Report of Independent Auditors

To the Trustees and Plan Administrator of the Trafigura AG 401(k)
Savings Plan and Participants:

We were engaged to audit the accompanying statements of net assets available for benefits of the Trafigura AG 401(k) Savings Plan as of December 31, 2011, and 2010, and the related statement of changes in net assets available for benefits for the year-ended December 31, 2011, and the supplemental schedule as of December 31, 2011, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Fidelity Management Trust Company ("FMTC"), the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian as of and for the years ended December 31, 2011 and 2010, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule as of December 31, 2011. The supplemental schedule is presented for the purposes of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to the Financial Statements
Trafigura AG 401(k) Savings Plan

Note A – Description of the plan

The following brief description of the Trafigura AG 401(k) Savings Plan ("the Plan") is provided for general information purposes only. The Plan is sponsored by Trafigura AG (the "Plan Sponsor" or "Company"). Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a contributory, defined contribution 401(k) that provides retirement savings benefits to eligible employees of the Company through tax deferred voluntary contributions by employees and discretionary contributions by the Company. Employees are eligible to make elective deferral contributions and receive employer matching and discretionary contributions in the Plan after the attainment of the age of twenty-one (21). An employee's entry date is immediately after eligibility requirements are satisfied.

The Plan, which commenced January 1, 1996 and was amended and restated effective January 1, 2011, is subject to the provisions of the Employment Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC"). The Company is the designated administrator of the Plan and Fidelity Management Trust Company ("FMTC") is the custodian of the Plan responsible for the management and control of the Plan's assets which are held in individual participant investment accounts.

Plan Amendments

Effective January 1, 2011, Fidelity Management Trust Company ("Fidelity") was selected to be the Custodian of the Plan replacing John Hancock Life Insurance Company (U.S.A). The change in trustees resulted in new investments options for participant contributions. The plan was amended and restated to include the following:

- The restated Plan converted from the Professional Pension Planners Inc. Non-standardized Prototype Plan and Adoption Agreements to the Fidelity Volume Submitter Plan and its Adoption Agreement
- No service requirement for eligibility
- Deferral limit was established as 92%
- The Plan was amended to adopt a provision that would allow eligible participants to designate all or a portion of their elective deferrals as Roth Elective Deferrals
- The Plan includes a negative election option. Under this provision, employees hired after January 1, 2011 are automatically enrolled in the Plan at 3% of their eligible compensation unless a contrary election is made. This automatic deferral is subject to increase in 1% increments limited to 6% of compensation unless the eligible employee affirmatively elects otherwise.
- Contribution period for matching employer contributions was established as each Plan year, at the Company's discretion.
- The Plan was amended to reflect statutory changes pursuant to the Pension Protection Act of 2006 ("PPA") and related guidance. The amendment is effective for Plan years beginning after December 31, 2006.
- The Plan was amended to reflect statutory changes pursuant to the Heroes Earnings Assistance and Relief Act of 2008 ("HEART"), the Worker, Retiree and Employee Recovery Act of 2008 ("WRERA"), the Emergency Economic Stabilization Act of 2008 ("EESA") and related guidance. The amendment is effective for Plan years beginning after December 31, 2008.
- A separate election was established for bonus inclusion.
- At age 59 ½, withdrawals may be made from all vested account balances

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of (a) employer matching and discretionary nonelective contributions and (b) Plan earnings (losses) and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Employee contributions

Participants may elect to contribute, on a pre-tax basis, up to 92% (not including Catch-up Contributions) of their eligible annual compensation, as defined by the Plan, not to exceed the maximum amount allowed under the IRC. The amount deferred is not subject to federal taxation to the participants until distributions are made from the Plan. Eligible participants are automatically enrolled in the Plan at 3% of their eligible compensation for each pay period unless a contrary election is made. The Plan will automatically increase elective contributions by 1% on a date determined by the Plan Administrator each plan year until the deferral rate reaches the plan-specified maximum of 6%.

Participants who have attained age fifty (50) or older before the end of the tax year are eligible to make catch-up contributions up to the maximum amount allowed for deferral under the IRC. Participants may also designate all or a portion of their elective deferrals as Roth elective deferrals. Participants may discontinue their election to contribute at any time. Participants may also contribute eligible rollovers from other qualified defined benefit or defined contribution plans and individual retirement accounts. Additional after-tax voluntary contributions are not permitted.

The Plan also provides for a special deferral election that applies only to bonuses and does not affect the existing elections for all other Plan compensation.

Employer contributions

The Company contributes an amount per pay period equal to a specified percentage of the participant's contribution. During 2011, the Company contributed 50% of the first 6% of base compensation that a participant contributes to the Plan.

Additionally, each Plan year the Company may make discretionary nonelective contributions in amounts determined by the Company, as defined in the Plan document. Eligible participants who are employed on the last day of the Plan year and have received credit for at least 1,000 hours of service during the plan year share in any discretionary nonelective contributions. Nonelective contributions are allocated to eligible participants based upon the percentage of the participant's compensation to the total compensation of all eligible participants. No discretionary nonelective contributions were made during the years ended December 31, 2011 and 2010.

ERISA and the IRC provide that plans such as Trafigura AG 401(k) Savings Plan cannot discriminate in favor of highly compensated individuals. To comply with these laws, certain highly compensated individuals may receive funds in the year that contributions were made in excess of the IRC Section 401(k) limit and all earnings attributable to such contributions. At December 31, 2011, there were no corrective distributions payable to participants.

Investment Options

Participants elect to have their contributions allocated among various investment options offered by the Plan. Investment options consist of shares of registered investment companies (mutual funds) sponsored by Fidelity Management Trust Company ("FMTC"). Participants may elect to allocate their total contributions to the various investment options in increments of 1% and may change their investment options daily, subject to certain restrictions on such changes imposed by the Plan's investment funds.

Vesting

Participants are fully vested in their employee contributions including rollovers plus actual earnings (losses) thereon. Vesting in the Company matching and discretionary nonelective contributions and earnings thereon is based on years of service. A year of service is defined as 1,000 hours of service during any plan year. Additionally, a participant will become fully vested in the Company's contributions account upon reaching normal or early retirement age or in the event of death or total and permanent disability.

The vesting schedule for Company matching and discretionary contributions is determined as follows:

Years of Service:	Percentage
Less than 2	0%
2	100%

Forfeited accounts

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeited amounts are retained in the Plan and will be used to pay administrative expenses. Any remaining forfeitures will be used to reduce future employer contributions to the Plan. Forfeited non-vested accounts amounted to $39,457 and $2,990 at December 31, 2011 and 2010, respectively. During 2011 and 2010, the Company applied $0 and $17,447, respectively, from the forfeiture balance to reduce employer contributions.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to $50,000 or 50% of their account balance, whichever is less, for proven financial hardship purposes. No more than one loan can be outstanding at any one time. The loans are secured by the balance in the participant's account and bear interest at a rate of 4.25% which is consistent with local prevailing rates at the time the loans were initiated. Principal and interest is paid ratably through payroll deductions. All loans must be repaid within five years, unless the loan is used to purchase a primary residence, for which loan terms may range up to ten years.

Payment of Benefits

On termination of employment, disability, death, or normal retirement, a participant or designated beneficiary may elect to receive a lump-sum cash distribution equal to the value of the participant's vested account balance, a direct rollover distribution, or a combination of a lump-sum cash distribution and direct rollover distribution. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited. Participants may defer receipt of distribution until a later date unless their account balance is $5,000 or less. If the vested account balance is $5,000 or less, the Company will direct the Custodian that any amount exceeding $1,000 be distributed to the participant, without consent, into an IRA

for their benefit. If the vested account balance is $1,000 or less, the account will be distributed to the participant without consent as a lump-sum distribution in cash.

If an active participant has attained age fifty-nine and one-half (59½), they may elect to withdraw all or a portion of their elective deferral account while still employed by the Company. Hardship distributions are not permitted.

Administrative Expenses

The Plan permits the payment of expenses incurred in connection with the recordkeeping and administration of the Plan to be made from the Plan's assets. Expenses will generally be allocated among the accounts of all participants in the plan proportionately based on the value of the participant's account balances. Specific fees such as loan processing fees may also be charged directly to a participant's account in response to transactions requested under the Plan. Administrative expenses totaled $800 and $11,490 for the year ended December 31, 2011 and 2010, respectively.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting and include all adjustments necessary to present fairly the financial statements of the Plan in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying disclosures. Accordingly, actual results may differ from those estimates.

Recent Accounting Pronouncements

In May 2011, the Financial Accounting Standards Board ("FASB") issued ASU No. 2011-04, Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs ("ASU 2011-04"). ASU 2011-04 represents the converged guidance of the FASB and the International Accounting Standards Board on fair value measurement. A variety of measures are included in the update intended to either clarify existing fair value measurement requirements, change particular principles requirements for measuring fair value or for disclosing information about fair value measurements. For many of the requirements, the FASB does not intend to change the application of existing requirements under Accounting Standards Codification ("ASC") Topic 820, Fair Value Measurements. ASU 2011-04 is effective for interim and annual periods beginning after December 15, 2011 and early application is not permitted. The Plan is evaluating the effect, if any, the adoption of ASU 2011-04 will have on its financial statements.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the plan administrator and in the period in which they are deducted, in accordance with salary deferral agreements.

Investment valuation and income recognition

Investments are reported at fair value and are measured in accordance with ASC 820. Fair value is the exchange price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in value of investments includes realized gains and losses on investments bought and sold during the year and unrealized appreciation (depreciation) of investments held at year-end. Net realized and unrealized appreciation (depreciation) is recorded in the accompanying Statement of Changes in Net Assets Available for Benefits as net appreciation (depreciation) in fair value of investments.

Payment of Benefits

Benefits paid to participants are recorded when paid. As of December 31, 2011, there were no amounts allocated to participants who elected to withdraw from the Plan, but have not been paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan Document.

Risks and uncertainties

The Plan provides for various investment options in registered investment companies (mutual funds). Investments, in general, are exposed to various risks, such as interest rate, credit and overall volatility risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note C - Information Certified by the Custodian (Unaudited) or Investments

At December 31, 2011, the Plan's investments were held by Fidelity Management Trust Company ("FMTC"), ("the Custodian") and by John Hancock Life Insurance Company (U.S.A) ("predecessor Custodian"), as at December 31, 2010. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Custodian as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The fair value of investments at December 31, 2011 and 2010 that represent 5% or more of the Plan's net assets, as reported by the Custodian is summarized as follows:

		12/31/2011
Fidelity Advisor Balanced I*	$	929,334
Thornburg International Value R5		438,760
Dreyfus Basic S&P 500		752,779

Note: All investments were held in a non-interest bearing cash account as of December 31, 2010.

* Indicates party-in-interest.

** Represents less than five percent (5%) of the Plan's net assets as of December 31.

During 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

		12/31/2011
Balanced/asset allocation funds	$	(6,730)
Large-cap funds		9,545
Mid-cap funds		(18,018)
Small-cap funds		(15,980)
International funds		(99,761)
Target date retirement funds		(125,147)
Bond funds		(1,316)
	$	**(257,407)**

Note D – Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Registered investment companies (mutual funds): Valued at the net asset value ("NAV") of shares held by the plan at year end. (Market approach)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2011 and 2010:

	Assets at Fair Value as of December 31, 2011			
	Level 1	**Level 2**	**Level 3**	**Total**

Balanced funds	$ 929,334	$ -	$ -	$ 929,334

	$ 4,175,195	**$ 1,938,887**	**$ -**	**$ 6,114,082**

Note E – Related party transactions

Certain Plan investments are shares of registered investment companies (mutual funds) and a money market fund issued and managed by Fidelity Management Trust Company ("FMTC"). FMTC has been designated as the custodian as well as provides administration and recordkeeping services to the Plan. These specific investments issued or managed by FMTC qualify as party-in-interest transactions. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-

interest transactions under ERISA. There have been no known prohibited transactions with parties-in-interest.

The Plan has notes receivables from certain of its participants. These transactions qualify as party-in-interest transactions, as defined by ERISA. However, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

Note F - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the employer contributions allocated to their accounts.

Note G - Tax status

The underlying volume submitter profit sharing plan has received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2008, stating that the form of the Plan is qualified under Section 401(a) of the Code, and therefore, the related trust is tax-exempt. In accordance with Revenue Procedures 2010-6 and 2005-16, the Plan Sponsor has determined that it is eligible to and has chosen to rely on the current IRS volume submitter profit sharing plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2011 and 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years that are considered closed for tax filing purposes.

Note H – Subsequent Events

The Company performed an evaluation of events that have occurred subsequent to the end of the Plan year through the date that the financial statements were available to be issued. As of November 27, 2012, there have been no subsequent events that occurred during such period that would require recognition in the financial statements or would require disclosure in the financial statements.

Report of Independent Auditors

To the Trustees and Plan Administrator of the Trafigura AG 401(k)
Savings Plan and Participants:

We were engaged to audit the accompanying statements of net assets available for benefits of the Trafigura AG 401(k) Savings Plan as of December 31, 2011, and 2010, and the related statement of changes in net assets available for benefits for the year-ended December 31, 2011, and the supplemental schedule as of December 31, 2011, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Fidelity Management Trust Company ("FMTC"), the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian as of and for the years ended December 31, 2011 and 2010, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule as of December 31, 2011. The supplemental schedule is presented for the purposes of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to the Financial Statements
Trafigura AG 401(k) Savings Plan

Note A – Description of the plan

The following brief description of the Trafigura AG 401(k) Savings Plan ("the Plan") is provided for general information purposes only. The Plan is sponsored by Trafigura AG (the "Plan Sponsor" or "Company"). Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a contributory, defined contribution 401(k) that provides retirement savings benefits to eligible employees of the Company through tax deferred voluntary contributions by employees and discretionary contributions by the Company. Employees are eligible to make elective deferral contributions and receive employer matching and discretionary contributions in the Plan after the attainment of the age of twenty-one (21). An employee's entry date is immediately after eligibility requirements are satisfied.

The Plan, which commenced January 1, 1996 and was amended and restated effective January 1, 2011, is subject to the provisions of the Employment Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC"). The Company is the designated administrator of the Plan and Fidelity Management Trust Company ("FMTC") is the custodian of the Plan responsible for the management and control of the Plan's assets which are held in individual participant investment accounts.

Plan Amendments

Effective January 1, 2011, Fidelity Management Trust Company ("Fidelity") was selected to be the Custodian of the Plan replacing John Hancock Life Insurance Company (U.S.A). The change in trustees resulted in new investments options for participant contributions. The plan was amended and restated to include the following:

- The restated Plan converted from the Professional Pension Planners Inc. Non-standardized Prototype Plan and Adoption Agreements to the Fidelity Volume Submitter Plan and its Adoption Agreement
- No service requirement for eligibility
- Deferral limit was established as 92%
- The Plan was amended to adopt a provision that would allow eligible participants to designate all or a portion of their elective deferrals as Roth Elective Deferrals
- The Plan includes a negative election option. Under this provision, employees hired after January 1, 2011 are automatically enrolled in the Plan at 3% of their eligible compensation unless a contrary election is made. This automatic deferral is subject to increase in 1% increments limited to 6% of compensation unless the eligible employee affirmatively elects otherwise.
- Contribution period for matching employer contributions was established as each Plan year, at the Company's discretion.
- The Plan was amended to reflect statutory changes pursuant to the Pension Protection Act of 2006 ("PPA") and related guidance. The amendment is effective for Plan years beginning after December 31, 2006.
- The Plan was amended to reflect statutory changes pursuant to the Heroes Earnings Assistance and Relief Act of 2008 ("HEART"), the Worker, Retiree and Employee Recovery Act of 2008 ("WRERA"), the Emergency Economic Stabilization Act of 2008 ("EESA") and related guidance. The amendment is effective for Plan years beginning after December 31, 2008.
- A separate election was established for bonus inclusion.
- At age 59 ½, withdrawals may be made from all vested account balances

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of (a) employer matching and discretionary nonelective contributions and (b) Plan earnings (losses) and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Employee contributions

Participants may elect to contribute, on a pre-tax basis, up to 92% (not including Catch-up Contributions) of their eligible annual compensation, as defined by the Plan, not to exceed the maximum amount allowed under the IRC. The amount deferred is not subject to federal taxation to the participants until distributions are made from the Plan. Eligible participants are automatically enrolled in the Plan at 3% of their eligible compensation for each pay period unless a contrary election is made. The Plan will automatically increase elective contributions by 1% on a date determined by the Plan Administrator each plan year until the deferral rate reaches the plan-specified maximum of 6%.

Participants who have attained age fifty (50) or older before the end of the tax year are eligible to make catch-up contributions up to the maximum amount allowed for deferral under the IRC. Participants may also designate all or a portion of their elective deferrals as Roth elective deferrals. Participants may discontinue their election to contribute at any time. Participants may also contribute eligible rollovers from other qualified defined benefit or defined contribution plans and individual retirement accounts. Additional after-tax voluntary contributions are not permitted.

The Plan also provides for a special deferral election that applies only to bonuses and does not affect the existing elections for all other Plan compensation.

Employer contributions

The Company contributes an amount per pay period equal to a specified percentage of the participant's contribution. During 2011, the Company contributed 50% of the first 6% of base compensation that a participant contributes to the Plan.

Additionally, each Plan year the Company may make discretionary nonelective contributions in amounts determined by the Company, as defined in the Plan document. Eligible participants who are employed on the last day of the Plan year and have received credit for at least 1,000 hours of service during the plan year share in any discretionary nonelective contributions. Nonelective contributions are allocated to eligible participants based upon the percentage of the participant's compensation to the total compensation of all eligible participants. No discretionary nonelective contributions were made during the years ended December 31, 2011 and 2010.

ERISA and the IRC provide that plans such as Trafigura AG 401(k) Savings Plan cannot discriminate in favor of highly compensated individuals. To comply with these laws, certain highly compensated individuals may receive funds in the year that contributions were made in excess of the IRC Section 401(k) limit and all earnings attributable to such contributions. At December 31, 2011, there were no corrective distributions payable to participants.

Investment Options

Participants elect to have their contributions allocated among various investment options offered by the Plan. Investment options consist of shares of registered investment companies (mutual funds) sponsored by Fidelity Management Trust Company ("FMTC"). Participants may elect to allocate their total contributions to the various investment options in increments of 1% and may change their investment options daily, subject to certain restrictions on such changes imposed by the Plan's investment funds.

Vesting

Participants are fully vested in their employee contributions including rollovers plus actual earnings (losses) thereon. Vesting in the Company matching and discretionary nonelective contributions and earnings thereon is based on years of service. A year of service is defined as 1,000 hours of service during any plan year. Additionally, a participant will become fully vested in the Company's contributions account upon reaching normal or early retirement age or in the event of death or total and permanent disability.

The vesting schedule for Company matching and discretionary contributions is determined as follows:

Years of Service:	Percentage
Less than 2	0%
2	100%

Forfeited accounts

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeited amounts are retained in the Plan and will be used to pay administrative expenses. Any remaining forfeitures will be used to reduce future employer contributions to the Plan. Forfeited non-vested accounts amounted to $39,457 and $2,990 at December 31, 2011 and 2010, respectively. During 2011 and 2010, the Company applied $0 and $17,447, respectively, from the forfeiture balance to reduce employer contributions.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to $50,000 or 50% of their account balance, whichever is less, for proven financial hardship purposes. No more than one loan can be outstanding at any one time. The loans are secured by the balance in the participant's account and bear interest at a rate of 4.25% which is consistent with local prevailing rates at the time the loans were initiated. Principal and interest is paid ratably through payroll deductions. All loans must be repaid within five years, unless the loan is used to purchase a primary residence, for which loan terms may range up to ten years.

Payment of Benefits

On termination of employment, disability, death, or normal retirement, a participant or designated beneficiary may elect to receive a lump-sum cash distribution equal to the value of the participant's vested account balance, a direct rollover distribution, or a combination of a lump-sum cash distribution and direct rollover distribution. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited. Participants may defer receipt of distribution until a later date unless their account balance is $5,000 or less. If the vested account balance is $5,000 or less, the Company will direct the Custodian that any amount exceeding $1,000 be distributed to the participant, without consent, into an IRA

for their benefit. If the vested account balance is $1,000 or less, the account will be distributed to the participant without consent as a lump-sum distribution in cash.

If an active participant has attained age fifty-nine and one-half (59½), they may elect to withdraw all or a portion of their elective deferral account while still employed by the Company. Hardship distributions are not permitted.

Administrative Expenses

The Plan permits the payment of expenses incurred in connection with the recordkeeping and administration of the Plan to be made from the Plan's assets. Expenses will generally be allocated among the accounts of all participants in the plan proportionately based on the value of the participant's account balances. Specific fees such as loan processing fees may also be charged directly to a participant's account in response to transactions requested under the Plan. Administrative expenses totaled $800 and $11,490 for the year ended December 31, 2011 and 2010, respectively.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting and include all adjustments necessary to present fairly the financial statements of the Plan in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying disclosures. Accordingly, actual results may differ from those estimates.

Recent Accounting Pronouncements

In May 2011, the Financial Accounting Standards Board ("FASB") issued ASU No. 2011-04, Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs ("ASU 2011-04"). ASU 2011-04 represents the converged guidance of the FASB and the International Accounting Standards Board on fair value measurement. A variety of measures are included in the update intended to either clarify existing fair value measurement requirements, change particular principles requirements for measuring fair value or for disclosing information about fair value measurements. For many of the requirements, the FASB does not intend to change the application of existing requirements under Accounting Standards Codification ("ASC") Topic 820, Fair Value Measurements. ASU 2011-04 is effective for interim and annual periods beginning after December 15, 2011 and early application is not permitted. The Plan is evaluating the effect, if any, the adoption of ASU 2011-04 will have on its financial statements.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the plan administrator and in the period in which they are deducted, in accordance with salary deferral agreements.

Investment valuation and income recognition

Investments are reported at fair value and are measured in accordance with ASC 820. Fair value is the exchange price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in value of investments includes realized gains and losses on investments bought and sold during the year and unrealized appreciation (depreciation) of investments held at year-end. Net realized and unrealized appreciation (depreciation) is recorded in the accompanying Statement of Changes in Net Assets Available for Benefits as net appreciation (depreciation) in fair value of investments.

Payment of Benefits

Benefits paid to participants are recorded when paid. As of December 31, 2011, there were no amounts allocated to participants who elected to withdraw from the Plan, but have not been paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan Document.

Risks and uncertainties

The Plan provides for various investment options in registered investment companies (mutual funds). Investments, in general, are exposed to various risks, such as interest rate, credit and overall volatility risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note C - Information Certified by the Custodian (Unaudited) or Investments

At December 31, 2011, the Plan's investments were held by Fidelity Management Trust Company ("FMTC"), ("the Custodian") and by John Hancock Life Insurance Company (U.S.A) ("predecessor Custodian"), as at December 31, 2010. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Custodian as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The fair value of investments at December 31, 2011 and 2010 that represent 5% or more of the Plan's net assets, as reported by the Custodian is summarized as follows:

		12/31/2011
Fidelity Advisor Balanced I*	$	929,334
Thornburg International Value R5		438,760
Dreyfus Basic S&P 500		752,779

During 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

		12/31/2011
Balanced/asset allocation funds	$	(6,730)
Large-cap funds		9,545
Mid-cap funds		(18,018)
Small-cap funds		(15,980)
International funds		(99,761)
Target date retirement funds		(125,147)
Bond funds		(1,316)

Note D – Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Registered investment companies (mutual funds): Valued at the net asset value ("NAV") of shares held by the plan at year end. (Market approach)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2011 and 2010:

	Assets at Fair Value as of December 31, 2011			
	Level 1	**Level 2**	**Level 3**	**Total**

Note E – Related party transactions

Certain Plan investments are shares of registered investment companies (mutual funds) and a money market fund issued and managed by Fidelity Management Trust Company ("FMTC"). FMTC has been designated as the custodian as well as provides administration and recordkeeping services to the Plan. These specific investments issued or managed by FMTC qualify as party-in-interest transactions. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-

interest transactions under ERISA. There have been no known prohibited transactions with parties-in-interest.

The Plan has notes receivables from certain of its participants. These transactions qualify as party-in-interest transactions, as defined by ERISA. However, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

Note F - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the employer contributions allocated to their accounts.

Note G - Tax status

The underlying volume submitter profit sharing plan has received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2008, stating that the form of the Plan is qualified under Section 401(a) of the Code, and therefore, the related trust is tax-exempt. In accordance with Revenue Procedures 2010-6 and 2005-16, the Plan Sponsor has determined that it is eligible to and has chosen to rely on the current IRS volume submitter profit sharing plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2011 and 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years that are considered closed for tax filing purposes.

Note H – Subsequent Events

The Company performed an evaluation of events that have occurred subsequent to the end of the Plan year through the date that the financial statements were available to be issued. As of November 27, 2012, there have been no subsequent events that occurred during such period that would require recognition in the financial statements or would require disclosure in the financial statements.
