As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian, Fidelity Management Trust Company, holds the Plan's investment assets and the trustee, Reliance Trust Company, executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2008 and 2007 and for the year ended December 31, 2008, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. **HERITAGE HEALTHCARE RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS**

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Heritage Healthcare (the "Company") Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who have completed one year of service, attained age twenty-one, and worked at least 1,000 hours during the Plan year. Prior to October 1, 2003, the Plan only required participants to be age twenty-one to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also rollover amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of contributions into various investment options offered by the Plan. The Company may elect to make discretionary matching contributions. Participants shall be eligible to receive an allocation of any discretionary contribution to the Plan only if employed by the Company on the last day of the contribution period and they have worked at least 1,000 hours during the Plan year. During 2008, the Company contributed 50 percent of the first two percent of base compensation that a participant contributed to the Plan. Contributions are subject to certain limitations.

Participant accounts

Each participant's account is credited with the participant's and Company's contributions and allocations of Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is fully vested after six years of credited service. Participants who were previously employed by Mid-America Rehab Systems, Inc. were fully vested upon entry to the Plan on July 1, 2002.

Payment of benefits

Upon termination of service due to death, disability, retirement or other reasons, a participant will receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account.

Forfeited accounts

At December 31, 2008 and 2007, unallocated forfeited non-vested accounts totaled approximately \$5,200 and \$1,600, respectively. These accounts will be used to reduce future employer contributions. During 2008, approximately \$1,600 of forfeitures were used to reduce employer matching contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND ACTIVITIES

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America required management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

The Plan pays all administrative expenses, except professional fees, which are paid by the Company.

NOTE 3 - TRUSTEE CERTIFICATIONS

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Reliance Trust Company, the trustee of the Plan, as complete and accurate, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedules:

NOTE 4 - FAIR VALUE MEASUREMENTS

Statement of Financial Accounting Standards ("SFAS") No. 157, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under SFAS No. 157 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

(Continued)

NOTE 4 - FAIR VALUE MEASUREMENTS, Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2008.

- Money market fund: Valued on the active market on which it is traded; at amortized cost, which approximates fair value.
- Mutual funds: Valued at the net asset value ("NAV") of shares held by the plan at year end.
- Common trust fund: Valued at NAV of units held by the plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2008.

Assets at Fair Value as of December 31, 2008				
	Level 1	Level 2	Level 3	Total
Money market	\$ -	\$ 42,420	\$ -	\$ 42,420
Mutual funds	1,941,107	-	-	1,941,107
Common trust fund	-	280,435	-	280,435
Total assets at fair value	<u>\$ 1,941,107</u>	<u>\$ 322,855</u>	<u>\$ -</u>	<u>\$ 2,263,962</u>

NOTE 5 - TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain plan investments are shares of mutual funds managed by Reliance Trust Company. Reliance Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for these services were approximately \$1,700 for the year ended December 31, 2008.

The Plan pays administrative fees to their record-keeper. The Standard is the record-keeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for management services approximated \$17,000 for the year ended December 31, 2008.

The Company pays professional fees related to the Plan which qualify as party-in-interest transactions.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer contributions.

NOTE 7 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	<u>December 31,</u>	
	<u>2008</u>	<u>2007</u>
Net assets available for benefits per financial statements	\$ 2,507,612	\$ 2,433,741

Participants' contribution receivable	(36,825)	-
Net assets available for benefits per Form 5500	<u>\$ 2,487,683</u>	<u>\$ 2,438,120</u>

The following is a reconciliation of the net increase in net assets per the financial statements for the year ended December 31, 2008 to Form 5500:

Increase in net assets per the financial statements at December 31, 2008	\$ 73,871
Add: Excess contributions at December 31, 2008	16,896
Less: Participants' contribution receivable at December 31, 2008	(36,825)
Less: Excess contributions at December 31, 2007	<u>(4,379)</u>
Increase in net assets per Form 5500 at December 31, 2008	<u>\$ 49,563</u>

NOTE 8 - TAX STATUS

The Company has adopted a non-standardized prototype 401(k) plan document and is relying on the prototype sponsor's opinion letter from the Internal Revenue Service ("IRS") dated November 19, 2001. The letter states that the prototype and related trust are designed in accordance with the applicable sections of the Internal Revenue Code ("IRC"). Although the prototype plan has been amended since receiving the opinion letter, the prototype sponsor and the plan administrator believe that the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 9 - EXCESS CONTRIBUTIONS

Participant contributions for 2008 and 2007 include excess contributions of \$16,896 and \$4,379, respectively. These excess contributions were refunded to certain active participants to satisfy the relevant nondiscrimination provision of the Plan.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 11 - PLAN AMENDMENTS

Effective for the plan year beginning January 1, 2008, the Plan was amended to adopt certain provisions of the Final Regulations under Code Section 415 and 411(d)(6). Certain provisions of these regulations related to the governing limitations on benefits and contributions and the interaction with the non-forfeiture requirements of Section 411(a).

During 2007, the Company acquired the services of Cooke Associates. Effective for the plan year beginning January 1, 2008, the plan was amended to allow Cooke Associates to participate in the Plan. Prior service to Cooke Associates will only be recognized for eligibility purposes.

NOTE 12 - PLAN ERRORS AND PROHIBITED TRANSACTIONS

During 2008, the Company failed to include certain types of remuneration as compensation when calculating amounts to be withheld from certain employees' pay as elective deferral contributions to the Plan. The amount of these deferrals not withheld was approximately \$500. This constitutes an operational failure within the Plan. The error appears to be isolated and the Company intends to make the appropriate corrections. The Company does not believe that the qualified tax status of the Plan has been jeopardized due to the operational failure.
