Independent Auditor's Report

To the Trustees
Beutler Corporation 401(k) Plan
McClellan, California

We were engaged to audit the accompanying statements of net assets available for benefits of Beutler Corporation 401(k) Plan as of March 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended March 31, 2012, and the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of March 31, 2012. These financial statements and the supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Great-West Life & Annuity Insurance Company, custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the custodian as of March 31, 2012 and 2011, and for the year ended March 31, 2012, that the information provided to the Plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and the supplemental schedule taken as a whole. The supplemental schedule is presented for the purposes of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and the supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Beutler Corporation 401(k) Plan
Notes to the Financial Statements
March 31, 2012 and 2011

Note 1: Description of Plan:

The following description of Beutler Corporation (the Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering substantially all full-time employees of the Company and its former wholly-owned subsidiary, Air Design, Inc., who have attained the age of 19, are not covered by a collective-bargaining agreement, and have completed 4 consecutive months during which the employee completes 333 hours of service. If an employee does not satisfy this requirement in the first designated period of months following his/her employment commencement date, such employee will be deemed to satisfy this condition upon completing a year of service in which he/she completes 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

Each year, participants may contribute up to the maximum allowed under the Internal Revenue Code, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer Contributions:

The Company may choose to make discretionary matching contributions and discretionary profit sharing contributions to the Plan as defined in the Plan agreement. Effective April 1, 2008 the Company elected to suspend the employer match until further notice.

Participant Accounts:

The Plan Administrator maintains a separate account for each participant and each type of contribution. Each participant may select from a series of investment options designated by the Company and the Plan Administrator. Each participant's account is credited with the participant's contributions and allocation of (a) the Company's contribution and (b) Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1: Description of Plan, continued:

Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contributions is based on covered years of service as defined. A participant is fully vested in matching contributions after three completed covered years of service. A covered year of service is a twelve-month period ending March 31 during which a participant worked for the Company a minimum of 1,000 hours. A participant is also fully vested upon reaching normal retirement age, upon death, or upon becoming totally and permanently disabled. Prevailing wage contributions are fully vested and may be used to offset any additional profit sharing and/or matching contributions made by the Company.

Notes Receivable from Participants:

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The Plan was amended effective November 2008 to allow participants to have up to three outstanding notes receivable. The notes receivable are secured by the balance of the participant’s account and bear interest at a rate based on the prime rate as stated in the “Wall Street Journal” on the first business day of the month. Interest rates range from 5.25% to 9.39% as of March 31, 2012. Principal and interest are paid ratably through payroll deductions.

Payments of Benefits:

On termination of service, death, disability, or retirement, a participant will receive either a lump-sum amount or a series of installments over a period of time equal to the value of the participant's vested interest in his or her account. Hardship distributions will be distributed as a lump-sum. The Plan was amended effective July 1, 2008 to allow participants to take hardship withdrawals following termination.

Forfeited Accounts:

At March 31, 2012 and 2011, forfeited nonvested accounts totaled $49,587 and $51,362 respectively. These accounts will be used to reduce future employer contributions and pay Plan expenses. Forfeitures in the amount of $14,000 were used to pay administrative expense for the year ended March 31, 2012.

Note 2: Summary of Significant Accounting Policies:

Basis of Accounting:

The financial statements of the Plan are prepared using the accrual method of accounting.

Note 2: Summary of Significant Accounting Policies, continued:

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition:

Great-West investments are stated at fair value. Pooled separate accounts are valued at net asset value based on the market value of the underlying assets. Guaranteed certificate funds are valued based on discounted cash flows.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits:

Benefits are recorded when paid.

Concentration of Credit Risk:

The Plan invests cash in uninsured money market accounts with national brokerage firms.

Administrative Expenses:

All administrative expenses may be paid out of the Plan unless paid by the Plan sponsor. During the year ended March 31, 2012, audit fees in the amount of $14,000 were paid out of the Plan's forfeiture account.

Recent Accounting Pronouncements:

In May 2011, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) No. 2011-04, *Fair Value Measurement (Topic 820): Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and International Financial Reporting Standards*. The ASU clarified the application of certain existing fair value measurement guidance and expands the disclosure requirements for fair value measurements that are estimated using significant unobservable (Level 3) inputs and for assets and liabilities disclosed but not recorded at fair value. This ASU is effective for the Plan in 2012. The Plan does not expect the adoption of this ASU to have a material impact on its financial statements.

Note 2: Summary of Significant Accounting Policies, continued:

Subsequent Events:

Management has evaluated subsequent events through January 11, 2013, the date on which the financial statements were available to be issued.

Note 4: Fair Value Measurement of Investments:

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. Upon review of the guaranteed certificate funds a change in classification from level 3 to level 2 was determined to be appropriate for the nature of the investment. There have been no other changes in the methodologies used at March 31, 2012 and 2011.

Money market investments: Valued at cost plus accrued interest which approximates fair value.

Pooled separate accounts (PSA): Valued at the net asset value ("NAV") of each PSA at the reporting date. The PSA net asset value is not a publicly-quoted price in an active market. The net asset value is based on market values of the PSA's underlying investments.

Guaranteed certificate funds: Valued at discounted cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

Note 4: Fair Value Measurement of Investments, continued:

The methods described above may produce a fair value calculation that may not be as indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements at March 31, 2012:

	Investments at Fair Value as of March 31, 2012

Note 5: Transactions with Parties-in-Interest:

Plan investments consist of pooled separate accounts, guaranteed certificate funds, and money market accounts managed by Great-West Life & Annuity Company (Great-West).Great-West is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Company provides to the Plan certain accounting and administrative services for which no fees are charged.

Note 6: Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balances.

Note 7: Tax Status:

The Plan obtained its latest determination letter on July 7, 2010, in which the Internal Revenue Service stated that the Plan, as then designed, is in compliance with the applicable requirements of the Internal Revenue Code.

Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code and the Plan continues to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examinations by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of March 31, 2012 and 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2008.

Note 8: Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits
