As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (the "DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to information summarized in Note 4, which was certified by Frontier Trust Company (the "Custodian"), the custodian of the Plan's investment assets, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Custodian as of January 18, 2012 (termination) and for the period from January 1, 2012 to January 18, 2012 (termination), that the information provided to the Plan administrator by the Custodian is complete and accurate.

As described in Note 2 of the financial statements, the Sponsor resolved on September 29, 2011 to terminate the Plan. Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

GETRAG CORPORATION 401(k) PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS – LIQUIDATION BASIS
JANUARY 18, 2012 (TERMINATION) AND DECEMBER 31, 2011

1. DESCRIPTION OF PLAN

The following description of the Getrag Corporation 401(k) Plan & Trust (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering former employees of Getrag Corporation (the “Sponsor”) which was purchased by GKN Driveline Newton, LLC (“GKN”), as discussed in Note 2, and who have at least 6 months of qualified service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”) and the Internal Revenue Code (the “IRC”).

Contributions

As discussed in Note 2, the Sponsor resolved to terminate the Plan on the same date the assets from the former plan were transferred-in. As such, there are no contributions for the period from January 1, 2012 through January 18, 2012 (termination).

Investment options

The Plan’s assets are held by Frontier Trust Company (the “Custodian”), the custodian of the Plan’s investment assets. Under this arrangement with the Custodian and upon enrollment in the Plan, participants may direct contributions in any whole percentage increments into any of the available funds.

Participant accounts

Each participant’s account is credited with (a) the participant’s contributions, (b) the Sponsor’s contributions on behalf of the participant and (c) the earnings and losses of the participant’s investments, and is charged with any expenses incurred as a result of transactions initiated by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Sponsor’s contributions and actual earnings thereon is based on years of qualifying service. A participant is 100% vested after three years of credited service. Upon termination of the Plan, as discussed in Note 2, all participants became fully vested in their accounts.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Terms of loans may not exceed five years, except for loans to purchase a principal residence, which may be longer. The loans are secured by the balance in the participant’s account and bear interest at a fixed rate determined by the Plan’s administrator at the date of origination. This rate may be no less than prime plus 1%. Principal and interest are paid ratably through periodic payroll deductions. Interest rates ranged from 4.25% to 10.25% on participant loans outstanding at December 31, 2011. Upon termination of the Plan, as discussed in Note 2, no new loans were permitted and repayment of existing loans ceased. Any loans for participants who did not elect to have their funds transferred into the GKN plan were deemed distributed to those participants.

Payment of benefits

Upon termination of the Plan, as discussed in Note 2, participants were offered the choice of taking a lump-sum distribution of their account balance or, if currently employed with GKN, rolling their funds into the GKN plan. Participants who did not elect otherwise and whose vested account balance is between \$1,000 and

\$5,000, had their vested account balance automatically transferred into an individual retirement account managed by the Custodian. Participants whose vested account balance did not exceed \$1,000 received a lump-sum distribution of the vested account balance immediately following termination of the Plan.

Administrative expenses

Administrative fees associated with certain participant-directed transactions are paid by the Plan. These fees are charged to the accounts of the participants who initiate the transactions.

2. PLAN TERMINATION

During 2011, the Sponsor's facilities in North Carolina and Michigan were purchased by GKN. On September 15, 2011, the Sponsor formed the current Getrag Corporation 401(k) Plan & Trust (the "Plan"), and all participants' accounts from the purchased facilities were transferred into this plan from the former Getrag Corporation 401(k) Plan & Trust on September 29, 2011. The Sponsor then resolved to terminate the Plan on September 29, 2011.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements are prepared using the liquidation basis of accounting in accordance with accounting principles generally accepted in the United States of America for terminating plans.

Payment of benefits

Benefits are recorded when paid.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Interest income is recorded when earned. Net appreciation/depreciation includes dividends, gains and losses on investments bought and sold as well as held during the period.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are recorded as distributions based on the Plan's provisions.

Subsequent events

The Sponsor has evaluated subsequent events through November 7, 2012, the date the financial statements were available to be issued.

4. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The Sponsor has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Sponsor instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Custodian, except for comparing such information certified by the Custodian to information included in the Plan's financial statements.

The following information included in the Plan's financial statements was prepared and certified to be complete and accurate by the Custodian as of January 18, 2012 (termination) and December 31, 2011 and for the period from January 1, 2012 to January 18, 2012 (termination):

	2012	2011
Investments:		
Mutual funds	\$ -	\$ 11,446,216
Collective trust	-	4,777,138
	<u>\$ -</u>	<u>\$ 16,223,354</u>
Investment income:		
Net appreciation in fair value of mutual funds	\$ 386,037	
Interest on collective trust	687	
	<u>\$ 386,724</u>	

Investments representing 5% or more of the Plan's net assets available for plan benefits at January 18, 2012 (termination) and December 31, 2011 are as follows:

	2012		2011
Federated Capital Preservation Trust	\$ -	*	\$ 4,777,138
Neuberger Berman Genesis Fund	-	*	1,228,658

* Investment represents less than 5% of net assets in the year indicated; shown above for comparison only.

5. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used during the period from January 1, 2012 to January 18, 2012 (termination).

- Mutual funds: valued at the net asset value ("NAV") of the shares held by the Plan, as determined by quoted prices from active markets.
- Collective trust: valued at the NAV of the shares held by the Plan, as determined by the Custodian using the audited financial statements of the trust.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Sponsor believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011:

	Level 1	Level 2	Level 3	Total
Mutual funds:				
Domestic equity funds	\$ 6,182,584	\$ -	\$ -	\$ 6,182,584
Fixed income funds	2,003,839	-	-	2,003,839
Balanced funds	1,556,151	-	-	1,556,151

6. RELATED PARTY TRANSACTIONS

The Sponsor pays certain costs on behalf of the Plan for insurance and audit fees. The Sponsor also provides recordkeeping and administrative services to the Plan at no cost.

7. LIFE INSURANCE CONTRACTS

The Plan had purchased certain allocated life insurance contracts, which represented a legal obligation by the insurance company to provide specific benefits to designated Plan participants or their beneficiaries. As a result, the cash surrender values of these contracts are not Plan assets and were excluded from the net assets available for plan benefits at December 31, 2011.

8. TAX STATUS

The Plan utilizes a prototype plan document sponsored Ascensus Inc., who received a letter from the IRS, dated March 31, 2008, in which the IRS opined that the prototype plan is acceptable under the applicable sections of the IRC. Though the Plan has not received a determination from the IRS, the Plan administrator believes that the Plan is designed and is being operated in accordance with the applicable sections of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of January 18, 2012 (termination) and December 31, 2011 there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods in progress.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the Plan's net assets available for plan benefits and net decrease in net assets available for plan benefits as reported in the accompanying financial statements and those amounts reported on Form 5500 as of January 18, 2012 (termination) and December 31, 2011 and for the period from January 1, 2012 to January 18, 2012 (termination):
