-Independent Auditors' Report-

To the Employee Benefit Plan Committee of
Heritage Healthcare Retirement Plan

We were engaged to audit the financial statements and supplemental schedule of Heritage Healthcare Retirement Plan (the "Plan") as of December 31, 2010 and for the year then ended, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management. The statement of net assets available for benefits as of December 31, 2009 was reported on by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed the other auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated July 22, 2010, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by the Reliance Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2010 and for the year then ended that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2010 financial statements and supplemental schedule taken as a whole. The form and content of the information included in the 2010 financial statements and schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

HERITAGE HEALTHCARE RETIREMENT PLAN

Notes to Financial Statements

December 31, 2010

(1) **Description of the Plan**

The following description of the Heritage Healthcare (the “Company”) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution plan covering all employees of the Company and Cooke Associates who have completed one year of service, attained age twenty-one, and worked at least 1,000 hours during the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions - Each year participants may contribute up to 100% of pretax annual compensation, as defined in the plan document, subject to Internal Revenue Code (“IRC”) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may elect to make discretionary matching contributions. Participants shall be eligible to receive an allocation of any discretionary contribution to the Plan only if employed by the Company on the last day of the contribution period and they have worked at least 1,000 hours during the Plan year. During 2010, the Company contributed 50% of the first 4% of base compensation that a participant contributed to the Plan. Contributions are subject to certain limitations.

Investment Options - Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers various mutual funds, various common collective trusts and a money market fund as investment options for participants.

Participant Accounts - Each participant’s account is credited with the participant’s contributions and allocations of the Company’s contributions and plan earnings (losses), and charged with benefit payments, and allocations of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is fully vested after six years of credited service.

Payment of Benefits - Upon termination of service due to death, disability, retirement or other reasons, a participant will receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. Amounts contributed on a before-tax basis may only be withdrawn upon demonstration of financial hardship, disability, or after the participants reach the age of 59.5 years.

Forfeitures - At December 31, 2010 and 2009, forfeited non-vested accounts totaled approximated \$5,300 and \$8,700, respectively. These accounts will be used to reduce future employer contributions. During 2010, forfeitures of \$8,700 were used to reduce Company contributions.

(2) **Summary of Significant Accounting Policies**

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefits are recorded upon distribution.

Administrative Expenses - The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (distributions) are charged directly to the participant's account.

Subsequent Events - The Plan has evaluated subsequent events through July 11, 2011, the date the financial statements were available to be issued.

(3) **Investments**

The following table presents investments that represent 5% or more of the Plan's net assets at December 31:

	<u>2010</u>	<u>2009</u>
American Beacon Large Cap	\$ 495,534	\$ 336,966
Dodge & Cox Intl Stock	*	227,454

Vanguard Balanced Index	950,059	757,310
Vanguard 500 Index Fund	384,343	234,774
Reliance Advisory Trust INV60	350,583	*

* Amount represents less than 5% of net assets

During the year ended December 31, 2010, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Mutual funds	\$ 535,927
Common collective trust funds	80,896
	<u>\$ 616,823</u>

(4) **Fair Value Measurements**

Fair value as defined under GAAP is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

- Level 1: Observable inputs such as quoted prices in active markets.
- Level 2: Inputs other than quoted prices in active markets that are either directly or indirectly observable.

- Level 3: Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

When quoted prices are available in active markets for identical instruments, investment securities are classified within Level 1 of the fair value hierarchy. Level 1 investments include mutual funds and a money market fund.

Level 2 investment securities include common collective trust funds for which quoted prices are not available in active markets for identical instruments. The Plan utilizes a third party pricing service to determine the fair value of each of these investment securities. Because quoted prices in active markets for identical assets are not available, these prices are determined using observable market information such as quotes from less active markets and/or quoted prices of securities with similar characteristics.

The following tables set forth by level within the fair value hierarchy the Plan's investments accounted for at fair value on a recurring basis as of December 31, 2010 and 2009.

The common collective trust funds contain no unfunded commitments, redemption frequency restrictions, or other redemption restrictions. Investment strategies for the common collective trust funds are described below.

- (a) The portfolio seeks to maximize income while allowing for partial capital growth through modest equity exposure. The portfolio has a target exposure of 80% in fixed income securities over time with the remaining portfolio invested in equity securities.
- (b) The portfolio seeks to generate income while maintaining the potential for capital growth through moderate equity exposure. The portfolio has a target exposure of 60% in fixed income securities over time with the remaining funds invested in equity securities.
- (c) The portfolio seeks a conservative approach to capital growth through a balanced allocation to equity and fixed income securities. The portfolio has a target exposure of 60% in equity securities over time with the remaining funds invested in fixed income securities.
- (d) The portfolio seeks to focus on growth of capital while maintaining a modest allocation to fixed income securities for income generation. The portfolio has a target exposure of 70% in equity securities over time with the remaining funds invested in fixed income securities.
- (e) The portfolio seeks aggressive growth of capital as a primary objective while maintaining a minor allocation to fixed income securities to temper overall portfolio volatility. The portfolio has a target exposure of 80% in equity securities over time with the remaining funds invested in fixed income securities.
- (f) The portfolio seeks aggressive growth of capital as a primary objective by investing primarily in equity securities. The portfolio has a target exposure of 100% in equity securities.

The plan recognizes transfers between the levels as of the beginning of the reporting period. Gross transfers between the levels were not significant for the year ended December 31, 2010.

(5) **Unaudited Information Certified by Trustee**

The accompanying financial statements and supplemental schedule include the following unaudited information as of December 31, 2010 and 2009 and for the year ended December 31, 2010 that was obtained from data prepared and certified to be complete and accurate by the Plan's trustee:

	<u>2010</u>	<u>2009</u>
Investments	\$ 5,981,699	\$ 4,155,725
Net appreciation in fair value of investments	<u>\$ 616,823</u>	
Interest and dividends	<u>\$ 81,094</u>	

The certification mentioned above includes all investment information discussed in Notes 3 and 4 and in the Supplemental Schedule of Assets (Held at End of Year).

(6) **Exempt Party-In-Interest Transactions**

Certain plan investments are shares of mutual funds managed by Reliance Trust Company. Reliance Trust Company is the trustee as defined by the Plan and, therefore; these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for these services were \$2,522. The Plan pays administrative expenses to their recordkeeper, The Retirement Plans Business Unit of Standard Insurance Company, as defined by the Plan. These transactions qualify as exempt party-in-interest transactions. Fees paid by the plan for administrative services were \$34,851 for the year ended December 31, 2010.

(7) **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 % vested in their accounts.

(8) **Tax Status**

The Plan has not obtained a determination letter from the Internal Revenue Service (the "IRS") stating that the Plan was in compliance with the applicable requirement of the IRC. The Plan is relying on the IRS approval of the volume submitter plan that it is utilizing. The IRS has determined and informed the trustee by a letter dated March 31, 2008 that the volume submitter plan document was designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is currently designed and being operated

in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

GAAP requires Plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

(9) **Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

(10) **Subsequent Events**

Effective July 1, 2011, the Plan changed its trustee from Reliance Trust Company to Wells Fargo Institutional Retirement and Trust, and changed its recordkeeper from The Standard to Wells Fargo Institutional Retirement and Trust.
