REPORT OF INDEPENDENT AUDITORS

To the Trustees and plan administrator
Slakey Brothers Employee Retirement Savings Plan
Elk Grove, California

We were engaged to audit the financial statements and supplemental schedule of the Slakey Brothers Employee Retirement Savings Plan as of February 29, 2012 and for the year then ended, as listed in the accompanying contents page. These 2012 financial statements and supplemental schedule are the responsibility of the Plan's management. The statement of net assets available for benefits of the Slakey Brothers Employee Retirement Savings Plan as of February 28, 2011 was reported on by other auditors whose report dated October 27, 2011, disclaimed an opinion for the same reason described in the following paragraph.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the 2012 financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the trustee as of and for the year ended February 29, 2012 that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2012 financial statements and supplemental schedule as a whole. The information included in the supplemental schedule is presented for the purpose of additional analysis and is not a required part of the 2012 financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the 2012 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN

The following description of the Slakey Brothers Employee Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

Slakey Brothers, Inc. established the Plan effective March 1, 1985. The Plan is a defined contribution pension plan established for the benefit of employees of Slakey Brothers, Inc. (the "Company"). The plan administrator of the Company is responsible for administration and management of the Plan. All investments in the Plan are participant-directed. Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (Principal) serves as trustee for the Plan. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Under the Plan, employees of the Company are eligible to participate in the Plan on March 1 or September 1. Participants are eligible to receive a matching contribution upon completion of one year of service (1,000 hours).

Vesting

Participants are immediately vested in their salary deferral contributions and rollover contributions plus actual earnings thereon. All discretionary and matching employer contributions vest over a 6 year period at the rate of 20% per year starting at the completion of the second year of continuous service and are 100% vested after completion of 6 years of service.

A participant's account will become 100% vested upon termination of employment at 65 years of age, disability, or death.

Contributions

Each year, participants may make salary deferral contributions in any percentage of their pretax annual compensation, as defined in the Plan, subject to certain IRC limitations. The Company may make matching contributions equal to a discretionary percentage and may also make discretionary profit sharing contributions. There were no matching or discretionary profit sharing contributions made by the Company for the year ended February 29, 2012. Company contributions are subject to certain IRC limitations.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, allocation of the Company's discretionary matching and profit sharing contributions, allocation of Plan earnings, and charged with withdrawals, allocations of Plan losses and administrative expenses. Allocations are based on participant earnings, as defined.

(Continued)

1. DESCRIPTION OF PLAN (Continued)

Participant Accounts (Continued)

Employer discretionary matching contributions are allocated as they are paid. Employer discretionary profit sharing contributions are allocated to the account of each participant in ratio of the participant's eligible compensation to the total eligible compensation for all Plan participants.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants' Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment options at any time directly through Principal.

Notes Receivable from Participants

Participants may borrow up to 50% of their vested accounts in the form of a loan with a minimum amount of $1,000 and maximum amount of $50,000. Loans are secured by the balance in the participant's account and bear interest at rates that range from 3.25% to 8.25%, which are commensurate with prevailing market rates at the time the funds are borrowed. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or early retirement, a participant shall receive a distribution equal to the value of the participant's vested interest in his or her account in one of the following forms: (a) an installment distribution consisting of approximately equal annual or more frequent installments over a designated term, or (b) a lump-sum distribution of vested accrued benefits. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or rolled over into an eligible retirement plan. Participants may also receive in-service distributions after attaining age 59-1/2. A participant reaches Early Retirement Age on the date the participant reaches age 55 and has 6 years of vesting service. Participants with a vested account balance of $1,000 or less may be paid as a single lump sum without the participant's consent. Mandatory distributions greater than $1,000 and not exceeding $5,000 are rolled over to an individual retirement plan if the participant does not elect otherwise.

Forfeitures

Discretionary matching and profit sharing forfeitures from the nonvested portion of terminated employees' account balances are used to reduce the Company's matching contribution or pay Plan expenses.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

1. DESCRIPTION OF PLAN (Continued)

Administrative Expenses

Plan administrative expenses may be paid by the Plan Sponsor or the Plan. Investment management fees charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, investment management fees are reflected as a reduction of investment return for such investments. Loan fees associated with notes receivable from participants and the Plan's trustee and recordkeeping fees are paid by the Plan and reflected in the financial statements as administrative expenses. The Company provides bookkeeping and other administrative services for the Plan at no charge.

Reclassifications

Certain amounts shown in the prior year have been reclassified to conform to the current year presentation.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Fully Benefit-Responsive Investment Contracts

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. No adjustments from fair value to contract value are presented in the statements of net assets available for benefits, as fair value approximates contract value.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes net unrealized market (depreciation) appreciation of investments and net realized gains and losses on the sale of investments during the period.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Risks and Uncertainties

The Plan utilizes various investment instruments, including a guaranteed investment contract and mutual funds. Investments, in general, are exposed to various risks, such as interest rate, credit, liquidity and overall market volatility. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' accounts and the amounts reported in the financial statements.

Payment of Benefits

Benefits are recorded when paid. There were no distributions requested but not paid at February 29, 2012 and February 28, 2011.

3. CONTRACT WITH INSURANCE COMPANY

The Plan entered into a fully benefit-responsive investment contract with Principal Life Insurance Company (PLIC). PLIC maintains the contributions in a general account. The account is credited with the contractual interest rate and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Principal. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract.
There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a semi-annual basis for resetting.

(Continued)

3. CONTRACT WITH INSURANCE COMPANY (Continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The following table discloses the average yields earned on the Fixed Income Option for the account's actual earnings, and the earnings actually credited to participants' accounts:

	February 29,	
	2012	2011
Average yields:		
Based on actual earnings	2.63%	3.00%
Based on interest rate credited to participants	2.63%	3.00%

4. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

Substantially all information pertaining to the Plan’s investments and notes receivable from participants included in the financial statements, including the associated investment income and interest earned on notes receivable from participants, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Principal, the trustee of the Plan. This information has not been audited by independent accountants.

** Disclosed investment fund does not represent more than 5% of plan net assets as of February 29, 2012, but is disclosed for comparative purposes.*

During the year ended February 29, 2012, the Plan's investments in mutual funds, appreciated in value by $131,524.

5. FAIR VALUE MEASUREMENTS

Fair Value Hierarchy

The Plan groups its assets and liabilities measured at fair value within three levels, based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value. Valuations within these levels are based upon:

Level 1 – Quoted market prices for identical instruments traded in active markets.

Level 2 – Quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable or can be corroborated by observable market data.

Level 3 – Significant unobservable inputs that reflect the Plan’s own assumptions about the assumptions that market participants would use in pricing an asset or liability.

(Continued)

5. FAIR VALUE MEASUREMENTS (Continued)

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, the level in the fair value hierarchy within which the fair value measurement in its entirety falls has been determined based on the lowest level input that is significant to the fair value measurement in its entirety. The Plan's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment, and considers factors specific to the asset or liability.

The following tables present information about the Plan's assets and liabilities measured at fair value on a recurring basis as of February 29, 2012 and February 28, 2011.

The Plan is required to record the following assets at fair value on a recurring basis:

	2012			
Description	Fair Value	Level 1	Level 2	Level 3
Mutual funds:				
Balanced	$ 3,927,626	$ 3,927,626	$ -	$ -
Fixed income	2,200,770	2,200,770	-	-
Equity	9,131,959	9,131,959	-	-
Guaranteed investment contract	3,453,923	-	-	3,453,923
	$ 18,714,278	$ 15,260,355	$ -	$ 3,453,923

	2011			
Description	Fair Value	Level 1	Level 2	Level 3
Mutual funds:				
Balanced	$ 4,067,373	$ 4,067,373	$ -	$ -
Fixed income	1,878,409	1,878,409	-	-
Equity	9,705,107	9,705,107	-	-
Guaranteed investment contract	3,062,284	-	-	3,062,284
	$ 18,713,173	$ 15,650,889	$ -	$ 3,062,284

Fair values for mutual funds are based on quoted market prices in active markets for identical assets that the Plan has the ability to access at the measurement date.

Fair values for the Plan’s investment contract have been determined to approximate contract values (Level 3 inputs), as the terms of the contracts prohibit transfer or assignment of rights under the contracts and provide for all distributions prior to contract termination at contract value, frequent re-setting of contractual interest rates based upon market conditions, no significant liquidity restrictions and no defined maturities. In addition, management has determined that no adjustment from contract values is required for credit quality considerations.

(Continued)

5. FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Board of Trustees of the Slakey Brothers Employee Retirement Savings Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended February 29, 2012.

	Guaranteed Investment Contract
Balance, beginning of the year	$ 3,062,284
Interest income	87,418
Purchases	609,475
Sales	(305,254)
Balance, end of year	$ 3,453,923

There were no transfers in or out of Levels 1, 2 or 3 during the years ended February 29, 2012.

6. FEDERAL INCOME TAX STATUS

The Plan is a form of prototype plan. The Internal Revenue Service issued an opinion letter dated March 31, 2008 indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan's management believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue code and the Plan continues to be tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2008.

7. PARTY-IN-INTEREST TRANSACTIONS

Parties in interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain Plan investments are shares of mutual funds and guaranteed investment contracts managed by affiliates of the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Notes receivable from participants also reflect party-in-interest transactions.

8. SUBSEQUENT EVENTS

The Plan was amended effective March 1, 2012 to 1) allow employees to participate immediately beginning with the first of the month following the hire date and 2) reduce the maximum elective contribution from 100% to 50% of eligible compensation.

We have reviewed all events occurring from February 29, 2012 through December 10, 2012, the date the Plan's financial statements were available to be issued, and no subsequent events occurred requiring disclosure.
