## INDEPENDENT AUDITORS' REPORT

To The Administrative Committee of the  
Houston Landscapes Unlimited Retirement Plan

We have audited the accompanying statements of net assets available for benefits of Houston Landscapes Unlimited Retirement Plan (the Plan) as of April 30, 2010, and the related statement of changes in net assets available for benefits for the four months ended April 30, 2010. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit. The statement of net assets available for benefits of the Plan as of December 31, 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009 were audited by other auditors whose report dated August 4, 2010, expressed an unqualified opinion.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of April 30, 2010 and the changes in net assets available for benefits for the four months ended April 30, 2010 in conformity with accounting principles generally accepted in the United States of America.

## Notes to Financial Statements

April 30, 2010 and December 31, 2009

---

### Note 1: Description of the Plan

The following description of the Houston Landscapes Unlimited Retirement Plan (the “Plan”) provides only general information. Participants should refer to the *Summary Plan Description* for a more complete description of the Plan’s provisions, which is available from the plan administrator.

#### **General**

The Plan was adopted effective January 1, 1999, for the benefit of the employees of Houston Landscapes Unlimited (the “Company” and the “employer”). The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

On February 11, 2010, the Company as the Plan sponsor entered into an agreement to merge the Plan into a multiple employer plan (MEP) sponsored by 401(k) Advantage, LLC (an affiliate of TAG Resources). On April 30 2010, the effective date of the merger, the assets of the Plan were transferred to the MEP.

#### **Contributions**

All contributions are only made by the employer. The formula for determining the employer’s profit sharing contributions is discretionary, as it is to be determined by the employer and not limited to current or accumulated net profits.

#### **Participation**

All employees of the employer may participate except for union employees, nonresident aliens, and employees compensated only by commissions. An eligible employee who has satisfied the eligibility requirements will become a participant of the Plan as of the earlier of the first day of the seventh month or the first day of the Plan year coinciding with or next following the date on which such requirements are satisfied.

#### **Participant Accounts**

Each participant account is credited with the allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### **Vesting and Forfeitures**

The Plan provides for a participant to be fully vested upon death, permanent disability, or the employee’s normal retirement date. Participants become vested in their accounts based on years of service with the Company in accordance with the following schedule:

| <u>Credit Plan Years</u> | <u>Vesting Percentage</u> |
|--------------------------|---------------------------|
| Less than One Year       | 0%                        |
| Two Years                | 20%                       |
| Three Years              | 40%                       |
| Four Years               | 60%                       |
| Five Years               | 80%                       |
| Six Years                | 100%                      |

# **Houston Landscapes Unlimited Retirement Plan**

## **Notes to Financial Statements**

**April 30, 2010 and December 31, 2009**

---

Should a partially vested participant leave the Plan, an immediate forfeiture of the non-vested portion of Company contributions will occur. Participants shall become fully vested upon death or total and permanent disability, regardless of the vesting schedule. Forfeitures are allocated to all participants eligible to share in the allocations in the same proportion that each participant's compensation for the plan year bears to the compensation of all participants for such year.

### ***Participant Loans***

Participants may borrow from their fund accounts a minimum of \$1,000 only if the participant is experiencing hardship or it is deemed a financial necessity. All outstanding loan balances will become due and payable in their entirety upon occurrence of a distributable event (other than satisfaction of the conditions for an in-service distribution). As of April 30, 2010 and December 31, 2009 there were no outstanding participant loans.

### ***Payment of Benefits***

A withdrawing participant who receives his benefit in one lump sum may be paid in cash only equal to the value of the participant's vested interest in his or her account. Upon death of a participant, distributions shall be made pursuant to the election of the participant or beneficiary. A participant may be entitled to receive a hardship distribution if their account is fully vested and to which there is no minimum to how much can be withdrawn. However, this distribution is not in addition to other benefits and will therefore reduce the value of benefits received at retirement. Distributions upon termination of a participant may be made at the participant's election as soon as administratively feasible after the Plan year coincident with or next following termination of employment.

## **Note 2: Summary of Significant Accounting Policies**

### ***Basis of Accounting***

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (US GAAP).

### ***Use of Estimates***

The preparation of financial statements in conformity with US GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

### ***Investment Valuation and Income Recognition***

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

## **Notes to Financial Statements**

**April 30, 2010 and December 31, 2009**

---

### ***Payment of Benefits***

Benefits paid directly to participants are recorded when paid.

### ***Administrative Expenses***

Expenses incurred relating to the administration of the Plan and the trust may be paid by the Company and, if not, must be paid out of the trust.

### ***Method of Allocation***

Participant's accounts are credited with employer discretionary contributions in the month of contribution, subject to the vesting requirements with respect to employer discretionary contributions. The employer's discretionary profit sharing contribution for a plan year will be allocated based on the integrated allocation based on a participant's compensation in excess of the taxable wage base. Realized gains and losses in participant accounts are determined based on the actual sales price of an investment at the time of sale minus the participant's cost basis in that asset. Unrealized gains and losses are determined based on the difference in the cost and fair market value of the investments held by the participant at an applicable measurement date. Interest income is allocated to participant accounts based on the participant's percentage of the interest bearing accounts to the total interest bearing accounts during the period.

### ***Plan Management's Review of Subsequent Events***

In preparing the accompanying financial statements, Plan management has reviewed all known events that have occurred after April 30, 2010, and through January 10, 2013, which is the date the financial statements were available to be issued, for inclusion in the financial statements and footnotes.

### ***New Accounting Pronouncements***

In January 2010, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2010-6, *Fair Value Measurements and Disclosures (Topic 820) – Improving Disclosures about Fair Value Measurements* ("ASU 2010-6"), which requires entities to make disclosures about recurring and nonrecurring fair value measurements. In accordance with ASU 2010-6, the reporting entity should disclose separately the amounts of significant transfers in and out of Level 1 and Level 2 fair value measurements and describe the reasons for the transfers. ASU 2010-6 also requires an entity to present separately information about purchases, sales, issuances, and settlements in the reconciliation of fair value measurements using significant unobservable inputs (Level 3). The disclosures in ASU 2010-6 are effective for interim and annual reporting periods beginning after December 15, 2009, except for purchases, sales, issuances, and settlements in the roll forward activity in Level 3 fair value measurements. Those disclosures are effective for fiscal years beginning after December 15, 2010 and for interim periods within those fiscal years. The Company does not expect the adoption of this ASU to have a material impact on the Plan's financial statements.

### Note 4: Fair Value Measurements

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, (FASB ASC 820) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in an active market for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

#### *Level 1*

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities.

#### *Level 2*

Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

#### *Level 3*

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

## Notes to Financial Statements

April 30, 2010 and December 31, 2009

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at April 30, 2010 and December 31, 2009.

*Common stocks, corporate bonds, and United States government securities:* Valued at the closing price reported on the active market on which the individual securities are traded.

*Mutual funds:* Valued at the net asset value (NAV) of shares held by the Plan at year end.

*Cash and cash equivalents:* Valued at cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of April 30, 2010 and December 31, 2009:

|                                        | 2010        | 2009              |

### Note 5: Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks such as interest rates, market and credit risks. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults and credit rating downgrades. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that some changes could materially affect participant account balances and the assets reported in the statement of net assets available for benefits

### **Note 8: Plan Tax Status**

The Plan was designed in accordance with a prototype plan developed by the Plan trust. The Internal Revenue Service determined by a letter that the plan and its related trust are designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Thus, no provision for federal income taxes is included in the Plan's financial statements.

Generally Accepted Accounting Principles in the United States require the plan administrator to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of April 30, 2010, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
