We were engaged to audit the accompanying statement of net assets available for benefits of the Juno Manufacturing, Inc. 401(k) Plan for Union Employees as of December 31, 2011, and the related statement of changes in net assets available for benefits for the year then ended and the supplemental schedule of assets (held at end of year) as of December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management. Other auditors were engaged to audit the statement of net assets available for benefits of the Juno Manufacturing, Inc. 401(k) Plan for Union Employees as of December 31, 2010. Their report dated October 7, 2011, disclaimed an opinion on that financial statement as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3, as of and for the year ended December 31, 2011, which was certified by Vanguard Fiduciary Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2011 that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule as of and for the year ended December 31, 2011, as a whole. The supplemental schedule is presented for the purposes of additional analysis and is not a required part of the financial statements, but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the investment information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Juno Manufacturing, Inc.
401(k) Plan for Union Employees

Notes to Financial Statements

December 31, 2011

1. Plan Description

The following description of the Juno Manufacturing, Inc. 401(k) Plan for Union Employees (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was adopted by Juno Manufacturing, LLC (the Company) on January 1, 2000. It is designed as a defined contribution plan under Section 401(a) of the Internal Revenue Code (the Code) with a cash or deferred arrangement under Section 401(k). The Company maintains all necessary employment records and determines participant eligibility. The Plan is subject to the provisions of the Employee Income Security Act of 1974, as amended (ERISA).

Eligibility and Vesting

Substantially all union employees of the Company become eligible to participate in the Plan beginning on the first day of January or July, following attainment of twenty-one years of age, and completion of seven months of service. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their account is based on years of continuous service. Vesting begins with 40% after two years of service, and continues to vest in 20% increments for each year of service thereafter, with full vesting after five years of service.

Contributions

Each year, participants may elect to defer between 1% and 15% of eligible earnings, as defined in the Plan, subject to limitations under the Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distribution from other qualified plans. Participants direct the investment of their contribution into various investment options offered by the Plan.

The Company matches participant contributions at a rate of 50% of each employee's elective deferral, up to 5% of their compensation.

Juno Manufacturing, Inc.
401(k) Plan for Union Employees

Notes to Financial Statements (continued)

1. Plan Description (continued)

Payments of Benefits

Upon termination of services due to death, disability, or retirement, participants may elect to take a lump-sum distribution, a series of equal installments over a period not exceeding participant's life expectancy or joint life expectancies of the participant and his or her beneficiaries. If the value of an individual participant's account does not exceed \$5,000, distribution from the Plan shall be made to the participant in a single-lump sum in lieu of all other forms of distribution.

Participants' Accounts

Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contribution and the Company's matching contribution and allocations of the Plan's earnings and is charged with an allocation of plan investment losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures

Upon termination of employment, participants forfeit their nonvested balances. Unallocated forfeitures balances as of December 31, 2011 and 2010, totaled \$108 and \$3,955, respectively. During 2011, \$11,842 was used to reduce the Company matching contributions.

Participant Loans

The Plan allows participants to take out loans secured by their vested account balances. Participants may borrow a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans will be charged a reasonable rate of interest, will be for a minimum one-year term, and must be repaid through payroll deductions within five years.

Juno Manufacturing, Inc.
401(k) Plan for Union Employees

Notes to Financial Statements (continued)

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2011 or 2010. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investments and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

2. Summary of Accounting Policies (continued)

The Vanguard Retirement Savings Trust, a common/collective trust fund, invests in fully benefit-responsive investment contracts. These investment contracts are recorded at fair value (see Note 4); however, since these contracts are fully benefit-responsive, an adjustment is reflected in the statement of net assets available for benefits to present these investments at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value represents contributions plus earnings, less participant withdrawals and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

The Plan's administrative expenses are paid by the Company.

New Accounting Pronouncements

In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2010-06, *Improving Disclosures about Fair Value Measurements*. ASU 2010-06 amended Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, to clarify certain existing fair value disclosures and require a number of additional disclosures. The requirement to present changes in Level 3 measurements on a gross basis is effective for reporting periods beginning after December 15, 2010. Since ASU 2010-06 only affects fair value measurement disclosures, adoption of ASU 2010-06 did not have an effect on the Plan's net assets available for benefits or its changes in net assets available for benefits.

2. Summary of Accounting Policies (continued)

In May 2011, the FASB issued ASU 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRSs*. ASU 2011-04 amended ASC 820 to converge the fair value measurement guidance in U.S. generally accepted accounting principles (GAAP) and International Financial Reporting Standards (IFRSs). Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures, although certain of these new disclosures will not be required for nonpublic entities. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. Plan management is currently evaluating the effect that the provisions of ASU 2011-04 will have on the Plan's financial statements.

Subsequent Events

Management evaluated subsequent events for the Plan through October 11, 2012, the date these financial statements were available to be issued.

3. Investments

Other than the fair value of the Vanguard Retirement Savings Trust and the adjustment from fair value to contract value for fully benefit-responsive investment contracts, all investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2011, and net depreciation in fair value of investments interest, dividends, and interest income on notes receivable from participants for the year ended December 31, 2011, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the trustee. The contract value of the Vanguard Retirement Savings Trust Fund was certified as complete and accurate by the trustee.

4. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- quoted prices for similar assets and liabilities in active markets
- quoted prices for identical or similar assets or liabilities in markets that are not active
- observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

4. Fair Value Measurements (continued)

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management’s own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

Following is a description of the valuation techniques and inputs used for each major class of assets measured at fair value by the Plan.

Mutual funds: Valued at quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year-end.

Common/collective trust fund: Valued at the NAV provided by the administrator of the fund. The NAV is based on underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. This common/collective trust fund is designed to deliver safety and stability by preserving principal and accumulated earnings. This fund is primarily invested in guaranteed investment contracts and synthetic investment contracts. Redemptions are permitted by participants on any business day and by the Plan within 12 months of written notice.

Total	<u>\$ 2,839,918</u>	<u>\$ 473,439</u>	<u>\$ —</u>	<u>\$ 3,313,357</u>

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. Tax Status

The underlying non-standardized prototype plan has received an opinion letter from the Internal Revenue Service (the IRS) dated January 31, 2008 stating that the form of the plan is qualified under Section 401(a) of the Code and, therefore, the related trust is tax-exempt. In accordance with Revenue Procedures 2011-6 and 2011-49, the plan administrator has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2008.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonable possible that changes in the values of investment securities will occur in the near term, and that such change could materially affect the participants' account balances and amounts reported in the statements of net assets available for benefits.

8. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2011 and 2010, to the Form 5500:

	<u>2011</u>	<u>2010</u>
Net assets available for benefits per the financial statements	\$ 3,941,438	\$ 3,655,438
Adjustment to fair value from contract value for fully benefit-responsive contracts from prior year	<u>25,100</u>	19,407
Net assets available for benefits per Schedule H of Form 5500	<u>\$ 3,966,538</u>	<u>\$ 3,674,845</u>

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements for the year ended December 31, 2011 to the Form 5500:

Net increase in net assets available for benefits per the financial statements	\$ 286,000
Adjustment to fair value from contract value for fully benefit-responsive contracts from prior year	(19,407)
Adjustment to fair value from contract value for fully benefit-responsive contracts from current year	<u>25,100</u>
Net increase in net assets available for benefits per Schedule H of Form 5500	<u>\$ 291,693</u>

9. Related-Party Transactions

The Plan holds shares of mutual funds and units of a common/collective trust fund managed by the trustee of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.
