Keystone Motors 401(k) Plan
NOTES TO FINANCIAL STATEMENTS
June 30, 2012

The following description of the Keystone Motors 401(k) Plan (the Plan) provides only general information. Participants should refer to the summary plan description of the Plan document for a more complete description of the Plan's provisions.

NOTE 1 - PLAN DESCRIPTION

A. General

The Keystone Motors 401(k) Plan (the Plan) is a voluntary defined contribution plan available to all employees of Alfred Stein, Inc. dba Keystone Motors (the Company). Employees must be age 18 or older and have completed 6 months of service in order to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors of the Company approved the merger of this Plan into the 401k Safe Multiple Employer Plan (the MEP), effective June 30, 2012. As a result, all investments were transferred from the Plan into the MEP on that date.

B. Contributions

Participants, upon the date of eligibility, automatically have 3% of their pretax compensation withheld. Participants may then elect to contribute a different percentage of compensation or no contribution at all, as defined in the Plan, not to exceed the maximum allowed under IRS Code 415(d). Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers), and those who have reached age 50 or more during the calendar year may make "catch-up" contributions to the Plan. Contributions made by the Company at the option of the Board of Directors may be matching or discretionary. Matching or discretionary contributions, if made, are provided to active participants employed on the last day of the Plan year, and who have worked at least 1,000 hours of service. In 2011, the matching contribution was limited to 5% of employee deferral amounts, and in 2012, there were no matching contributions made. No discretionary contributions were made for the period ending June 30, 2012.

C. Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contribution, if any. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - PLAN DESCRIPTION (CONTINUED)

D. Vesting

Participants are immediately vested in their contributions and earnings on those contributions. Vesting in the Company's discretionary contributions, however, is based on years of continuous service, as follows:

Less than 2 years	0 %
2 years	20 %
3 years	40 %
4 years	60 %
5 years	80 %
6 years or more	100 %

E. Participant Investment Options

Participants must direct their salary deferred contributions from several investment options offered through Hartford Life Insurance Co. (The Hartford) as made available and determined by the Plan Administrator. Those investment options consist of values of interest in registered investment companies. Participants may change their allocation of contributions or transfer money between options any time during the period.

F. Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of the loan amount or 50% of their vested account balance. Plan loans are treated as a separate investment of the assets held in a participant's account. Loan terms may range from one to five years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. The interest rate currently charged ranges from 3.25% to 7.49%. Principal and interest are paid ratably through payroll deductions. Any balance not repaid within five years is treated as a taxable distribution to the participant.

G. Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum distribution, or in monthly installments. For termination of service due to other reasons, a participant may choose to leave the vested interest in the plan if such amounts exceed \$5,000 or elect a lump sum distribution, participants with vested amounts less than \$1,000 must elect a lump sum distribution, and participants with a vested amount between \$1,000 and \$5,000 are placed in an IRA provided by the Plan Administrator or may elect a lump sum distribution. Funds may also be accessed prior to the date they become distributable by way of a financial hardship withdrawal. Hardship withdrawals are allowable in accordance with current Internal Revenue Service guidelines.

H. Forfeitures

Forfeited balances of terminated participants' nonvested accounts are used to offset the Plan's administrative expenses and/or offset the employer's matching contribution. Forfeitures used to offset Plan administrative expenses and offset employer's matching contribution from January 1, 2011 through June 30, 2012, totaled \$150.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

B. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

C. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Values of interest in registered investment companies are valued at market value as determined by the Custodian. Because of the inherent uncertainties in estimated market value, it is reasonably possible that the estimates used will change within the near term. The Plan presents in the statements of changes in net assets available for Plan benefits, the net appreciation (depreciation) in the fair value of its investments which consists of the net change in market value of values of interest in registered investment companies during the period. Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on the accrual basis.

D. Payment of Benefits

Benefits to participants are recorded when paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. Administrative Expenses

Administrative expenses of the Plan are paid from earnings of the Plan and forfeited balances of terminated participants' nonvested accounts as disclosed in Note 1-H. Administrative expenses for the period ended June 30, 2012, were \$6,208. Other administrative expenses such as accounting and legal fees are paid by the Company.

F. Risk and Uncertainties

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for Plan benefits.

G. Subsequent Events

The Company has evaluated events and transactions that occurred between June 30, 2012, and December 13, 2012, which is the date the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels and gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 inputs) and lowest priority to unobservable inputs (Level 3 inputs). The three broad levels of the fair value hierarchy are:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The following is a description of the valuation methodologies used for assets measured at fair value:

- *Values of interest in registered investment companies:* The fair value of values of interest in registered investment companies is based on the net asset value per unit as determined by the Custodian. The net asset value per unit is derived using the market approach by determining the market value of the underlying investments.

NOTE 4 - INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan's Custodian, Hartford Life Insurance Co., has certified that the investments and investment transactions are complete and accurate as of and for the period ended June 30, 2012.

NOTE 5 - TAX STATUS

The Plan received a favorable determination letter from the Internal Revenue Service dated March 31, 2008, which stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code and is therefore exempt from federal income taxes. Management is not aware of any uncertain tax positions that would require disclosure or accrual in accordance with generally accepted accounting principles. The Plan is no longer subject to tax examinations by tax authorities for years before 2009.

NOTE 6 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Net assets available for benefits per the financial statements at June 30, 2012, agree with the amount of net assets available for benefits reported on Form 5500 for the applicable year, as there were no amounts allocated to withdrawing participants for unpaid benefit claims at year-end.
