INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
Nebraska Heart 401(K) Retirement Plan
Lincoln, Nebraska

I was engaged to audit the accompanying statement of net assets available for benefits of Nebraska Heart 401(K) Retirement Plan as of December 31, 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2011, and the supplemental Schedule of Assets (Held at End of Year) as of December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management. The statement of net assets available for benefits of Nebraska Heart 401(K) Retirement Plan as of December 31, 2010, were audited by other auditors, whose report dated October 17, 2011, disclaimed an opinion on the financial statements due to limited auditing procedures performed over investment assets.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note D, which was certified by State Street Global Services and Massachusetts Fidelity Trust Company, the trustees of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. I have been informed by the plan administrator that the trustees hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained a certification from the trustees as of December 31, 2011, and for the year ended December 31, 2011, that the information provided to the plan administrator by the trustees is complete and accurate.

Because of the significance of the information that I did not audit, I am unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, has been audited by me in accordance with auditing standards generally accepted in the United States of America, and in my opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NEBRASKA HEART 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE A: DESCRIPTION OF PLAN

The following description of the Nebraska Heart 401(k) Retirement Plan, (formerly the Nebraska Heart Institute, P.C. 401(k) Profit Sharing Plan), provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the company who have attained the age of 18. There is no service requirement. The Plan is subject to the provisions of the employee retirement income security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, (excluding bonuses and fringe benefits), as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, the Organization will contribute for all participants an amount equal to 100% of the first 3% of the Participant's Compensation contributed to the Plan and 50% of up to the next 2% of the Participant's Compensation contributed to the Plan, dependent upon electing safe harbor provisions.

Participant Accounts

Each participant's account is credited directly with the employee salary deferral and any rollover contributions, as well as the amounts contributed by the Organization. Plan earnings and administrative expenses are allocated based upon participant account balances, as defined in the plan document.

Vesting

Effective January 1, 2011, participants are immediately vested in their contributions and any discretionary contribution made by the Organization, plus actual earnings thereon. Account balances prior to that date are subject to previous vesting provisions, as defined in the initial plan document.

Participant Loans

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and will bear interest rates at those in effect with other lenders at the time the loan is originated. Repayments shall be through payroll reductions, allocated ratably between interest and principal.

NOTES TO FINANCIAL STATEMENTS

Payment of Benefits

Upon separation of service, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Risks and Uncertainties

The Plan provides for investment options in mutual funds and other investment securities. Investment securities are exposed to various risks, such as interest rates, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risk in the near term could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Payments of Benefits

Benefits are recorded when paid.

NOTE C: PLAN MERGER

Effective January 1, 2011, the Nebraska Heart Hospital, LLC 401(k) Retirement Plan merged into the Nebraska Heart Institute, P.C. 401(k) Profit sharing Plan, and all its plan assets were transferred shortly thereafter. The Plan was renamed the Nebraska Heart 401(k) Retirement Plan.

NOTES TO FINANCIAL STATEMENTS

NOTE D: INVESTMENTS

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained certifications from the trustees of the Plan that all of the information provided is complete and accurate. Information included in the accompanying financial statements as to investments, notes receivable from participants, net appreciation in fair value of investments, dividend and interest income, and all information included in the supplemental schedule is presented in reliance solely upon those certifications.

Part of the plan assets are held in a bank custodial trust fund and the remainder are in self-directed funds administered by the participants. The following presents total investments as of December 31, 2011. Investments that represent 5% or more of the Plan's net assets are separately identified.

INVESTMENTS AT FAIR VALUE	<u>2011</u>

Vanguard Target Retirement 2020	\$ 1,436,199
Vanguard Target Retirement 2025	4,462,093
Vanguard Target Retirement 2030	2,523,571
Vanguard Target Retirement 2035	2,408,470
Vanguard Target Retirement 2040	2,298,928
Vanguard Target Retirement 2045	1,565,765
Other	6,349,525
Self-Directed	<u>7,114,184</u>
	\$ 28,158,735

During 2011, the Plan's investments (including investments bought, sold, and held during the year) depreciated in value by \$2,660,208.

NOTE E: FAIR VALUE HIERARCHY

General accepted accounting principle, ASC 320.50, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under general accepted accounting principle, ASC 320.50, are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- (a) quoted prices for similar assets or liabilities in active markets;
- (b) quoted prices for identical or similar assets or liabilities in inactive markets;

NEBRASKA HEART 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

- (c) inputs other than quoted prices that are observable for the asset or liability;
- (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011.

Common stocks, corporate bonds and U.S. government securities: Valued at the closing priced reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Participant loans: Valued at the amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011:

Assets at Fair Value as of December 31, 2011

	Level 1	Level 2	Level 3	Total

NOTE F: PLAN TERMINATION

Although it has not expressed any intent to do so, the company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE G: TAX STATUS

The Internal Revenue Service has determined and informed the company by letter dated October 13, 2011 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. This letter covers the amendments made to the Plan since its inception.

The Plan has adopted Financial Accounting Standards Board (FASB) Interpretation No. 48, "Accounting for Uncertainty in Income Taxes," an interpretation of FASB ASC 740-10-15. The Interpretation provides guidance for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return, which may result in uncertain results in the event of review by taxing authorities. The Plan has determined that there are no uncertain tax positions that have been taken or to be taken by the Plan, that they are aware of. The Plan has not made any provision for any additional income taxes payable or receivable. The Plan has open tax years of 2009, 2010, and 2011 that remain subject to examination for federal income taxes.

NOTE H: RECONCILIATION WITH FORM 5500

There were no reconciliations to be made between the net assets available for benefits per the financial statements at December 31, 2011 and Form 5500.

NOTE I: SUBSEQUENT EVENTS

The Plan has evaluated subsequent events occurring through October 15, 2012, the date the financial statements were available to be issued. There are no events that have occurred that the Plan deemed would change the reported financial statements in any material respect.
