INDEPENDENT AUDITORS' REPORT

To the Administrative Committee and Participants of
Breeze-Eastern Corporation Retirement Savings Plan

We have audited the accompanying statements of net assets available for benefits of the Breeze-Eastern Corporation Retirement Savings Plan (the "Plan") as of March 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended March 31, 2012. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of March 31, 2012 and 2011, and the changes in its net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the financial statements taken as a whole. The supplementary schedules of assets (held at end of year) as of March 31, 2012 and reportable transactions for the year then ended are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED MARCH 31, 2012 AND 2011

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Breeze-Eastern Corporation Retirement Savings Plan, ("the Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan.

GENERAL

The Plan is a defined contribution plan which provides participants with an opportunity to invest their contributions in various investment funds. The Plan is managed by an Administrative Committee (the "Committee") appointed by Breeze-Eastern Corporation (the "Company" or "Plan Sponsor"). The Committee supervises the operation of the Plan, interprets its provisions and authorizes all benefit payments. T. Rowe Price Trust Company serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

EMPLOYEE CONTRIBUTIONS

Contributions to the Plan are made by individual participants and the Company. Individual participants, while eligible for Plan membership, are able to contribute between 1% and 75% of their compensation on a pre-tax basis, subject to annual limitations.

EMPLOYER CONTRIBUTIONS

The Company may make two types of contributions to the Plan: matching and basic. The Company matches 50% of the first 6% of the employee's contribution during the plan year, up to a maximum of 3% of eligible compensation upon completion of a one-year period of service. Each plan year, in addition to the matching contribution, the Company may make an additional contribution from its net profits to those plan participants employed by the Company on March 31. This basic contribution is equal to 3% of each participant's eligible compensation earned for the plan year. If there are no net profits for the plan year, the Company is not required to make these contributions. All contributions are participant-directed.

FOR THE YEARS ENDED MARCH 31, 2012 AND 2011

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

PARTICIPANT ACCOUNTS

Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contribution, as well as the Company's matching and basic contributions and plan earnings, and charged with withdrawals and an allocation of plan losses. Income, expenses, gains and losses arising with respect to each separate investment fund are allocated among the participant accounts within that fund. An employee of the Company shall be an eligible employee for the sole purpose of making elective contributions after he or she has completed one month of service. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

INVESTMENTS

Participants direct the investment of their contributions, and the Company's matching and basic contributions, into various investment options offered by the Plan. The Plan currently offers 24 mutual funds and one common/collective trust fund.

VESTING

Participants, at all times, have a fully vested and non-forfeitable interest in all of their pre-tax contributions plus actual earnings thereon. Vesting in company contributions occurs in 20% increments over a period of five years, with full vesting occurring after the participant completes over five full years of credited service.

PAYMENTS OF BENEFITS

On termination of service due to retirement, death, disability or termination, the participant or beneficiary will automatically receive a lump-sum payment if the total value of his or her vested plan account is \$5,000 or less. If the participant's vested plan account balance is greater than \$5,000, the participant may elect a lump-sum payment, annual installments over a period not to exceed the life expectancy of the participant or the joint expectancy of the participant and his or her beneficiary, a combination of lump-sum and annual installments, a monthly annuity option purchased through a life insurance contract, or deferral to normal retirement age of 65.

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED MARCH 31, 2012 AND 2011

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts up to a maximum of \$50,000 or 50% of their vested balance, whichever is less, reduced by the highest outstanding loan balance under the Plan during the previous 12 months. The minimum loan request is \$500. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 3.25% to 9.75%, which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

USE OF ESTIMATES

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

RISKS AND UNCERTAINTIES

The Plan utilizes various investment instruments, including mutual funds and a common/collective trust ("CCT") fund. Investment securities, in general, are exposed to various risks, such as interest rate, market and credit, and overall market volatility. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

PAYMENT OF BENEFITS

Benefits are recorded when paid.

INVESTMENT VALUATION AND INCOME RECOGNITION

The policy of the Plan is to record investments at fair value. Quoted market price, to the extent available, is used to value investments. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end.

Purchases and sales of investments are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investment funds are deducted from income earned and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

VALUATION OF INVESTMENTS (SECURITIES WITH NO QUOTED MARKET PRICES)

Amounts for securities that have no quoted market price represent estimated fair value. Many factors are considered in arriving at the fair value. The value recorded in the Plan's financial statements for such common/collective trust was \$10,586,449 and \$9,510,085 at March 31, 2012 and 2011, respectively. The Plan's investments in common/collective trusts consist of funds that invest primarily in guaranteed investment contracts with insurance companies, investment contracts with banks and synthetic investment contracts with banks and insurance companies. The Plan's investments in these common collective trusts are valued at amounts contributed, plus the Plan's pro-rata share of interest income earned by such funds, less administrative expenses and withdrawals.

The Plan entered into a benefit-responsive investment contract with T. Rowe Price Trust Company. T. Rowe Price Trust Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the

financial statements at contract value as reported to the Plan by T. Rowe Price Trust Company. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield and crediting interest rates were approximately 3 and 4 percent for 2012 and 2011, respectively. Such interest rates are reviewed on a quarterly basis for resetting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Plan invests in investment contracts through a common/collective fund. The Statements of Net Assets Available for Benefits present the fair value of the common/collective fund, as well as the adjustment of the investment in the common/collective fund from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis.

FAIR VALUE MEASUREMENTS

ASC Topic 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

The fair value hierarchy also requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs in measuring fair value. The Plan uses the market approach valuation technique to value its investments. The market approach uses prices and other pertinent information generated from market transactions involving identical or comparable assets or liabilities. The types of factors that the Plan may take into account in fair value pricing the investments include available current market data, including relevant and applicable market quotes. The Plan's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment, and considers factors specific to the asset or liability.

The fair value of the Plan's mutual funds is based on quoted net asset values of the shares held by the Plan at year end.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

FAIR VALUE MEASUREMENTS (CONTINUED)

An asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at March 31, 2012 and 2011.

Common/collective fund - Valued at the net value of participation units held by the Plan at year end. The value of these units is determined by the trustee of the Plan based on the current market values of the underlying assets of the common/collective fund as based on information reported by the investment advisor using the audited financial statements of the respective common/collective fund at year end.

Mutual funds - Valued at the net asset value ("NAV") of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, that use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table provides fair value measurement information for the Plan's major categories of financial assets measured on a recurring basis:

ADMINISTRATIVE EXPENSES

All administrative expenses authorized and incurred for the administration of the Plan, excluding investment expenses and loan transaction charges, are paid by the Plan out of plan forfeitures. Total forfeitures were \$37,943 and \$23,963, respectively, for the plan years ended March 31, 2012 and 2011, and were used to pay administrative expenses. Administrative expenses in excess of plan forfeitures are paid by the Plan Sponsor. Expenses incurred in connection with the investment of trust assets are paid directly from the investment fund in which the expense is incurred. Loan transaction charges are paid directly to T. Rowe Price Trust Company by the participant taking the loan.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

*T. Rowe Price Equity Income Fund	2,355,514	2,117,225
Fidelity Magellan Fund	2,320,706	2,779,856
*T. Rowe Price Mid-Cap Growth Fund	**	1,673,452

* Exempt party-in-interest (Note 5).

** Investment represents less than 5% of total net assets available for benefits.

During the years ended March 31, 2012 and 2011, the Plan's investments (including gains on investments bought and sold, as well as held during the year) appreciated in value as follows:

	2012	2011
Mutual funds	<u>\$ 132,217</u>	<u>\$ 2,464,324</u>

NOTE 4 - FEDERAL INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter dated May 18, 2012, that the Plan and related trust are designed in accordance with applicable sections of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of March 31, 2012 and 2011, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

NOTE 5 - EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds and a common/collective trust managed by T. Rowe Price Trust Company. As defined by the Plan, T. Rowe Price Trust Company is the trustee and, therefore, these transactions qualify as exempt party-in-interest transactions (see Note 3). Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan, at any time, in whole or in part. Upon the complete or partial termination of the Plan, the accounts of all participants affected thereby shall be fully vested and nonforfeitable.

NOTE 7 - SUBSEQUENT EVENTS

Management evaluated subsequent events to determine if events or transactions occurring through January 2, 2013, the date the financial statements were available to be issued, required potential recognition to or disclosure in the financial statements. No events requiring such recognition or disclosure were identified.
