As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan Administrator instructed the other auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by John Hancock Life Insurance Company (the "Asset Custodian"). Their report, dated March 9, 2011, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole, and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Asset Custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 3 and 4, which was certified by the Asset Custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan Administrator that the Asset Custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the asset custodians as of June 30, 2011 and 2010, and for the year ended June 30, 2011, that the information provided to the Plan Administrator by the Asset Custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The supplemental schedules are presented for the purposes of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Notes to Financial Statements
June 30, 2011 and 2010

(1) Description of the Plan

The following description of the Captek Softgel International, Inc. (the "Plan Sponsor") 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established as a profit sharing plan with a cash or deferred arrangement on July 1, 1997. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and is designed to qualify under Section 401(k) of the Internal Revenue Code (the "Code"). The Plan was amended and restated in 2002 to conform the Plan to new tax laws. Effective February 15, 2009, the Plan Sponsor adopted the California Benefit Planners Prototype Non-standardized Cash or Deferred Profit Sharing Plan.

Administration of the Plan

The Plan is administered by the Plan Sponsor and a third party service provider, California Benefit Planners (collectively the "Plan Administrator"). The Plan Administrator consults with the Board of Directors and key management personnel of the Plan Sponsor when managing the operations and the administration of the Plan.

The Plan is operated under an agreement which requires that John Hancock Life Insurance Company ("John Hancock"), as asset custodian and record-keeper, holds and distributes the funds of the Plan in accordance with the text of the Plan and the instructions of the Plan Administrator or its designees.

Contributions

Employees are eligible to participate in the Plan after completing one year of service and attaining age 21, except members of a collective bargaining unit and non-resident aliens Eligible employees are able to enroll in the Plan semiannually on July 1 and January 1. In accordance with the Plan, participants may contribute up to 100% of their annual compensation, after required deductions, such as those required by the Federal Insurance Contributions Act. Contributions are subject to certain limitations as defined in the Plan agreement, as well as a maximum of $16,500 for the year ended June 30, 2011, under the Code of 1986. Participants may roll over into the Plan amounts representing distributions from other qualified plans.

(1) Description of the Plan (continued)

Contributions (continued)

The Plan Sponsor may make discretionary non-elective contribution (profit sharing) allocations and/or matching contributions to participants employed at the Plan's year end and participants who became deceased, retired or disabled during the year. Discretionary profit sharing contribution allocations are determined by the Plan Sponsor based upon each participant's compensation in proportion to the compensation of all participants. There were no discretionary profit sharing contributions during the year ended June 30, 2011. Discretionary matching contributions are determined by the Plan Sponsor based on a discretionary percentage of each participant's elective deferrals or a flat dollar amount allocated on a uniform basis to all participants. The Plan Sponsor made discretionary matching contributions of 50% of participant elective deferrals limited to 2% of compensation or $30,481 for the year ended June 30, 2011.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Plan Sponsor's profit sharing and/or matching contributions and investment earnings and charged with an allocation of expenses and investment losses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's profit sharing and matching contributions plus actual earnings thereon is based on years of continuous service. A participant vests at the rate of 20% after two years of credited service and 20% each year thereafter until 100% is reached after six years of credited service. Participants are also fully vested at death, normal retirement and upon termination for disability.

Investment Options

The Plan offers various investment options which are managed by several outside investment managers. Upon enrollment in the Plan, participants may direct their contributions in any of the investment options offered at the time. Participants may change their investment options daily. Participants should refer to the investment literature provided by the Plan Sponsor for a complete description of the investment options and for the detailed composition of each investment fund.

(1) Description of the Plan (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts. Such borrowings and repayments are treated as transfers from and to, respectively, the participant's investment funds. Borrowings are secured by the participant's vested account balance and bear interest at a rate of 2% over the prime rate. Loans are limited to the lesser of $50,000, reduced by the highest outstanding loan balance during the preceding 12 months, or 50% of the participant's vested account balance. A loan shall be repaid within five years, unless it is used for the purchase of a primary residence.

Notes receivable from participants are payable through payroll deductions in installments of principal plus interest at rates between 5.25% and 8.75%, with final payments due between December, 2012 and May, 2015.

Payment of Benefits

Upon termination of service due to death, retirement or disability, the following benefit payment options are available to each participant:

- Participants with vested account balances of $1,000 will receive a single lump sum payment in cash equal to the value of the vested interest in his or her account.
- Participants with vested account balances between $1,000 and $5,000 may elect to receive either a single lump sum payment in cash equal to the value of the vested interest in his or her account or rollover such amount to another qualified plan.
- Participants with vested account balances greater than $5,000 may elect to receive either a single lump sum payment in cash equal to the value of the vested interest in his or her account, rollover such amount to another qualified plan or defer benefits. If subject to required minimum distributions in accordance with the Plan's provisions, participants may receive distribution payments in installments.

Withdrawals by terminated participants, prior to the attainment of age 59½, which are not rolled over into another qualified plan, are also subject to ordinary income taxes and penalty.

In-service account withdrawals are permitted for participants who suffer certain financial hardships and meet criteria established by the Internal Revenue Service ("IRS"). In-service account withdrawals are also permitted for participants with 100% vested account balances upon the attainment of age 59½ or disability. Any withdrawals by participants prior to terminating employment with the Company and prior to age 59½ are subject to ordinary personal income taxes and penalty.

(1) Description of the Plan (continued)

Forfeited Accounts

In accordance with the Plan agreement, forfeitures attributable to profit sharing and/or matching contributions must be applied first to reduce expenses related to the administration of the Plan and then to reduce any employer contributions. As of June 30, 2011 and 2010, forfeited accounts totaled $8,359 and $17,113, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become 100% vested in their accounts.

(2) Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared under the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Subsequent Events

The Plan Administrator evaluated subsequent events through November 7, 2012, the date the financial statements were available to be issued.

Investment Valuation and Income

The fair value of the Plan's investment in pooled separate accounts is determined by the asset custodian based on quoted market values of the underlying investments.

In accordance with GAAP, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive at the end of each contract term. GAAP requires that, the statements of net assets available for benefits presents the fair value of fully benefit-responsive

(2) Significant Accounting Policies (continued)

Investment Valuation and Income (continued)

investment contracts as well as an adjustment from fair value to contract value. The fair values of the Plan's investments in guaranteed interest accounts approximated their contract values as of June 30, 2011 and 2010. Accordingly, the accompanying statements of net assets available for benefits do not include contract value adjustments.

The fair value of guaranteed interest accounts was determined based on the liquidation value calculated using a formula, as defined under the terms of the contracts. The aforementioned actuarial formula takes into consideration the following factors: (i) current interest rate for new deposits (established at the beginning of each month based on current market rates), (ii) composite rate (average yield), and (iii) the number of quarters remaining in the guaranteed term. The composite rate is determined at the end of the reporting year based on the dollar-weighted average rate of all contributions to a guaranteed interest account. After the end of each reporting year, contributions made will continue to earn that reporting year's composite interest rate until the end of the guaranteed term. For each reporting year in which a contribution to a guaranteed interest account made, a new account is established for all contributions made during that reporting year.

Withdrawals or transfers from guaranteed interest accounts prior to the end of the guaranteed term are subject to a market value adjustment (account reduction), difference between fair value and contract or book value, if the current interest rate is higher than the composite rate.

The current rates for the Plan's three, five and ten year guaranteed interest accounts were 0.1%, 0.7% and 1.4%, respectively, as of June 30, 2011. The current rates for the Plan's three, five and ten year guaranteed interest accounts were 0.6%, 1.2% and 1.7%, respectively, as of June 30, 2010. Composite rates for the Plan's guaranteed interest accounts as of June 30, 2011 and 2010 were as follows:

Guaranteed	Composite Rates	
Accounts	June 30, 2011	June 30, 2010
3 year	0.4% - 1.6%	0.5% - 3.8%
5 year	1.1% - 4.3%	1.1% - 4.6%
10 year	1.5% - 5.1%	2.0% - 5.6%

(2) Significant Accounting Policies (continued)

Investment Valuation and Income (continued)

The fair value of the Plan's investments in pooled separate accounts was determined by the asset custodian based on quoted market values of the underlying investments. When there are no readily available market quotations for a security, the portfolio security is valued based on its fair value, which typically is the amount which the mutual fund might reasonably expect to receive for the security upon a current sale.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the date received. Realized gains and losses on investments are based on the market value of the asset at the beginning of the year or at the time of purchase for assets purchased during the year and the related fair value on the date investments are sold during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan's agreement.

Payment of Benefits

Benefit payments to participants are recorded upon distribution. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan as of June 30, 2011.

Administrative and Investment Expenses

The Plan and the Plan Sponsor share plan expenses. Certain direct investment expenses, such as record keeping fees, loan fees and withdrawal or distribution processing fees are deducted from participants' accounts. During the year ended June 30, 2011, $9,900 in Plan investment and administrative expenses were paid through the use of forfeitures.

Use of Estimates

The Plan Administrator has made a number of estimates and assumptions relating to the reporting of assets and liabilities to prepare these financial statements in conformity with GAAP. Accordingly, actual results may differ from those estimates.

(2) Significant Accounting Policies (continued)

Recent Accounting Pronouncements

In September 2010, the Financial Accounting Standards Board ("FASB") issued amended guidance on reporting loans to participants, which clarified how loans to participants should be measured and classified. The new guidance requires that participant loans be measured at their unpaid principal balance plus any accrued but unpaid interest and classified as notes receivable from participants, which is segregated from investments. Previous guidance required that participant loans be measured at fair value and classified within investments. The amended guidance is effective for annual reporting periods ending after December 15, 2010 and requires retrospective application to all prior periods presented. The Plan adopted the amended guidance for financial reporting purposes as of and for the year ended June 30, 2011, including retrospective application to prior periods presented. The adoption of such guidance did not have a material impact on the Plan's statements of net assets available for benefits as of June 30, 2011 or 2010 or statement of changes in net assets available for benefits for the year ended June 30, 2011.

In January, 2010, the FASB issued Accounting Standards Update ("ASU") 2010-06, "Improving Disclosures about Fair Value Measurements." ASU 2010-06 clarifies existing fair value disclosure requirements and requires additional disclosures about fair value measurements. The guidance clarifies existing fair value disclosures about the level of disaggregation presented and about inputs and valuation techniques used to measure fair value for measurements that fall in either Level 2 or Level 3 of the fair value hierarchy. The additional disclosure requirements include disclosure regarding the amounts and reason for the significant transfers in and out of Level 1 and Level 2 of the fair value hierarchy and separate presentation of purchases, sales, issuances and settlements of items within Level 3 of the fair value hierarchy. This guidance is effective for reporting periods beginning after June 15, 2009, except for the disclosures about Level 3 activity of purchases, sales, issuances and settlement, which is effective for reporting periods beginning after June 15, 2010. The Plan adopted the provisions of ASU 2010-06, as required, which did not have a material impact on its financial statements or presentation of accompanying disclosures.

In May, 2011, the FASB issued ASU 2011-04, "Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs." ASU 2011-04 converges the fair value measurement guidance in GAAP and International Financial Reporting Standards and is effective for reporting periods beginning after June 15, 2011. The Plan is currently evaluating the impact of the adoption of ASU 2011-04 on its financial statements and presentation of accompanying disclosures.

(3) Investments

In accordance with GAAP, the Plan uses a hierarchy for measuring the fair value of all financial assets and liabilities that are being measured and reported at fair value on a recurring and non-recurring basis. Fair value is measured in levels, which are described in more detail below, and are determined based on the observability and reliability of the assumptions used to determine fair value.

Level 1: Valuations for assets and liabilities traded in active exchange markets. Valuations are obtained from readily available pricing sources for market transactions involving identical assets or liabilities.

Level 2: Valuations for assets and liabilities traded in less active dealer or broker markets. Valuations are obtained from third party pricing services for identical or comparable assets or liabilities.

Level 3: Valuations for assets and liabilities that are derived from other valuation methodologies, including option pricing models, discounted cash flow models, and similar techniques, and not based on market exchange, dealer or broker traded transactions. These valuations incorporate certain assumptions and projections in determining the fair value assigned to such assets or liabilities.

Investments in the Plan are measured and reported at fair value on a recurring basis. The following tables show the balances of these assets based on their GAAP designated levels:

	As of December 31, 2011			
	Total	**Level 1**	**Level 2**	**Level 3**
Cash	$ 8,359	$ 8,359	$ -	$ -
Guaranteed interest account	129,433	-	-	129,433
Pooled separate accounts	1,060,482	-	1,060,482	-
Total	$ 1,198,274	$ 8,359	$ 1,060,482	$ 129,433

(3) Investments (continued)

	As of December 31, 2010			
	Total	**Level 1**	**Level 2**	**Level 3**
Cash	$ 17,113	$ 17,113	$ -	$ -
Guaranteed interest account	112,631	-	-	112,631
Pooled separate accounts	796,693	-	796,693	-
Total	$ 926,437	$ 17,113	$ 796,693	$ 112,631

A reconciliation of the guaranteed interest accounts for the years ended June 30, 2011 and 2010 is as follows:

	2011	2010
Beginning balance	**$ 112,631**	$ 105,285
Purchases	**46,204**	47,896
Sales	**(30,479)**	(42,276)
Interest	**2,430**	2,942
Fees	**(1,353)**	(1,216)
Ending Balance	**$ 129,433**	$ 112,631

Management may also be required, from time to time, to measure certain other financial assets at fair value on a non-recurring basis in accordance with GAAP. During the years ended June 30, 2011 and 2010, no other financial assets were measured at fair value on a nonrecurring basis.

Because management did not elect the fair value option for any non-financial assets or liabilities, there were no other assets or liabilities that were measured at fair value during the years ended June 30, 2011 and 2010.

(4) Investments and Information Certified by John Hancock Life Insurance Company

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors' not to perform any auditing procedures with respect to the following information certified by John Hancock, except for comparing such information certified by the asset custodian to information included in the

(5) Risks and Uncertainties

The Plan provides for various investment options in pooled separate accounts and guaranteed interest accounts. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of uncertainty related to changes in value of investment securities, it is at least reasonably possible that changes in the various risk factors could materially affect participants' account balances and the amounts reported in the financial statements.

(6) Tax Status

The Plan is based upon a prototype plan drafted by a third party service provider, California Benefit Planners. The IRS has determined and notified California Benefit Planners that the form of the prototype plan is acceptable under section 401 of the Code for use by employers for the benefit of their employees. The Plan Administrator believes that the Plan is designed and is

(6) Tax Status (continued)

currently being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for income taxes is included in the accompanying financial statements.

(7) Parties-in-interest

Certain Plan investments are managed by John Hancock. John Hancock is the custodian of these assets and provides record keeping services to the Plan; therefore, these transactions qualify as permitted party-in-interest transactions. The Plan Sponsor performs administrative functions at no cost, which is also considered a permitted party-in-interest transaction.

(8) Prohibited Transactions

For the year ended June 30, 2011, the Company transferred employee contributions and loan repayments of $134,758, into the Plan after what was considered to be a reasonable amount of time. These delinquent contributions are considered prohibited transactions by the Department of Labor and therefore may be subject to penalties and interest. On September 19, 2012, the Company paid interest of $250 to the Plan for delinquent contributions relative to the Plan year ended June 30, 2011.

(9) Other Matters

The Plan originally filed its Form 5500 as of and for the year ended June 30, 2011 timely with the Department of Labor; however, such filing omitted required limited-scope audited financial statements. The Plan is in the process of filing an amended Form 5500 with the Department of Labor, which will include required limited-scope audited financial statements. The Plan may be subject to penalties and fines as a result of this late filing.
