INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrative Committee of
Texas Tile Manufacturing, LLC
Houston, Texas

We were engaged to audit the accompanying statements of net assets in liquidation available for plan benefits of Texas Tile Manufacturing, LLC (a 401(K) Plan) (the Plan) as of January 3, 2012 and December 31, 2011, and the related statement of changes in net assets in liquidation available for plan benefits for the three day period ended January 3, 2012. These financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. The Plan Administrator has informed us that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the trustee, as of January 3, 2012 and December 31, 2011 and for the three day period ended January 3, 2012, that the information provided to the Plan Administrator by the trustee is complete and accurate.

As discussed in Note A to the accompanying financial statements, during 2011, the Plan Sponsor elected to merge the Plan into the Tarkett 401(k) Plan effective January 1, 2012. All Plan assets were transferred to the Tarkett 401(k) Plan on January 3, 2012. As a result, the Plan has changed its basis of accounting beginning January 1, 2011 from the going concern basis to the liquidation basis.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with generally accepted auditing standards in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

General - The 401(k) plan, Texas Tile Manufacturing, LLC (the Plan), was adopted effective January 1, 2006 to establish a savings and investment plan for the exclusive benefit of the employees of the company Texas Tile Manufacturing, LLC (the Company, Plan Sponsor, and Plan Administrator) and their beneficiaries. The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Basis of Presentation - The accompanying financial statements are prepared on the liquidation basis of accounting which is similar to generally accepted accounting principles in the United States (GAAP). Benefits are recorded when paid. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Estimates - The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan provides for several investment options which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the financial statements.

Participant Loans Receivable - Loans to participants are reported as a receivable from participants at the unpaid principal balance plus any accrued but unpaid interest.

Valuation of Investments - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In accordance with the policy of stating investments at fair value, net investment gain or loss is included in the carrying value of related investments in the statements of net assets in liquidation available for plan benefits and the changes in the net investment gain or loss are reflected in the statement of changes in net assets in liquidation available for plan benefits.

The statements of net assets in liquidation available for plan benefits present investment contracts at fair value as well as an additional line item showing an adjustment from fair value to contract value for fully benefit-responsive investment contracts. The statement of changes in net assets in liquidation available for plan benefits is presented on a contract value basis.

NOTE A BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(CONTINUED)

Benefit-Responsive Investment Contract - The Fidelity Managed Income Portfolio Fund invests primarily in asset-backed contracts that are fully benefit-responsive. These asset-backed contracts have two components: (1) a portfolio of securities or underlying assets and (2) a wrap contract. Pursuant to the contract, the issuer of the contract (wrap provider) undertakes to repay the principal amount deposited plus accrued interest less expenses to fund participant-directed withdrawals, transfers and loans. The crediting rate of the asset-backed contract is a function of the relationship between the market value, yield and duration of the underlying assets versus the contract value. If the positive adjustment for the portion of net assets attributable to fully benefit-responsive investment contracts from fair value to contract value increases, the crediting rate at the next reset date will be negatively impacted and vice versa. Interest rate change is a key factor that can influence future crediting rates because it impacts the value, yield and duration of the underlying securities.

All of the asset-backed contracts held by the Fidelity Managed Income Portfolio Fund are fully participating contracts. In a fully participating contract, the asset and liability risks may be transferred from the wrap provider to the Fidelity Managed Income Portfolio Fund in the event of a termination or non-participant directed withdrawal, transfer or loan. The risk of this event happening is not probable. The wrap provider may terminate a fully benefit-responsive contract and settle at an amount different from the contract value if the wrap provider of Fidelity Managed Income Portfolio Fund is unable to meet the terms of the contract.

Federal Income Tax - The Company adopted a Prototype Non-Standardized Profit Sharing Plan with a deferral arrangement. The Prototype Non-Standardized Profit Sharing Plan received a favorable opinion letter from the Internal Revenue Service on October 9, 2003, which stated that the Plan and related trust, as amended, are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since the favorable opinion letter was received. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and therefore, believes that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

The Plan believes that all significant tax positions utilized by the Plan will more likely than not be sustained upon examination. As of January 3, 2012, the tax years that remain subject to examination by the major tax jurisdictions under the statute of limitations are from the year 2009 forward (with limited exceptions). Tax penalties and interest, if any, would be accrued as incurred and would be classified as tax expense in the statement of changes in net assets in liquidation available for plan benefits.

NOTE B **PLAN DESCRIPTION**

The following description of the Plan provides only general information about the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Participation - All employees are eligible to become a participant in the Plan on the first day of the month following their hire date.

Contributions - Prior to liquidation, participants elected to make contributions to the Plan in an annual amount of 1% up to 60% of their eligible compensation. Eligible compensation in 2011 was limited to \$245,000. Contributions were made through authorized payroll reductions. These contributions by individual employees were limited to \$17,000 (participants under 50 years of age) and \$22,500 (participants 50 years of age or older) in 2012. This limitation is periodically adjusted to reflect cost-of-living increases. For the three day period ended January 3, 2012, no participant or Company contributions were made.

Each participant account is credited with the participant's contribution, the Company's contributions, and a pro rata share of the earnings of each fund in which the participant has invested.

Vesting - Participants are immediately vested in their salary reduction, rollover contributions, and all Company contributions plus actual earnings thereon.

Form of Benefits - The normal form of benefit payable under this Plan is a lump sum. For participants having attained age 70-1/2, minimum distribution requirements apply. Benefits are recorded when paid.

Participant Loans - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer between the investment fund and participant loans receivable. Loan terms range from 1 to 5 years or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates. Interest rates on loans outstanding at December 31, 2011 were 4.25% to 8.5%. All outstanding loans as of January 3, 2012 were transferred to the Tarkett 401(k) Plan.

Investments - Each participant directs the investment of their account into any of the investment options designated by the Plan Administrator.

Administration - The Company, as the Plan Administrator, may, at its discretion, pay the Plan's administrative expenses. Any Plan expenses not paid by the Company will be paid by the Plan. Substantially all Plan expenses were paid by the Company for 2012.

Plan Merger - Effective January 1, 2012, the Texas Tile Manufacturing, LLC Plan merged its Plan with the Tarkett North America Plan (Tarkett 401(k) Plan). As a result, net assets of \$3,042,505 were transferred to the Tarkett 401(k) Plan on January 3, 2012. The merger of the assets into the plan does not impact participant benefits as the benefit provisions were incorporated in the Tarkett 401(k) plan.

NOTES TO FINANCIAL STATEMENTS
JANUARY 3, 2012 AND DECEMBER 31, 2011

NOTE C **INVESTMENTS AND CERTIFIED INFORMATION**

Investments at January 3, 2012 and December 31, 2011 are recorded at fair value as certified by Fidelity Management Trust Company (Fidelity) as follows:

	<u>2012</u>	<u>2011</u>
Individual Investments Which Comprise 5% or More of Plan Net Assets		
Common/ Collective Trust		
Fidelity Managed Income Portfolio Fund	\$ -	\$ 1,088,077

Other Smaller Individual Investments		
Registered Investment Companies	<u>-</u>	<u>1,111,320</u>
	<u>\$ -</u>	<u>\$ 2,720,290</u>

2012 income (loss) as certified by Fidelity is as follows:

Net investment gain in registered investment companies	\$ 20,528
Net investment loss from common/collective trust	\$ (7,749)
Dividend income from registered investment companies	\$ 93
Interest income from participant loans	\$ 1

Fidelity also certified participant loans receivable.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

NOTE D **FAIR VALUE DISCLOSURES**

GAAP provides a framework for measuring fair value using a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value based upon whether the inputs to those valuation techniques are observable or unobservable. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical financial instruments and the lowest priority to unobservable inputs. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The financial instrument's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. These inputs are summarized in the three broad levels listed below:

Level 1 – Unadjusted quoted prices for identical financial instruments in active markets that the Plan has the ability to access.

NOTE D FAIR VALUE DISCLOSURES (CONTINUED)

Level 2 – Other significant observable inputs (including quoted prices in active and inactive markets for similar financial instruments), or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the financial instruments.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the financial instruments. The fair value of Level 3 financial instruments is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used during 2012 and 2011.

Registered investment companies are valued at the net asset value of shares held by the Plan at year end.

The common/collective trust is valued at fair value by the fund's trustee based on the net asset value of the underlying securities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation techniques are appropriate and consistent with other market participants, the use of different techniques or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair values of investments are categorized as follows at December 31, 2011:

	2011			
	Level 1	Level 2	Level 3	Total
Registered investment companies				
Value Funds	\$ 53,102	\$ -	\$ -	\$ 53,102
Growth Funds	488,652	-	-	488,652
Blended Funds	824,579	-	-	824,579
Fixed Income Funds	265,880	-	-	265,880
Common/Collective Trust	-	1,088,077	-	1,088,077
Total Investments at Fair Value	<u>\$ 1,632,213</u>	<u>\$ 1,088,077</u>	<u>\$ -</u>	<u>\$ 2,720,290</u>

There were no significant transfers in and/or out of the fair value categories during 2011. Due to the liquidation of the Plan, no investments were held as of January 3, 2012.
