The general administration of the Plan and the responsibility for carrying out its provisions shall be placed on the Kitson & Partners Management Services, Inc. Administrative Committee (the "Administrative Committee"). The Administrative Committee shall be the Plan administrator, and has the authority to appoint or remove the trustee. The Administrative Committee has engaged the services of an independent profit sharing administration firm to assist it with the performance of its duties. State Street Bank and Trust Company (the "Trustee") and ADP, serves as trustee and record keeper of the Plan.

The Administrative Committee has entered into a trust agreement with the Trustee providing for the establishment of a trust to which all employee contributions shall be contributed and from which all benefits under the Plan shall be paid. The Trustee values all accounts on each accounting date.

Certain administrative costs of the Plan have been assumed by the Company.

Eligibility

Employees of the Company are generally eligible to participate in the Plan on the first day of the month subsequent to attaining the age of 21 and completing 6 months of service.

Contributions

Each year participants may contribute earnings from 1% to 90% of base pay, as defined in the Plan. Participants may make a contribution which qualifies as a rollover from another qualified plan, provided the amount is not less than $500. The Company will match 50% of each participant's contribution up to a maximum of 6% of biweekly eligible compensation. Company contributions made on behalf of each participant will be limited, if necessary, to comply with limits set by the Internal Revenue Service. The maximum amount which may be added to the participant's account for the years ended December 31, 2010 and 2009, in accordance with Section 415(c) of the Internal Revenue Code, is the lesser of $49,000, respectively, or 100% of the participant's compensation for the year.

The Company may also make nonelective contributions to the Plan, in which all eligible employees will receive a proportionate amount of the Company's contribution. Participants direct the investment of their contributions into various investment options offered by the Plan.

Note 1 - Plan Description (Cont'd)

Forfeitures

Forfeitures are created when participants terminate employment before becoming fully vested in their benefits under the Plan. At December 31, 2010 and 2009, forfeited nonvested accounts totaled $826 and $816, respectively. These accounts will be used to reduce future employer contributions. Also, in 2010 and 2009, employer contributions were reduced by $23,471 and $5,297 from forfeited nonvested accounts.

Participant Account

Each participant's account is credited with the participant's contributions and withdrawals, as applicable, and allocations of: (a) Company contributions and (b) Plan earnings and debited with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Each participant's account is valued on a daily basis, separately for each fund, to reflect the effect of earnings (consisting of all investment income collected or accrued, and all realized or unrealized gains and losses), plus all contributions, distributions, forfeitures, interfund transfers, and withdrawals.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants vest in Company contributions and actual earnings thereon at a rate of 50% after completion of one year of service and 100% vested upon the completion of three years of service. A participant will become fully vested if termination occurs as a result of death, retirement, or disability.

Retirement Benefits

Normal Retirement Benefits - The normal retirement date is the first day of the month following the month in which the participant attains age 65.

Deferred Distribution - A participant may elect in writing to postpone the commencement of benefit distribution until the required beginning date. The required beginning date is April 1 of the calendar year following the calendar year in which the participant attains age 70- 1/2 or retirement.

Benefit Payments - On termination of service, a participant is entitled to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Payment shall be in cash. If a participant's nonforfeitable account balance is $5,000 or less, the Plan administrator shall automatically distribute it in a lump sum without the participant's consent upon the termination of employment (or if the participant is deceased, to the participant's beneficiary without the beneficiary's consent).

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to the lesser of $50,000 or 50% of their account balance. Loan transactions are treated as a transfer between the investment fund and the loan fund. Loan terms may not exceed five years, unless the loan is made for the purchase of a principal residence, in which case the repayment period may exceed five years. The loans are secured by the balance in the participant's account and bear interest rates that commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is paid ratably through payroll deductions. Interest rates on loans outstanding as of December 31, 2010 range from 5.25% to 8.00%. The participant loans as of December 31, 2010 and 2009, have been made in accordance with the Plan's loan provisions.

Note 1 - Plan Description (Cont'd)

Investment Options

All contributions are self-directed by plan participants and may be invested, in any combination, into various investment options as presented by State Street and Trust Company at December 31, 2010.

Note 2 - Summary of Significant Accounting Policies

Modified Cash Basis of Accounting

The Plan's financial statements have been prepared on the modified cash basis. Therefore, with the exception of appreciation or depreciation in the market value of investments, income and expense items are recognized only as cash is received or paid and receivables (other than loans receivable from participants), payables and accrued expenses are not reflected.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 3 for discussion of fair value measurements.

In accordance with the policy of stating investments at current value, net realized and unrealized appreciation (depreciation) for the year is reflected in the statement of changes in net assets available for benefits as part of the net investment performance. Participants own units in the Plan's underlying investments which are valued daily by the Plan administrator. Accordingly, all earnings of the investments are reported as net investment performance. Purchases and sales of securities are recorded on a trade date basis.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Note 2 - Summary of Significant Accounting Policies (Cont'd)

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events

Plan management has reviewed subsequent events and transactions that occurred after December 31, 2010 through the date of the auditors' report and the date of issuance. The financial statements include all events or transactions, including estimates, required to be recognized in accordance with generally accepted accounting principles. Plan management has determined that there are no nonrecognized subsequent events that require additional disclosure.

New Accounting Pronouncements

In January 2010, the FASB issued an accounting standard that clarifies and increases the disclosure requirements relating to fair value measurements. The accounting standard is effective for annual and interim periods beginning after December 15, 2009, except for the disclosures about purchases, sales, issuance, and settlements in the roll forward of activity in Level 3 fair value measurements. Those disclosures are effective for annual and interim periods beginning after December 15, 2010. The accounting standard did not have an effect on the Plan's financial statements.

In September 2010, the FASB issued an accounting standard that clarifies how loans to participants should be classified and measured. The accounting standard is effective for fiscal years ending after December 15, 2010.

Note 3 - Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest level priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 *Fair Value Measurements and Disclosures* are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

(Cont'd)

Note 3 - Fair Value Measurements (Cont'd)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Money Markets and Mutual funds: Valued at the quoted net asset values of the shares held by the Plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2010 and 2009.

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts. These accounts may be reduced by administrative termination expenses incurred and paid by the Company for which the Company seeks reimbursement by the Plan.

Note 6- Federal Income Tax Status

The Plan has received a prototype qualification letter from the Internal Revenue Service stating that the Plan and related trust are qualified under Section 401(a) of the Internal Revenue Code ("IRC"). Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended to comply with certain new requirements since receiving the determination letter. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

Note 7 - Administrative Expenses

At the Company's election, expenses incurred for the administration of the Plan may be paid by Kitson & Partners Management Services, Inc. All expenses relating directly to the investments of the Trust Fund, including taxes, brokerage commissions and registration charges, must be paid from the Trust Fund.
