## INDEPENDENT AUDITORS' REPORT

Board of Trustees  
Goodson Acura 401(k) Profit Sharing Plan  
Irving, Texas

We were engaged to audit the statement of net assets available for benefits of Goodson Acura 401(k) Profit Sharing Plan as of December 31, 2011 and the related statement of changes in net assets available for benefits for the year ended December 31, 2011. In addition, we were engaged to audit the statement of net assets available for benefits in liquidation as of April 24, 2012, and the related statement of changes in net assets available for benefits for the period from January 1, 2012 to April 24, 2012. These financial statements are the responsibility of the plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Bank of America, N.A., the trustee and custodian of the plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of April 24, 2012 and December 31, 2011 and for the period from January 1, 2012 to April 24, 2012 and year ended December 31, 2011, that the information provided by the plan administrator to the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As described in Note 1 to the financial statements, the Board of Directors of Goodson Acura 401(k) Profit Sharing Plan, the plan's sponsor, approved the plan of liquidation on January 1, 2012, and Goodson Acura 401(k) Profit Sharing Plan commenced liquidation shortly thereafter. As a result, Goodson Acura 401(k) Profit Sharing Plan has changed its basis of accounting for periods subsequent to December 31, 2011, from the going-concern basis to a liquidation basis.

**Goodson Acura 401(k) Profit Sharing Plan**  
**Notes to Financial Statements**  
**April 24, 2012 and December 31, 2011**

**Note 1 – Description of Plan**

The following description of Goodson Acura 401(k) Profit Sharing Plan (the Plan) provides only general information. The Plan is sponsored by GW Imports, LP dba Goodson Acura of Dallas (the Company and the Plan Sponsor). Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

**Plan Termination**

On January 1, 2012, the Company and Plan Sponsor decided to terminate the Plan and transfer all plan assets to a new plan with TriNet HR Corporation. On April 24, 2012, the Company and Plan Sponsor transferred all plan assets to the new plan with TriNet HR Corporation. The Plan with Merrill Lynch ceased to exist as a separate entity subsequent to the merger. The Plan completed the deconversion from Merrill Lynch on April 23, 2012. All distributions related to the Plan termination were completed as of April 24, 2012.

**General**

The Plan is a defined contribution plan, effective January 1, 2001, covering all employees of the Company and Forbes Todd Automotive II, LLC dba Audi Dallas who are not union employees whose employment is governed by a collective bargaining agreement under which retirement benefits are the subject of good faith bargaining or certain nonresident aliens who have no earned income from sources within the United States. Employees are eligible to participate upon attaining age 21 and after completing ¼ of a year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA) of 1974, as well as certain provisions of the federal income tax laws.

**Contributions**

Participants may elect to reduce their compensation by a specific percentage up to 15% of annual compensation and have that amount contributed to the Plan as an elective deferral up to the maximum allowed by law. Participants may choose from two types of elective deferrals: pre-tax deferrals and Roth deferrals. Participants direct the investment of their contributions into various investment options offered by the Plan.

At the discretion of the Plan Administrator, participants may be permitted to deposit or "rollover" into the Plan distributions they have received from other plans and certain IRAs. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions to the maximum limit allowed by law.

The Company may make a discretionary matching contribution up to 25% of the first 6% of a participant's base compensation as an elective deferral each payroll period. Participants are eligible to receive employer matching contributions once they make elective deferral contributions. For the period from January 1, 2012 to April 24, 2012, the Company made matching contributions of \$6,039.

**April 24, 2012 and December 31, 2011**

**Note 1 – Description of Plan (Continued)**

**Contributions (Continued)**

The Company may also make a contribution to the Plan known as a profit sharing contribution. The maximum amount allocated to a participant will be allocated to their account in different steps, depending on how much is contributed for the plan year. First, an amount equal to 3% of a participant's base compensation will be allocated to their account.

If the amount to be allocated for the plan year exceeds the initial allocation, then in the second step, a portion of the remaining amount will be allocated to a participant's account in the same proportion that their base compensation in excess of the integration level, if any, bears to the sum of all eligible participants' base compensation in excess of the integration level. The integration level is the taxable base determined by the Internal Revenue Service (IRS). The maximum percentage allocated to each eligible participant in this second step will be limited to 3% of each eligible participant's base compensation in excess of the integration level.

If, after the first two steps of the allocation process, there still remains an amount for the plan year which has not yet been allocated to all eligible participants, then an amount will be allocated to a participant's account in the same proportion that the sum of their total base compensation plus base compensation in excess of the integration level for the plan year bears to the sum of all eligible participants' base compensation plus base compensation in excess of the integration level, but for each eligible participant, not in excess of 2.7%.

Finally, the portion of any remaining amount to be allocated to a participant's account will be in the ratio that their base compensation for the plan year bears to all eligible participants' base compensation for the plan year. For the period from January 1, 2012 to April 24, 2012, the Company did not make any profit sharing contributions.

**Participant Accounts**

Each participant's account is credited with the participant's contribution, allocation of the Company's contribution, and Plan earnings or losses and charged with an allocation of administrative expenses. Allocations may be charged based on either the size of the participant's account balance or equally to each participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting**

Participants are immediately 100% vested in their elective deferrals including Roth 401(k) deferrals and catch-up contributions, rollover contributions from other plans, and actual earnings thereon. The method for crediting vesting service for Company matching and profit sharing contributions is based on vesting periods of service. Participants are credited with a period of service for each twelve-month period from their hire date until their termination date. A participant is always 100% vested in their Company matching and profit sharing contributions if they are employed on or after their Normal Retirement Age or if they terminate employment on account of their death or disability.

**Note 1 – Description of Plan (Continued)**

**Vesting (Continued)**

Participants are vested in Company matching and profit sharing contributions based on the following schedule:

| <u>Periods of Service</u> | <u>Percentage Vested</u> |
|---------------------------|--------------------------|
| Less than 1               | 0%                       |
| 1                         | 20%                      |
| 2                         | 40%                      |
| 3                         | 60%                      |
| 4                         | 80%                      |
| 5                         | 100%                     |

**Forfeited Accounts**

At April 24, 2012, forfeited nonvested accounts totaled \$1,491 and \$2,657, respectively. At any time when accounts are forfeited, these accounts will first be used to pay any administrative expenses and then used to reduce any matching contribution.

**Notes Receivable from Participants**

Participants who are active employees may borrow against their vested account balances a minimum of \$1,000 up to a maximum amount equal to the lesser of 50% of their vested account balance or \$50,000. The loans in the form of promissory notes, are secured by the balances in the participant's account, and bear interest at reasonable rates, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest on notes receivable from participants are repaid through payroll deductions and generally repaid within five years.

**Benefits Paid to Participants**

Participants are entitled to receive an in-service distribution as either a lump-sum equal to the value of the participant's vested interest in their account balance or a payment in the form of a joint account and survivor annuity commencing upon the participant's attainment of the Normal Retirement Age; however, this distribution is not in addition to the participant's other benefits and will therefore reduce the value of the benefits received at retirement.

Participants may elect to receive a distribution from certain accounts prior to termination of employment provided they have attained the age of 59 ½, incurred a financial hardship, or incurred a disability. In the event of death before retirement while working for the Company, the participant's account balance is paid to the selected beneficiary.

**April 24, 2012 and December 31, 2011**

**Note 1 – Description of Plan (Continued)**

**Benefits Paid to Participants (Continued)**

Benefits paid to participants are recorded when paid. The Plan requires a distribution in the form of a single lump-sum cash payment for any distribution of an account balance that does not exceed and has never exceeded \$5,000.

**Plan Expenses**

It is the philosophy of the Company to absorb and pay most plan administration expenses such as audit fees and other administrative functions so as not to decrease plan assets. Any fee or expense paid, directly or indirectly, by the Company is not considered a contribution to the Plan provided the fee or the expense relates to the ordinary and necessary administration of the Plan. During the period from January 1, 2012 to April 24, 2012, the Company paid plan administrative expenses of approximately \$3,013.

In addition, during the period from January 1, 2012 to April 24, 2012, the Plan incurred approximately \$537 of asset sales charges directly with its third party administrator. These charges are reflected in the accompanying statement of changes in net assets available for plan benefits.

**Note 2 – Summary of Significant Accounting Policies**

**Basis of Accounting**

As a result of the termination of the Plan on April 24, 2012, the Plan's financial statements are presented using the liquidation basis of accounting for the period from January 1, 2012 through April 24, 2012 in accordance with accounting principles generally accepted in the United States of America (GAAP).

**Use of Estimates**

Preparing the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Reclassification**

Certain reclassifications have been made to the 2011 financial statement presentation to correspond to the current period's format. Total net assets available for benefits are unchanged due to these reclassifications.

**Notes to Financial Statements (Continued)**  
**April 24, 2012 and December 31, 2011**

**Note 2 – Summary of Significant Accounting Policies (Continued)**

**Investment Valuation and Income Recognition**

The Plan's investments in mutual funds and investment in a collective investment trust are stated at fair value (Note 4), representing the net assets of shares or units held by the Plan at April 24, 2012 and December 31, 2011. Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on the accrual basis with dividends being recorded on the ex-dividend date. Net appreciation includes the gains and losses on its investments bought and sold as well as those held during the year.

**Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. The Plan recognizes interest income from the notes receivable as earned.

**Payment of Benefits**

Benefits are recorded when paid.

**Administrative Expenses**

Except for loan origination fees associated with notes receivable from participants, all administrative expenses of maintaining the Plan are paid by the Company.

**Subsequent Events**

Subsequent events were evaluated through February 11, 2013, which is the date the financial statements were available to be issued.

**Note 3 – Information Certified by Trustees (Unaudited)**

In accordance with the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (Section 29 CFR 2520.103-8), the audit and report of independent auditors need not extend to any investment information and related activity prepared and certified as complete and accurate by a qualified entity. The Plan Administrator has elected this method of compliance for the financial statements for the period from January 1, 2012 to April 24, 2012 and year ended December 31, 2011.

**Note 4 – Fair Value Measurement**

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820-10 provides a framework for measuring fair value under GAAP. FASB ASC 820-10 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. FASB ASC 820-10 requires that valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. FASB ASC 820-10 also establishes a fair value hierarchy, which prioritizes the valuation inputs into three broad levels.

**Goodson Acura 401(k) Profit Sharing Plan**  
**Notes to Financial Statements (Continued)**  
**April 24, 2012 and December 31, 2011**

**Note 4 – Fair Value Measurement (Continued)**

Fair value accounting guidance requires disclosures that categorize assets and liabilities measured at fair value into one of three different levels depending on the observability of the inputs employed in the measurement. Level 1 inputs are quoted prices in active markets for identical assets or liabilities. Level 2 inputs are observable inputs other than quoted prices included within Level 1 for the asset or liability, either directly or indirectly through market-corroborated inputs. Level 3 inputs are unobservable inputs for the asset or liability reflecting our assumptions about pricing by market participants.

There are three general valuation techniques that may be used to measure fair value, as described below:

- A) Market approach – Uses prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities. Prices may be indicated by pricing guides, sale transactions, market trades, or other sources;
- B) Cost approach – Based on the amount that currently would be required to replace the service capacity of an asset (replacement cost); and
- C) Income approach – Uses valuation techniques to convert future amounts to a single present amount based on current market expectations about the future amounts (includes present value techniques, and option-pricing models). Net present value is an income approach where a stream of expected cash flows is discounted at an appropriate market interest rate.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

*Mutual Funds*

Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end and are classified within Level 1 of the hierarchy.

*Investment in Collective Investment Trust*

This investment is comprised of a benefit-responsive collective investment trust. The reported value for the collective investment trust is reported daily based on the valuation formula disclosed by the trust, as calculated by the trustee of the trust. The general financial condition of the trust is evaluated as a component of validating whether the calculated contract value of the trust is an accurate value. All of these inputs are generally considered obtainable/observable through the review of existing contracts and readily available financial information. The price/unit value for the trust is calculated daily by the trustee of the trust according to the formula described by the trust.

**Goodson Acura 401(k) Profit Sharing Plan**  
**Notes to Financial Statements (Continued)**  
**April 24, 2012 and December 31, 2011**

**Note 4 – Fair Value Measurement (Continued)**

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. As such, the investment in collective investment trust is classified within Level 2 of the hierarchy.

Below are the Plan's financial instruments carried at fair value on a recurring basis by the FASB ASC 820-10 fair value hierarchy levels:

|                                                            | <b>Fair Value<br/>Measurements Using:</b>                                                 |                                                                                         |

**Note 6 – Investment in Collective Investment Trust**

During 2011, the Plan entered into an investment in a collective investment fund (the Fund) with Federated Investors Trust Company (the Trustee), a wholly owned subsidiary of Federated Investors, Inc. (Federated), serves as trustee under a Declaration of Trust dated October 25, 2007, as amended and restated on August 30, 2011 (Trust Agreement). The Trust Agreement is the governing instrument of the Fund. The Trustee is organized as a Pennsylvania state-chartered trust company. The Trustee and the Fund operate in conformity with the rules and regulations of the Pennsylvania Department of Banking as they apply to collective investment of fiduciary funds. Investors in the Fund are limited to those defined contribution retirement plan trusts set forth in the Trust Agreement. The collective investment fund is exempt from income taxes under sections 401 and 501 of the Internal Revenue Code. The Fund offers five pricing options: Y Pricing, Institutional Pricing, Institutional Service Pricing, Service Pricing and R Pricing. The investment objective of the Fund is stability of principal and high current income. The Fund holds guaranteed investment contracts (traditional GICs), separate account guaranteed investment contracts (separate account GICs) and synthetic guaranteed investment contracts (synthetic GICs).

Because the collective investment fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the collective investment fund. Contract value, as reported to the Plan by the Trustee, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawals or transfers of all or a portion of their investment at contract value to other investment choices within the Plan.

**Note 6 – Investment in Collective Investment Trust (Continued)**

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Participants may purchase units of the Fund daily based on the established unit value of \$10. Participants may redeem units of the Fund for the purpose of funding a bona fide benefit payment, making a participant loan, honoring an employee-directed transfer of the participant's interest in the Plan to another investment election that is a noncompeting investment, or paying trustee fees. Participants may make withdrawals from the Fund for other purposes generally only upon twelve-month advance written notice to the Trustee. All participants of the Fund have a proportionate undivided interest in all assets of the Fund. Net investment income is distributed to participants monthly and is reinvested to purchase additional units.

The GICs into which the Fund has entered limit the circumstances under which the issuer may unilaterally terminate the GIC on short notice. These circumstances may include, but are not limited to, the following: (1) the Fund loses its qualified status under the Internal Revenue Code or is otherwise terminated; (2) the Trustee fails to meet its material obligations under the GIC, attempts to assign the GIC or engages in fraud or misrepresentation that materially affects the risk profile of the GIC; or (3) if the fixed-income securities underlying the separate account or synthetic GIC fail to meet certain criteria as specified in each GIC. If one of these events were to occur, the issuer could terminate the separate account or synthetic GIC at the market value of the underlying fixed-income securities (or in the case of a traditional GIC, at the hypothetical market value based upon a contractual formula).

**Note 7 – Transactions with Parties-in-Interest**

BOA is the Plan's third party administrator and custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments.

**Note 8 – Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is, at least, reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

**Note 9 – Reportable Transactions**

There were no reportable transactions, non-exempt transactions with parties-in-interest, or any other prohibited transactions that would require supplemental presentation under the DOL regulations.

**Note 10 – Tax Status**

The Internal Revenue Service has determined and informed the Plan Sponsor of the prototype plan by a letter dated March 31, 2008, that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The Plan was drafted as a Prototype Non-Standardized Profit Sharing Plan with Cash or Deferred Arrangement Plan (CODA).

The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and ERISA and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL and Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2008.
