INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Mansfield Brass & Aluminum Corporation Restated Pension Plan

We were engaged to audit the financial statements of the Mansfield Brass & Aluminum Corporation Restated Pension Plan as of December 31, 2011 and 2010, and for the years then ended, and the supplemental schedules as of and for the year ended December 31, 2011, as listed in the accompanying index. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Morgan Stanley, ING Group and Metropolitan Life Insurance Company as custodians of the assets of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustees hold the Plan's investment assets and execute investment transactions. The plan administrator and trustees have obtained a certification from the custodians as of and for the years ended December 31, 2011 and 2010, that the information provided to the plan administrator and trustees by the custodians is complete and accurate.

The accompanying financial statements have been prepared assuming the Plan will continue as a going concern. As discussed in Note 9 to the financial statements, the Plan administrator, effective October 4, 2011, will initiate a request for distress termination from the Department of Labor. These conditions raise substantial doubt about the Plan's ability to continue as a going concern. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedules taken as a whole. The supplemental schedules are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Mansfield Brass & Aluminum Corporation Restated Pension Plan

We were engaged to audit the financial statements of the Mansfield Brass & Aluminum Corporation Restated Pension Plan as of December 31, 2011 and 2010, and for the years then ended, and the supplemental schedules as of and for the year ended December 31, 2011, as listed in the accompanying index. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Morgan Stanley, ING Group and Metropolitan Life Insurance Company as custodians of the assets of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustees hold the Plan's investment assets and execute investment transactions. The plan administrator and trustees have obtained a certification from the custodians as of and for the years ended December 31, 2011 and 2010, that the information provided to the plan administrator and trustees by the custodians is complete and accurate.

The accompanying financial statements have been prepared assuming the Plan will continue as a going concern. As discussed in Note 9 to the financial statements, the Plan administrator, effective October 4, 2011, will initiate a request for distress termination from the Department of Labor. These conditions raise substantial doubt about the Plan's ability to continue as a going concern. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedules taken as a whole. The supplemental schedules are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

MANSFIELD BRASS & ALUMINUM CORPORATION
RESTATED PENSION PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 - PLAN DESCRIPTION

The Mansfield Brass & Aluminum Corporation Restated Pension Plan (Plan) is a defined benefit pension plan which was created January 1, 1967, for the purpose of providing retirement and death benefits to employees of Mansfield Brass & Aluminum Corporation (Plan sponsor). The Internal Revenue Service has approved the Plan as a qualified pension plan. As such, the Plan's earnings are exempt from Federal income tax and benefits are not taxable to the participants until received. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and amendments thereto. Plan participation and accruals of additional benefits were frozen effective January 6, 2006.

Eligibility

Employees of the Plan sponsor who have completed two months of service are eligible to participate in the Plan. However, an otherwise eligible employee who had not become a participant as of January 6, 2006, shall no longer be eligible to become a participant in the Plan due to the plan be frozen.

Benefits

The Plan provides normal retirement benefits, reduced early retirement benefits, death benefits and in certain cases termination benefits. A detailed description of Plan benefits is contained in the Plan's restated pension plan document.

Vesting

Participants vest in the Plan under a normal vesting schedule or if the Plan is determined to be "top heavy plan" an accelerated vesting schedule. The Plan's normal vesting schedule is:

<u>Years of Service</u>	<u>Vesting Percentage</u>
0-4	0%
5	100%

The Plan's top-heavy vesting schedule is:

<u>Years of Service</u>	<u>Vesting Percentage</u>
0-2	0%
3	100%

Contributions

Contributions are made by the Plan sponsor, as actuarially by the Plan's actuary and determined to be necessary to meet the funding requirement mandated under the Employee Retirement Income Security Act of 1974. Minimum funding requirements have not been met as discussed further in Note 7.

Termination

In the event of termination of the Plan, the net assets of the Plan are to be set aside and distributed to plan participants consistent with applicable provisions of the Plan, as well as current tax and labor laws. In addition, the PBGC guarantees the payment of all non-forfeitable basic benefits subject to certain limitations prescribed by ERISA.

MANSFIELD BRASS & ALUMINUM CORPORATION
RESTATED PENSION PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 2 - ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment valuation and income recognition

Investments are stated at aggregate fair value. Securities and mutual funds, which are traded on a national securities exchange, are valued at the last reported sales price on the last business day of the Plan's year. Investments traded in the over-the-counter market are valued at the last reported bid price. Investments held pursuant to an insurance contract (unallocated, immediate participation guarantee and group annuity accounts) are valued based on the underlying assets held in each account as determined by the insurance company. The fair value of participation units in real estate investment trusts (REIT) are valued by the board of directors of the REIT with assistance from valuation experts and then reviewed and adjusted by the Plan administrator and adjusted as needed to approximate fair value. The change between fair value and the cost of investments is reflected in the Statement of Changes of Net Assets Available for Benefits as a part of net realized gain (loss) and unrealized appreciation (depreciation) in fair value of investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Distributions of earnings from trust assets are recorded when received. Benefit payments to participants are recorded as paid.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits (see Note 5) are those estimated future periodic payments that are attributable under the Plan's provisions to services rendered by the employees as of the valuation date. Accumulated plan benefits consist of benefits expected to be paid to retired or terminated employees or their beneficiaries. Benefits for retired or terminated employees or their beneficiaries are based on employees' years of service. The accumulated plan benefits include benefits payable under all circumstances - retirement, death, disability, and termination of employment.

Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Receivables

In accordance with U.S. generally accepted accounting principles, amounts due to the Plan are recorded as receivables. Accordingly, the Plan paid for a penalty assessment from the Department of Labor (DOL), which in accordance with rules and regulations established by the DOL are not necessary Plan expenses. Additionally, funds were transferred to the Plan sponsor for PBGC funding, which did not get paid by the current year end. Accordingly, receivables have been recorded to reflect the amount due to the Plan from the Plan sponsor. The Plan adopted and utilizes the direct write off method for uncollectible accounts. The direct write off method is not a generally accepted accounting method, however, management believes the different is not material to the financial statements.

MANSFIELD BRASS & ALUMINUM CORPORATION
RESTATED PENSION PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 2 - ACCOUNTING POLICIES (Continued)

As indicated in Note 7, the Plan sponsor has been unable to make minimum required contributions as determined by the Plan's actuary. This could require the Plan to record a receivable. However, due to the intention of the Plan to file for distress termination, the ultimate determination of the amount is in question. Accordingly, no receivable has been recorded in these statements.

Management's Review

Subsequent events were evaluated through January 28, 2013, which is the date the financial statements were available to be issued.

NOTE 3 - INVESTMENTS

The accompanying financial statements contain information that was provided by the Plan's custodians; Morgan Stanley, ING Group and Metropolitan Life Insurance Company with respect to cash equivalents, fair value of investments, investment income, and appreciation (depreciation) in value of investments. The Plan administrator has obtained certification that the information provided is accurate and complete.

The following investment holdings within the ING Group account represent five percent (5%) or more of the Plan's net assets:

ING PIMCO Total Return Portfolio	\$	230,892
American Funds Growth Fund		148,936
American Funds EuroPacific		131,715
MFS Value Fund		156,724
Invesco Van Kampen SmCP		161,504
Templeton Global Bond		140,654
MetLife General Investment		126,676

During the year ended December 31, 2011, the Plan's unallocated separate account investments depreciated in value by \$61,315 for ING account holdings and the group annuity account investments appreciated in value by \$1,211 for Great West Life account holdings.

NOTE 4 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurements authoritative literature established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

MANSFIELD BRASS & ALUMINUM CORPORATION
RESTATED PENSION PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access. This includes common stock, most corporate bonds, US government securities and certain trust assets.

Level 2 – Inputs to the valuations methodology include quoted market prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from a corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability. This includes certain assets held in unallocated and group annuity contract accounts.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement. This includes certain assets held in real estate investment trusts and other assets not traded at quoted prices.

Following is a description of the valuation methodologies used for assets measured at fair value. The methodologies used for 2011 were first adopted January 1, 2008, for valuation and disclosure purposes.

ING separate account – Valued at contract value based on the underlying mutual fund investments held in each account and adjusted for surrender and other charges as determined by ING.

MetLife immediate participation guarantee contract – Valued at contract value as determined by MetLife.

Great West Life group annuity contract – Valued at contract value based on the underlying mutual fund investment held, adjusted for surrender and other charges as determined by Great West Life.

Real Estate Investments Trusts (REIT) – Valued by board of directors with assistance from third party consultants using among other things discounted cash flow methods. This amount was subjected to further review and analysis by the Plan administrator including capitalized earnings valuation, net book values and comparable sales on secondary markets.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2011.

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Unrealized gains (losses)	0
Purchases, sales, issuances and settlements (net)	0
Ending balance	<u>\$ 124,000</u>

NOTE 5 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments that are attributed under the Plan's provisions to the service employees have rendered prior to January 6, 2006. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees hired before January 6, 2006 and their beneficiaries.

The actuarial present value of accumulated plan benefits is determined by the Plan's actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts of interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The actuarial present value of accumulated Plan benefits at January 1, 2011 and 2010, respectively:

	<u>2011</u>	<u>2010</u>
Vested benefits		
Participants currently receiving payments	\$ 2,993,978	\$ 3,157,806
Terminated participants with deferred benefits	2,283,951	2,367,712
Other participants	<u>3,351,869</u>	<u>3,295,818</u>
Total vested benefits	8,629,798	8,821,336
Non vested accrual benefits	<u>5,991</u>	<u>6,782</u>
Total actuarial present value of accumulated Plan benefits	<u>\$ 8,635,789</u>	<u>\$ 8,828,118</u>

The following is a statement of changes in the actuarial present value of accumulated plan benefits for the years under audit:

	<u>2011</u>	<u>2010</u>
Actuarial present value of accumulated plan benefits at January 1, 2008 and 2007	\$ 8,269,938	\$ 8,269,938
Change in assumptions	750,976	995,838
Increase in interest	0	0
Benefits paid and settlements	<u>(385,125)</u>	<u>(437,658)</u>
Actuarial present value of accumulated plan benefits at January 1, 2009 and 2008	<u>\$ 8,635,789</u>	<u>\$ 8,269,938</u>

MANSFIELD BRASS & ALUMINUM CORPORATION
RESTATED PENSION PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 5 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS (Continued)

The significant actuarial assumptions used in the valuation as of January 1, 2011, were as follows:

Effective interest rate - 5.93%

Present Value of Accrued Benefit segment rates – 2.16% / 4.77% / 6.05%

Mortality – 2011 Applicable Mortality Table

Salary scale, Social Security Projection and Withdrawal – None

Funding Target Segment rates – 2.94% / 5.82% / 6.46%

Probability of lump sum payout – 100%

NOTE 6 - PLAN TERMINATION

In the event of Plan termination, the net assets of the Plan are will be allocated, as prescribed by ERISA and its related regulations to provide benefits to plan participants consistent with applicable provisions of the Plan, as well as current tax and labor laws. In addition, the PBGC guarantees the payment of all non-forfeitable basic benefits subject to certain limitations, including statutory limits on benefits amounts, prescribed by ERISA. The Plan is in the process of filing for a distress termination as discussed further in Note 10.

NOTE 7 - FUNDING POLICY AND STATUS

The Plan's funding policy has historically been to fund at least the minimum amount determined by the Plan's actuary to cover the benefits accrued under the Plan. However, due to economic downturns the Plan sponsor has been unable to make the minimum required contributions and therefore has not met the required minimum funding standards. The accumulated funding deficiency as of December 1, 2011 and 2010, was \$4,377,623 and \$3,492,165 respectively. The failure of the Plan to meet the minimum funding requirements subjects the Plan sponsor to excise tax penalties. The excise tax on the 2011 and 2010 funding deficiency has not yet been paid.

NOTE 8 - INCOME TAX STATUS

The Internal Revenue Service ruled that the Plan qualified was designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended and restated and received a determination dated January 17, 2002 that the Plan related trust, as amended and restated continue to be designed and in accordance with the sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter, however, the Plan administrator believe the Plan continues to operate as designed.

The Plan does not believe there are currently any tax positions which have a reasonable possibility of change from taxing authorities. Accrued interest and penalties with uncertain tax positions, if any, are recognized as part of administrative expenses. There were no taxes or accrued interest or penalties related to the income tax position of the Plan as of December 31, 2011.

MANSFIELD BRASS & ALUMINUM CORPORATION
RESTATED PENSION PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 9 – PROHIBITED RELATED PARTY TRANSACTION

During the current year, the Plan transferred plan assets to the Plan sponsor for the payment of PBGC premiums in the amount of \$58,659. However, the premiums were not paid by the current year end. Accordingly, the transfer represents a prohibited transaction with a party in interest as the payment of PBGC premiums were not made as of December 31, 2011. The Plan sponsor has indicated they will reimburse the Plan for these funds, and therefore, a receivable has been recorded for the amount due to the Plan.

NOTE 10 - RISK, UNCERTAINTIES AND CONTINGENCIES

The Plan invests in various securities within contracts as summarized in the Statements of Net Assets Available for Benefits. These investments are exposed to various risks such as interest rate, market, and credit risks. There are additional risks associated with surrender and other charges relative to the insurance contract. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

The Plan is a party to several insurance contracts for the investment of plan assets. The contracts require the Plan sponsor and administrator to adhere to various requirements and restrictions. The Plan sponsor and administrator believes all requirements have been and continue to be met.

As indicated in Note 7, the Plan sponsor has been unable to meet the minimum funding requirements established by ERISA. Additionally, the Plan sponsor has indicated the desire and need to seek and file for distress determination. The outcome of the request for distress determination and potential time frame if granted is not known at the present time. The combination of these factors does provide evidence of substantial doubt of the Plan to continue as a going concern. Due to the uncertainty of the outcome of these items, no adjustments otherwise necessary for a terminating plan have been made in these financial statements.

As indicated in Note 11, the DOL rejected the previously filed 2009 audit report and financial statements. The rejection of the audit report subjects the Plan sponsor to late filing penalties. The issues with the unaccepted audit report also delayed the 2010 and 2011 form 5500 filings and related audit reports. The total amount of potential penalties assessed is not known at this time.

The previous presentation of fair value of the Plan's investments with respect to real estate investment trust holdings has been questioned by the DOL as noted in Note 11. The measurement of fair value of the real estate investment trust holdings has been adjusted from previously reported amounts to represent approximate fair value. The value per share provided by, and determined by the board of directors of the REIT's appear to be lacking with respect to consideration of the fair value of real estate holdings as well as marketability discounts. The plan administrator has evaluated the fair value using discounted cash flow, capitalized earnings, net book value and secondary market pricing models to determine fair value of the REIT's. The impairment of investment values with respect to REIT holdings by the Plan have been reported as unrealized impairment losses in the current year.

NOTE 11 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The form 5500 and financial statements are in agreement.

MANSFIELD BRASS & ALUMINUM CORPORATION
RESTATED PENSION PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 12 - SUBSEQUENT EVENTS

During the current year the, the previous audit report filed by other auditors for 2009 was rejected by the DOL, citing several issues. The form 5500, to be considered complete, requires an accepted audit report. The prior audit report was re-issued by the same auditors on two different occasions, but was again rejected by the DOL. The audit report for the 2009 year has been completed and re-issued, but is subject to DOL review and acceptance.

The Plan sponsor is in the process of filing for a distress termination of the Plan. The potential outcome and related possible timing of when the request would be granted is not yet known.
