## REPORT OF INDEPENDENT AUDITORS

To the Trustees  
Helac Corporation 401(k) Retirement Plan

We were engaged to audit the accompanying statements of net assets available for benefits of Helac Corporation 401(k) Retirement Plan (the Plan) as of June 30, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended June 30, 2012, and the supplemental schedules of Schedule H, line 4i - schedule of assets (held at end of year) and Schedule H, line 4j - schedule of reportable transactions as of June 30, 2012. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 7, which was certified by Charles Schwab Trust Company, the trustee and custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee and custodian as of June 30, 2012 and 2011, and for the year ended June 30, 2012, that the information provided to the Plan administrator by the trustee and custodian is complete and accurate.

Because of the significance of the information we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The supplemental schedules are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from information certified by Charles Schwab Trust Company, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

## HELAC CORPORATION 401(k) RETIREMENT PLAN

### NOTES TO FINANCIAL STATEMENTS

---

#### **Note 1 - Description of Plan**

The following description of the Helac Corporation (the Company) 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of Plan provisions.

**General** - The Plan is a defined contribution plan covering substantially all employees of the Company, and is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Company is the Plan's sponsor and serves as Plan administrator.

**Eligibility** - Employees of the Company are eligible to participate in the Plan upon reaching age 18 and after completing 2 months of service.

**Contributions** - Participants may contribute a percentage of pretax annual compensation, as defined in the Plan and as limited by federal law. Participants may also contribute amounts representing distributions from other qualified plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company makes a matching contribution of 40% of a participant's deferral, up to the first 5% of total compensation. Participants direct the investment of their contributions and matching contributions into various investment options offered by the Plan. Participants may change their investment options at any time throughout the year by direct phone access or the Internet. The Plan allows for additional discretionary employer contributions upon approval by the board. No discretionary contributions were made for the year ended June 30, 2012. Contributions are subject to regulatory limitations.

**Participant accounts** - Participant accounts are credited with participant contributions and allocations of the Company's matching and discretionary employer contributions, if any, and the Plan's earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting** - Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's matching and discretionary portions of their accounts, plus earnings thereon, is based on years of continuous service. A participant is 100% vested after three years of credited service or upon death or disability.

**Notes receivable from participants** - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are secured by the balance of the participant's account and bear fixed, reasonable rates of interest, as determined by the Plan administrator. The maximum loan term is five years unless the loan term qualifies as a home loan. Principal and interest are paid ratably through payroll deductions. As of June 30, 2012, the rates of interest on outstanding loans ranged from 5.25% to 12.25%, with various maturities through July 2025.

### Note 1 - Description of Plan (continued)

**Payment of benefits** - Upon termination of service, a participant may elect to receive either a lump-sum distribution equal to the value of the vested interest in his or her account or annual installments over a certain period, as defined in the Plan. A terminated participant with a vested balance of less than \$1,000 will receive the value of the vested interest in his or her account in a lump-sum cash distribution as soon as administratively possible after the termination date. A terminated participant's account balance is automatically rolled over into an individual retirement account if the account balance is greater than \$1,000 but less than \$5,000, unless otherwise elected.

**Forfeitures** - Forfeitures are the nonvested portion of a participant's account that are lost upon termination of employment. Forfeitures are retained in the Plan and will first be used to pay Plan administrative expenses, with any remaining amount used to reduce future employer contributions. As of June 30, 2012 and 2011, forfeited nonvested accounts totaled \$0 and \$1,522, respectively. For the year ended June 30, 2012, Plan administrative expenses were reduced by \$1,522 from forfeited nonvested accounts.

### Note 2 - Summary of Significant Accounting Policies

**Basis of accounting** - The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

**Use of estimates** - The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

**Recent accounting pronouncements** - In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2010-06, *Fair Value Measurements and Disclosures (Topic 820)—Improving Disclosures About Fair Value Measurements*. The guidance, which was effective for reporting periods beginning after December 15, 2009, required additional disclosures about transfers between levels within the fair value hierarchy, and clarified existing disclosure requirements regarding classes of assets and liabilities measured at fair value. Additional guidance, which is effective for reporting periods beginning after December 15, 2010, requires the Plan to present information about purchases, sales, issuances, and settlements on a gross basis in the reconciliation of the beginning and ending balance of Level 3 fair value measurements. Plan management adopted this guidance on July 1, 2011, and it did not have a material effect on the statements of net assets available for benefits and statement of changes in net assets available for benefits. The Plan adopted the Level 3 reconciliation disclosures effective July 1, 2012, and they are not expected to have a material impact on the financial statements.

#### **Note 2 - Summary of Significant Accounting Policies (continued)**

In May 2011, the FASB issued ASU No. 2011-04, *Fair Value Measurement (Topic 820)—Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs*. ASU No. 2011-04 requires disclosure of valuation techniques for Level 2 and Level 3 measurements, and for Level 3 measurements requires disclosure of valuation processes used by the reporting entity and quantitative information about significant unobservable inputs. ASU No. 2011-04 removes the requirement for nonpublic companies to disclose information about transfers between Level 1 and Level 2 of the fair value hierarchy. The new guidance is effective for reporting periods beginning after December 15, 2011. Plan management does not expect the adoption of ASU No. 2011-04 to have a material effect on the statements of net assets available for benefits and statement of changes in net assets available for benefits.

**Investment valuation** - Investments are stated at fair value as certified by the Plan's trustee and custodian, Charles Schwab Trust Company.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date (Note 4).

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. Authoritative guidance requires that the statements of net assets available for benefits present the fair value of the investments, as well as the adjustment from fair value to contract value for fully benefit-responsive investment contracts. The statement of changes in net assets available for benefits is prepared on a contract value basis.

**Income recognition** - Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation or depreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

**Notes receivable from participants** - Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based on the terms of the Plan document.

**Payment of benefits** - Benefits are recorded when paid.

**Expenses** - Certain administrative expenses and transaction fees are paid by the Plan.

### Note 2 - Summary of Significant Accounting Policies (continued)

**Subsequent events** - Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before financial statements are available to be issued.

The Plan has evaluated subsequent events through January 30, 2013, which is the date the financial statements were available to be issued.

#### **Note 4 - Fair Value Measurements**

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

#### **Basis of fair value measurement**

**Level 1** - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2** - Quoted prices in markets that are not considered to be active or financial instruments without quoted market prices, but for which all significant inputs are observable, either directly or indirectly.

**Level 3** - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2012 and 2011.

**Registered investment companies (mutual funds)** - Shares of registered investment company funds are valued at the net asset value (NAV) of shares held by the Plan and are valued at the closing price reported on the active market on which the individual securities are traded.

**Collective trust** - Units held in collective trusts are valued using the NAV of the fund as reported by the fund managers. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The net asset value of a collective investment is calculated based on a compilation of primarily observable market information. The Plan has investments in the Morley Financial Services Stable Value Fund (the Fund). The objective of the Fund is to provide preservation of capital, relatively stable returns consistent with its comparatively low risk profile, and liquidity for benefit-responsive payments. The Fund seeks to achieve this objective by investing primarily in a variety of high-quality stable value investment contracts (the performance of which may be predicated on underlying fixed-income securities), as well as cash and cash equivalents. It is intended that the Fund's stable value investment contracts will maintain a minimum weighted-average credit quality rating of A or better. The underlying fixed-income securities must be rated investment grade and meet issuer diversification guidelines. The duration of the Fund will not exceed four years.

## NOTES TO FINANCIAL STATEMENTS

### Note 4 - Fair Value Measurements (continued)

The Fund is designed for long-term retirement investing. Withdrawals from the Fund for benefit payments and participant transfers to noncompeting options to be paid to Plan participants shall be made within 30 days after written notification has been received and are considered as made immediately after the next valuation date subsequent to the Fund trustee's approval.

**Money market account** - The money market fund is a public investment vehicle valued using \$1 for the NAV.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table discloses, by level, the fair value hierarchy of the Plan's assets at fair value as of June 30, 2012 and 2011:

## **HELAC CORPORATION 401(k) RETIREMENT PLAN**

### **NOTES TO FINANCIAL STATEMENTS**

---

#### **Note 5 - Tax Status**

The Internal Revenue Service has determined and informed the Company by a letter dated December 21, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes (ASC 740-10), management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements.

#### **Note 6 - Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

#### **Note 7 - Information Certified by the Trustee and Custodian**

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Trust Company, the trustee and custodian of the Plan, has certified to the completeness and accuracy of:

Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of June 30, 2012 and 2011.

Net appreciation or depreciation in fair value of registered investment companies, collective trusts, and interest on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended June 30, 2012.

Investments reflected on the supplemental schedule of assets (held at end of year).

Transactions reflected on the supplemental schedule of reportable transactions.

#### **Note 8 - Party-in-Interest Transactions**

Certain Plan investments include shares of registered investment company funds managed by Charles Schwab Trust Company, which is the trustee and custodian as defined by the Plan; therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were \$26,474 for the year ended June 30, 2012.
