Independent Auditor's Report

To the Administrative Committee of
The Koam Engineering Systems, Inc. Retirement Savings Plan

We were engaged to audit the financial statements of Koam Engineering Systems, Inc. Retirement Savings Plan (the "Plan") as of December 31, 2011 and 2010 and for the years then ended and the supplemental schedules as of and for the year ended December 31, 2011 as listed in the accompanying index. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Nationwide Financial Services, Inc, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2011 and 2010 that the information provided to the plan administrator by the trustee is complete and accurate.

As discussed in Note 9 to the financial statements, there were required note disclosures as well as some formatting issues missing from the financial statements submitted as of December 31, 2011. Accordingly, 2011 financial statements have been restated due to these corrections.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The supplemental schedules are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF THE PLAN

General

The following description of the Koam Engineering Systems, Inc. Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering all employees of Koam Engineering Systems, Inc. (the "Company") originally adopted effective as of January 1, 1998. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERSA).

Eligibility

All employees of the Company are eligible to be in the Plan upon date of hire as long as they have reached the age of eighteen.

Plan Administration

The Plan is administered by the Administrative Committee appointed by the Board of Directors of the Company. The trustee for the Plan is Nationwide Trust Company, FSB ("Trustee"). The Company pays the administrative expenses of the Plan, and provides the Plan with certain accounting and administrative services without charge.

Contributions

Employer contributions are both required and discretionary. The discretionary contribution is determined by the Board of Directors of the Company. For the years ended December 31, 2011 and 2010, no discretionary contributions were made. Under the 401(K) provisions of the Plan, the Company is required to make a 3% contribution.

Participants may contribute pretax annual compensation, as provided by the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Rollovers from other qualified plans shall be allowed from any employee, even if not a participant. The Company makes a 3% contribution up to the first $225,000 of wages for employees, including those that do not participate in the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

For the salary deferrals and 401(K) Safe Harbor contributions, participants are immediately vested in their contributions plus actual earnings. With respect to discretionary contributions, hours of service are required to participate.

NOTE 1 – DESCRIPTION OF THE PLAN (continued)

Forfeitures

Forfeitures of nonvested plan assets are allocated first to administrative expenses and then are used to reduce any employer contribution. For the years ended December 31, 2011 and 2010, forfeited nonvested accounts totaled $6,766 and $14,177, respectively.

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions in one of several investment options offered by Nationwide Financial. Participants may change their investment options at any time; however, changes to percentage to be contributed may only be made on January 1, April 1, July 1 and October 1 of each year.

Participants Notes Receivable

Certain participants may borrow from their fund accounts 50% of their account balance. Loan transactions are treated as a transfer from the investment fund to the participant's notes fund after their balance reaches $2,000. Loans shall not exceed 5 years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. Interest rates fluctuate from 3.25% to 8.25%. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or they may take timely periodic distributions. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Hardship Distributions

Participants may request a distribution based on financial hardship subject to the provisions of the Plan. This distribution shall be permitted from a participant's employee deferral account only. Hardship distributions are described as medical expenses (not covered by insurance), purchase (excluding mortgage payments), payment of tuition for the next semester or quarter of post-secondary education for the participant, the participant's spouse, or any dependent of the participant and funeral expenses for a member of the family.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principals generally accepted in the United States of America.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts or disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. Participants notes receivable are valued at cost which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net Appreciation (Depreciation) in Fair Value of Investments

Realized and unrealized appreciation (depreciation) in the fair value of investments is based on the difference between the fair value of the assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day investments are sold with respect to realized appreciation (depreciation), or on the last day of the year for unrealized appreciation (depreciation).

Realized and unrealized appreciation (depreciation) is recorded in the accompanying Statement of Changes in Net Assets Available Benefits as net appreciation in the fair value of investments.

Fair Value Measurements

Generally accepted accounting principles provide guidance on how fair value should be determined when financial statements elements are required to be measured at fair value. Valuation techniques are ranked in three levels depending on the degree of objectivity of the inputs used with each level:

Level 1 inputs - quoted prices in active markets for identical assets.
Level 2 inputs - quoted prices in active or inactive markets for the same or similar assets
Level 3 inputs - estimates using the best information available when there is little to no market

The Corporation is required to measure only one type of asset and the related revenues at fair value which is investments. The techniques used to measure fair value are described in the notes below that relate to each asset.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

The Plan invests in various investment options that invest in securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices fore volatile than those of securities of comparable U.S. companies.

Payment of Benefits

Benefits due to participants whose employment is terminated are recorded on the date such amounts are paid.

Benefits paid to participants per Schedule H of Form 5500	$ 172,820	$ 439,573

NOTE 6 – TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter, dated March 16, 2010, that the Plan and related trusts are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has not been amended since receiving the determination letter.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

NOTE 7 – Information Certified by the Trustee (Unaudited)

At December 31, 2011 the Plan's investments were held by the Trustee. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Trustee as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Balanced funds	$ 451,680
Growth funds	1,413,372
Fixed Income funds	1,317,691
Specialty funds	458,795
International funds	188,286
	$ 3,829,824

With the exception of the International Fund, each of the above investments represents 5% or more of net assets of the plan at December 31, 2011

Interest and dividend income	$ 7,093
Net depreciation in fair value of investments	(219,874)

NOTE 8 – SUBSEQUENT EVENTS

Management has evaluated its December 31, 2011 financial statements for subsequent events through November 21, 2012, the date the financial statements were available to be issued. Management is not aware of any subsequent events that would require recognition or disclosure in the financial statements.

NOTE 9

There were three disclosures missing from the financial statements as originally filed. The first was the second paragraph of Note 6 Tax Status which describes the tax years that remain subject to examination by major tax jurisdictions. The second was the breakout of the mutual funds by fund type for the purposes of fair value measurement under Note 3 - Investments. The last is the addition of Note 7 which discloses the "Information Certified by the Trustee".

In addition to the disclosure issues, there were some minor format changes of the financial statements themselves. There were no changes to the numbers submitted rather to the descriptions and placement of the descriptions.
