INDEPENDENT AUDITORS' REPORT

Trustees of
Gilt Groupe, Inc 401(k) Plan

We were engaged to audit the accompanying statements of net assets available for benefits of the Gilt Groupe, Inc 401(k) Plan (the "Plan") as of December 31, 2011 and 2010, and the related statement of changes in net assets available for benefits for the year ended December 31, 2011, and the supplemental schedule of assets (held at end of year) as of December 31, 2011. These financial statements and supplementary schedule are the responsibility of the Plan's management. The financial statements of the Plan as of December 31, 2010, were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed the other auditors not to perform and they did not perform any auditing procedures with respect to the information certified by the Trustee. Their report, dated October 17, 2011, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by State Street Bank and Trust Company, the Trustee of the Plan (the "Trustee"), except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Trustee as of and for the year ended December 31, 2011, that the information provided to the Plan administrator by the Trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As discussed in Note 11, subsequent to December 31, 2011, the Plan adopted a resolution to merge with another plan established by the plan sponsor effective February 15, 2012. As of February 29, 2012, all of the Plan assets have been transferred to the other plan.

NOTES TO FINANCIAL STATEMENTS

Note 1: PLAN DESCRIPTION

The following description of the Gilt Groupe, Inc 401(k) Plan (the “Plan”) provides general information about the Plan’s provisions. Gilt Groupe, Inc (the “Company”) is the plan sponsor. Participants should refer to the plan document and summary plan description for a more complete description of the Plan’s provisions, copies of which may be obtained from the plan sponsor.

General

The Plan is a defined contribution plan covering substantially all full-time employees of the Company who are twenty-one years of age or older.

State Street Bank and Trust Company (the “Trustee”) is the trustee of the Plan. Automatic Data Processing, Inc. Retirement Services (“ADP”) is the recordkeeper for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Each year, participants may contribute up to 85% of eligible earnings, as defined by the Plan. Contributions are subject to a maximum amount permitted by the Internal Revenue Code (the “Code”), which is \$16,500 for the taxable years ended December 31, 2011 and 2010. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions subject to a maximum amount permitted by the Code of \$5,500 for the taxable years ended December 31, 2011 and 2010. Participants may elect to increase or reduce their rate of contribution at any time. A participant may make a rollover contribution to the Plan of amounts which he or she received from other qualified plans. Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options on a daily basis.

The Company may decide to make additional contributions to the Plan, in the form of a discretionary matching contribution, although the Company is not required to do so. Participants must make elective deferrals in order to receive this matching contribution. The percentage of elective deferrals to be matched, if any, will be determined by the Company and allocated to the participants’ accounts at the end of the Plan year. Participants must be employed by the Company on the last day of the Plan year to receive this allocation. No such matching contributions were made during the year ended December 31, 2011.

The Plan includes a Roth 401(k) contribution option which allows participants to contribute after-tax dollars into a Roth 401(k) account within the Plan, and allows for tax-free earnings on those contributions if subsequent distributions are qualified under the Code.

GILT GROUPE, INC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1: PLAN DESCRIPTION (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of the Company's matching contributions and Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Upon enrollment in the Plan, a participant may direct employee contributions to any of the investment options offered under the Plan. Participants may change their investment options at their discretion.

Vesting

Participants are immediately vested in their deferred contributions and rollover amounts plus actual earnings thereon. The Company's matching contributions will vest 25% after one year of credited service and 25% each year thereafter, with full vesting after four years of employment.

A participant's years of service for vesting are counted from the date of hire. If a participant terminates employment and is rehired within the next 12 months, the period of absence will be included in determining service for vesting purpose.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate of 5.25 percent, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator, and are generally payable in installments over periods ranging from one to five years (unless the loan is used for the purchase of a primary residence, in which case the repayment period may be up to thirty years). A participant may have up to three loans outstanding at any time. Principal and interest is paid ratably through periodic payroll deductions. A loan that is considered in default is reported as a deemed distribution which is a taxable event for the participant.

Payment of Benefits

On termination of service due to death, total permanent disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or in installment payments over a period not to exceed the life expectancy of the participant or the joint and last survivor.

In-service withdrawals of all or a portion of a participant's deferral contributions amount may be made by participants who have reached 59 1/2. Hardship withdrawals are permitted in cases of immediate and heavy financial need as defined in the Plan document. However, subsequent to a hardship withdrawal, participants' contributions are suspended for a period of six months. Minimum required distributions for participants who have reached 70 1/2 also apply in accordance with Internal Revenue Service ("IRS") regulations.

GILT GROUPE, INC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1: PLAN DESCRIPTION (Continued)

Forfeited Accounts

Upon termination of employment, participants forfeit their non-vested balance. Forfeited balances of terminated participant's non-vested accounts are used to pay administrative expenses and to reduce future Company contributions. At December 31, 2011 and 2010, there were no forfeited non-vested accounts. There were no forfeitures used during the year ended December 31, 2011

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a definite-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common collective trust. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. See Note 4 for discussion of fair value measurements.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

GILT GROUPE, INC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Notes receivables from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan documents.

Investment and Administrative Expenses

All investment and administrative expenses, other than those incurred by the individual funds pursuant to their governing documents related to the Plan, are paid by the Plan or the Company.

Subsequent Events

The Plan's management has evaluated subsequent events through October 15, 2012, the date the financial statements were available to be issued.

Recent Accounting Pronouncements

In January 2010, the FASB issued updated guidance to improve disclosures regarding fair value measurements. Disclosures regarding the valuation techniques and inputs used to measure fair value for both recurring and nonrecurring fair value measurements for assets and liabilities in both Level 2 and 3 are also required. The new disclosures and clarifications of existing disclosures were adopted by the Plan as of January 1, 2010 and did not have a material impact on the financial statements.

This updated guidance requires disclosure on a gross basis of purchases, sales, issuances, and settlements within Level 3 rather than as one net amount. This requirement is effective for plan years beginning after December 15, 2010, and did not have a material impact on the Plan's financial statements.

In May 2011, the FASB issued *Amendments to Achieve Common Fair Value Measures and Disclosure Requirements in U.S. GAAP and IFRSs* to amend ASC 820 to converge the fair value measurement guidance in U.S. generally accepted accounting principles (GAAP) and International Financial Reporting Standards (IFRSs). Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. The amendments also require additional fair value disclosures. The amendments are to be applied prospectively for nonpublic entities for annual periods beginning after December 15, 2011. Plan management is currently evaluating the effect that the provisions will have on the Plan's financial statements.

NOTE 3: INVESTMENTS – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE AS COMPLETE AND ACCURATE

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Trustee.

The following table presents investments that represent 5% or more of the Plan's net assets:

	December 31,	
	2011	2010
Fidelity Adv Freedom 2030 T	\$ 339,254	\$ 194,205
Fidelity Adv Freedom 2040 T	1,156,209	817,213
Fidelity Adv Freedom 2050 FD T	711,614	340,306

Total Investments	<u>\$ 3,901,494</u>	<u>\$ 2,195,567</u>

During 2011, the Plan's investments (including dividends, gains and losses on investments bought and sold, as well as investments held during the year) depreciated in value by \$241,680.

The following information appears on the statement of changes in net assets available for benefits certified by State Street Bank and Trust Company:

Net depreciation in fair value of investments	\$ (241,680)
Interest and dividends	<u>88,115</u>
Total investment loss	<u>\$ (153,565)</u>

Notes Receivable from participants of \$17,700 and \$5,683 in 2011 and 2010, respectively, and interest income on notes receivable from participants of \$377 in 2011 have also been certified by the Trustee.

NOTE 4: INVESTMENT IN SSGA STABLE VALUE FUND

A participant's ownership of the SSGA Stable Value Fund (SVF) is presented by units. Unites are issued and redeemed daily at SVF's then current net unit value (NUV). The SVF allows for daily liquidity with no additional notice required for redemption. Although it is the policy of the SVF to use its best efforts to maintain the original capital investment, there is no guarantee that the SVF will be able to maintain that value. As of December 31, 2011, the Plan is in the process of transferring its investment in the SSGA Stable Value Fund to another fund. There were no adjustments required from fair value to contract value for fully benefit-responsive investment contracts for the year ended December 31, 2011.

GILT GROUPE, INC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 5: FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the assets or liability, inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual funds

Mutual funds are valued at quoted market prices determined in an active market.

Common Collective Trust

Common collective trust funds are valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the assets owned by the fund, less the liabilities at year end. While the underlying assets are actively traded on an exchange, the fund is not.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

GILT GROUPE, INC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 5: FAIR VALUE MEASUREMENTS (Continued)

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2011, there were no significant transfers in or out of levels 1, 2 or 3.

NOTE 6: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to amend or terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, all participants will become 100 percent vested in their accounts.

NOTE 7: TAX STATUS

The IRS has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Code. The Plan administrator (and the Plan's tax counsel) believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by the IRS. There are currently no audits for any tax periods in progress.

NOTE 8: RELATED – PARTY TRANSACTIONS

Certain Plan investments represent shares in mutual funds or other investments managed by affiliates of State Street. State Street is the Trustee as defined by the plan and, therefore, these transactions qualify as party-in-interest transactions. Dividend income received by the Plan is net of fees charged to the mutual funds by the Trustee or its affiliates. Fees paid by the Plan for investment management services amounted to \$2,418 for the year ended December 31, 2011.

GILT GROUPE, INC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 9: EXCESS CONTRIBUTION PAYABLE

Subsequent to December 31, 2011, certain 2011 participant contributions were deemed to be excess contributions under the Code. Such contributions and the related investment earnings thereon were refunded to Plan participants in 2012. A liability for excess contributions of \$2,181 was recorded in the Plan's financial statements at December 31, 2011.

NOTE 10: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 11: SUBSEQUENT EVENT

Effective February 15, 2012, the Plan adopted a resolution to merge with another plan established by the Plan Sponsor. In accordance with Plan provisions, all of the assets of the Plan have been transferred into the other plan as of February 29, 2012.
