INDEPENDENT AUDITORS' REPORT

To The Trustees of the
Employees Profit-Sharing 401(k)
Plan of Alfred Benesch & Company
Chicago, Illinois

We were engaged to audit the accompanying statements of net assets available for benefits of the Employees Profit-Sharing 401(k) Plan of Alfred Benesch & Company as of May 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended May 31, 2012, and the supplemental schedule H, line 4i- Schedule of Assets (Held At End of Year) as of May 31, 2012. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note D, which was certified by ING Life Insurance and Annuity Company (ING), the custodian of the Plan, except for comparing the information with the related information included in the financial statements and the supplemental schedule. We have been informed by the plan administrator that ING holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian as of and for the years ended May 31, 2012 and 2011, that the information provided to the plan administrator by custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The following description of the Employees Profit-Sharing 401(k) Plan of Alfred Benesch & Company (the "Plan") provides only general information. The Plan is sponsored by Alfred Benesch & Company (the "Company"). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. *General.* The Plan is a defined contribution 401(k) plan available to qualifying employees of the Company. Employees are eligible to participate in the Plan on the first day of the month that follows attainment of age 21, and the completion of one month of employment. The Plan is subject to the provisions of ERISA.

   The Employees Profit-Sharing 401(k) Plan of Alfred Benesch & Company was adopted by the Company on October 1, 1984.

2. *Contributions.* Each year participants may contribute a specific percentage or dollar amount of their compensation to the Plan, subject to yearly dollar limitations set by law. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

   The Company contributes to the Plan as follows:

   a. An employer discretionary contribution on behalf of each participant who is eligible to share in matching contributions for the year. It may be modified at the beginning of each plan year. For the plan year ending May 31, 2012, this matching contribution is equal to $.80 for each dollar contributed up to 5% of compensation deferred.

   b. An employer non-elective contribution consisting of unused vacation time that may be converted to equivalent dollars and deposited into the Plan into the participant's account each plan year. The expected maximum amount of unused vacation dollars that can be deposited into the Plan is equal to the lesser of unused vacation pay in excess of one week or the balance remaining of the combined maximum allowable contribution pursuant to the Internal Revenue Code (IRC). This unused vacation contribution cannot be forfeited and is not subject to vesting.

A. Description of Plan - continued

Company non-elective contributions are made for each participant who has met the requirements for eligibility listed above, has completed a year of service and is employed by the Company on the last day of the plan year. Special rules apply to participants who terminate their employment with the Company as a result of retirement, total and permanent disability or death.

3. *Participant Accounts.* Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings or losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account.

4. *Vesting.* Participants are immediately vested in their salary deferrals, including Roth 401(k) deferrals and catch-up contributions, their after tax voluntary contributions, rollover contributions, company matching contributions, and profit sharing contributions.

5. *Notes Receivable From Participants.* Participants may borrow up to the lesser of $50,000 or 50% of their combined vested account balances in all Plans maintained by the Company, with a minimum of $1,000. Loan terms cannot exceed five years. Loans are secured by the participant's account balance and bear interest fixed for the entire loan duration at a rate commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are paid through payroll deductions.

6. *Payment of Benefits.* On termination of service due to death, disability or retirement, a married participant's vested account balance will be paid in the form of a qualified joint and survivor annuity, and an unmarried participant's vested account balance will be paid in the form of a life annuity, unless an optional form of benefit is selected pursuant to a qualified election within the 180-day period ending on the annuity starting date. However, for participant accounts with vested benefits that do not exceed $1,000, a single lump-sum payment will be made as soon as possible following the event that entitles the participant to a distribution. Additionally, for termination of service due to other reasons, a participant may receive the value of the vested account balance as a lump-sum distribution.

7. *Forfeited Accounts.* At May 31, 2012 and 2011, forfeited nonvested accounts totaled zero dollars and $4,944, respectively. These accounts are primarily used to reduce future employer contributions. For the plan year ending May 31, 2012, employer contributions were reduced by $4,944 from forfeited nonvested accounts.

B. Summary of Accounting Policies

Basis of Accounting

The financial statements of the plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Some expenses of the Plan are paid from the assets of the Plan except for certain expense paid by the Company.

C. Investments

The following are investments that represent 5 percent or more of the Plan's net assets:

During the plan year ending May 31, 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $(1,618,727) as follows:

Mutual funds	$(1,618,727)

D. Information Certified by the Plan Custodians

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the custodian, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental Schedule H, line 4i – Schedule of Assets (Held at Year End):

Investments	May 31, 2012	May 31, 2011
Mutual funds	$ 34,020,850	$ 33,209,299
Stable value fund	4,075,812	3,502,202
Notes receivable from Participants	960,198	917,776
Totals	$ 39,056,860	$ 37,629,277

The custodian certified to the completeness and accuracy of $(1,618,727) and $6,425,320 of net (depreciation) and appreciation in the fair value of the mutual funds; and $40,817 and $64,518 of interest income related to stable value fund for the year ended May 31, 2012 and 2011, respectively.

E. Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

E. Fair Value Measurements – continued

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for asset measure at fair value. There have been no changes in the methodologies used at May 31, 2012 and 2011.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

Stable value fund: Valued at the net asset value (NAV) of shares held by the plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of May 31, 2012 and 2011:

Assets at Fair Value as of May 31, 2012

	Level 1	Level 2	Total
Mutual funds	$34,020,850	-	$34,020,850
Stable value fund	-	$ 4,075,812	4,075,812
Total assets at fair value	**$34,020,850**	**$ 4,075,812**	**$38,096,662**

Assets at Fair Value as of May 31, 2011

	Level 1	Level 2	Total
Mutual funds	$33,209,299	-	$33,209,299
Stable value fund	-	$ 3,502,202	3,502,202
Total assets at fair value	**$33,209,299**	**$ 3,502,202**	**$36,711,501**

G. Plan Termination

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974. In the event of Plan termination, participants will continue to be 100% vested in their accounts.

H. Tax Status

The IRS has determined and informed the company by a letter dated March 31, 2008, that the plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the plan has been amended since receiving the determination letter, the plan administrator believes that the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the plan is qualified and the related trust is tax-exempt.

I. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonable possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
