Heritage Group Retirement Savings Plan III
Indianapolis, Indiana

We were engaged to audit the accompanying statements of net assets available for benefits of Heritage Group Retirement Savings Plan III as of December 31, 2011 and 2010, and the related statement of changes in net assets available for benefits for the years ended December 31, 2011 and 2010, and the supplemental schedules of reporting requirements under Department of Labor's rules, as of and for the year ended December 31, 2011. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Vanguard Fiduciary Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee regarding the completeness and accuracy of the investment information summarized in Note 7 that was provided to the Plan Administrator by the trustee as of and for the year ended December 31, 2011, and as of December 31, 2010.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The supplemental schedules are presented for the purposes of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rule and Regulations for Reporting and Disclosure under the Employee Retirement Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee have been audited by us in accordance with auditing standards generally accepted in the United States of America, and in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As discussed in Note 1 to the financial statements, the Board of Managers of Crystal Flash Petroleum, LLC, the Plan's sponsor, voted on December 10, 2010, to terminate the Plan. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the ongoing plan basis to the liquidation basis used in presenting the 2011 and 2010 financial statements.

HERITAGE GROUP RETIREMENT SAVINGS PLAN III

NOTES TO FINANCIAL STATEMENTS

December 31, 2011

NOTE 1 PLAN TERMINATION

On December 10, 2010, the Board of Managers voted to terminate the Plan, effective December 31, 2010. All participants became fully vested in their accumulated benefits as of December 31, 2010. During 2011, the Plan's assets were liquidated and withdrawn by participants. As of December 31, 2011, no assets remained in the Plan.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

Due to the decision to terminate the Plan during 2010 (see Note 1), the financial statements have been prepared using the liquidation basis of accounting.

As described in Financial Accounting Standards Board, Accounting Standards Codification 962 (ASC 962), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common/collective trust. As required by the ASC 962, the Statement of Net Assets Available for Benefits presents the fair value of the investment in the common/collective trust as well as the adjustment of the investment in the common/collective trust from fair value to contract value relating to the investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

B. Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

C. Concentration of Credit Risk

The Plan invests in investment companies (funds) administered by The Vanguard Group, Inc. The funds' investments are not insured and are affected by the fluctuations in the stock and bond markets.

HERITAGE GROUP RETIREMENT SAVINGS PLAN III

NOTES TO FINANCIAL STATEMENTS

December 31, 2011

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES - continued

D. Investment Valuation and Income Recognition

The investments of the Plan are stated at fair value, with the exception of the Vanguard Retirement Savings Trust, as described above in Note 2.A., which is stated at contract value. See Note 8 for further information regarding valuation of the Plan's investments. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Security transactions are accounted for on the date securities are purchased or sold (trade date). Dividend income is recorded on the ex-dividend date. Interest income is recognized when earned. Capital gain distributions are included in dividend income. Net gains and losses from security transactions are computed using the average cost method based on the beginning market value.

E. Notes Receivable from Participants

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based upon the terms of the plan document.

F. Payment of Benefits

Benefits are recorded when paid.

G. Plan Expenses

Investment advisory fees for portfolio management are paid directly from fund earnings; they are included in the fund expense ratio and will not reduce assets of the Plan. All other expenses including administrative costs, legal fees, auditing fees, and other costs were paid by the participating company.

H. Reclassifications

Certain prior year balances have been reclassified to conform with current year classifications and presentations.

I. Evaluation of Subsequent Events

The Plan has evaluated subsequent events through October 07, 2012, which is the date the financial statements were available to be issued.

NOTE 3 DESCRIPTION OF PLAN

The participating company of the Plan is Crystal Flash Petroleum, LLC. The following description of Heritage Group Retirement Savings Plan III provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

HERITAGE GROUP RETIREMENT SAVINGS PLAN III

NOTES TO FINANCIAL STATEMENTS

NOTE 3 DESCRIPTION OF PLAN - continued

General

The Plan is a defined contribution plan covering all nonunion employees and employees covered by a collective bargaining agreement that specifically provides for participation in this Plan of the Companies. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute to the Plan up to 70% of their compensation, subject to limits imposed by Federal tax law. The Company will make contributions based on the matching percentage determined before the first day of each Plan year by the Board of Directors. Additional amounts may be contributed at the option of the Board of Directors at the end of the Plan year and allocated to participants' accounts based upon annual compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, and an allocation of Plan earnings. Allocations are based on a participant's compensation or account value, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary and company matching contributions plus actual earnings thereon. Vesting in the Company's additional contributions portion of their accounts plus earnings thereon is based on years of continuous service. Effective January 1, 2007, participants are 100% vested after three years of credited service. Prior to this, participants were 100% vested after five years of credited service. As described in Note 1, effective December 31, 2010, all participants became fully vested due to the Plan's termination.

Payment of Benefits

Upon termination of employment, death, disability, or retirement, the participant may elect to receive a lump sum distribution as soon as administratively feasible following the date on which a distribution is requested or is otherwise payable. A participant who has reached 59 1/2 may elect to receive a portion of their vested account balance. Other distributions may be made as required by Federal and state law.

Investment Options

Participants were able to allocate their contributions to 17 different Vanguard funds and trusts during 2011 and 2010.

NOTE 3 DESCRIPTION OF PLAN - continued

Participant Loans (Notes Receivable from Participants)

Participants may borrow from their fund accounts the lesser of \$50,000, one-half of the vested amount of all the participant's accounts, or 80% of the value of the participant's salary redirection account plus their rollover account. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Loan Fund. Loan terms range from 1 to 5 years. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1% at either January 1 or July 1, immediately before the date of the loan. An administrative fee is charged for establishing and maintaining the loan. Principal and interest is paid ratably through payroll deductions.

Forfeited Accounts

At December 31, 2011, forfeited nonvested accounts totaled \$0. Forfeited nonvested accounts were to be used to pay plan expenses during 2011.

NOTE 4 RECENT ACCOUNTING PRONOUNCEMENTS ADOPTED

In September 2010, FASB issued an amendment, Plan Accounting—Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans (ASU 2010-25), which provides guidance on how loans to participants should be classified and measured by defined contribution pension plans. This amendment requires that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. This amendment was effective for periods ending after December 15, 2010, with early adoption permitted. This amendment requires retrospective application to all periods presented.

This amendment was adopted for the year ended December 31, 2010. There was no impact to the net assets as of December 31, 2010 as a result of the adoption.

In January 2010, FASB issued an amendment "Fair Value Measurements and Disclosures - Improving disclosures about Fair Value Measurements" (ASU 2010-06), which requires new disclosures about transfers of financial assets and liabilities between Levels 1 and 2. This amendment also clarifies that fair value measurement disclosures are required for each class of financial assets and liabilities, and disclosures about inputs and valuation techniques are required for both Level 2 and Level 3 measurements. It further clarifies that the reconciliation of Level 3 measurements should separately present purchases, sales, issuances, and settlements instead of netting these changes. With respect to matters other than Level 3 measurements, the amendment was effective and adopted for periods beginning on or after December 15, 2009. See Note 8 for impact of adoption. The guidance related to Level 3 measurements is effective for periods beginning on or after December 15, 2010. See Note 8 for impact of adoption.

NOTES TO FINANCIAL STATEMENTS

December 31, 2011

NOTE 5 PARTIES IN INTEREST

There were no known prohibited transactions with known parties in interest as defined in ERISA Section 3(14) and regulations thereunder, including those transactions set forth in ERISA Sections 406 and 407(a) and Internal Revenue Code Section 4975(c).

The Plan invests in shares of mutual funds managed by an affiliate of Vanguard Fiduciary Trust Company ("VFTC"). VFTC acts as trustee for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

NOTE 6 INCOME TAX STATUS

The Plan obtained its latest determination letter on April 4, 2003, in which the Internal Revenue Service stated the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

The Financial Accounting Standards Board issued guidance on accounting for uncertainty in income taxes. The Plan adopted this guidance for the year ended December 31, 2009. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for years before 2008.

NOTE 7 INFORMATION PREPARED AND CERTIFIED BY PLAN TRUSTEE

The following is a summary of the Plan's asset information as of December 31, 2011 and 2010, and for the years ended December 31, 2011 and 2010, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets:

NOTE 8 FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ASC 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- | | |
|----------------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | <p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none">Quoted prices for similar assets or liabilities in active markets;Quoted prices for identical or similar assets or liabilities in inactive markets;Inputs other than quoted prices that are observable for the asset or liability;Inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011.

Registered investment companies funds: Valued at the closing price reported on the active market on which the individual securities are traded.

Common Collective Trusts: Valued at fair value by discounting the related cash flows based on current yields of similar investments with comparable durations considering the credit-worthiness of the issuer.

Vanguard prime money market fund: Valued at the net asset value ("NAV") of shares held by the Plan at year end.

NOTE 8 FAIR VALUE MEASUREMENTS - continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no Plan assets as of December 31, 2011.

The following table sets forth by level, with the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010:

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2011 there were no significant transfers in or out of Levels 1, 2, or 3.

NOTE 9 INVESTMENT CONTRACTS WITH INSURANCE COMPANY

The Plan invests in investment contracts through a common/collective trust with Vanguard Fiduciary Trust Company. The account is credited with the actual earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is fully-benefit responsive and is included in the financial statements at contract value, which approximates fair value.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts. These contracts are included in the financial statements at contract value, as reported to the Plan by Vanguard Fiduciary Trust Company. The contract value represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Even though the Plan was terminated effective December 31, 2010, this did not limit the Plan's ability to transact at contract value.
