NOTES TO FINANCIAL STATEMENTS
Years Ended December 31, 2011 and 2010

Note 1. DESCRIPTION OF PLAN

The following description of the First Alarm, Inc. Employee Stock Ownership Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a stock bonus employee stock ownership plan (ESOP), within the meaning of Code section 4975(e)(7) covering all employees over age 21 who have completed one year of service with one thousand hours and are not covered under a union collective bargaining agreement. Companies participating in the Plan include First Alarm, Inc. and First Alarm Security and Patrol, Inc. (the Companies). The Plan is subject to the provisions of the Employee Retirement Security Act of 1974 (ERISA).

Contributions

The participating Companies can make discretionary employer contributions to the Plan at the option of the Board of Directors. The Board elected to not contribute in 2011 and 2010. Participants are not allowed to make contributions to the Plan and rollovers to the Plan shall not be accepted.

Participant Accounts

Each participant's account shall reflect the amounts allocated thereto and distributed therefrom and such other information that affect the value of such account pursuant to the Plan. The value of a participant's account on any date shall be its value as determined on the coincident or immediately preceding the valuation date, plus any contributions or other amount subsequently credited thereto, and less any distributions subsequently made therefrom; provided that with respect to any account or portion thereof invested on a segregated basis, the value shall be the current fair market value, including any income or loss, of the property constituting such segregated account.

Employer contributions are allocated to each participant's account based upon the relation of the participant's eligible compensation to total compensation for the Plan year.

Plan Expenses

The Companies pay all Plan expenses, and if such expenses remain unpaid for a period of sixty days, they may be paid from the Plan.

Note 1. DESCRIPTION OF PLAN (Continued)

Payment of Benefits

Benefits under the Plan shall be distributed solely from the Plan. The Companies shall have no liability or responsibility for benefit distributions. Distribution of benefits shall be limited to those portions of a participant's vested account. Upon death, disability, or attaining normal retirement age, a participant or beneficiary may elect to receive the value of his or her account as a lump sum amount payable to the participant or his or her beneficiary no later than one year after the end of the plan year in which the participant dies, becomes disabled, or attains normal retirement age. If a participant's entire vested account exceeds $5,000 and distribution is due to other than the participant reaching normal retirement age, disability or death, the distribution of such account shall commence during, but before the end of, the sixth plan year following the plan year in which the participant has a severance from employment. If a participant's entire vested account does not exceed $5,000, the distribution of such account shall be made as soon as administratively feasible after the end of the plan year in which the participant has severance from employment.

Vesting

Vesting in the Company's discretionary contributions is based on years of continuous service in the Plan. A participant is vested after years of credited service per the following schedule:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Also, a participant will be credited with one year of service for every seven years of service credited prior to the effective date of the plan. The value of a participant's account shall become fully vested when the participant attains his or her normal retirement age while an employee, or upon his or her severance from employment by reason of death.

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Forfeited Accounts and Undistributed Earnings

There were no balances available in the forfeiture account at December 31, 2011 or 2010. Amounts forfeited by terminated participants shall be allocated to remaining eligible participants. Forfeitures allocated to remaining eligible participants amounted to $20,139 and $22,034 for the years ended December 31, 2011 and 2010, respectively.

Valuation

The carrying value of cash included in the accompanying statement of net assets available for benefits approximated fair value at December 31, 2011.

Note 3. PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 4. TAX STATUS

The Plan's determination letter application is currently pending. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code (IRC). Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and concluded that, as of December 31, 2011, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress. The Plan Administrator believes that the Plan is no longer subject to income tax examinations for years prior to December 31, 2008.

Note 5. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain officers and employees of the Companies (who may also be participants in the Plan) perform administrative services related to the operation and financial reporting of the Plan. The Company pays these individuals salaries and also pays other administrative expense on behalf of the Plan.

These transactions are not deemed prohibited party-in-interest transactions, because they are covered by statutory and administrative exemptions from the IRC and ERISA's rules on prohibited transactions.

Note 6. SUBSEQUENT EVENTS

The Plan's management has evaluated subsequent events through November 1, 2012, the date of issuance of the financial statements.
