SSW HOLDING COMPANY RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS AS OF DECEMBER 31, 2011 AND 2010, AND FOR THE YEAR ENDED DECEMBER 31, 2011

1. DESCRIPTION OF THE PLAN

The following description of SSW Holding Company Retirement Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for complete information.

SSW Holding Company, Inc., is the Plan Administrator. The Plan is available to qualifying employees of Straits Steel and Wire Company, Southern Steel & Wire Co., Collis Inc., Alabama Wire Products, Inc., American Appliance Products, Inc. and Premier Manufacturing Corporation (collectively, the “Company”). Premier Manufacturing Corporation’s profit sharing & 401k plan merged into the plan on July 1, 2011, See Note 2. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). J.P. Morgan Chase Bank, N.A. served as trustee of the Plan as of and for the years ended December 31, 2011 and 2010.

General — The Plan is a defined contribution retirement plan established effective January 1, 1997. Eligibility to participate in the Plan and to receive Company contributions varies by Company, by divisions within the Company, and by union and nonunion status of the employee. Participants should refer to the applicable appendix in the Plan agreement for their corresponding division.

Contributions and Earnings Allocations — Participants may contribute to the Plan an amount not to exceed 80% of their annual compensation, subject to certain limitations and collective bargaining agreements. The Plan provides for matching employer contributions. The Company will match a portion of the participant contributions. This match also varies by divisions of the Company and collective bargaining agreements; the participant should refer to the Plan agreement for Company match percentages. The Plan also provides for an additional annual employer discretionary contribution that is determined by the board of directors and applicable collective bargaining agreements. There was no discretionary contribution for the year ended December 31, 2011.

Vesting — Participants are immediately vested in Company contributions and in their voluntary contributions as well as any allocation of net Plan earnings.

Participant Accounts — Each participant’s account is credited with the participant’s contribution, the Company’s matching contribution, and an allocation of the Company’s discretionary contribution and Plan earnings and is charged with withdrawals and an allocation of Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investment of Plan Assets — Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers 23 mutual fund investment options, a stable asset income fund option and a self-directed brokerage account option.

Participant Loans — The Plan provides for loans to participants, limited to \$50,000 or 50% of the amount of the respective participants’ vested accounts with a minimum loan amount of \$1,000. The loans are secured by the balance in the participant’s account and bear interest at rates equal to 1% over the prime lending rate published in *The Wall Street Journal* on the date of the loan. The loans are repaid through payroll deductions over a period of five years or less.

Distributions and Withdrawals — A participant is eligible to receive a distribution from the Plan of his or her total vested account balance when one of the following events occurs: (1) death, (2) total disability, (3) termination of employment, (4) in-service withdrawal of a fully vested balance at age 59 1/2, (5) attainment of the age of 70 1/2, or (6) hardship withdrawals as defined in the Plan agreement. Participants may receive a single lump-sum payment. Certain participants may elect to receive the benefit in installment payments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investment Valuation and Income Recognition — The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Mutual funds are stated at fair value, which is measured by quoted market prices on an active market. Self-directed brokerage accounts are stated at amortized cost, which approximates fair value.

The stable value fund is a common collective fund and is stated at fair value and then adjusted to contract value as described below. Fair value of the stable value fund is the net asset value (NAV) of its underlying investments, and contract value is principal plus accrued interest. The JP Morgan Stable Asset Income Fund is a stable value fund that is a comingled pension trust fund. The stable value fund invests in synthetic guaranteed investment contracts, U.S. Treasury and agency securities, and cash and cash equivalents, which are intended to maintain a constant net asset value. The stable value fund has no restrictions on redemption and no unfunded commitments. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the fund, plus credited earnings, less participant withdrawals.

In accordance with GAAP, the stable value fund is included at fair value in participant-directed investments in the statements of net assets available for benefits, and an additional line item is presented representing the adjustment from fair value to contract value. The statement of changes in assets available for benefits is presented on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Use of Estimates — The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties — The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Notes Receivable from Participants — Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Administrative Expenses — Administrative expenses of the Plan are paid by the Plan, unless the Company chooses to do so.

Payments of Benefits — Benefits are recorded upon distribution. No amounts were allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid at December 31, 2011 and 2010.

Plan Merger - On December 30, 2010, the Company acquired substantially all of the assets of Premier Manufacturing Corporation, a tier one supplier to the residential HVAC market. Effective July 1, 2011 the assets of the Premier Manufacturing Corp. Profit Sharing & 401(k) Plan were merged with the Plan assets. JP Morgan certified the converted value of the Premier Manufacturing Corp. Profit Sharing & 401(k) Plan assets as \$3,882,640. Additionally, participant funds were mapped to the merged participant's account by Plan record keeper, The Hartford, based upon the mapping strategy developed by JP Morgan and the Plan Sponsor.

New Accounting Standards

ASU No. 2010-06, Fair Value Measurements and Disclosures - In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2010-06, *Fair Value Measurements and Disclosures*, which amends ASC 820, *Fair Value Measurements and Disclosures*, adding a new disclosure requirement to provide Level 3 activity of purchases, sales, issuances, and settlements on a gross basis. This requirement is effective for fiscal years beginning after December 15, 2010. The adoption in 2011 did not materially affect the Plan's financial statements.

New Accounting Standards not yet Effective

ASU No. 2011-04 - In May 2011, the FASB issued ASU No. 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRS*, which amends ASC 820. ASU 2011-04 also requires the categorization by level for items that are only required to be disclosed at fair value and information about transfers between Level 1 and Level 2. In addition, the ASU provides guidance on measuring the fair value of financial instruments managed within a portfolio and the application of premiums and discounts on fair value measurements. The ASU requires additional disclosure for Level 3 measurements regarding the sensitivity of fair value to changes in unobservable inputs and any interrelationships between those inputs. The new guidance is effective for reporting periods beginning after December 15, 2011. The adoption will not have a material effect on the statement of net assets available for benefits and statement of changes in net assets available for benefits. Plan management has not determined the impact on the disclosures in the financial statements.

3. FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2011.

	Fair Value Measurements at December 31, 2011, Using			Total

4. STABLE VALUE FUND

The stable value fund is a comingled pension trust fund sponsored by JP Morgan Chase Bank. The beneficial interest of each participant is represented by units. The stable value fund's primary goal is to seek current income while maintaining stability of the invested principal.

Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the stable value fund, plus earnings, less participant withdrawals and administrative expenses. The stable value fund imposes certain restrictions on the Plan, and the stable value fund itself may be subject to circumstances that impact its ability to transact at contract value, such as a complete or partial termination of the Plan or its merger with another plan or a failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Plan management believes that the occurrence of events that would cause the stable value fund to transact at less than contract value is not probable.

The stable value fund invests in synthetic guaranteed investment contracts, U.S. Treasury and agency securities, and cash and cash equivalents. All investment contracts purchased by the stable value fund are benefit responsive. The stable value fund also invests in other commingled trust funds managed by JP Morgan Chase Bank.

5. FEDERAL INCOME TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated February 24, 2004, that the Plan and related trust were designed in accordance with the applicable regulations of the IRC. The Company and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS and the Department of Labor. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2008.

6. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The following is a summary of the unaudited information regarding the Plan as of December 31, 2011 and 2010, and for the year ended December 31, 2011, included in the Plan's financial statements and supplemental schedule, that was prepared or derived from information prepared by the trustee, J.P. 8. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and common collective trusts managed by JP Morgan Trust Company. JP Morgan Trust Company is an affiliate of J.P. Morgan Chase Bank, N.A. the trustee for the Plan; therefore, these transactions qualify as exempt party-in-interest transactions.
