# LA CORSHA HOSPITALITY GROUP, LLC 401(k) PLAN

## NOTES to FINANCIAL STATEMENTS

## DECEMBER 31, 2010 and 2009

### 1. DESCRIPTION OF PLAN

The following description of the La Corsha Hospitality Group 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**General**

The Plan is a defined contribution plan, which covers eligible employees of La Corsha Hospitality Group, LLC (Sponsor) who have one year of service, 1000 hours of service, and are age twenty-one or older. The Plan was established effective January 1, 2009 and is subject to the Employee Retirement Income Security Act of 1974, as amended (ERISA).

**Contributions**

Employees may elect to contribute up to 100% of annual compensation, as defined in the Plan, through payroll deductions. An employee's contribution cannot exceed the annual dollar limitation set forth by Internal Revenue Code Section 402(g). Participants may also contribute amounts representing distributions from other qualified retirement plans or an IRA.

Participants who are age 50 or older may also make additional "catch-up" salary deferral contributions that are in addition to any limits that are imposed by the Plan and Federal law. Overall, catch-up contributions plus salary deferral contributions to the Plan may not exceed 100% of a participant's compensation for that year. Such contributions are recorded by the Plan in the period in which the Sponsor makes applicable payroll deductions.

The Plan Sponsor may elect to make annual discretionary contributions to the Plan based upon the eligibility requirements. The contributions may be determined as a uniform percentage of compensation, or as a uniform dollar amount.

**Participant Accounts**

Each participant's account is credited with the participant's contributions, the Sponsor's contributions, and net earnings of the participant's individual account. The benefit to which each participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting**

Participants are vested immediately in all employee contributions, rollovers, and actual earnings thereon. If employment is terminated prior to retirement for any reason other than death, or disability, the distribution from the matching, and discretionary accounts will be limited to the participant's vested portion. Participant vesting percentage grows with years of service.

Vesting schedule for discretionary employer amounts:

| Years of Service | Percent Vested |
|---|---|
| 1 | 20% |
| 2 | 40% |
| 3 | 60% |
| 4 | 80% |
| 5 | 100% |

## 1. DESCRIPTION OF PLAN (Continued)

### Forfeitures

When participants separate from service, any amounts that are not vested will be forfeited. For any plan year, forfeitures occurring under the Plan may be used to reduce employer contributions to the Plan or to pay Plan expenses. Forfeited non-vested accounts totaled $3,489 and $0 at December 31, 2010 and 2009, respectively. Forfeitures of approximately $0 and $0 were used to reduce employer contributions for the years ended December 31, 2010 and 2009, respectively.

### Notes Receivable from Participants

Participants are permitted to borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000, or 50% of their vested account balance, whichever is less. Loans are repaid through regular payroll deductions over a period not to exceed five years, or a maximum of fifteen years for home loans. The loans are secured by the balance in the participant's account and bear interest at prime rates.

### Payment of benefits

Upon termination of service for any reason, including death, disability or retirement, a participant may elect to receive vested benefits as a lump-sum distribution payment. Terminated vested participants with account balances: 1) less than $5,000 are paid as an involuntary cash-out distribution, or 2) greater than $5,000 are held in the Plan until consent of distribution is received.

### Administrative Expenses

The Plan permits the payment of administrative expenses to be made from the Plan's assets and for them to be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. However, substantially all administrative expenses of the Plan are paid by the Sponsor. Expenses relating to specific participant transactions (i.e. loan setup, distribution request, etc) are charged directly against the appropriate participant's account.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

### Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

### Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### Reclassifications

Certain reclassifications of the prior year amounts have been made in order to provide comparability with the current year presentation.

### Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events were evaluated through December 5, 2011, which is the date the financial statements were available to be issued.

### Recent Accounting Pronouncement

In January 2010, FASB issued an amendment, "Fair Value Measurements and Disclosures – Improving Disclosures About Fair Value Measurements" (ASU 2010-06), which requires new disclosures about transfers of financial assets and liabilities between levels 1 and 2. This amendment also clarifies that fair value measurement disclosures are required for each class of financial assets and liabilities, and disclosures about inputs and valuation techniques are required for both level 2 and level 3 measurements. It further clarifies that the reconciliation of level 3 measurements should separately present purchases, sales, issuances, and settlements instead of netting these changes. With respect to matters other than level 3 measurements, the amendment was effective and adopted for periods beginning on or after December 15, 2009. See Note 5 for impact of the adoption. The guidance related to level 3 measurements is effective for periods beginning on or after December 15, 2010, and has not yet been adopted. Management is currently evaluating the impact of the guidance related to level 3 measurements on the disclosures.

In September 2010, FASB issued an amendment, Plan Accounting—Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans (ASU 12010-25), which provides guidance on how loans to participants should be classified and measured by defined contribution pension plans. This amendment requires that participant loans be classified as notes receivable from participants which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. This amendment requires retrospective application to all periods presented.

This amendment was adopted for the year ended December 31, 2010, and then retrospectively applied to December 31, 2009. Prior year amounts and disclosures have been revised to reflect the retrospective application of adopting this new amendment. The adoption resulted in a reclassification of participant loans totaling $875 and $0 from investments to notes receivable as of December 31, 2010 and 2009, respectively. There was no impact to the Plan's net assets available for benefits as of December 31, 2010 or 2009, as a result of the adoption.

## 3. INFORMATION CERTIFIED AND PROVIDED BY THE TRUSTEE

The following is a summary of the Plan's asset information as of December 31, 2010 and 2009, and for the year ended December 31, 2010, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information, which appears throughout the financial statements and supplemental schedule, related to the following assets:

## 5. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

**Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

## 5. FAIR VALUE MEASUREMENTS (Continued)

**Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quotes prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

**Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

**Mutual funds** – Valued at the net asset value ("NAV") of shares held by the plan at year end.

**Cash** – The carrying amount approximates fair value because of the short maturity of those instruments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with market participants, the use of different methodologies or assumptions to determine the fair value could result in a different fair value measurement at the reporting date. All investments in the Statement of Net Assets Available for Benefits are reported at fair value. The following tables set forth by level within the fair value hierarchy the Plan's assets at fair value as of December 31, 2010 and 2009:

| | Assets at Fair Value as of December 31, 2010 | | | |

| | Level 1 | Level 2 | Level 3 | Total |

## 6. RELATED PARTY TRANSACTIONS

### Investments

Certain Plan investments are units of separate investment accounts managed by American Funds. American Funds is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions.

### Administration

Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan. Certain administrative expenses are paid directly by the Sponsor. . Fees paid by the Plan Sponsor for the investment management services amounted to $1,500 for the year ended December 31, 2010.

## 7. PLAN TERMINATION

The Sponsor has expressed an intent to terminate the Plan during 2011. It may do so at any time subject to the provisions of ERISA. If the Plan is terminated, contributions would cease, participants would become 100% vested, and money in the accounts would be distributed to the participants.

## 8. INCOME TAX STATUS

On March 31, 2008, the Internal Revenue Service stated that the prototype adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator and the Plan's tax counsel believe that the Plan was designed and was being operated in compliance with applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2007.

## 9. VOLUNTARY COMPLIANCE PROGRAM

During 2010 and 2009, the Plan Sponsor failed to remit to the plan's trustee certain employee contributions totaling approximately $2,476 and $3,503, respectively, within the period prescribed by the Department of Labor regulations. Delays in remitting contributions to the trustee were due to administrative errors, and the Plan Sponsor is in the process of filing a VCP submission with the IRS. The result of these corrections did not have a material effect on the plan's assets available for benefits, and the sponsor does not expect the VCP submission to affect the plan's tax status.

## 10. RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
