1. Description of the Plan

The following description of the Sulphur Springs Bancshares, Inc. Employee Stock Ownership 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan. Specifically, it is an employee stock ownership plan with 401(k) provisions that is intended to invest primarily in Sulphur Springs Bancshares, Inc. (referred to as the Plan Sponsor or Company) common stock and managed investments which are funded by contributions from both the participants and the Plan Sponsor. The Plan was adopted January 1, 1991, and most recently amended effective July 1, 2007, to incorporate certain additional provisions. Employees become eligible for participation at the age of twenty-one and upon entering the first of the month of employment following their respective hire date. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

For 2010 and 2009, participants may contribute up to 15% of their compensation (as defined) on a tax-deferred basis, subject to certain maximum limitations imposed by the Internal Revenue Code ($16,500 for 2010 and $15,500 for 2009). The Company may make discretionary matching contributions. During 2010 and 2009, discretionary matching contributions totaled approximately $122,000 and $120,000, respectively. Rollover contributions are allowed only if such contributions will not jeopardize the tax exempt status of the Plan, and may be made prior to meeting the eligibility requirements for participation in the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's discretionary matching contributions (any amount equal to $1.00 for every dollar of salary deferral made up to 8% of the participant's total compensation) and plan earnings and charged with an allocation of plan expenses. Allocations are based on participants' investment elections and earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

All participant contributions are immediately fully vested and nonforfeitable. The Company's discretionary matching contributions vest to participants immediately, and discretionary profit sharing contributions vest on a graduated scale of twenty, forty, sixty, eighty and one hundred percent after one, two, three, four, and five years of service, respectively.

Investment Options

Participants direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts as investment options for participants, as well as Company stock. At any time, participants may liquidate any mutual fund holdings and invest the funds in cash or a money market investment. Additionally, participants may change their investment options within mutual funds on a quarterly basis. Participants initiate these changes by contacting the Plan's registered investment advisor or the Plan's custodian.

Participant Loans

Participants may borrow from their accounts an amount not to exceed the lesser of: (a) one-half of the participant's vested account balance or (b) $50,000 reduced by the participant's greatest outstanding loan balance during the 12 months preceding the date of the loan. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates based generally on the prime lending rate. Loans are required to be repaid within 5 years of the date of the loan except in the case of certain loans to acquire a principal residence, which may be repaid over a period not to exceed 10 years. Principal and interest are repaid ratably through payroll deductions.

Payments of Benefits

Payments for benefits under the Plan are recorded when paid. Upon termination of service due to death, disability or retirement, participants may receive a lump sum payment equal to their vested account balance. Participants who are also active employees can request a hardship withdrawal up to their vested account balance, subject to certain conditions and restrictions.

Forfeitures

Forfeitures represent the portion of non-vested account balances of terminated participants. The employer matching forfeiture allocation, if any, is applied to reduce the Company's discretionary matching contribution. For the year ended December 31, 2010, there were no forfeited non-vested accounts.

2. Summary of Significant Accounting Policies

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. However, such officers and employees receive no compensation from the Plan. Administrative expenses of the Plan are paid by the Company.

Risks and Uncertainties

The Plan provides for various investment options in investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risks associated with investment securities, and the level of uncertainty related to changes in the value of these securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes in net assets available for benefits.

Benefits Payable to Terminated Participants

Benefits are recorded when paid.

Investment Valuation and Income Recognition

Investments of the Plan are presented at fair market value (see Note 5). Quoted market prices, if available, are used to value investments.

Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade date basis.

Subsequent Events

The Company has evaluated subsequent events for potential recognition and/or disclosure through the date these financial statements were issued.

3. Investment in Employer Securities

The investment in employer securities represents 32,165 shares of the Company's common stock at both December 31, 2010 and 2009, which is recorded at estimated fair market value. The Company obtains an annual valuation of its common stock by an unrelated third party, which has determined the fair value per share to be $114.00 and $111.00 at December 31, 2010 and 2009, respectively.

4. Related Party Transactions

Certain Plan investments are shares of pooled separate accounts managed by John Hancock. John Hancock is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

5. Information Certified by John Hancock (Unaudited)

The Custodian of the Plan has supplied the Plan Sponsor with a certification as to the completeness and accuracy of all investments and related activity, including information presented in the accompanying statements of net assets available for benefits and changes in net assets available for benefits and the supplemental schedule. The certification of the Custodian is in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The Plan's investments are held by John Hancock. The following table presents investments that represented 5% or more of the Plan's net assets at December 31, 2010:

Lifestyle Conservative	$	1,751,629
Lifestyle Balanced	$	1,234,489
Lifestyle Moderate	$	987,527
Lifestyle Growth	$	628,835

The Plan's investments were held by Fidelity in 2009. The following table presents investments that represented 5% or more of the Plan's net assets at December 31, 2009:

Fidelity Freedom 2010 Fund	$	459,970
Columbia Acorn Select Class Z Fund	$	454,758

The following table presents investments which appreciated or depreciated in value during the years ended December 31, 2010 and 2009 (including gains and losses in investments bought and sold, as well as held during the year).

	2010	2009
Registered investment companies	$ 547,194	$ 855,450
Employer securities	96,495	385,980
	$ 643,689	$ 1,241,430

6. Tax Status

The Plan obtained its latest determination letter on October 26, 2000, in which the Internal Revenue Service stated that the Plan was in compliance with the applicable requirements of the Internal Revenue Code. While the Plan was most recently amended July 1, 2007, the Plan Sponsor believes that no events, circumstances, or amendments have changed since the date of the most recent determination letter that would result in non-compliance with the applicable requirements of the Internal Revenue Code. Accordingly, no provision for income taxes has been included in the accompanying Plan financial statements.

7. Plan Termination

While there is no intention to do so, the Company reserves the right to terminate the Plan. In the event of termination of the Plan, the participants become fully vested in their employer contribution balances, and the net assets of the Plan will be distributed to the participants of the Plan in accordance with the provisions of ERISA.
