Independent Auditor's Report

To the Plan Administrator of
ICL Retirement Income Plan:

We were engaged to audit the accompanying statements of net assets available for benefits of the ICL Retirement Income Plan (the "plan") as of December 31, 2011 and 2010, and the related statement of changes in net assets available for benefits for the year ended December 31, 2011, and the supplemental schedule of (1) Schedule H, line 4i- Schedule of Assets Held (At End of Year) for the year ended December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2011 and 2010 that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF THE PLAN

The following description of the ICL Retirement Income Plan (the "Plan"), formerly known as ICL Performance Products Jointly Funded Retirement Income Plan, is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the plan's provisions.

General

The Plan is a defined contribution profit sharing plan which includes a 401(k) provision. The Plan covers substantially all employees of ICL Performance Products LP (collectively the company) and U.S. affiliates. The ICL-IP America Inc. 401(k) Plan (formerly the Ameribrom 401(k) Plan) and the ICL-IP America Inc. Salaried 401(k) & Savings Retirement Plan (formerly the ICL-Supresta Inc. Salaried 401(k) & Savings Retirement Plan) were merged into the plan on May 3, 2010 and December 23, 2010. Total assets transferred into the plan included $1,681,784 from ICL-IP America Inc. 401(k) Plan and $10,570,750 from ICL-IP Salaried 401(k) & Savings Retirement Plan. On July 1, 2010, $472,356 was transferred into the plan from the Clearon 401(k) Plan pursuant to plan merger.

There are no age or eligibility service requirements under the Plan. The Plan is subject to the provisions of ERISA.

Effective May 1, 2010, the Plan's definition of eligible compensation was amended to include all earnings except for fringe benefits, special awards and bonuses (including long-term incentives and incentive bonuses), accrued vacation, relocation, long-term disability, and/or severance.

Effective May 1, 2010, the Plan was amended to provide for automatic enrollment of employees after 30 days of employment at a default deferral rate of 5 percent (formerly 3 percent), to be invested in the Fidelity Freedom Funds unless otherwise directed by the participant.

Contributions

Each year, participants may contribute up to 60 percent of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and an insurance investment contract as investment options for participants. The company contributes 80 percent of the first 5 percent of eligible compensation that a participant contributes to the Plan. In addition, the Plan provides for an additional discretionary employer contribution at a fixed rate of 3% of each active participant's eligible compensation. Participants may also make after-tax contributions.

For those participants receiving a lower match and employer non-elect contribution as a result of the new plan, a transition benefit was granted in 2010. All employees that were eligible to participate in the ICL-IP America Inc. Salaried 401(k) and Savings Retirement Plan (formerly the ICL-Supresta Inc. Salaried 401(k) & Savings Retirement Plan) or the ICL-IP America, Inc. 401(k) Plan (formerly the Ameribrom 401(k) Plan) before 1/1/2010 are eligible to receive a transition benefit for 2010, 2011 and 2012. To be eligible to receive the benefit, the participant must be employed on the last day of the respective year.

For the participants in the former Ameribrom Plan, the additional benefit will be 1.333% of the participant's respective year's eligible compensation. For the participants in the former Supresta Salaried 401(k) Plan, the additional benefit will range from 1.5% to 5% of the participant's respective year's eligible compensation. The percentage utilized will be determined by taking the employer contribution applicable to that employee as of 1/1/2010 minus 3% (the employer non-elect contribution level in the ICL plan).

Participant Accounts
Each participant's account is credited with the participant's contributions and allocations of (a) the Company's matching and fixed rate contributions and (b) plan earnings, and charged with an allocation of certain administrative expenses. Allocations are based on participant earnings or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the assets in each participant's vested account.

Participant Vesting
Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the company's contribution portion of their vested accounts is based on years of continuous service. A participant is 100 percent vested after three years of credited service. Employees enrolled in the former ICL-IP America Inc. Salaried 401(k) and Savings Retirement Plan will continue to have 100% vesting on match contributions.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear interest rates that range from 4 percent to 9.5 percent, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits
Upon termination of service due to death, disability, retirement, or termination, a participant is eligible to receive distributions equal to the value of the participant's vested interest in his or her account. Distributions can be issued as a lump-sum payment, installment payments, or in a joint and survivor or life annuity. The Plan allows in-service withdrawals by active participants who attain age 59 1/2 from all sources and allows in-service withdrawals from participant rollover source and after-tax source funds for any reason.

Forfeited Accounts
Forfeitures of non-vested sponsor contributions, resulting from terminated participants, may be used to reduce employer contributions. For the years ended December 31, 2011 and 2010 employer contributions were reduced by $46,731 and $71,880, respectively from forfeited nonvested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The Plan's financial statements are prepared using the accrual method of accounting, except that benefits are recorded when paid.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully

benefit-responsive investment contracts from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits
Benefits are recorded when paid.

Operating Expenses
Administrative expenses are paid by participant accounts under cost sharing expense ratios, through loan processing fees, or out of the forfeitures account.

Subsequent Events
The Plan has evaluated subsequent events through October 8, 2012, the date the financial statements were available to be issued.

3. INVESTMENTS

The following presents investments that represent 5 percent or more of the Plan's net assets as of December 31, 2011 are as follows:

		2011
Fidelity Managed Income Portfolio	$	8,366,016
Fidelity Freedom 2020 Fund		7,788,025
Fidelity Contra Fund		6,948,159
Baron Asset Fund		6,185,119
Fidelity Low Price Stock Fund		6,038,269
Fidelity Diversified International Fund		6,005,742
Fidelity Freedom 2010 Fund		4,727,535
PIM Total Return Fund		4,647,586

Investments that represent 5 percent or more of the Plan's net assets as of December 31, 2010 are as follows:

	2010
Fidelity Diversified International Fund	$ 7,620,011
Fidelity Freedom 2020 Fund	6,992,272
Fidelity Managed Income Portfolio	6,894,974
Fidelity Contra Fund	6,388,723
Baron Asset Fund	6,254,993
Fidelity Low Price Stock Fund	6,151,397
PIM Total Return Fund	4,766,166
Fidelity Freedom 2010 Fund	4,412,535

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $4,862,482 during 2011 and appreciated by $7,628,947 during 2010. The investment activity is attributable to changes in the fair values of the Plan's mutual fund investments.

Interest and dividends realized on the Plan's investments were $3,246,729 for the year ended December 31, 2011 and $1,575,600 for the year ended December 31, 2010.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 – inputs to the valuation methodology include other observable inputs, including quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year-end.

Guaranteed investment contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as determined on a recurring basis at December 31, 2011.

		Fair Value Measurements at Reporting Date Using		
Description	**December 31, 2011**	**Quoted Prices in Active Markets for Identical Assets (Level 1)**	**Significant Other Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**

5. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

Certain plan assets are invested in a benefit-responsive investment contract with Fidelity Management Trust Company ("Fidelity"), consisting of an insurance company general account and pooled separate accounts of Fidelity (the "Fund"). Fidelity maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Fidelity. The guaranteed investment contact issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits attributable to the investment contract. Contract value, as reported to the Plan by Fidelity, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be below zero. Such interest rates are reviewed on a daily basis for resetting.

The Plan's investment in the Fund is presented at fair value in the Statements of Net Assets Available for Benefits with an adjustment from fair value to contract value of $(206,338) as of December 31, 2011 and $(56,063) as of December 31, 2010. The fair value of the Fund as of December 31, 2011 and 2010, respectively, was $8,366,016 and $6,894,974. The fair value of the wrap contract is calculated using the discounted cash flow model which considers recent fee bids as determined by recognized dealers, discount rate, and the duration of the underlying portfolio securities.

Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures, or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such value event, which would limit the plan's ability to transact at contract value with participants, is probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Average Yields:	**2011**	**2010**
Based on actual earnings	1.92%	2.68%
Based on interest rate credited to participants	1.39%	1.44%

6. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Sponsor has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee

Retirement Income Security Act of 1974. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and schedule is complete and accurate:

- Investments at fair value as shown in the Statements of Net Assets Available for Benefits as of December 31, 2011 and 2010.
- Investment income, including interest and dividends earned and net appreciation in the fair value of investments, as shown in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2011 and 2010.
- Assets held for investment purposes as shown in the Schedule of Assets (Held at End of Year) as of December 31, 2011.

7. RELATED PARTY TRANSACTIONS

Certain plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amount to $20,830 for the year ended December 31, 2011 and $16,832 for the year ended December 31, 2010.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Participants should refer to the plan agreement for a description of the priorities or distribution of Plan benefits in the event of termination. Generally, any distribution would be made in proportion to the participant's interest, after deduction of allowable expense.

9. TAX STATUS

The Plan operates a prototype plan administered by the asset custodian. The IRS has determined and informed the custodian that the plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan's administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The administrator believes it is no longer subject to income tax examinations for years prior to 2009.

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rates, credit, and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.
