JB JAMES CONSTRUCTION, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2011 AND 2010

Note 1 - Description of Plan -

The following description of the JB James Construction, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan. It covers all employees of JB James Construction, LLC (plan sponsor). Employees must be 20.5 years of age or older and have at least one year of service to be eligible for participant elective deferrals and employer matching contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to make elective deferrals to the Plan through payroll withholdings up to the maximum percentage of compensation and dollar amount subject to Internal Revenue Code (IRC) limits. Participants who have attained age 50 before the end of the plan year are eligible to make additional catch-up contributions subject to IRC limits. The plan sponsor may make a discretionary matching contribution.

Forfeitures

Forfeitures of terminated participants' nonvested account balances are used to pay administrative expenses of the Plan and any remaining amounts may be used to reduce employer contributions. Forfeited non-vested balances at December 31, 2011 and 2010 totaled \$3,254 and \$-0-, respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the employer's matching contribution and plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer's contribution portion of their accounts is based on years of service, as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 3	0%
3	100%

Notes Receivable from Participants

Participants may borrow amounts from their accounts subject to the provisions of the Plan. Loans are limited to 50% of a participant's vested account balance in the Plan. Loans are generally repaid through payroll deductions over a period not to exceed five years. The interest rate is determined at the origination of the loan, based on prevailing market conditions at the time, and is fixed over the life of the loan.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Note 2 - Summary of Significant Accounting Policies -

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting. Investments are valued at fair value as quoted by the trustee of the Plan. All assets of the Plan are participant directed.

Benefits are recorded when paid. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Net appreciation (depreciation) in fair value of investments includes gains and losses on investments sold during the year as well as appreciation and depreciation of the investments held at the end of the year.

Investment Contracts

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. Accordingly, the Statements of Net Assets Available for Benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

As of December 31, 2011 and 2010, the Plan was invested in a common collective trust, Comerica Stable Value Fund, which owned fully benefit-responsive investment contracts. The Plan reflected these fully benefit-responsive investment contracts at fair value and recognized an adjustment from fair value to contract value of (\$1,754) and (\$1,297) as of December 31, 2011 and 2010, respectively, in the accompanying Statements of Net Assets Available for Benefits. The average yields of the Comerica Stable Value Fund were as follows:

	<u>2011</u>	<u>2010</u>
Average Yield	2.18%	2.44%
Average Yield Credited to Participants	2.18%	2.14%

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Administrative Expenses

The plan sponsor, at its sole discretion, may pay the administrative expenses (i.e., trustee fees, fund fees, loan fees, recordkeeping fees, and other similar expenses) of the Plan. If such expenses are not paid by the plan sponsor, they are paid out of plan assets. Certain administrative expenses of the Plan were paid by the plan sponsor for the years ended December 31, 2011 and 2010.

Risks and Uncertainties

The Plan invests in common/collective trust funds and mutual funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Note 3 - Investments -

The following investments represent 5% or more of the Plan's net assets at December 31, 2011 and 2010:

	<u>2011</u>	<u>2010</u>
Comerica Stable Value (Contract Value \$67,444 for 2011 and \$58,948 for 2010)	\$ 69,198	\$ 60,245
Comerica Destination 2015 Fund, 801 and 493 units, respectively	\$ 11,295	\$ 6,825
Comerica Destination 2035 Fund, 1296 units	\$ 18,435	*
Comerica Destination 2045 Fund, 683 units	\$ 9,817	*
Neuberger Berman Genesis Trust Fund, 210 shares	\$ 10,143	*

*Balance does not exceed 5% of the Plan's net assets for the respective year.

Note 4 - Fair Value Measurements -

The fair value measurement accounting literature provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels. Level 1 inputs to the valuation methodology are based on unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access. Level 2 inputs are based primarily on quoted prices for similar assets in active or inactive markets and/or based on inputs that are derived principally from or corroborated by observable market data by correlation or other means. Level 3 inputs are unobservable and are based on assumptions market participants would utilize in pricing the asset.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. When available, valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2011 and 2010:

Common Collective Trust Funds - the fair value of the common collective trust funds is derived from the fair value of the underlying securities based on quoted market prices in active or inactive markets.

Mutual Funds - the fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits. The methods used to measure fair value may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010:

Assets at Fair Value as of December 31, 2011

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	2011	2010
Investments, at Fair Value:

	<u>\$ 167,630</u>	<u>\$ 116,171</u>
Investment Income (Loss)	<u>\$ (568)</u>	

Note 6 - Plan Termination -

The plan sponsor has the right under the Plan to discontinue their contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts. See Note 11 to the financial statements regarding termination of the Plan.

Note 7 - Tax Status -

The plan sponsor has adopted a prototype plan which received a favorable tax determination letter from the Internal Revenue Service that it qualifies under Section 401(a) of the Internal Revenue Code (IRC) and is, therefore, not subject to tax under present income tax law. The plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. With few exceptions, the Plan is no longer subject to income tax examinations for years prior to 2008.

Note 8 - Party-in-Interest Transactions -

Certain plan investments are held in common and collective trust funds managed by an affiliate of Wells Fargo Bank, the trustee of the Plan. These transactions qualify as party-in-interest transactions.

Note 9 - Reconciliation of Financial Statements to Schedule H of Form 5500 -

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 at December 31, 2011 and 2010:

The following is a reconciliation of total contributions per the financial statements for the year ended December 31, 2011 to Schedule H of Form 5500:

Less: Contributions Receivable at December 31, 2011	<u>(8,629)</u>
Total Contributions per Schedule H of Form 5500	<u>\$ 72,044</u>

Note 10 - Delinquent Participant Contributions -

For the year ended December 31, 2011, employee deferrals of \$4,065 were not timely remitted to the Plan in accordance with the requirements of the Department of Labor. These contributions were remitted to the Plan upon discovery of the error.

Note 11 - Subsequent Event -

Subsequent to December 31, 2011 and before issuance of these financial statements, the Plan was terminated, and all assets of the Plan were transferred into a multiple employer plan.

The Plan evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through December 14, 2012, the date the financial statements were available to be issued.
