1. DESCRIPTION OF PLAN

The following description of the Pacific Life Insurance Company Retirement Incentive Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

GENERAL

The sponsor and administrator of the Plan is Pacific Life Insurance Company (Pacific Life or the Company), a stock life insurance company domiciled in the State of Nebraska. The trustee was State Street Bank and Trust Company from January 1, 2010 to March 31, 2010 and ING National Trust (the Trustee) from April 1, 2010 to December 31, 2010. Several entities affiliated with the Company are adopting employers of the Plan, and their agents or employees meeting the eligibility requirements listed below, also participate in the Plan.

The Plan is a defined contribution plan under which the Company and employees of the Company make contributions. The Plan is designed to qualify under Section 401(a) and 501(a) of the Internal Revenue Code (IRC), and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

ELIGIBILITY

Generally, employees (collectively, the participants) who have one month of continuous employment are eligible to participate in the Plan the first of the month following one month of service.

CONTRIBUTIONS

Participants may contribute 1% to 75% of their before-tax or after-tax qualifying commissions or other compensation in each pay period. Each participant's contribution must be in cash and is nonforfeitable. For the year ended December 31, 2010, a participant's total calendar year contributions cannot exceed $22,000 ($16,500 plus $5,500 catch-up contributions for employees age 50 and over). Each participant shall be allocated a company-matching contribution at least equal to 75% of the participant's before-tax or after-tax contributions which are not in excess of 6% of the participant's qualifying compensation for each pay period. Company-matching contributions are made in cash. The Plan also allows for rollover contributions from other qualified retirement plans.

UNALLOCATED ASSETS

During 2007, the Company amended the Pacific Life Employees' Retirement Plan to terminate effective December 31, 2007. The Company applied for and received the determination letter and approval for Plan termination from the Internal Revenue Service (IRS) on September 16, 2009. As of December 31, 2009, the Plan received legal ownership of the residual plan assets remaining after the Pacific Life Employees' Retirement Plan termination and, as a result, such assets were reported as a receivable in the statement of net assets available for benefits as of December 31, 2009. In March 2010, these residual plan assets in the amount of $24,729,749 were transferred to the Plan to fund future Company contributions. During the year ended December 31, 2010, $9,635,553 has been allocated in cash to participant accounts. As of December 31, 2010, unallocated residual plan assets are comprised of the following:

Cash	$12,190,601
Private equity	1,928,762
Residential mortgage-backed securities	1,468,160
Total	$15,587,523

AUTOMATIC ENROLLMENT

Effective July 1, 2004, all new employees are automatically enrolled in the Plan if the employee does not file with the Company an election to decline enrollment in the Plan. Any eligible employee who is automatically enrolled is deemed to have elected before tax contributions equal to 3% of their compensation. The 3% contribution rate will increase 1% in April of each year following the year the participant was enrolled until the contribution rate equals 10% of the participant's compensation. These contributions will be invested in the Vanguard Target Date Retirement Fund most appropriate for the participant's retirement age.

PARTICIPANT DIRECTED INVESTMENTS

The Plan's investments are participant directed and consist of mutual funds and a stable value fund (Note 7). Effective January 4, 2010, the Fixed Yield Fund – Guaranteed interest contracts (GICs) issued by Pacific Life were transferred to the Stable Value Fund managed by an unrelated third-party.

Effective July 1, 2010, all investment balances in the PIMCO Total Return II Fund were transferred to the PIMCO Total Return Fund Institutional Class.

PARTICIPANT ACCOUNTS

Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contributions and withdrawals, as applicable, and allocations of: (a) Company contributions and (b) Plan earnings, and charged with withdrawals and allocations of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants vest at 20% after two years, increasing by 20% in each year thereafter, and are 100% vested after six years of credited service. Participants hired prior to January 1, 2007, will be 100% vested after five years of credited service.

PARTICIPANT NOTES RECEIVABLE

The Plan permits participants who are current employees to borrow certain amounts against their vested account balances. The maximum loan is $50,000 or 50% of their account balance at the origination of the loan, whichever is less. Such notes bear interest at the prime rate, plus 1%, and are repaid to the participant's account in equal semimonthly installments over a period of not less than 6 but not more than 54 months. Interest rates, on these notes outstanding as of December 31, 2010 and 2009, ranged from 4.25% to 9.25%. As of December 31, 2010, remaining maturities of outstanding notes range from January 2011 through June 2015. The notes are collateralized by the participant's vested balance in the Plan.

PAYMENT OF BENEFITS

On termination of service due to death, complete and total disability, extreme hardship, or the attainment of the normal retirement age, participants may elect the method of distribution of their vested interests in Plan assets from the following alternatives:

a. Purchase of an annuity available under a group annuity contract
b. Payment of a single distribution
c. Combination of lump-sum payment and annuity purchase
d. Mandatory single disbursement if vested interest is $1,000 or less

FORFEITED ACCOUNTS

Any amount of a participant's account attributable to Company contributions not vested at termination of employment is forfeited if the participant does not resume employment with the Company prior to incurring five consecutive one-year breaks in service. Accumulated forfeited nonvested accounts totaled $719,079 and $449,375 at December 31, 2010 and 2009,

respectively. Administrative expenses paid by the Company were reduced by $350,238 from forfeited nonvested accounts in 2010. Forfeited nonvested accounts may be used to restore Company contribution accounts and retirement benefit accounts of rehired participants, reduce Company contributions and retirement benefit contributions, or pay reasonable expenses for the administration of the Plan. Certain administrative expenses of the Plan are paid by the Company; others are paid by the Plan.

2. SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Certain reclassifications have been made to the December 31, 2009 balances presented above to conform to the December 31, 2010 financial statement presentation. Specifically, the Plan presented the amount reported as participant notes receivable, which was previously included within investments, in the statements of net assets available for benefits as of December 31, 2009, to conform to the current-year presentation. The reclassification did not impact the net assets available for benefits as of December 31, 2009.

The Company has evaluated events subsequent to December 31, 2010 and through October 10, 2011, the date the financial statements were available to be issued.

INVESTMENT VALUATION

The Plan's investments are stated at fair value. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end. The Stable Value Fund is stated at fair value and then adjusted to contract value. The Stable Value Fund has investments in GICs issued by Pacific Life and security-backed investment contracts. The fair value of a GIC is based on the present value of future cash flows using the current discount rate. The fair value of a security-backed investment contract includes the value of the underlying securities and value of the wrapper contract. The fair value of a wrapper contract provided by a security-backed investment contract issuer is the present value of the difference between the current wrapper fee and the contracted wrapper fee.

Purchases and sales of securities are reflected on a trade date basis. Interest income is recorded as earned on an accrual basis and dividend income is recorded on the ex-dividend date.

Included in the statement of changes in net assets available for benefits is the net appreciation or depreciation in the fair value of the Plan's investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

Participants can direct the investment of their contributions into mutual funds offered by the Plan and the Stable Value Fund. If more than one investment option is selected, the allocation must be in whole percentages.

ADOPTION OF NEW ACCOUNTING PRONOUNCEMENTS

Effective September 30, 2009, the Plan adopted the Financial Accounting Standards Board (FASB) Accounting Standards Codification (Codification) as the single source of authoritative U.S. GAAP. The Codification did not create new accounting and reporting guidance, rather it reorganized then-existing U.S. GAAP pronouncements into approximately 90 Topics within a consistent structure. All guidance in the Codification carries an equal level of authority. After the effective date of the Codification, all nongrandfathered accounting literature not included in the Codification is superseded and deemed nonauthoritative. Adoption of the Codification also changed how the Plan references U.S. GAAP in its financial statements.

In September 2010, the FASB issued Accounting Standards Update (ASU) No. 2010-25, *Reporting Loans to Participants by Defined Contribution Pension Plans*. The ASU requires that participant loans be classified as participant notes receivable rather than a plan investment and measured at unpaid principal balance plus accrued but unpaid interest rather than fair value. The Plan retrospectively adopted the ASU in 2010. Adoption did not have a material effect on the Plan's financial statements.

In January 2010, the FASB issued ASU No. 2010-06, *Fair Value Measurements and Disclosures*, which amends the Codification's Fair Value Measurements and Disclosures Topic, adding new disclosure requirements for Levels 1 and 2, separate disclosures of purchases, sales, issuances, and settlements relating to Level 3 measurements and clarification of existing fair value disclosures. The ASU is effective for periods beginning after December 15, 2009, except for the requirement to provide Level 3 activity of purchases, sales, issuances, and settlements on a gross basis, which will be effective for fiscal years beginning after December 15, 2010. The Plan prospectively adopted the new guidance in 2010, except for the Level 3 reconciliation disclosures, which are required in 2011. The adoption in 2010 did not materially affect, and the future adoption is not expected to materially affect, the Plan's financial statements.

USE OF ESTIMATES

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

RISKS AND UNCERTAINTIES

The Plan provides for investment in any combination of mutual funds and guaranteed interest contracts offered. These investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits as of December 31, 2010 and 2009, and the statement of changes in net assets available for benefits for the year ended December 31, 2010.

PARTICIPANT NOTES RECEIVABLE

Participant notes receivable are carried at the aggregate unpaid principal balance of notes outstanding which approximates fair value, and are collateralized by the participant's vested account balances.

BENEFITS PAYABLE

Benefit payments to participants are recorded upon distribution. Amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid were $308,427 and zero as of December 31, 2010 and 2009, respectively.

4. FAIR VALUE OF FINANCIAL INSTRUMENTS

The Codification's Fair Value Measurements and Disclosures Topic establishes a hierarchy that prioritizes the inputs of valuation methods used to measure fair value for investments that are carried at fair value. The hierarchy consists of the following three levels that are prioritized based on observable and unobservable inputs.

Level 1 Unadjusted quoted prices for identical instruments in active markets. Level 1 investments would include securities that are traded in an active exchange market.

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in inactive markets; and model-derived valuations for which all significant inputs are observable market data.

Level 3 Valuations derived from valuation techniques in which one or more significant inputs are unobservable. Level 3 investments include less liquid securities for which significant inputs are not observable in the market, such as certain structured securities that require significant management assumptions or estimation in the fair value measurement.

This hierarchy requires the use of observable market data when available.

The following tables present, by fair value hierarchy level, the Plan's investments that are carried at fair value as of December 31, 2010 and 2009.

December 31, 2010:	Level 1	Level 2	Level 3	Total
Mutual funds:				
Growth funds	$207,065,509			$207,065,509

For the years ended December 31, 2010 and 2009, there were no significant transfers in or out of Levels 1 and 2.

FAIR VALUE MEASUREMENT

The Codification's Fair Value Measurements and Disclosures Topic defines fair value as the price that would be received to sell the asset or paid to transfer the liability at the measurement date. This "exit price" notion is a market-based measurement that requires a focus on the value that market participants would assign for an asset or liability.

LEVEL 3 RECONCILIATION

The table below presents a reconciliation of the beginning and ending balances of the Level 3 private equity and residential mortgage-backed securities (RMBS) financial assets that have been measured at fair value on a recurring basis using significant unobservable inputs.

Beginning balance, January 1, 2010	$0
Unrealized losses related to assets still held at the reporting date	(290,511)
Purchases, sales, issuances, and settlements	3,687,433
Ending balance, December 31, 2010	$3,396,922

6. INCOME TAX STATUS

The IRS has determined and informed the Company by letter, dated October 14, 1998, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the IRS determination letter.

On January 15, 2010, the Company submitted an application under the IRS Voluntary Correction Program (VCP) to address immaterial compliance issues that occurred during Plan years ending December 31, 2006 through 2009. By letter dated June 25, 2010, the IRS acknowledged the Company's VCP application and resolved not to pursue any adverse sanctions.

The Company and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan and related trust continue to be tax exempt. As a qualified tax exempt entity, the Plan's financial statements do not include a provision for income taxes.

As of December 31, 2010, there are no uncertain tax positions taken or expected to be taken that would require recognition of an asset or liability or require additional disclosure in the financial statements.

7. STABLE VALUE FUND

Effective January 4, 2010, the Fixed Yield Fund – Guaranteed interest contracts issued by Pacific Life were transferred to the Stable Value Fund managed by an unrelated third-party. The Stable Value Fund is primarily comprised of investment contracts issued by financial institutions and cash equivalents. The types of investment contracts in which the Stable Value Fund invests include GICs and security-backed investment contracts.

The GICs are issued by Pacific Life and guarantee the return of principal and a stated rate of interest. The guarantee is backed by the general account of the Company. The Company is contractually obliged to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%.

Securities-backed investment contracts are comprised of two components: 1) a book value wrap contract issued by a financial institution and 2) an underlying investment grade quality portfolio of fixed income securities backing the contract whose market prices fluctuate. The wrap contract is the vehicle which allows participants to transact at book value (principal plus accrued interest) without experiencing the price fluctuations of the underlying securities.

The Stable Value Fund is included in the financial statements at fair value and then adjusted to contract value as reported to the Plan by the Company, in accordance with the Codification's Plan Accounting – Defined Contribution Pension Plans Topic. The fair value and contract value as of December 31, 2010 was $309,775,040 and $291,989,251, respectively.

Certain events such as premature termination by the Company may limit the ability of the Plan to transact at contract value. Plan management does not believe that the occurrence of events that would cause the Plan to transact at less than contract value is probable.

The average yield based on the fair value of invested assets and annualized earnings was 4.60% and the average yield based on interest credited to participants was 4.72% for 2010.

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

8. RELATED-PARTY TRANSACTIONS

The Plan invests in GICs issued by Pacific Life. See Note 7. The fair value and contract value as of December 31, 2010 was $208,028,751 and $191,841,854, respectively.

In March 2010, the residual plan assets in the amount of $24,729,749 were transferred to the Plan upon termination of the Pacific Life Employees' Retirement Plan. As of December 31, 2010, $15,587,523 remains as unallocated Company contributions.

These transactions qualify as exempt party-in-interest transactions and therefore are not considered to be prohibited transactions under ERISA.

9. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.
