds are distributed, the participant is entitled to receive a pro rata share of fund earnings. Benefits may also be paid directly to an eligible retirement plan as an eligible rollover distribution.

Note 2 - Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements are prepared on the accrual basis of accounting.

Plan Administration

Transamerica Life Insurance Company (Transamerica) is the custodian for the plan. All information relating to the value of the plan's assets and related investment income was obtained from reports submitted by the above-mentioned custodian. The custodian certified these reports as being complete and accurate. The principal sponsor and plan administrator, Scottsdale Corporation, pays the administrative costs of the plan. The trustees are Howard B. Gutman and Scott F. Lutgert.

Investments

Investments are reported at fair value in accordance with accounting principles generally accepted in the United States of America (GAAPUSA). See Note 3 for a further discussion of fair value measurements.

In September 2009, the Financial Accounting Standards Board (FASB) issued new guidance regarding the use of net asset value per share provided by the investee as a practical expedient to estimate the fair value of alternative investments (such as hedge funds, private equity funds, common collective trusts and pooled separate accounts). The plan's adoption of this new guidance had no material effect on its net assets available for benefits, but did result in additional disclosures included in Note 3 of these financial statements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with GAAPUSA requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Subsequent Events

The plan administrator has evaluated subsequent events through September 3, 2010, the date the financial statements were available to be issued.

Note 3 - Fair Value Measurements

GAAPUSA defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants in the principal market or, in the absence of a principal market, the most advantageous market accessible to the reporting entity as of the measurement date. Under GAAPUSA, the principal market is the market in which the reporting entity would sell the asset or transfer the liability with the greatest volume and level of activity. The most advantageous market, which may be a hypothetical market, is the market in which the reporting entity would sell the asset or transfer the liability with the price that maximizes the amount that would be received for the asset or minimizes the amount that would be paid to transfer the liability, considering transaction costs in the respective market.

GAAPUSA describes three approaches to measuring fair value: the market approach, the income approach and the cost approach. Each approach includes multiple valuation techniques. GAAPUSA does not prescribe which valuation technique should be used when measuring fair value, but does establish a fair value hierarchy that prioritizes the inputs used in applying the various techniques based on the degree to which such inputs are observable to market participants. Inputs broadly refer to the assumptions that market participants use to make pricing decisions, including assumptions about risk.

The plan's investments are classified in one of the following three categories based upon the inputs used to determine their respective fair values.

- Level 1 - Quoted prices (unadjusted) for identical assets or liabilities in active markets as of the reporting date. Active markets are those in which transactions for the asset or liability occur in sufficient frequency and volume to provide pricing information on an ongoing basis.

- Level 2 - Observable market-based inputs or unobservable inputs that are corroborated by market data. These inputs may include quoted prices for similar assets or liabilities in active markets as well as quoted prices for identical or similar assets or liabilities in inactive markets.

- Level 3 - Unobservable inputs that cannot be corroborated by market data. These inputs reflect management's best estimate of fair value using its own assumptions about the assumptions a market participant would use in pricing the asset or liability.

When the inputs used to value an investment fall into more than one level, the investment is classified in its entirety based on the lowest level input that is significant to that investment's fair value measurement. Management's assessment of the significance of a particular input to the fair value measurement requires judgment and is dependent on factors specific to the investment. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Note 3 - Fair Value Measurements (Continued)

As of December 31, 2009 and 2008, the following valuation methodologies have been used to value the plan's investments:

- Pooled separate accounts - Valued at the net asset value (NAV) per unit as determined by Transamerica Life Insurance Company. Such NAV is based on the value of the underlying assets and liabilities of the accounts. The investment objective of the accounts varies and can be differentiated by the nature of their holdings as disclosed in the tables below. Participants may transfer funds in and out of the accounts without restriction.

- Guaranteed interest account - Valued by discounting the related cash flows of the underlying investments based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuers. The investment objective of the account is to preserve principal and provide a stable return over the life of the investment. Participants may transfer funds in and out of the account without restriction.

- Participant loans - Valued at amortized cost, which approximates fair value.

The methods described above may produce a fair value calculation that might not be indicative of net realizable value or reflective of future fair values. Furthermore, while the plan believes its valuation methods are appropriate and consistent with other market participants, the different methodologies or assumptions used to determine fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

The plan's investments are exposed to various risks, such as interest rate, credit and overall market volatility. Due to these risk factors, it is reasonably possible that changes in the value of investments will occur in the near term and will materially affect the amounts reported in the statements of net assets available for benefits.

Note 3 - Fair Value Measurements (Continued)

The following table summarizes by level within the fair value hierarchy the plan's investments accounted for at fair value on a recurring basis as of December 31, 2009 and 2008:

Transamerica Stable Value*	193,608	2,347,829	249,787	2,936,423

*The Transamerica Stable Value fund, an insurance general account, is not a fully benefit-responsive investment. Therefore, the investment is stated at fair value.

For the year ended December 31, 2009, the plan's investments (including gains and losses on investments bought and sold as well as held during the year) appreciated as follows:

Investments at fair value as determined by Transamerica	
Transamerica pooled separate accounts	$ 2,119,410
Insurance general account	82,051
	$ 2,201,461

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian of the plan has certified as to the completeness and accuracy of the statements of net assets available for benefits as of December 31, 2009 and 2008, the schedule of assets held at end of year as of December 31, 2009, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2009, as indicated above and in total.

Note 5 - Plan Termination

Although it has not expressed any intent to do so, the company has the right to discontinue contributions and to terminate the plan at any time, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in all of their account balances.

Note 6 - Tax Status

The plan was last amended on February 10, 2003. The company has since received a determination letter, dated December 17, 2003, from the Internal Revenue Service, which represented to the plan that, as designed, the plan is in compliance with the applicable requirements of the Internal Revenue Code. The plan is required to operate in conformity with the Internal Revenue Code to maintain its qualification. The company is not aware of any course of action or series of events that have occurred that might adversely affect the plan's qualified status.

Note 7 - Party-in-Interest Transactions

Transamerica is the custodian of the plan. The plan has pooled separate accounts managed by Transamerica. Such investment transactions qualify as party-in-interest transactions, which are exempt under the prohibited transactions rules. Fees paid by the plan for investment management services are included as a reduction of the return on each pooled separate account.

Note 8 - Refund of Excess Contributions

For the year ended December 31, 2008, the plan failed the Average Deferred Percentage and Average Contribution Percentage Nondiscrimination Tests. As a result, a portion of 2008 contributions had to be refunded to highly compensated employees in order for the plan to maintain its qualified status with the Internal Revenue Service. Earnings on the excess contributions were also refunded.
