PC ACQUISITION 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
PERIOD FROM JANUARY 1, 2012 TO MARCH 19, 2012 AND
YEAR ENDED DECEMBER 31, 2011

1. DESCRIPTION OF PLAN

The following description of PC Acquisition 401(k) Plan (the "Plan"), provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan, maintained for the benefit of eligible employees of PC Acquisition, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). On July 20, 2010, the plan sponsor, PC Acquisition, Inc., was acquired by Provide Commerce, Inc., a wholly owned subsidiary of Liberty Media Corporation. Effective March 19, 2012, the assets of the plan were transferred to a new plan, see Note 9.

Eligibility - Eligible employees include all employees who have completed six months of service, as defined, and are at least 21 years of age.

Contributions - Each participant may contribute a specified percent of compensation, subject to certain Internal Revenue Code ("IRC") limits. The contributions are deducted from the employee's compensation and are excluded from his/her taxable income. The Company may make discretionary matching contribution based on a dollar amount or percentage of compensation deferred. For the period ended March 19, 2012, there was no employee contributions or employer match into the Plan due to the merger. Effective January 1, 2012, all employee contributions were made to the new plan.

Participant Accounts - Each participant's account is credited with the participant's contributions, the employer matching contribution, if any, and plan investment income (loss). Allocations are based on participant compensation or account balances, as defined.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. A participant's vested portion of the Company matching, plus actual earnings thereon, occurs at a rate of 20 percent per year of service. Participants are fully vested after five years, or upon normal retirement (age 65), death, permanent disability or termination of the plan.

Forfeited Accounts - In the event of termination of employment before full vesting has occurred, the nonvested portion of the employer contribution shall be used to reduce the employer's matching contribution for the plan year following the plan year in which such forfeitures occur. For the period from January 1, 2012 to March 19, 2012, forfeited nonvested amounts totaled \$81. Forfeitures were reallocated to participants.

Participant Loans - Participants may borrow from their 401(k) account balance a minimum of \$1,000, up to a maximum equal to the lesser of the one-half of the vested account balance, or \$50,000 reduced by the highest outstanding loan balance during the prior 12-month period. All loans are secured by the balance in the participant's account and bear an interest rate of 4.25 percent. Loans are to be repaid over a five-year period or within a reasonable time commensurate with the repayment period permitted by commercial lenders if loans are for the purchase of a principal residence. Principal and interest are repaid periodically through payroll deductions. Employees may not have more than one loan outstanding at a given time.

PC ACQUISITION 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
PERIOD FROM JANUARY 1, 2012 TO MARCH 19, 2012 AND
YEAR ENDED DECEMBER 31, 2011

1. DESCRIPTION OF PLAN - CONTINUED

Payment of Benefits - Payments of benefits are made to participants or their beneficiaries upon death, retirement, disability, termination of employment, or financial hardship. Benefits are payable in a lump sum or by other methods as described in the plan. Vested account balances for terminated employees are evaluated annually and those with balances of less than \$5,000 can be distributed under the terms of the Plan without the participant's consent, unless the participant has provided timely election.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are maintained on the accrual basis of accounting.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. The shares of registered investment companies are valued at quoted market prices, which represent the net asset values of shares held by the plan at year-end.

Generally accepted accounting principles require the statement of net assets available for plan benefits present the fair value of the Plan's investments as well as the adjustment from fair value to contract value for the fully benefit-responsive investment contracts. The investments in the fully benefit-responsive investment contracts/mutual funds are stated at contract value which is equal to principal balance plus accrued interest, as this is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. An investment contract is generally valued at contract value, rather than fair value, to the extent it is fully benefit-responsive. The Statements of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

The Plan is invested in the Fidelity Advisor Stable Value Portfolio II, a comingled pool of the Fidelity Group Trust for Employee Benefit Plans (not a mutual fund) and is managed by the Fidelity Management Trust Company. This fund had an average yield of 1.74 and 2.37% (annualized) for the year ended December 31, 2011. The crediting interest rate was 1.26% at December, 2011. The crediting interest rate is reset quarterly. Issuers may impose a contract penalty on withdrawals or exchanges from the fund caused by an extraordinary corporate event (layoff, sale of a line of business, etc.). No events are expected which would result in contract penalties as amounts were transferred to a similar account in the new plan.

Purchases and sales of investments are recorded on a trade-date basis. Interest Income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements an accompanying notes. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Administrative Expenses - Administrative expenses of the Plan are charged against earnings except to the extent the expenses are paid by the Employer.

Payment of Benefits - Benefits are recorded when paid.

Participant Loans Receivable - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. Plan management has determined no allowance for doubtful accounts is required.

3. TAX STATUS

The plan received a determination letter from the Internal Revenue Service dated March 31, 2008, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and is, therefore, not subject to tax under present income tax laws. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and is, therefore, a qualified plan and tax exempt as of the financial statement date.

Generally accepted accounting principles require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or DOL. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of March 19, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. RELATED PARTY TRANSACTIONS

Certain plan expenses are paid by the Company. Certain plan investments are shares of mutual funds managed by Fidelity Management Trust Company, which is the trustee as defined by the plan. Therefore, these investment transactions qualify as party-in-interest transactions.

5. RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

8. FAIR VALUE MEASUREMENTS

The Plan follows generally accepted accounting principles related to fair value measurement. Fair value is defined as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

These principles also establish a fair value hierarchy that requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial Instruments' categorization within the fair value hierarchy is based upon the lowest of input that is significant to the fair value measurement. There are three levels of inputs that may be used to measure fair value:

Level 1: quoted prices in active markets for identical assets or liabilities;

Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities ; or

Level 3: unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The following summarizes the classification of investments by classification and method of valuation. There were no investments held at March 19, 2012.

Assets at Fair Value as of December 31, 2011

	Level 1	Level 2	Level 3	Total

8. FAIR VALUE MEASUREMENTS - CONTINUED

The Plan's valuation methodology used to measure the fair values of mutual funds were derived from quoted market prices as all of these instruments have active markets. The fair value of fully benefit-responsive investment contracts is calculated using a discounted cash flow model which considers recent fee bids as determined by recognized dealers, discount rate and the duration of the underlying portfolio securities.

The changes in Level 3 assets measured at fair value on a recurring basis are summarized as follows:

	2012	2011
Balance, beginning of period	\$ 13,064	\$ 10,759
Contributions and transfers in	342	2,008
Realized gains and earnings	32	141
Unrealized gains (losses)	(417)	216
Benefit payments and fees	(1,853)	(60)
Transfers to new plan	(11,168)	-
Balance, end of period	<u>\$ -</u>	<u>\$ 13,064</u>

9. PLAN MERGER

Liberty Media Corporation, the parent company of the Plan sponsor, elected to transfer the plan assets into a new plan, Liberty Interactive 401(k) Savings Plan, effective March 19, 2012. Fidelity Management Trust Company is the trustee and record keeper of the Liberty Interactive 401(k) Savings Plan. Effective January 1, 2012, employee deferrals were no longer allowed into the PC Acquisition 401(k) Plan and all deferrals were being made to the new plan. The only additions to the plan subsequent to December 31, 2011 were employer match contributions for the calendar year 2011 made in 2012, earnings on investments and participant notes receivable payments.
