Independent Auditors' Report

Plan Administrator
Teltronics, Inc. Savings Plan:

We were engaged to audit the financial statements and supplemental schedules of Teltronics, Inc. Savings Plan (Plan) as of December 31, 2011 and 2010, and for the year ended December 31, 2011, as listed in the accompanying index. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, a member of the Principal Financial Group, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of December 31, 2011 and 2010 and for the year ended December 31, 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The supplemental schedules are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, has been audited by us in accordance with auditing standards generally accepted in the United States of America, and in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

(1) Description of Plan

The following description of the Teltronics, Inc. Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan's provisions.

(a) General

The Plan was established on October 1, 1989 as a defined contribution plan covering all eligible employees of Teltronics, Inc, (Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan has been previously amended and restated to reflect regulatory and legislative changes.

Effective November 1, 2010, the Plan was formally restated to name Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (Principal), a member of the Principal Financial Group, the trustee of the Plan. As a result, the assets of the Plan were transferred to Principal from Hartford Life Insurance Company (Hartford), the former custodian of the Plan. The trustee and former custodian are responsible for maintaining the investments of the Plan and reporting on the earnings and investments of the Plan.

In 2011, the Plan was amended to reflect regulatory and legislative changes related to the Small Business Jobs Act of 2010 related to rollovers to and from governmental 457(b) plans.

(b) Eligibility

Employees who are at least eighteen years of age and have completed ninety days of service are eligible to participate in the Plan.

(c) Contributions

Participants may contribute to the Plan, on a pretax basis, up to 100% of their annual compensation, subject to a maximum annual contribution as determined by the Internal Revenue Code. Participants who reach age fifty (50) before the end of the Plan year are also eligible to make catch-up contributions, subject to annual limits as determined by the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions).

Participants direct the investment of their contributions into various investment options offered by the Plan. The Company, at its discretion, may make matching contributions and qualified non-elective contributions in accordance with the Plan. No discretionary matching contributions were made during 2011 and 2010.

(1) Description of Plan – Continued

(d) Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of (a) Company contributions and (b) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(e) Vesting

Participants are immediately vested in their elective deferral contributions plus actual earnings thereon. Vesting in Company contributions and related earnings is based on years of continuous service as follows:

Years of Service	Vested Percentage
After 1 year	33%
After 2 years	66%
After 3 or more years	100%

Participants also become 100% vested upon attainment of normal retirement age, death, or disability.

(f) Benefit Payments

A participant with an account balance of $1,000 or less receives his/her account balance in a lump sum distribution immediately upon retirement or termination of employment. Upon termination, retirement, or disability, a participant with an account balance greater than $1,000 may elect to receive his/her account balance in a lump sum distribution. If a participant dies, a death benefit equal to his/her account balance is paid to the participant's beneficiary.

Generally, the Plan must begin minimum distributions of vested balances to participants reaching age 70½.

(g) In-Service Withdrawals

The Plan allows for in-service withdrawals of a participant's vested account balance in the event of financial need (hardship withdrawal), as defined by the Internal Revenue Service. The Plan also allows for in-service withdrawals of a participant's vested account balance upon attainment of age 59 ½. Participants are allowed to withdraw amounts from their rollover contributions at any time.

(1) Description of Plan – Continued

(h) Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to the lesser of one-half of their vested account balance, or $50,000. The loans are secured by the remaining balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator (ranging from 4.0% to 10.25% at December 31, 2011). Principal and interest are paid ratably through bi-weekly payroll deductions. All loans shall be repaid within five years, unless the loan will be used to acquire the principal residence of the participant, in which case the loan shall be repaid within ten years.

(i) Forfeitures

Participants withdrawing from the Plan with partially vested account balances forfeit the non-vested portion of their account. Forfeitures are first used to pay administrative expenses of the Plan. Any forfeitures not used to pay Plan expenses may be used to reduce future Company contributions. Approximately $1,000 of forfeitures was used to offset administrative expenses during 2011. Forfeitures available at December 31, 2011 and 2010 were $54 and $1,022, respectively.

(j) Administrative Expenses

The Company absorbs most of the costs of maintaining and administering the Plan. Custodial and third party administrator fees are paid out of Plan assets.

(2) Summary of Accounting Policies

(a) Basis of Presentation

The accompanying financial statements have been prepared on an accrual basis of accounting and present net assets available for benefits and changes in net assets available for benefits in accordance with accounting principles generally accepted in the United States of America.

(b) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair values of registered investment companies are based on quoted market prices. Fair values of pooled separate accounts are based on quoted market prices of the underlying assets used in calculating the net asset value of shares held by the Plan. The fair value of the guaranteed investment contract is the amount the Plan Sponsor would receive currently if they were to withdraw or transfer funds within the Plan prior to maturity.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

(2) Summary of Accounting Policies – Continued

(c) Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts report in the statement of net assets available for benefits.

(d) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Actual results could differ from those estimates.

(e) Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

(f) Payment of Benefits

Benefits are recorded when paid.

(g) Investment Contracts

Accounting principles generally accepted in the United States of America define the circumstances in which an investment contract is considered fully benefit-responsive and provide certain reporting and disclosure requirements for fully benefit-responsive investment contracts in defined contribution plans.

Fully benefit-responsive investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Principal has identified the guaranteed investment contract in which the Plan invests as of December 31, 2011 and 2010 to be fully benefit-responsive. This investment is stated at fair value, with an adjustment to contract value, in the accompanying statements of net assets available for benefits (see Note 7).

(2) Summary of Accounting Policies – Continued

(h) New Accounting Pronouncements

In May 2011, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update No. 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in US GAAP and IFRS* (ASU 2011-04), which is an update to Accounting Standards Codification Topic 820, *Fair Value Measurements and Disclosures*. These amendments explain how to measure fair value. The amendments do not require additional fair value measurements and are not intended to establish valuation standards or affect valuation practices outside of financial reporting. The amendments change the wording used to describe fair value measurement and disclosures, but often does not result in a change in the application of current guidance. Certain amendments clarify the intent about the application of existing fair value measurement requirements, while certain other amendments change a principle or requirement for fair value measurement or disclosure. This guidance is effective for annual periods beginning on or after December 31, 2011. The Plan does not anticipate that the adoption of this guidance will have an impact on the Plan's financial statements.

(3) Income Tax Status

The Plan obtained its latest determination letter on March 22, 2011, in which the Internal Revenue Service stated that the Plan, as then designed and amended, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

(4) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to provisions of ERISA. On June 27, 2011, Teltronics, Inc., the Plan sponsor, filed a voluntary petition for reorganization under Chapter 11 in the U.S. Bankruptcy Court for the Middle District of Florida. Continuation of the Plan is subject to successful execution of the Plan sponsor's reorganization plan. In the event the Plan sponsor elects to terminate the Plan, participants will become 100% vested in their accounts.

(5) Investments

Participant-directed investments which individually comprise greater than 5% net assets available for plan benefits are as follows:

	2011	2010
Registered investment companies:		
Oppenheimer Value A Fund	$ 352,902	360,775
PIMCO Real Return A Fund	648,757	522,395
Prudential Jennison Midcap Growth A Fund	656,879	745,911
SEI Stable Value Fund	*	703,267
Pooled separate accounts:		
Principal Income Separate Account	486,584	622,056
Principal Large Cap Growth I Separate Account	424,197	416,109
Sam Balanced Separate Account	578,610	674,591
Guaranteed insurance contracts:		
Principal Fixed Income Guaranteed Option	741,524	*

* This investment did not represent 5% or more of the Plan's net assets available for benefits.

During 2011, the Plan's investments, including investments bought, sold, and held during the year, appreciated (depreciated) in value as follows:

Participant-directed investments:	
Registered investment companies	$ (91,207)
Pooled separate accounts	38,337
Guaranteed insurance contracts	7,636
Nonparticipant-directed investment:	
Teltronics, Inc. common stock	(43,353)
	$ (88,587)

Changes in the Plan's nonparticipant-directed investment in Teltronics, Inc. common stock included in the accompanying statement of changes in net assets are as follows:

Balance, beginning of year	$ 47,473
Net realized and unrealized depreciation in fair value of investment	(43,353)
Benefit payments	(1,982)
Balance, end of year	$ 2,138

(6) Information Certified by Trustee (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). Accordingly, Principal, the trustee, has certified that the following data included in the accompanying financial statements is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2011 and 2010;
- Investment income and related investment activity, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2011;
- The schedule of assets (held at end of year) as of December 31, 2011 included in the supplemental schedule.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in these financial statements.

(7) Guaranteed Investment Contract

Principal has identified the Principal Fixed Income Guaranteed Option (PFGIO), the guaranteed investment contract in which the Plan invests at December 31, 2011 and 2010, to be fully benefit-responsive. PFGIO is a general-account backed, group annuity contract issued by the Principal Life Insurance Company (PLIC) to Principal Trust Company as custodian. The PFIGO can provide the conservative foundation for a retirement program as it offers stability of principal, a declared interest rate, and no transfer charges. The contract pays a rate of interest guaranteed by PLIC. Participant account balances are credited with a net crediting rate after deducting 0.65% and 0.45% for fees as of December 31, 2011 and 2010, respectively, for administrative and recordkeeping services provided to the Plan. The net crediting rate on participant accounts is 1.75 % and 2.40% at December 31, 2011 and 2010, respectively. The rate is reset semiannually in May and December. Changes in future interest crediting rates will not affect the fair value reported on the statement of net assets available for benefits for the portion of net assets attributable to fully benefit-responsive investment contracts. Fair value is considered the book value of the PFIGO less an early withdrawal charge.

The average yield earned by the Plan is the yield earned (i.e. interest credited) on the group annuity contract. The average yield earned by the PFIGO and the average yield earned by the PFIGO with an adjustment to reflect the actual interest rate credited to participants are each 2.65% and 2.85% at December 31, 2011 and 2010 respectively.

By definition, the PFIGO group annuity contract is an insurance contract. As a result, the Plan may transact according to the terms defined in the contract at any time. Benefit payments from the PFIGO are made at book value (i.e. no market value adjustment or surrender charge adjustments) for Plan benefit events including retirement, death, disability, termination of employment, loans, withdrawals, and Plan termination.

(7) Guaranteed Investment Contract – Continued

If the Plan provides access to the PFIGO and other competing Plan investment options, such as other guaranteed options, or fixed income, money market, or bond funds with an average duration of three years or less, participant transfers to such competing Plan investment options will generally be subject to an equity wash. An equity wash requires that transfers must be directed to a non-competing investment option under the Plan for ninety dates before such transferred amounts may be directed to any other competing Plan investment option.

An employer-level surrender of the Plan's interest in the PFIGO or an employer initiated transfer will be subject to either a twelve month irrevocable advance notice or a 5% surrender charge at the option of the employer.

A 5% surrender charge will also apply if the cumulative percentage of participant transfers from the Principal Fixed Income Guaranteed Option exceeds 20% of the plan's interest in the contract during the twelve month period immediately preceding the employer-level surrender of the plan's interest in the contract. This surrender charge will be billed to the plan sponsor.

(8) Related Party Transactions

During 2011 and 2010, the majority of the Plan's investments were managed by Principal and Hartford, the trustee and former custodian of the Plan. Transactions in these investments qualify as party-in-interest transactions. Participant loans also qualify as party-in-interest transactions.

The Plan holds a nonparticipant-directed investment in the common stock of Teltronics, Inc., the Plan Sponsor. Transactions within these investments qualify as party-in-interest transactions.

(9) Fair Value Measurements

The Plan has adopted the provisions of Accounting Standards Codification 820, *Fair Value Measurements* (ASC 820). ASC 820 establishes a three-level hierarchy for disclosure of fair value measurements that gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs, as follows:

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, or other inputs that are observable or can be corroborated by observable market data.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value measurement. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

(9) Fair Value Measurements – Continued

The categorization of an asset or liability within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Following is a description of the valuation methodologies used for assets within the Plan measured at fair value, including the general classification of such assets pursuant to the valuation hierarchy.

Registered Investment Companies

The fair value of registered investment companies are based on quoted market prices available in an active market.

Pooled Separate Accounts

Pooled separate accounts invest in mutual funds and domestic stocks. The fair value of the mutual funds and domestic stocks are based on quoted market prices and used in determining the net asset value (NAV) of the pooled separate account, which is not publicly quoted.

Guaranteed Investment Contract

The fair value of the Plan's guaranteed investment contract is the amount the Plan Sponsor would receive currently if they were to withdraw or transfer funds within the Plan prior to maturity. This fair value represents discontinuation value or contract value times 95% (total less a 5% withdrawal charge).

Teltronics, Inc. Common Stock

Prior to bankruptcy proceedings in 2011, the Company's common stock was publicly traded in an active market and valued according to quoted market prices; and therefore was classified as a Level 1 investment as of December 31, 2010. After bankruptcy proceedings, the stock was valued based on quoted prices in an inactive market as the company stock was no longer actively trading; and therefore, is classified as a Level 2 investment as of December 31, 2011.

(9) Fair Value Measurements – Continued
